PLANNING COMMISSION STAFF REPORT

DATE: APRIL 14, 2014 **AGENDA NO.**

CASE: PLN14-00001

SUBJECT: THE PROPOSED REVOCATION OF CONDITIONAL USE PERMIT CUP92-049(M) AND BUSINESS LICENSE BSL05-07398 WHICH ALLOW FOR THE ON-SITE SALE OF ALCOHOLIC BEVERAGES IN CONJUNCTION WITH SHADOWVIEW CORPORATION (DBA T-ZERS SPORTS BAR AND GRILL).

APPLICANT: CITY OF VICTORVILLE AND SAN BERNARDINO COUNTY SHERIFF'S DEPARTMENT

LOCATION: 14269 SEVENTH STREET, CITY OF VICTORVILLE

I. STAFF RECOMMENDATION:

After the close of the Public Hearing, that the Planning Commission take the following actions:

1. **Conditional Use Permit and Business License** – Adopt Resolution No. P-14-012, approving Case No. PLN14-00001, rescinding Resolution P-05-339 thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages (beer, wine and liquor) within 300 feet of a residence and revoking Business License BSL05-07398 for Shadowview Corporation (dba T-Zers Sports Bar and Grill) located at 14269 Seventh Street, City of Victorville based upon the findings and evidence in Resolution P-14-012. Should the Planning Commission make additional findings, such findings shall be deemed included In Resolution No. P-14-012.

2. **Environmental Assessment** – Find the project exempt from the California Environmental Quality Act based on the Act not applying to projects which are denied.

However, should the Planning Commission not agree with the Staff recommendation, Planning Commission can approve Resolution No. P-14-__ which will NOT revoke the conditional use permit or business license, finding that the evidence does not support such revocations. This would allow T-Zers to continue operating as it currently does. This action would also be exempt from the California Environmental Quality Act as an existing facility.

II. PLANNING COMMISSION PROCEDURE:

During the Public Hearing on this item, the City and T-Zers have the right to call and cross-examine witnesses.

III. BACKGROUND:

During the years prior to 1993, the building located at 14269 Seventh Street, Victorville, CA 92395 was occupied by several different business types (said property shall herein sometimes be referred to as the "Premises."). In 1992 the Planning Commission approved a conditional use permit, CUP-49-92, applied for by George Thanos, to allow for the sale of alcoholic beverages (beer, wine, and liquor) within 200 feet of a residence in conjunction with a restaurant on the Premises. An increase in crimes and negative events on the Premises took place between the years 1998-2001, when Mr. Thanos operated the Rocks Club thereon, leading the City in 2001 to commence revocation proceedings to revoke the business license for the Rocks Club.

Subsequently, in August 2001, the City allowed Mr. Thanos, represented by attorney Roger Diamond, the opportunity to improve conditions on the Premises in order to prevent said problems thereon and remain open within the parameters of an "Operations Agreement," under which the business was required to increase security, not exceed approved occupancy, restrict entrance to persons 21 years of age and older unless an approved non-alcoholic event was held, and not serve alcohol to underage customers. Despite Mr. Thanos being given a second chance to operate the business, the Rocks Club violated several of the provisions of the Operations Agreement including by allowing persons under 21 into the establishment and serving them alcohol, and allowing overcrowding of the establishment beyond capacity. Yet again, the City provided Mr. Thanos, represented by attorney Roger Diamond, a second opportunity to remedy the issues occurring on the Premises and allow the business to open, under a new "Operations Agreement" which the City and Thanos entered into in April, 2002, which required the business (now "Tremors Sports Bar & Grill") be managed and operated by an outside company called Executive Management Group, and with George Thanos and his employees not involved in any of the day-to-day operation of the business. Mr. Thanos violated the provisions of the Operations Agreement by remaining involved in the day-to-day operations of the business and not providing adequate security, which said violation was discovered during an inspection of the business, at which time George Thanos was found at the business's entrance, checking customers' identification and allowing customers to enter without going through the required metal detector.

Subsequently, in November 2005, Shadowview Corporation dba T/Zers Sports Bar & Grill ("T-Zers") applied for a modification to the existing Conditional Use Permit, in order to allow for the sale of alcoholic beverages without a restaurant, and said application listed Michael J. Schauer as the applicant's representative, and said application made no reference to Mr. Thanos (signed "George Thanopoulos") except with regards to ownership of the underlying real property. T-Zers is located in the C-2 General Commercial zone, in close proximity to several residences, and per Victorville Municipal Code ("VMC") Section 16-3.07.010 and Table 7-1, was required to obtain its Conditional Use Permit in order to allow for the on-site consumption of alcoholic beverages (beer, wine, and liquor) within 300 feet of a residence. On December 14, 2005, the Planning Commission approved Conditional Use Permit Modification, CUP-92-049(M), for Shadowview Corporation dba T/Zers Sports Bar & Grill.

T-Zers was also required to obtain a business license under VMC Section 5.04.070 (currently, VMC Section 16-7.01.040), which prohibits transacting or carrying out any business in the City without a business license. In 2005, the City issued Business License BSL05-07398 to T-Zers, with said

license in 2005 listing the business owners as Shadowview Corporation, with Carole L Schauer and Michael J Schauer listed as Vice Presidents.

At the Planning Commission's regular April 10, 2013 meeting, the Sheriff's Department notified the Planning Commission of its concerns related to T-Zers' operation, including a high number of service calls, the severity of those service calls, the impact to the community due to the amount of deputies responding to the T-Zers' location, the potential danger to the safety of the deputies, and the impact to surrounding businesses and properties. It was the consensus of the Planning Commission after the April 10, 2013 meeting to recommend that T-Zers' Conditional Use Permit be called to a public hearing to review the status of said permit and for possible revocation thereof.

The Planning Commission had originally scheduled the public hearing for the Planning Commission's May 8, 2013 meeting, but the item was pulled from the Agenda. City Attorney Andre de Bortnowsky suggested to T-Zers' then-attorney that he would be willing to schedule a meeting with City staff and T-Zers to see if there was a way to address the City's concerns related to the operation of T-Zers. On or around June 11, 2013, Mr. de Bortnowsky met with Petitioner George Thanos, Mr. Thanos' son, T-Zers' then-attorney Mr. Richard Ewaniszyk, City staff, and Deputies Hogan and Waterhouse for the purpose of attempting discussions relating to resolving issues at T-Zers. At said meeting, Mr. de Bortnowsky and City staff made several recommendations as to how the business could be operated in a manner consistent with the VMC, none of which suggestions were ever implemented.

The Planning Commission held a public hearing on the proposed revocation of T-Zers' Conditional Use Permit and business license on May 29, 2013 and July 10, 2013[1], and provided Petitioners requisite notice thereof. At this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked. The Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7). After considering all of the evidence, the Planning Commission found and determined that T-Zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare. Following the continued public hearing on the matter, on July 10, 2013, the Planning Commission, pursuant to VMC Section 16-3.02.090, approved Resolution No. P-13-013and thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages within 300 feet of a residence and revoking business license BSL05-07398 for T-Zers.

Pursuant to VMC Sections 5.04.320(b) and 13.02.190, T-Zers appealed the Planning Commission's decision to revoke T-Zers' business license and Conditional Use Permit. On or about August 6, 2013, the City Council held a properly noticed appeal hearing, pursuant to VMC Sections 5.04.320(b) and 13.02.190, for the purpose of taking public input relative to the appeal. Following said public hearing, the City Council, in the exercise of its discretion as the final legislative and

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit.

On August 29, 2013, T-Zers filed a Petition for Writ of Administrative Mandamus. After the hearing on the Writ Petition, a judge found that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations. Nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises. In particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest. The second said incident, on March 16, 2014, involved an unknown suspect firing approximately 16 9-mm gunshot rounds at or near T-Zers.

In addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations. In light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, a second hearing is now being held to determine whether T-Zers is in violation of the VMC and whether bases exist to revoke T-Zers business license and Conditional Use Permit.

On or about December 11, 2013, in accordance with form VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398. Therefore, a public hearing notice was sent on April 10, 2014, in accordance with Section 16-3.02.090 of the VMC as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398 .

V. APPLICABLE VMC SECTIONS

1. Sec. 16-7-02.060: The City Manager, or his designee, may suspend or revoke a license if it finds that any licensee or authorized agent has:
    a. Subsection (a): Knowingly made any false, misleading or fraudulent statement of a material fact in an application for a license, or in any report or record required to be filed with the City Manager, or his or her designee, or made in the course of soliciting;
    b. Subsection (f): Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public
    c. Subsection (g): Failed or refused to notify the City Manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010, within fifteen days after such change
    d. Subsection (l): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months
2. Sec. 16-7.01.050. No license issued under the provisions of this chapter shall be construed as permission to conduct or carry on a business in such manner as to create or maintain a nuisance.
3. Sec. 16-7.02.030. In addition to the grounds set forth in Section 16-7.02.040, the following shall constitute grounds for denial of a license (an applicant, licensee or authorized agent) not involving free speech... Any grounds for denial included in this section shall also constitute grounds for suspension or revocation of a license as described in this chapter:
    a. Subsection (b): Is presently a public nuisance, whether or not abatement proceedings have been instituted
    b. Subsection (h): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months
    c. Subsection (i): The establishment or business will be detrimental to the public health, safety or welfare.
4. Sec. 13.02.130. A nuisance is a thing, act, occupation or use of property which does any of the following:
    a. Subsection (a): Annoys, injures or endangers the safety, health, comfort or repose of the public
    b. Subsection (c): In any way renders the public insecure in life or in use of property
5. Sec. 16-3.02.090. Upon a violation of any provision of this Chapter, or, if granted subject to a condition or conditions, upon failure to comply with the conditions or if the use has become a nuisance, the Zoning Administrator shall serve the property owner and occupant (if different from the property owner) with a "Notice of Commencement of Revocation Proceedings", which may include a "Notice of Suspension of a Conditional Use."...

VI. REVOCATIONS:

1. Conditional Use Permit.

Since there are only general conditions of approval under CUP92-049(M), the Conditional Use Permit is proposed for revocation under the provision that the operation of the business has been and is maintained as a nuisance. Section 13.02.130 "Nuisances designated generally", provides basic standards. While sections (b) and (d) do not apply, the applicable sections state:

A nuisance is a thing, act, occupation or use of property which does any of the following:
(a) Annoys, injures or endangers the safety, health, comfort or repose of the public;
(c) In any way renders the public insecure in life or in use of property;...

The Sheriff's Department packet of information includes a history of service calls to the business which occurred from May of 2008 to May of 2013. In that timeframe, over 900 calls for service were performed which included minor crimes such as vandalism(8), indecent exposure(3), disturbance(144), petty theft(8), drug related arrests(6) and major crimes such as assault/battery(47), battery with serious injuries(3), domestic battery felony(2), assault with a deadly weapon(15), rape(1), attempted murder(1), and homicide(2). The calls also include other crimes such as resisting an officer, drunk in public, making threats, brandishing a weapon, discharge of a firearm, carjacking and domestic battery misdemeanor.

The crimes endanger numerous people, including the customers of the bar, the officers who are at the scene, surrounding residents, and neighboring businesses and their customers. The disproportionate calls for service, mentioned above, endanger the City as well as surrounding areas. This disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City and surrounding areas, which in turn endangers the public health, safety, and welfare. The disproportionate need for services is in part due to the need for additional units to assist on service calls to T-Zers which could endanger the deputies. Further, these units may have to come from other areas of Victorville, or even Apple Valley, Hesperia or Adelanto, depending on who is available at the time. When a unit leaves their area, those residents/businesses in that area would not be able to receive service in a timely manner should something happen while the deputies are responding to T-Zers.

2. Business License.

Typically a "business license only" revocation is done by the City Manager through a hearing process. However, after learning that the Planning Commission had requested a hearing regarding revocation of the Conditional Use Permit, the City Manager designated the Planning Commission to act on his behalf for the revocation of the business license, per (former) Section 5.04.310 of the VMC.

The business license has been maintained through the years since 2005 and is currently under the name of Shadowview Corp. with Carole L. Schauer and Michael J. Schauer both listed as Vice President. George Thanos is NOT listed anywhere on the application.

Revocation of a business license can occur for numerous reasons which are listed in Section 16-7.02.060, (previously 5.04.310) and other portions of the Victorville Municipal Code.

- First, the most closely tied to this business is 16-7.02.060 (f) which states that the business has: "Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public;" There is ample evidence in the Administrative Record to show that T-Zers conducted itself in a manner contrary to the peace, health, safety and the general welfare of the public.
- Second, T-Zers has violated rules and regulations adopted by the City relating to the operation of the business within the preceding twenty four months (VMC Sec. 16-7.02.060(l) and VMC Sec. 16-7.02.030(h)). Staff recommends that the Planning Commission find that T-Zers is a nuisance, which are prohibited by VMC Section 16-7.01.050. Therefore, T-Zers is violating City rules. In addition, as listed and evidenced below, T-Zers is violating VMC Section 16-7.03-010.
- Third, T-Zers also violated Section 16-7.02.060 (g) which provides a basis for revocation if a business "Failed or refused to notify the city manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010 (*previously 5.04.100*) within fifteen days after such change. Section 16-7.03.010 requires corporations to list names and addresses of all directors and an officer who is duly authorized to accept the service of legal process. George Thanos is currently listed as the agent of service, however, he is not listed or shown on the business license.
- Fourth, T-Zers made false, misleading or fraudulent statement(s) of a material fact in its business license application (VMC Sec. 16-7.02.060(a)). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement. George Thanos is the agent for service of process registered with the Secretary of State and the evidence that George Thanos is not listed anywhere on the business license.
- Fifth, T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance (VMC Sec. 16-7.01.050.) There is ample evidence in the Administrative record for the Planning Commission to find that T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance.
- Sixth, T-Zers is presently a public nuisance (VMC Sec. 16-7.02.030(b). There is ample evidence in the Administrative record for the Planning Commission to find that T-Zers is a nuisance.

VII. ENVIRONMENTAL ASSESSMENT:

The California Environmental Quality Act does not apply to projects which are denied, or, a similar situation would be the revocation of a business whereby after the revocation there will be less impact to the environment because the business will not be operating.

WHEREAS, it was the consensus of the Planning Commission after the April 10, 2013 meeting to recommend that T-Zers' Conditional Use Permit be called to a public hearing to review the status of said permit and for possible revocation thereof; and

WHEREAS, the Planning Commission had originally scheduled the public hearing for the Planning Commission's May 8, 2013 meeting, but the item was pulled from the Agenda; and

WHEREAS, City Attorney Andre de Bortnowsky suggested to T-zers' then attorney that he would be willing to schedule a meeting with City staff and T-zers to see if there was a way to address the City's concerns related to the operation of T-Zers;

WHEREAS, on or around June 11, 2013, Mr. de Bortnowsky met with Petitioner George Thanos, Mr. Thanos' son, T-zers' then-attorney Mr. Richard Ewaniszyk, City staff, and Deputies Hogan and Waterhouse for the purpose of attempting discussions relating to resolving issues at T-Zers; and

WHEREAS, at this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked; and

WHEREAS, the Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7); and

WHEREAS, after considering all of the evidence, the Planning Commission found and determined that T-zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare; and

WHEREAS, following said public hearing, the City Council, in the exercise of its discretion as the final legislative and adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit; and

WHEREAS, on August 29, 2013 T-zers filed a Petition for Writ of Administrative Mandamus to set aside the City's revocations of T-Zers' CUP and business license; and

WHEREAS, after the hearing on November 22, 2013, a judge determined that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations; and

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

WHEREAS, nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises; and

WHEREAS, in particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest; and

WHEREAS, in addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations; and

WHEREAS, in light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, a second hearing is now being held to determine whether T-Zers is in violation of the VMC and whether bases exist to revoke T-Zers business license and Conditional Use Permit; and

WHEREAS, on or about December 11, 2013, in accordance with former VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c)), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398; and

WHEREAS, therefore, a public hearing notice was sent on April 10, 2014, in accordance with Sections 16-7.02.070 and 16-3.02.090 of the VMC as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398; and

Section 2. FINDINGS

The Planning Commission incorporates the recitals hereinabove and finds and determines the following based on the evidence and records presented:

A. FINDINGS RELATED TO REVOCATION OF BUSINESS LICENSE

1. **Finding 1:** T-Zers' business has been conducted in a manner contrary to the peace, health, safety and the general welfare of the public. (VMC Sec. 16-7.02.060(f)); (VMC Sec. 16-7.02.030(i)).

   a. The Planning Commission makes Finding 1 based upon evidence which is in the Administrative Record, including, but not limited to the following:

      i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), and (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration.

      ii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous and recent violent crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of firearm.

      iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of crimes at T-Zers' Premises is disproportionately high when compared to other similarly situated businesses in the City, such as Johnny Fingers and Jocko's, as shown in Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) improperly serviced and tagged automatic fire sprinkler and stand pipe system, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare. These violations include, but are not limited to (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot creates an environment conducive to the perpetration of crime.

vii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

b. The Planning Commission also makes Finding 1 based upon evidence in the record that it is Thanos and Shadowview Corporation's conduct which has created the problems at T-Zers. The evidence includes those documents presented in Christopher Borchert's Declaration, Exhibits H & I, showing Thanos and Shadowview's history of conduct, disregard for the law, and complacency with the problems that result from T-Zers' (and their previous nightclubs') violations of the law, which have consistently presented problems, dating back to 1998. This is

shown by the documents relating to Thanos' previously operated nightclubs in the City and on the Premises.

- **Finding 2:** T-Zers has violated rules and regulations adopted by the City relating to the operation of the business within the preceding twenty-four months (VMC Sec. 16-7.02.060(l); (VMC Sec. 16-7.02.030(h).

  a. The Planning Commission makes Finding 2 based upon evidence citied above which supports the finding that T-Zers is a nuisance. Nuisances are prohibited by VMC Section 16-7.01.050; therefore, T-Zers is violating City rules. In addition, as listed and evidenced below, T-Zers is violating VMC Section 16-7.03-010.

- **Finding 3.** T-Zers failed or refused to notify the City Manager or his designees, of any material change in facts stated in the business license application (VMC Sec. 16-7.02.060(g)). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement.

  a. The Planning Commission makes Finding 3 based upon evidence in the Administrative Record showing that George Thanos is the agent for service of process registered with the Secretary of State, and the evidence that George Thanos is not listed anywhere on the business license.

- **Finding 4.** T-Zers made false, misleading or fraudulent statement(s) of a material fact in its business license application (VMC Sec. 16-7.02.060(a). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement.

  a. The Planning Commission makes Finding 4 based upon evidence in the Administrative Record showing that George Thanos is the agent for service of process registered with the Secretary of State and the evidence that George Thanos is not listed anywhere on the business license.

- **Finding 5.** T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance (VMC Sec. 16-7.01.050.) VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or (2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b)). The Planning Commission finds that T-Zers does both.

  a. The Planning Commission makes Finding 5 based upon evidence which is in the Administrative Record, including, but not limited to the following:

     i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (including evidence of 16 9-millimeter casings on Premises, and said shooting was not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration:

ii. Evidence, including but not limited to the summaries of calls for service to T-Zers, police reports, and We Tips, relating to numerous and recent violent crimes at T-Zers' Premises. These are described in Deputy Hogan and Deputy Waterhouse's Declarations, and include calls for service for incidents such as homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of a firearm.

iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of and severity of the crimes at T-Zers' Premises is disproportionately high, and of a more serious nature, as compared to other similarly situated businesses in the City, such as Johnny Fingers and Jocko's. This is evidenced by Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare, which creates or maintains a nuisance.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) improperly serviced and tagged automatic fire sprinkler and stand pipe system, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare, which constitutes a nuisance. These violations include, but are not limited to, (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot is creates a conducive environment for the perpetration of crime.

viii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

a. The Planning Commission also makes Finding 1 based upon evidence in the record that it is Thanos and Shadowview Corporation's conduct which has created the problems at T-Zers. The evidence includes those documents presented in Christopher Borchert's Declaration, Exhibits H & I, showing Thanos and Shadowview's history of conduct, disregard for the law, and complacency with the problems that result from T-Zers' (and their previous nightclubs') violations of the law, which have consistently presented problems, dating back to 1998. This is shown by the documents relating to Thanos' previously operated nightclubs in the City and on the Premises.

Finding 6. T-Zers is presently a public nuisance (VMC Sec. 16-7.02.030(b). VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or, 2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b). The Planning Commission finds that T-Zers does both.

a. The Planning Commission makes Finding 6 based upon evidence of present conditions and/or recent repeated activity which is in the Administrative Record, including, but not limited to the following:

i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration.

ii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous and recent violent crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of firearm.

iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of crimes at T-Zers' Premises is disproportionately high when compared to other similarly situated businesses in the City, such

as Johnny Fingers and Jocko's, as shown in Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare, which creates or maintains a nuisance.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) automatic fire sprinkler and stand pipe system improperly serviced and tagged, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare, which constitutes a nuisance. These violations include, but are not limited to, (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot is creates a conducive environment for the perpetration of crime.

vii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to, (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

B. FINDINGS RELATED TO REVOCATION OF CONDITIONAL USE PERMIT

Finding 1: The use of the Premises in operating T-Zers nightclub has become nuisance (VMC Sec. 16-3.02.090). VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or, 2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b). The Planning Commission finds that the use of the Premises does both.

a. The Planning Commission makes Finding 1 based upon evidence of present conditions and/or recent repeated activity which is in the Administrative Record, including, but not limited to the following:

i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration:

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare, which creates or maintains a nuisance.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. WHEREAS, in 1992 the Planning Commission approved a conditional use permit, CUP-49-92, applied for by George Thanos, to allow for the sale of alcoholic beverages (beer, wine, and liquor) within 200 feet of a residence in conjunction with a restaurant on the Premises; and

WHEREAS, an increase in crimes and negative events on the Premises took place between the years 1998-2001, when Mr. Thanos operated the Rocks Club thereon, leading the City in 2001 to commence revocation proceedings to revoke the business license for the Rocks Club; and

WHEREAS, subsequently, in August 2001, the City allowed Mr. Thanos, represented by attorney Roger Diamond, the opportunity to improve conditions on the Premises in order to prevent said problems thereon and allow the business to remain open within the parameters of an "Operations Agreement," under which the business was required to increase security, not exceed approved occupancy, restrict entrance to persons 21 years of age and older unless an approved non-alcoholic event was held, and not serve alcohol to underage customers; and

WHEREAS, despite Mr. Thanos being given a second chance to operate the business, the Rocks Club violated several of the provisions of the Operations Agreement including by allowing persons under 21 into the establishment and serving them alcohol, and allowing overcrowding of the establishment beyond capacity; and

WHEREAS, yet again, the City provided Mr. Thanos, represented by attorney Roger Diamond, a second opportunity to remedy the issues occurring on the Premises and allow the business to open, under a new "Operations Agreement" which the City and Thanos entered into in April, 2002, which required that the business, now called, "Tremors Sports Bar & Grill," be managed and operated by an outside company called Executive Management Group, with George Thanos and his employees not involved in any of the day-to-day operations of the business; and

WHEREAS, Mr. Thanos violated the provisions of the Operations Agreement by remaining involved in the day-to-day operations of the business and not providing adequate security, which said violation was discovered during an inspection of the business, at which time George Thanos was found at the business's entrance, checking customers' identification and allowing customers to enter without going through the required metal detector; and

WHEREAS, subsequently, in November 2005, Shadowview Corporation dba T/Zers Sports Bar & Grill ("T-Zers") applied for a modification to the existing Conditional Use Permit, in order to allow for the sale of alcoholic beverages without requiring a restaurant component, and

said application listed Michael J. Schauer as the applicant's representative, and said application made no reference to Mr. Thanos (signed "George Thanopoulos") except with regards to ownership of the underlying real property; and

WHEREAS, T-Zers is located in the C-2 General Commercial zone, in close proximity to several residences, and per Victorville Municipal Code ("VMC") Section 16-3.07.010 and Table 7-1, was required to obtain its Conditional Use Permit in order to allow for the on-site consumption of alcoholic beverages (beer, wine, and liquor) within 300 feet of a residence; and

WHEREAS, on December 14, 2005, the Planning Commission approved Conditional Use Permit Modification, CUP-92-049(M), for Shadowview Corporation dba T/Zers Sports Bar & Grill; and

WHEREAS, T-Zers was also required to obtain a business license under VMC Section 5.04.070 (currently, VMC Section 16-7.01.040), which prohibits transacting or carrying out any business in the City without a business license; and

WHEREAS, in 2005, the City issued Business License BSL05-07398 to T-Zers, with said license listing the business owner as Shadowview Corporation, with Carole L Schauer and Michael J Schauer listed as Vice Presidents; and

WHEREAS, at the Planning Commission's regular April 10, 2013 meeting, the Sheriff's Department notified the Planning Commission of its concerns related to T-Zers' operations, including a high number of service calls, the severity of those service calls, the impact to the community due to the amount of deputies responding to the T-Zers' location, the potential danger to the safety of the deputies, and the impact to surrounding businesses and properties; and

WHEREAS, it was the consensus of the Planning Commission after the April 10, 2013 meeting to recommend that T-Zers' Conditional Use Permit be called to a public hearing to review the status of said permit and for possible revocation thereof; and

WHEREAS, the Planning Commission had originally scheduled the public hearing for the Planning Commission's May 8, 2013 meeting, but the item was pulled from the Agenda; and

WHEREAS, City Attorney Andre de Bortnowsky suggested to T-zers' then attorney that he would be willing to schedule a meeting with City staff and T-zers to see if there was a way to address the City's concerns related to the operation of T-Zers;

WHEREAS, on or around June 11, 2013, Mr. de Bortnowsky met with Petitioner George Thanos, Mr. Thanos' son, T-zers' then-attorney Mr. Richard Ewaniszyk, City staff, and Deputies Hogan and Waterhouse for the purpose of attempting discussions relating to resolving issues at T-Zers; and

WHEREAS, at said meeting, Mr. de Bortnowsky and City staff made several recommendations as to how the business could be operated in a manner consistent with the VMC, none of which suggestions were ever implemented; and

WHEREAS, thereafter, the City complied with the notice and hearing requirements of VMC Sections 5.04.320 and 16-3.02.090, and Cal. Gov. Code Sections 65901 and 65905, relating to the revocation of business licenses and conditional use permits; and

WHEREAS, the Planning Commission held a public hearing on the proposed revocation of T-zers' Conditional Use Permit and business license on May 29, 2013 and July 10, 2013[1], and provided Petitioners requisite notice thereof; and

WHEREAS, at this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked; and

WHEREAS, the Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7); and

WHEREAS, after considering all of the evidence, the Planning Commission found and determined that T-zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare; and

WHEREAS, following the continued public hearing on the matter, on July 10, 2013, the Planning Commission, pursuant to VMC Section 16-3.02.090, approved Resolution No. P-13-013and thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages within 300 feet of a residence and revoking business license BSL05-07398 for T-Zers; and

WHEREAS, pursuant to VMC Sections 5.04.320(b) and 13.02.190, T-Zers appealed the Planning Commission's decision to revoke T-Zers' business license and Conditional Use Permit; and

WHEREAS, on or about August 6, 2013, the City Council held a properly noticed appeal hearing, pursuant to VMC Sections 5.04.320(b) and 13.02.190, for the purpose of taking public input relative to the appeal; and

WHEREAS, following said public hearing, the City Council, in the exercise of its discretion as the final legislative and adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit; and

WHEREAS, on August 29, 2013 T-zers filed a Petition for Writ of Administrative Mandamus to set aside the City's revocations of T-Zers' CUP and business license; and

WHEREAS, after the hearing on November 22, 2013, a judge determined that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations; and

---

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

WHEREAS, nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises; and

WHEREAS, in particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest; and

WHEREAS, the second said incident, on March 16, 2014, involved an unknown suspect firing approximately 16 9-mm gunshot rounds at or near T-Zers; and

WHEREAS, in addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations; and

WHEREAS, in light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, which the Planning Commission and City Council had found to constitute a nuisance, the City Council directed Staff to hold a second hearing to determine whether T-Zers is in violation of the City's Municipal Code and whether bases exist to revoke T-Zers' business license and Conditional Use Permit; and

WHEREAS, on or about December 11, 2013, in accordance with former VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c)), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398; and

WHEREAS, therefore, a public hearing notice was sent on April 10, 2014, in accordance with Sections 16-7.02.070 and 16-3.02.090 of the Victorville Municipal Code as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398; and

WHEREAS, on April 30, 2014, the Planning Commission held a public hearing to consider the revocation of the business license and a public hearing to consider the revocation of the conditional use permit, to hear arguments for and against the proposed revocations, pursuant to the VMC.

1. Business License BSL05-07398 is not revoked.

2. CUP 92-049(M) is not revoked.

A. The Business License and CUP are not revoked despite the following VMC Sections, which provide bases for revocation:

1. Sec. 16-7-02.060: The City Manager, or his designee, may suspend or revoke a license if it finds that any licensee or authorized agent has:

    a. Subsection (a): Knowingly made any false, misleading or fraudulent statement of a material fact in an application for a license, or in any report or record required to be filed with the City Manager, or his or her designee, or made in the course of soliciting;
    b. Subsection (f): Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public
    c. Subsection (g): Failed or refused to notify the City Manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010, within fifteen days after such change
    d. Subsection (l): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months

2. Sec. 16-7.01.050. No license issued under the provisions of this chapter shall be construed as permission to conduct or carry on a business in such manner as to create or maintain a nuisance.

3. Sec. 16-7.02.030. In addition to the grounds set forth in Section 16-7.02.040, the following shall constitute grounds for denial of a license (an applicant, licensee or

authorized agent) not involving free speech... Any grounds for denial included in this section shall also constitute grounds for suspension or revocation of a license as described in this chapter:

a. Subsection (b): Is presently a public nuisance, whether or not abatement proceedings have been instituted
b. Subsection (h): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months
c. Subsection (i): The establishment or business will be detrimental to the public health, safety or welfare.

4. Sec. 13.02.130. A nuisance is a thing, act, occupation or use of property which does any of the following:

a. Subsection (a): Annoys, injures or endangers the safety, health, comfort or repose of the public
b. Subsection (c): In any way renders the public insecure in life or in use of property

5. Sec. 16-3.02.090. DECLARATION OF TIMOTHY TATE IN SUPPORT OF CITY OF VICTORVILLE'S REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF TIMOTHY TATE

I, Timothy Tate, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am now and at all relevant times have been employed as a Fire Prevention Officer with the San Bernardino County Fire Department ("Fire Department"), which provides fire department services to the City of Victorville ("City") on a contract basis. I have approximately seven (7) years of experience and service as a Fire Prevention Officer with the Fire Department, and approximately eleven (11) years total experience with fire departments, and have received ongoing training and education during my services with the Fire Department. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. In my capacity as a Fire Prevention Officer, my duties include but are not limited to conducting inspections on businesses and new construction to ensure compliance with the fire code, and to provide businesses with notices of and opportunities to correct violations.

4. In my capacity as a Fire Prevention Officer, I am aware that T'zers nightclub ("T-Zers") operates within the City at 14269 Seventh Street, Victorville, California 92392 (the "Premises").

5. I am aware that a former Fire Prevention Supervisor with the Fire Department, Joe Zuccaro, previously conducted inspections of T-Zers and the Premises, observed violations of the fire code at the Premises, and provided T-Zers with notice and an opportunity to correct said violations. A copy of an inspection report prepared by Zuccaro for an inspection on May 16, 2013, is attached hereto and incorporated by this reference as Exhibit A. Said report is an official, public business record of the Fire Department, and was prepared by Zuccaro in the scope of his duty as a Fire Prevention Supervisor at or near the time of his inspection, and was filed with the Fire Department pursuant to standard procedures. Exhibit A demonstrates that Zuccaro observed violations on T-Zers' Premises, including but not limited to the following, at least as far back as May 16, 2013: (1) fire lanes not properly marked, (2) exterior electrical wires needed to be

covered, (3) FDC / PIC needed service (locks), (4) fire extinguishers were due for service, (5) the hood/duct system needed to be serviced, (6) there were unsafe electrical cords inside T-Zers, (7) a hole in the ceiling needed repair, (8) the circuit breaker panel needed to be covered, (9) there were illegal door latching devices installed, (10) emergency lighting was inoperative, (11) an unsafe propane cylinder needed to be removed, (12) an exit door needed to be repaired or replaced, and (13) railing at exit stairs needed to be replaced. (See Exhibit A.) The report shows that T-Zers was given notice that violations needed to be corrected, and that reinspection would be conducted on June 3, 2013. (See Exhibit A.) It is my understanding that Zuccaro conducted follow up inspections and observed continuing fire code violations.

6. On April 3, 2014, I conducted a joint inspection of the Premises with City Code Enforcement Manager Jorge Duran. Mr. Duran and I met with the T-Zers and Premises owner, George Thanos, who was provided notice prior to the inspection that we would be inspecting the Premises to determine whether previously noted violations had been corrected. I prepared a fire and life safety inspection report noting fire code violations I observed during my inspection, a true and correct copy of which is attached hereto and incorporated herein by this reference, as Exhibit B. I prepared this report, which is an official public business record of the Fire Department, within the scope of my duties as a Fire Prevention Officer, at or near the time of the April 3, 2014 inspection, and filed it with the Fire Department pursuant to standard Fire Department procedures. During my inspection on April 3, 2014, I observed continuing violations, which include but are not limited to the following: (1) damaged, corroded or painted sprinkler heads throughout the building, (2) the automatic fire sprinkler system and standpipe system had not been serviced and tagged as required, (3) the fire alarm system was in trouble mode, (4) exit lighting was in disrepair, (5) the northeast exit door was illegally obstructed, (6) the unsafe use of extension cords and multi-plug adapters in lieu of permanent wiring throughout the building, (7) broken electrical outlets, which were not maintained in good condition pursuant to the California Electrical Code, (8) and an inadequately secured compressed gas cylinder. (See Exhibit B). A copy of said report noting the fire code violations was provided to Mr. Thanos.

7. It is therefore evident that fire code violations continue to exist on T-Zers' Premises, many

if not all of which have existed, despite notice and an opportunity to fix, since as far back as May, 2013. These violations present real and serious threats including that of fire, and thereby endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas.

8. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 8TH day of APRIL, 2014

DECLARATION OF JORGE DURAN

I, JORGE DURAN, HEREBY DECLARE AS FOLLOWS:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceeding on the matter.

2. I am now and at all relevant times have been employed as the Code Enforcement Manager of the Code Enforcement Division (sometimes herein, "Code Enforcement") of the City of Victorville (sometimes herein, "City"), whose objective is to maintain the quality of neighborhoods and to ensure a comfortable, safe and clean living environment in the City, including, specifically, by ensuring compliance with the City's Municipal Code. At all relevant times herein I have been employed by the City in the capacity as a Code Enforcement Officer and Manager and have held this capacity for the entire period relevant to the subject matter of this declaration. I have 6 years of experience and service as a Code Enforcement Manager, and have received ongoing training and education during my employment. I am fully qualified with respect to and conversant with the matters addressed in this Declaration. I have personal knowledge of the laws and regulations of the City with respect to zoning codes and other laws and regulations relating to the public health and safety and the assessment of dangerous structures in the City.

3. In my capacity as the Code Enforcement Manager, my duties include but are not limited to the following: I am duly authorized to inspect properties in all zones in the City to determine if violations of the municipal code and select state codes exist. I am authorized to enforce these codes through the issuance of correction notices and citations, and by execution of nuisance abatement actions to remove public nuisances and public hazards. I am authorized to manage, oversee and execute all City business license duties including but not limited to the following: establishing licensing requirements, issuing City business licenses, and initiating revocation and suspension actions against business found to be a public nuisance.

4. I have personal knowledge of the complaints and regulatory cases investigated by Code Enforcement for the location of 14269 Seventh Street, Victorville, California 92395, herein identified as the "Subject Location," where businesses known as Tremors, Halo, Daisy Dukes and T-Zers Sports Bar

& Grill (herein, "Tzers") have conducted business, and where Tzers currently continues to conduct business.

5. It is standard Code Enforcement procedure to create a Code Enforcement "case" upon receiving a complaint or otherwise having reason to believe that a Municipal Code violation exists or may exist. A Code Enforcement officer(s) will then investigate the violating property and/or notify the violating property and business owner to explain the problem, suggest solutions, and provide the property owner with a deadline to correct the violation. In accordance with this procedure, the following Code Enforcement cases discussed herein below have been created relating to the Subject Location.

6. CASE COD11-01076: On 5/16/11, a Code Enforcement case was created due to a complaint it received regarding an unlicensed and unpermitted grill and taco stand operating on the back patio at the Subject Location on Thursday, Friday and Saturday evenings. Code Enforcement personnel investigated the complaint on 5/20/11 and did not find the reported taco stand operating. Subsequently, the case was closed. A Case Information Summary is attached hereto and incorporated herein by this reference as Exhibit "A." I generated and printed said summary which is a true and accurate representation related to this complaint at the Subject Property. Said summary is a business record of the City's Code Enforcement Division, and pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time the complaint was received, the inspection was conducted, and the case was closed.

7. CASE COD12-00590: On 4/4/12, Code Enforcement created a case due to a complaint received from the San Bernardino County Fire Department indicating that a new business may be operating at the Subject Location, because there had been a recent change of the exterior monument sign, to say "Daisy Dukes" instead of "Teazers." Said case was created according to standard procedure: once a complaint is received by Code Enforcement, the receiving officer types his or her notes and findings related to the complaint into the City's permitting/case management computer system. In this case, the Fire Department's complaint indicated that the Subject Location was not occupied by a business called Daisy Dukes. A true and accurate copy of the Case Information Summary for Case COD12-00590 is attached hereto and incorporated herein by this reference as Exhibit "B." I generated and printed said

summary which is a true and accurate representation related to this complaint at the Subject Property. Said summary is a business record of the City's Code Enforcement Division, and, pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time the complaint was received, the inspection was conducted, and the case was closed.1

8. On 5/14/12, Code Enforcement personnel inspected the Subject Location and found the exterior monument sign displayed the business name "Daisy Dukes." (See Exhibit B.) The Code Enforcement Officer confirmed via the City's permit and licensing database system that the new sign was not permitted and that a certificate of occupancy and business license was not on file for the new business identified as Daisy Dukes. The only business license on file for the Subject Location at that time was issued for a business known as Tzers. (See Exhibit B.) An official Code Enforcement Notice of Violation letter was mailed on 5/14/12 to the property owner and the new unlicensed business at Subject Location advising them that the new business was required to obtain a business license, a Certificate of Occupancy and a permit for the new Daisy Dukes sign, and notice was given that if compliance was not met, fees and fines would result. A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "C." Exhibit C is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Vinnes in the ordinary course of business at or near the time of the 5/14/12 inspection.

9. On 5/23/12, a person identifying himself as the business owner of the new (unlicensed) business identified as Daisy Dukes, came to the Code Enforcement counter located in City Hall and asked to speak to the supervisor regarding the letter he received dated 5/14/12. (See Exhibit B.) I introduced myself as the Code Enforcement Manager and asked what his concerns were. The purported business owner stated that he was the business owner of Tzers and simply wanted to change the name of the business to Daisy Dukes. He added that he did not understand why he received the letter if the nightclub use would remain the same and all he did was place a new name on the sign monument. I explained that,

1 All case notes and information contained in the Case Information Summaries and Case Activity Listings referenced herein were input by the Code Enforcement officer whose initials appear on said documents in the "Updated Column," which said officers are authorized and trained in proper procedure for inputting such information into the City's permitting/case management computer system. Said information is promptly input into the system at or near the time of the relevant event.

pursuant to the Municipal Code, a business name change requires a new business license, Certificate of Occupancy and possibly a new fictitious business name. The business owner stated that ownership of the nightclub would remain unchanged. I explained that even with business ownership remaining the same for both Daisy Dukes and Tzers, the City required that a new business license and Certificate of Occupancy be obtained by the business owner since the DBA business name on the business license and Certificate of Occupancy would no longer match the actual name of the establishment. I explained that those permits/licenses were not transferable. The business owner appeared to understand and advised me that he would change the sign back to Tzers and would no longer do business as Daisy Dukes. The business owner asked for an extension of time to replace the sign. (See Exhibit B.) The extension request was approved on 6/7/12. (See Exhibit B.)

10. On 7/10/12, a Code Enforcement officer conducted a follow up inspection to verify compliance of the sign. The officer reported that the Subject Location had replaced the Daisy Dukes sign with a sign displaying the name of Tzers. Subsequently, the case was closed. (See Exhibit B.)

11. CASE COD13-00565. On 4/16/13, a code enforcement case was created based on a complaint received by Code Enforcement Officer Guy Eisenbrey on same date and in accordance with standard procedures from the San Bernardino County Sheriff's Department ("SBCSD"). SBCSD reported that the Subject Location had multiple violations including structural damage at the exterior due to a vehicle collision, exterior parking lot maintenance issues such as broken wheel stops, faded parking stall stripping and possible interior electrical and plumbing hazards. True and accurate copies of the Case Information Summary and Case Activity Listing for Case COD13-00565 are attached hereto and incorporated herein by this reference as Exhibit "D." I generated and printed said documents which are true and accurate representation of all activities related to this complaint/case at the Subject Property. Said documents are business records of the City's Code Enforcement Division, and pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time of all acts included therein, including when the complaint was received, inspections were conducted, and notice letters were sent.

//

//

12. On 4/22/13, in response to the aforesaid SBCSD complaint, Code Enforcement personnel conducted an inspection of the Subject Location in accordance with standard Code Enforcement procedures. (See Exhibit D.) The responding officer reported that he was unable to contact anyone at the Subject Location to conduct an interior inspection. The officer conducted an exterior inspection and identified the following violations: the west masonry wall adjacent to the patio contained structural damage consistent with that of a vehicle striking the wall with ample force, presence of graffiti, broken and inoperative exterior lighting fixtures, decayed landscaping, asphalt potholes and cracks throughout the parking lot, and faded parking lot stripping. (See Exhibit D.) On 4/22/13, Code Enforcement sent a notice letter to the property and business owners of record, listing the foregoing violations and advising them that the violations must be fixed and that the property must be brought into full compliance with the Municipal Code. A true and correct copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "E." Exhibit E is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 4/22/13 inspection.

13. On 5/10/13, a Code Enforcement officer conducted a second compliance inspection at the Subject Location. The officer reported that all violations were not corrected as requested. (See Exhibit D.)

14. On 5/17/13, Code Enforcement personnel conducted an evening inspection at the Subject Location during normal business hours along with personnel from the SBCSD and Fire Department and peace officers from the California Department of Alcohol and Beverage Control. The Code Enforcement inspection identified the following: all prior violations listed on the letter sent on 4/22/13 still remained uncorrected, all interior security lighting was inoperative, Fire personnel observed that several fire extinguishers were out of service date and not placed where the wall signs advised patrons as to the location of an extinguisher, several extension cords were incorrectly used as permanent power throughout the interior, providing power to several regularly used business electronics. (See Exhibit D.) A second letter was sent to the property and business owners of record listing the various violations identified during the inspection of 5/17/13 which were still outstanding. A true and correct copy of said letter is

attached hereto and incorporated herein by this reference as Exhibit "F." Exhibit F is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 5/17/13 inspection.

15. On 6/1/13, Code Enforcement Officer Reynolds spoke to the Subject Location's property owner who advised Code Enforcement that he had been in contact with the City's planning department to resolve the outstanding violations. The business owner requested that a joint inspection be conducted with him and Code Enforcement personnel to go over the outstanding violations. (See Exhibit D.)

16. On 6/21/13, Code Enforcement received an anonymous "We-Tip" alert via email, sent to my e-mail address, JDURAN@CI.VICTORVILLE.CA.US. We-Tip is a non-profit organization known and commonly recognized throughout the nation, which is used by the public to anonymously report crimes and other illicit activities. The reports are then forwarded to the responsible agencies in the jurisdiction where such activity is allegedly occurring. The report alleged that the Subject Location was allowing underage females to enter into Tzers where they were allowed to drink until they become so intoxicated that they exposed themselves without restraint. The report alleged that a Tzers' security guard has taken photos of the females or allowed others to take their photos, which have then been posted on Facebook. Additionally, the report stated that the establishment allows the use of or has sold "molly's" and Marijuana, that the ceiling of the female restroom was caving in, and that the club was sometimes overcrowded. Lastly, the report stated that there have been cases where vehicles that frequent the Subject Location have had guns in their trunk. The We-Tip report was also sent to the San Bernardino County Fire and Sheriff's Departments and the California Department of Alcohol and Beverage Control. A true and correct copy of the We-Tip report which Code Enforcement received is attached hereto and incorporated herein as Exhibit "G."

17. On 7/22/13, a Code Enforcement officer met the purported Tzers' business owner at the Subject Location for another inspection. The officer observed that prior violations were not corrected and also confirmed that the ceiling inside the female restroom was caving in, as had been anonymously reported in the We-Tip report received by Code Enforcement on 6/21/13. (See Exhibit D.)

18. On 8/7/13, Code Enforcement Officer Reynolds learned that Tzers' conditional use permit and business license were revoked at the August Planning Commission hearing, after verifying the

outcome of said hearing with the Planning staff. Code Enforcement personnel conducted follow up inspections of the Subject Location on 8/15/13, 9/28/13, 10/28/13 and 12/3/13, and during said inspections, the Code Enforcement officer observed no activity and reported that the business was closed. (See Exhibit D.)

19. On 12/9/13 I received a call from The San Bernardino County Fire Department regarding a call for service the Department had received at the Subject Location. The Fire Department responded to a sprinkler activation alarm and found that the Subject Location's sprinkler system had frozen, causing the water lines to burst, and causing extensive water damage throughout the interior of Tzers' building structure. Based on said extensive water damage, Fire Department personnel requested our assistance to assess the subject structure. The following findings were submitted in the related Code Enforcement case, COD13-00565 (See Exhibit D):

> "On 12/9/13 at approximately 2 pm, Senior Building Inspector Dan Stratton and Jorge Duran responded to a call for service submitted by County Fire. Upon arriving, the business was open but not operating at the time of our inspection. Once inside, I noticed a strong order consistent with that of mildew/ mold with in the primary area used by patrons. I also noticed several buckets of water throughout the inside of the property (south side near the south bar area, and four buckets throughout the northern portion of the interior adjacent to the dance floor. The buckets were being used to collect the leaking water throughout the ceiling. The business owner and fire personnel indicated that some of the buckets have been there for a couple of weeks due to roof leaks. The ceiling on both the north and south portions of the building have several areas where the drywall was bowing downward due to water weight and damage. I notice at least three large ceiling areas (south side, and two on the north side) where either plastic bags or square pieces of plywood of drywall were in place to control roof leaks. I was approached by Fire Prevention Inspector Mike Havens to inspect an area near the kitchen where a large amount of mold was growing and where a large amount of water was present from a leaking roof. The odor in this was heavy in mildew and mold, and consistent with that noted at the onset of the inspection. The ceiling in this area was white in color which allowed me to clearly see that black mold was growing and was dominating the most of the ceiling in this area. I asked the business

representative of they used the kitchen that was adjacent to the area filled with mold and he replied they do not cook with in the building. The business owner indicated that he would use bleach to remove the mold. I advised him that this method would not be enough. Upon assessing this building and the excessive water damage, and due to the inability to clearly note of black mold is present throughout a water damaged ceiling that is already painted black, the property owner must have the entire ceiling tested by a certified consultant. Any present mold must be abated using certified workers. Any area where drywall has been damaged due to water damage must be replaced via building permit."

20. On 12/11/13, Code Enforcement sent a letter to the business owners of record listing the identified violations and advising them of the required mold assessment and abatement. (See Exhibit D.) A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "H." Exhibit H is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 12/11/13 inspection.

21. On 1/13/14, Code Enforcement sent a second notice letter to the business owners of record listing the identified violations and advising them of the applicable compliance requirements and deadlines. A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "I." Exhibit "I" is an official business record of the Code Enforcement Division which I prepared in the ordinary course of business, shortly after Code Enforcement inspection.

22. On 1/31/14, I received correspondence (a hand written letter) from the property owner where he provided a mold assessment and abatement estimate from Serve-Pro. The hand written letter also indicated that the business was in the process of making the required corrections. A true and accurate copy of the letter I received is attached hereto and incorporated herein as Exhibit "J."

23. On 4/3/14, the Fire Department and Code Enforcement conducted a joint re-inspection of the property to verify that the items listed in our notice sent on 12/11/13 were corrected. Upon calling the business/property owner by phone a few days prior to arrange for a re-inspection, I met the purported business/ property owner, George Thanos, at the Subject Location. I advised Mr. Thanos that we would be inspecting the building to verify whether all prior listed violations in our current code enforcement

case had been corrected. While at the Subject Location, I observed a contractor identified as Serve-Pro working inside the kitchen area on the east wall. Serve-Pro was in the process of repairing an extensive amount of drywall and insulation damaged by water leaks. The contractor did not have a permit to conduct the repair work. (After completing the current inspection, I returned to the subject location at approximately 5pm and issued a "Stop Work Order" due to extensive repair work being conducted by Serve-Pro without a permit. I proceeded to post the Stop Work Order at the main entrance). I continued conducting the inspection and observed the following continuing, previously noticed, outstanding violations: the unsafe exterior lighting fixtures (with exposed wires) had not been repaired; the exterior masonry wall near the west parking lot (which exhibited structural damage indicating it had been hit by a vehicle or other object with significant force) was not repaired; the exterior parking lot signs were full of graffiti and in a state of disrepair; the parking lot asphalt remained decayed and vehicle wheel stops were out of place; graffiti inside the women's restroom was still present; trash, broken alcoholic beverage containers, and boxes were littered throughout the exterior of the property; a decaying dead animal laid at the rear of the property adjacent to the rear kitchen door and within an exterior area used for storage; and the entire north portion of the building was closed off to patrons at the interior of the building with a black piece of plywood and lock. The blocked area was still accessible by employees working at the subject location, and therefore requires removal. Further, I observed that the water-damaged ceiling in the north portion of the building was not repaired. The broken and now inactive sprinkler line originating from the ceiling was still unrepaired and hanging beyond the lowest level of the ceiling and was covered by a thick piece of black plastic sheeting- creating a head injury hazard to anyone in the area. Additionally, I observed that, while the alcohol storage location which Code Enforcement staff had previously found with excessive mold growth had been repaired, the repair work had been done without permits. I advised Mr. Thanos via the Stop Work Order referenced above to obtain a permit for the already undertaken repair work in the alcohol storage area and in the rear office located on the east side of the building.

24. During my inspection described in the preceding paragraph, I took photographs of the described conditions I witnessed. True and accurate copies of these photographs, which are accurate representations of the conditions I witnessed at the Subject Location on April 3, 2014, are attached hereto

as Exhibit "K."

CODC064	Structure Damage Inspection		12/11/2013	12/21/2013	12/11/2013	Warn	DONE		JHD	12/11/2013 JHD	On 12/9/13 at approximately 2 pm, Senior Building Inspector Dan Stratton and Jorge Duran responded to a call for service submitted by County Fire. Upon arriving, the business was open but not operating at the time of our inspection. Once inside, I noticed a strong order consistent with that of mildew/ mold with in the primary area used by patrons. I also noticed several buckets of water throughout the inside of the property (south side near the south bar area, and four buckets throughout the northern portion of the interior adjacent to the dance floor. The buckets were being used to collect the leaking water throughout the ceiling. The business owner and fire personnel indicated that some of the buckets have been there for a couple of weeks due to roof leaks. The ceiling on both the north and south portions of the building have several areas where the drywall was bowing downward due to water weight and damage. I notice at least three large ceiling areas (south side, and two on the north side) where either plastic bags or square pieces of plywood of drywall were in place to control roof leaks. I was approached by Fire prevention inspection Mike Havens to inspect an area near the kitchen where a large amount of mold was growing and where a large mount of water was present from a leaking roof. The odor in this are was heavy in mildew and mold, and consistent with that noted at the onset of the inspection. The ceiling in this area was white in color which allowed me to clearly see that black mold was growing and was dominating the most of the ceiling in this area. I asked the business representative of they used the kitchen that was adjacent to the area filled with mold and he replied they do not cook with in the building. The business owner indicated that he would used bleach to remove the mold. I advised him that this method would not be enough. Upon

DECLARATION OF DEPUTY MARVIN WILKIE IN SUPPORT OF CITY OF VICTORVILLE'S REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF DEPUTY WILKIE

I, Marvin Wilkie, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am now and at all relevant times have been employed as a Deputy with the San Bernardino County Sheriff's Department ("Sheriff's Department"), which provides police services to the City of Victorville ("City") on a contract basis. I have 4 years of experience and service as a Deputy Sheriff, and have received ongoing training and education during my services with the Sheriff's Department. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. In my capacity as a Deputy for the Sheriff's Department, my duties include but are not limited to the following: I respond to calls for police service, investigate criminal activity, and undertake proactive enforcement to prevent criminal activity. I am also currently a School Resources Officer.

4. In my capacity as a Sheriff's Deputy, I routinely patrol areas within the City and respond to calls for service. On March 16, 2014 I was on duty and experienced the following events described below. I prepared a police report, a true and correct copy of which is attached hereto and incorporated herein as Exhibit A, describing said events which occurred on this date. I prepared the report within the scope of my official duties as a Sheriff's Deputy, at or near the time of the events described therein. I subsequently filed the report with the Sheriff's Department, electronically into the Sheriff's Department's computer system, in accordance with Sheriff's Department procedures. Said report is an official public record on file with the Sheriff's Department. The report accurately describes my experiences and observations relating to this incident.

5. On March 16, 2014, at approximately 01:55 hours, while on uniform patrol duty, I was

dispatched to a call for service due to gunshots heard around the intersection of Burning Tree Drive and St. Andrews Road in the City. A couple of individuals near this location had made 911 calls reporting hearing said gunshots. Therefore, upon being dispatched, I drove to the intersection of Green Tree Boulevard and St. Andrews Drive. Minutes later, at about 1:58 hours, as I neared the intersection, I witnessed a vehicle driving south on St. Andrews Road which failed to stop at a stop sign at the intersection of Green Tree Boulevard and St. Andrews Drive. Due to the vehicle's proximity to the location I was dispatched to and its running the stop sign, I pulled the driver of the vehicle over. After questioning the driver, I determined he was not involved with the shooting, although I determined he was driving under the influence, and arrested him for driving under the influence.

6. In the meantime, another on-duty Sheriff's Deputy in the area, Officer Scott Bibeau, had also immediately responded to the call from dispatch regarding the reported gunshots, and was the first to respond to the location. The intersection of Green Tree Blvd. and St. Andrews Drive is near the driveway of the back parking lot of T-Zers Sports Bar and Grill ("T-Zers"), located at 14269 Seventh St, Victorville, California 92395, which connects the T-Zers' parking lot to St. Andrews Drive.

7. After making the traffic stop of the vehicle, I immediately proceeded to the driveway of the T-Zers parking lot at St. Andrews Drive. I saw that other Deputies had already arrived at the scene and had shut off a portion of St. Andrews Drive from traffic. I approached Officer Bibeau, and spoke with him. Officer Bibeau told me that when he had arrived a few minutes earlier, he had seen approximately sixteen (16) 9 mm shell casings which appeared to have just recently been shot, lying in the parking lot behind T-Zers and on St. Andrews Drive. Therefore, he had shut off those locations in order to investigate. Officer Bibeau had left the sixteen shell casings lying in the original locations that he had found them, and marked some of them with a small manila envelope which had a number on them. I also helped Officer Bibeau label some of the shell casings. I witnessed and took photographs of the shell casings in the locations Officer Bibeau found them upon his arrival at the scene. Said photographs were downloaded into DIMS at the Victorville Police Station. After the photographs were taken, all shell casings were collected for

evidence, pursuant to standard procedures. I did not see any other signs of damage to persons or property near the location, indicating that the unknown shooter had shot a gun up into the air at the location.

8. After witnessing the shell casings behind T-Zers, I went to the front of the T-Zers' building to see if there were any persons who had witnessed or otherwise observed the shooting. I spoke with a T-Zers' security guard and asked him if he had witnessed anyone shooting a gun in the area or heard any gunshots. The security guard told me that he had not, but that shortly prior, a patron, who was with a group of two or three other individuals, and who had been in the T-Zers' parking lot, had informed him that they had witnessed an individual shooting a gun up into the air, but not at people or vehicles, behind the T-Zers parking lot. The witnesses who had spoken with the security guard had left by the time deputies had arrived on scene. I asked the security guard if he had called 911 or otherwise reported the incident to the Sheriff's Department. He said he had not.

9. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

ASSIGNMENT/ARRIVAL:

On Saturday, 03/15/14, from 1900 hours to 0300 hours, I was assigned to uniform patrol in the City of Victorville. At approximately 0155 hours I was dispatched to a report of shots heard in the area of Burning Tree Drive and Green Tree Blvd in the City of Victorville and arrived on scene at approximately 0158 hours.

SCENE:

In the back parking lot of the Teaser's Nightclub several empty shell casings were located and several empty shell casings were located on St. Andrews Drive. There was an entrance way at the back of the nightclub which led to St. Andrews Drive where the shell casings were located.

DEPUTY INFORMATION:

When I arrived on scene I observed a black vehicle running a stop sign on St. Andrews Drive and Green Tree Blvd. I conducted a traffic stop. Upon further investigation it was found the occupants of the vehicle were not involved in the shooting incident. The driver of the vehicle was intoxicated. The driver of the vehicle was arrested for DUI, refer to DR# 171403114. A friend who was sober and had permission from the owner drove the vehicle away.

Approximately 16 empty 9MM shell casings were located in the back parking lot and on St. Andrews Drive. All shell casings were marked with a small manila envelope which had a number on them and were photographed. After the photographs were taken all shell casings were collected for evidence. One of the security officers at the nightclub stated some of the people at the nightclub told him the subject was firing the firearm into the air not at people or at vehicles. The security officer did not himself see this act occurring but was told by other people who had left by the time deputies arrived on scene. The subject who fired the gun into the air was not unidentified. There were no reports of gun shot injuries in the area and there were no reports of vehicles which have been shot at.

PHOTOGRAPHS:

Several digital photographs were taken of the shell casings which were located in the parking lot and on St. Andrews Drive. All photographs were downloaded into DIMS at the Victorville Police Station.

EVIDENCE:

Each shell casing was placed into a small manila envelope and labeled with a number. All shell casings were then placed into a larger manila envelope which was sealed. The sealed envelope was then placed into an evidence locker at the Victorville Police Station to be placed into evidence.

DECLARATION OF CHRISTOPHER BORCHERT RELATED TO CITY OF VICTORVILLE'S HEARING ON THE REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF CHRISTOPHER BORCHERT

I, Christopher Borchert, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am currently the Acting Director of Development ("Development Director") for the City of Victorville ("City"). I have approximately ten (10) months of experience and service as the Development Director, and approximately twelve and a half (12.5) years total experience in planning and development with the City, and have received ongoing training and education during my services with the City. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. The Development Department includes the City's Planning Division (which regulates the use of land according to state planning, zoning, and development law, and which is responsible for processing applications for, issuing, and overseeing Conditional Use Permits), the Building Division, the Development Engineering Division, the Code Enforcement Division (which inspects properties within the City and enforces the City's laws including those with respect to zoning, building codes, and business licenses), and the Business License Division (which processes applications for, issues, and oversees business licenses in the City). In my capacity as Development Director, my duties include but are not limited to overseeing these City departments. Additionally, I am the City's Zoning Administrator and Planning Commission Secretary.

4. In my capacity as Development Director, I am aware that T'zers Sports Bar and Grill ("T-Zers") operates within the City at 14269 Seventh Street, Victorville, California 92392 (the "Premises").

5. T-Zers currently operates under a modified Conditional Use Permit, CUP-92-049(M) (sometimes herein, "the CUP"), which was granted in December, 2005, pursuant to Planning Commission Resolution No. P-05-339, a true and correct copy of which is attached hereto and

incorporated herein by this reference as Exhibit A. The CUP allows for the on-site sale of alcoholic beverages within 300 feet of a residence, with a limited restaurant component. (See Exhibit A, p. 1.) The CUP contains Conditions of Approval, with which T'zers must comply, including but not limited to compliance with all development standards of [former] Title 18, compliance with plans submitted as part of the conditional use permit, and submission and approval of any additional modifications or new conditional use permits necessary in the event of expansion. (See Exhibit A, p. 2.) The Staff Report for said Resolution is attached hereto and incorporated herein by this reference as Exhibit B. The CUP modification application submitted by Shadowview Corporation, dba T-Zers Sports Bar and Grill, is attached hereto and incorporated herein by this reference as Exhibit C. A true and correct copy of the official minutes from the Planning Commission's meeting where it adopted Resolution No. P-05-339 is attached hereto and incorporated herein by this reference as Exhibit D. T-Zzers' CUP was originally issued in 1992 to applicant George Thanos, as CUP-49-92, a true and correct copy of which is attached hereto and incorporated herein as Exhibit E. Each of these documents are true and accurate copies of official public business records, on file with the Development Department.

6. T-Zers most current business license on file with the City is No. BSL05-07398 (the "Business License"), a copy of which is attached hereto and incorporated herein by this reference as Exhibit F. The Business License lists Shadowview Corporation as the business owner, and Carole L. Schauer and Michael J. Schauer as the Vice Presidents. George Thanos, the purported business owner and registered agent for service of process (See Exhibit G, a true and correct copy of the California Secretary of State's business search website results for "Shadowview Corporation" as of April 8, 2014, available at http://kepler.sos.ca.gov/) is not listed on the Business License. (See Exhibit F.) Exhibit G also shows that Shadowview Corporation's status is "suspended" by the Secretary of State as of April 8, 2014.

7. The Planning Commission was notified during its regular meeting of April 10, 2013, by the San Bernardino County Sheriff's Department, of concerns relating to T-Zers including, but not limited to, a high number of service calls to T-Zers' Premises and the severity of those calls, which said calls were disproportionately draining the Sheriff's Department's resources. At this same

meeting, the Planning Commission also heard from representatives of neighboring businesses, who had witnessed violence and heard shootings from across the street, which had taken place on T-Zers' Premises, and who spoke about about the negative impacts that T-Zers was having on their businesses.

8. However, April 10, 2013 was not the first time the City had learned of or had problems with dangerous activity and nuisance conditions at the Premises. Over the past several years, current purported owners Shadowview Corporation and George Thanos have repeatedly violated the law in their operation of T-Zers (and the operation of previous nightclubs at the Premises under different names), and have demonstrated complacency with the dangerous activities, including homicide, which have occurred on T-Zers' Premises as a result of said violations. I am attaching and incorporating herein the following documents, which generally illustrate the repeated violations and nuisance conditions at T-Zers' Premises, and the Development Department's repeated attempts to resolve same, either through business license revocation or other agreement. Said documents are true and correct copies of (1) official business records on file with the City, prepared and/or filed within the scope of official public business, at or near the time of the relevant events discussed therein, or (2) true and accurate copies of media articles relating to T-Zers' (or its previous dba names) or George Thanos' business operations, which were located by City staff, and which have been kept on file with the City as they relate to a business licensee. These documents show that Shadowview Corporation's and Thanos' conduct in the operation of nightclubs, including conduct which violates City laws, has repeatedly created dangerous nuisance conditions in the City, and on the Premises. These documents are:

(A) Exhibit H - City documents starting from in or around 2001 relating to "Rocks Club," (later, dba under different names) which was operated by George Thanos (aka Thanopoulos) at the Premises before T-Zers, and which said club operations (which included but were not limited to having inadequate security, allowing overcrowding, and serving alcohol to minors) endangered public health, safety, and welfare (for example, shootings and homicide occurred at the Premises) and constituted a public nuisance. Specifically, said documents include but are not limited to: (1) true and correct copies of notices of violations and notices to appear, for

the business; (2) documents relating to business license revocation proceedings in and around 2001 which occurred as a result of Thanos' dangerous operation of Rocks Club (and which include public records such as police reports relating to problems at the Premises prior to 2001); (3) documents relating to agreement(s) whereby the City allowed Thanos the opportunity to fix violations and remain open within the parameters of a 2001 "Operations Agreement" (under which the club was required to: increase security, not exceed occupancy, restrict entry to persons at least 21 years of age unless a non-alcoholic event had been approved, not serve alcohol to underage persons, and not allow overcrowding); (4) documents relating to subsequent violations of the Operations Agreement and a second attempt at a new Operations Agreement in 2002 for a new club, dba Tremors Sports Bar and Grill, at the same Premises (whereunder Thanos and his employees were not to be involved in the daily operation of the business), and Thanos' subsequent violation of this new Operations Agreement by remaining involved in the daily business operations and not providing adequate security; (5) documents relating to a 2003 amendment to the Operations Agreement; (6) true and correct copies of police reports prepared by the San Bernardino County Sheriff's Department related to incidents at the Premises, including but not limited to attempted murder; and (7) true and correct copies of newspaper articles which are in the City's files illustrating the dangerous activity which occurred as a result of Thanos' operation of Rocks Club, including a shooting of a 19 year old man. Furthermore, Exhibit H includes City documents from in and around 2004 and 2005 relating to Tremor's Sports Bar & Grill and Halo Sports Bar & Grill, previously operated by Thanos at the Premises. These documents include a Memorandum of Understanding with the City, due to a finding of undue concentration of crime in the vicinity of the Premises, whereunder Thanos could conditionally continue operating these clubs.

(B) Exhibit I – Newspaper articles relating to Shadowview Corporation and Thanos's operation of various nightclubs at the Premises from 2001 to the present, which demonstrate Thanos's pattern of dangerous nightclub operation in the City. Each of these is a true and correct copy of an article collected and filed by the City.

9. These documents do not even begin to illustrate the recent and current dangerous, nuisance

conditions which are currently present at T-Zers Premises (evidence of current nuisance conditions at the Premises is being presented by the Sheriff's Department, Fire Department, Code Enforcement Department). These documents, which are on file with the City Development Department, are relevant to show (1) Thanos and Shadowview Corporation's history of unsafe business operation and disregard for the law, which is presently creating a dangerous nuisance on the Premises, and (2) the ample due process which has previously been afforded to Thanos and Shadowview, as the City has given them repeated opportunities to bring their business into compliance with the law.

10. On or about December 11, 2013, in accordance with Municipal Code Section 5.04.320, City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License. A true and correct copy of the letter of designation I received from Mr. Robertson, which is a business record on file with the Development Department, is attached hereto and incorporated herein as Exhibit J.

11. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

PLANNING COMMISSION STAFF REPORT

DATE: December 14, 2005 **AGENDA NO. 29**

CASE: CUP-92-049(M)

SUBJECT: To allow for on-site consumption of alcoholic beverages (beer, wine and liquor) within 300 feet of a residence.

APPLICANT: T-Zers Sports Bar & Grill – Shadowview Corporation

LOCATION: 14269 Seventh Street

I. STAFF RECOMMENDATION:

That the Planning Commission take the following actions:

1. **Conditional Use Permit Modification** - Adopt Resolution No. P-05-339, approving Case No. CUP-92-049(M); and
2. **Environmental Assessment** - Find the project categorically exempt under CEQA Section 15301, Existing Facilities.

II. SUMMARY:

The applicant (T-Zers Sports Bar & Grill) is requesting a modification to an existing Conditional Use Permit for the on-site consumption of alcohol within 300 feet of a residence. The existing Conditional Use Permit allows for the sale of alcoholic beverages (beer, wine and liquor) in conjunction with a restaurant. The applicant is requesting the sale of alcoholic beverages (beer, wine and liquor) without a restaurant. The elimination of the restaurant component of the business creates an expansion of the alcohol use on-site; therefore, the City requires a modification to the existing conditional use permit pursuant to Section 18.74.070 of the Victorville Municipal Code entitled "Modification and Revocation to approved Conditional Use Permits."

III. STAFF ANALYSIS:

1. **Conditional Use Permit.** The following points summarize the key elements of this proposal:

   - T-Zers Sports Bar & Grill is approximately 8,300 square feet in floor area and will be providing pool tables, darts, music, and dancing for its customers.
   - The applicant is changing the alcohol license from a Type 47 (on-sale general eating place) to a Type 48 (on-sale general public premises) as administered by the Department of Alcoholic Beverage Control.
   - Admission will be limited to people over 21 years of age. This age restriction is a requirement of the Type 48 alcohol license.

- Normal daily business hours will be 11:00 am to 2:00 am.

- The City Council adopted Resolution No. 05-181, on November 15, 2005, issuing a Certificate of Public Convenience and Necessity for T-Zers Sports Bar & Grill; therefore, a Finding of Public Convenience or Necessity is not required from the Planning Commission.

2. **Environmental Assessment.** Existing facilities are exempt pursuant to Section 15301 of the California Environmental Quality Act. Therefore, no further environmental review is necessary.

THE STAFF RECOMMENDATION MAY BE ACCEPTED OR REJECTED BY THE PLANNING COMMISSION AFTER ITS OWN ANALYSIS AND CONSIDERATION OF PUBLIC TESTIMONY PRESENTED AT THE HEARING. THE PLANNING COMMISSION DECISION CAN BE APPEALED TO THE CITY COUNCIL WITHIN 10 DAYS OF THE PLANNING COMMISSION ACTION.

2. The proposed development shall be in substantial conformity with the plans submitted as part of this conditional use permit, unless modification is required to comply with the applicable development standards of Title 18, and/or conditions of approval.

3. Any expansion of this proposed use beyond the scope of this conditional use permit shall require submission and approval of a conditional use permit modification or a new conditional use permit based upon the extent of the expansion.

4. Approval of the Conditional Use Permit shall not abrogate the applicant from obtaining all necessary licenses for alcoholic beverage sales from the Department of Alcoholic Beverage Control.

DEVELOPMENT PLAN DP-05-007 – PULTE HOMES

Mr. Webb outlined the staff report.

Chairman McEachron opened the public hearing at 8:40 p.m.

Andrew Mulder with Pulte Homes addressed the Chair and stated they were in agreement with all conditions.

Marissa Brocato, 15556 Naples Lane, addressed the Chair and questioned why the notice she received stated it was a proposed project when grading was already in progress.

Mr. Webb stated the item was a proposed project as the Planning Commission could deny it. Applicants, however, were usually allowed to do some pre-grading prior to approval of their project as well as environmental studies at their own risk.

Ms. Brocato questioned whether she would still have access through her rear yard.

Mr. Webb suggested that Ms. Brocato speak with the representative from Pulte Homes to answer any specific questions about the project.

Ms. Bracato questioned who notified the proper agency that the levels and grading have changed since the 100-year flood.

Mr. Gengler stated that, if Ms. Bracato's development was in the existing 100-year flood plain, the only way that would change would be to write a letter of map revision, which is filed with FEMA and has to be prepared by a surveyor or engineer.

There being no further testimony, Chairman McEachron closed the public hearing at 8:53 p.m.

A motion was made by Commissioner Hinojos and seconded by Commissioner Kurth to approve Resolution P-05-138 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING DEVELOPMENT PLAN DP-05-007 TO ALLOW FOR THE DEVELOPMENT OF 458 SINGLE-FAMILY RESIDENTIAL DWELLING UNITS WITHIN PLANNED UNIT DEVELOPMENT PUD-1-89 AND TRACT 16598

CONDITIONAL USE PERMIT CUP-92-049 (M) – T-ZERS SPORTS BAR & GRILL

Mr. Webb outlined the staff report.

Chairman McEachron opened the public hearing at 8:56 p.m.

Mike and Carol Showers addressed the Chair and stated they had been in the nightclub business for twenty-eight years and were working with the Sheriff's Department to address any possible problems. The club would be targeting a more mature clientele and not the younger

crowd that usually caused most of the problems. In addition, they would not be eliminating the restaurant completely and planned to be open for lunch with a light menu.

There being no further testimony, Chairman McEachron closed the public hearing at 9:01 p.m.

A motion was made by Commissioner Porter and seconded by Commissioner Hinojos to approve Resolution P-05-339 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING A MODIFICATION TO APPROVED CONDITIONAL USE PERMIT CUP-92-049 TO ALLOW FOR ON-SITE SALES OF ALCOHOLIC BEVERAGES (BEER, WINE AND LIQUOR) WITHIN 300 FEET OF A RESIDENCE

SITE PLAN SP-05-038 AND CONDITIONAL USE PERMIT CUP-05-048 – OZCO LIMITED INC.

Conditional Use Permit CUP-05-048 was withdrawn by the applicant.

Mr. Borchert outlined the staff report.

Chairman McEachron opened the public hearing at 9:02 p.m.

Dave Figone with Victoria Homes addressed the Chair and stated he was available for questions.

There being no further testimony, Chairman McEachron closed the public hearing at 9:04 p.m.

A motion was made by Commissioner Kurth and seconded by Commissioner Metzler to approve the Negative Declaration for SP-05-038 with all mitigation measurers and Resolution P-05-340 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

Mr. Borchert outlined the staff report.

Chairman McEachron opened the public hearing at 9:04 p.m.

Mr. Priester outlined the Staff Report and recommended denial.

Chairman Morris-Massey opened the public hearing at 8:21 p.m.

Dane Cardone, 5300 Orange Avenue, Suite 114, Cypress, addressed the Chair representing the applicant, pointed out the number of signs utilized by Circuit City and stated this tenant believes they should be able to have the same amount of signage, though they would settle for four signs.

Commissioner Hedges stated that signage for Circuit City could not be compared with signage for Michaels since Circuit City is on a separate parcel and thus is allowed more signs, but when a parcel is shared less signs are permitted. She noted that Staples had also requested more signage and been denied.

Chairman Morris-Massey closed the public hearing at 8:28 p.m. and stated it was important for the Commission to be consistent, because if additional signage is allowed for this use it will set a precedent. Commissioners Glass and Huber agreed.

It was moved by Commissioner Glass and seconded by Commissioner Huber to deny Resolution P-92-186. The motion carried by unanimous vote of the five Commissioners.

Re: Conditional Use Permit CUP-49-92

Dear Mr. Thanos:

At the regularly scheduled meeting of the City of Victorville Planning Commission held on July 8, 1992, a public hearing was conducted to consider your request for Conditional Use Permit CUP-49-92. This request was to allow for sale of alcoholic beverages (beer, wine and liquor) within 200 feet of a residence in conjunction with a restaurant at 14269 Seventh Street.

After considering all the information in regard to the proposed use, the Planning Commission granted the conditional use permit subject to compliance with all applicable development standards of Title 18.

HOWEVER, UNTIL SUCH TIME AS CONDITIONS OF APPROVAL ARE COMPLIED WITH, THE CONDITIONAL USE PERMIT WILL NOT BECOME VALID.

Please note that Section 18.74.060 of the Victorville Municipal Code entitled "Lapse of Approval" states:

"Unless a different period of time is specified among the conditions of approval, the authorization of a conditional use shall lapse and be void unless the use is established or plans have been submitted and accepted by the Building Department for building permit processing within six months of the date of final action of approval. However, upon application to the Planning Department, an extension not to exceed 90 days, for those conditional uses required to be established within a six month period, may be granted by the Director of Planning based upon reasonable circumstances."

As stated in the staff report, the decision of the Planning Commission can be appealed within fifteen (15) days. Unless the action of the Planning Commission is appealed, CUP-49-92 will stand approved as of July 24, 1992.

Very truly yours,

John R. Hnatek
Director of Planning and Development

PLANNING COMMISSION STAFF REPORT

DATE: APRIL 14, 2014 **AGENDA NO.**

CASE: PLN14-00001

SUBJECT: THE PROPOSED REVOCATION OF CONDITIONAL USE PERMIT CUP92-049(M) AND BUSINESS LICENSE BSL05-07398 WHICH ALLOW FOR THE ON-SITE SALE OF ALCOHOLIC BEVERAGES IN CONJUNCTION WITH SHADOWVIEW CORPORATION (DBA T-ZERS SPORTS BAR AND GRILL).

APPLICANT: CITY OF VICTORVILLE AND SAN BERNARDINO COUNTY SHERIFF'S DEPARTMENT

LOCATION: 14269 SEVENTH STREET, CITY OF VICTORVILLE

I. STAFF RECOMMENDATION:

After the close of the Public Hearing, that the Planning Commission take the following actions:

1. **Conditional Use Permit and Business License** – Adopt Resolution No. P-14-012, approving Case No. PLN14-00001, rescinding Resolution P-05-339 thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages (beer, wine and liquor) within 300 feet of a residence and revoking Business License BSL05-07398 for Shadowview Corporation (dba T-Zers Sports Bar and Grill) located at 14269 Seventh Street, City of Victorville based upon the findings and evidence in Resolution P-14-012. Should the Planning Commission make additional findings, such findings shall be deemed included In Resolution No. P-14-012.

2. **Environmental Assessment** – Find the project exempt from the California Environmental Quality Act based on the Act not applying to projects which are denied.

However, should the Planning Commission not agree with the Staff recommendation, Planning Commission can approve Resolution No. P-14-__ which will NOT revoke the conditional use permit or business license, finding that the evidence does not support such revocations. This would allow T-Zers to continue operating as it currently does. This action would also be exempt from the California Environmental Quality Act as an existing facility.

II. PLANNING COMMISSION PROCEDURE:

During the Public Hearing on this item, the City and T-Zers have the right to call and cross-examine witnesses.

III. BACKGROUND:

During the years prior to 1993, the building located at 14269 Seventh Street, Victorville, CA 92395 was occupied by several different business types (said property shall herein sometimes be referred to as the "Premises."). In 1992 the Planning Commission approved a conditional use permit, CUP-49-92, applied for by George Thanos, to allow for the sale of alcoholic beverages (beer, wine, and liquor) within 200 feet of a residence in conjunction with a restaurant on the Premises. An increase in crimes and negative events on the Premises took place between the years 1998-2001, when Mr. Thanos operated the Rocks Club thereon, leading the City in 2001 to commence revocation proceedings to revoke the business license for the Rocks Club.

Subsequently, in August 2001, the City allowed Mr. Thanos, represented by attorney Roger Diamond, the opportunity to improve conditions on the Premises in order to prevent said problems thereon and remain open within the parameters of an "Operations Agreement," under which the business was required to increase security, not exceed approved occupancy, restrict entrance to persons 21 years of age and older unless an approved non-alcoholic event was held, and not serve alcohol to underage customers. Despite Mr. Thanos being given a second chance to operate the business, the Rocks Club violated several of the provisions of the Operations Agreement including by allowing persons under 21 into the establishment and serving them alcohol, and allowing overcrowding of the establishment beyond capacity. Yet again, the City provided Mr. Thanos, represented by attorney Roger Diamond, a second opportunity to remedy the issues occurring on the Premises and allow the business to open, under a new "Operations Agreement" which the City and Thanos entered into in April, 2002, which required the business (now "Tremors Sports Bar & Grill") be managed and operated by an outside company called Executive Management Group, and with George Thanos and his employees not involved in any of the day-to-day operation of the business. Mr. Thanos violated the provisions of the Operations Agreement by remaining involved in the day-to-day operations of the business and not providing adequate security, which said violation was discovered during an inspection of the business, at which time George Thanos was found at the business's entrance, checking customers' identification and allowing customers to enter without going through the required metal detector.

Subsequently, in November 2005, Shadowview Corporation dba T/Zers Sports Bar & Grill ("T-Zers") applied for a modification to the existing Conditional Use Permit, in order to allow for the sale of alcoholic beverages without a restaurant, and said application listed Michael J. Schauer as the applicant's representative, and said application made no reference to Mr. Thanos (signed "George Thanopoulos") except with regards to ownership of the underlying real property. T-Zers is located in the C-2 General Commercial zone, in close proximity to several residences, and per Victorville Municipal Code ("VMC") Section 16-3.07.010 and Table 7-1, was required to obtain its Conditional Use Permit in order to allow for the on-site consumption of alcoholic beverages (beer, wine, and liquor) within 300 feet of a residence. On December 14, 2005, the Planning Commission approved Conditional Use Permit Modification, CUP-92-049(M), for Shadowview Corporation dba T/Zers Sports Bar & Grill.

T-Zers was also required to obtain a business license under VMC Section 5.04.070 (currently, VMC Section 16-7.01.040), which prohibits transacting or carrying out any business in the City without a business license. In 2005, the City issued Business License BSL05-07398 to T-Zers, with said

license in 2005 listing the business owners as Shadowview Corporation, with Carole L Schauer and Michael J Schauer listed as Vice Presidents.

At the Planning Commission's regular April 10, 2013 meeting, the Sheriff's Department notified the Planning Commission of its concerns related to T-Zers' operation, including a high number of service calls, the severity of those service calls, the impact to the community due to the amount of deputies responding to the T-Zers' location, the potential danger to the safety of the deputies, and the impact to surrounding businesses and properties. It was the consensus of the Planning Commission after the April 10, 2013 meeting to recommend that T-Zers' Conditional Use Permit be called to a public hearing to review the status of said permit and for possible revocation thereof.

The Planning Commission had originally scheduled the public hearing for the Planning Commission's May 8, 2013 meeting, but the item was pulled from the Agenda. City Attorney Andre de Bortnowsky suggested to T-Zers' then-attorney that he would be willing to schedule a meeting with City staff and T-Zers to see if there was a way to address the City's concerns related to the operation of T-Zers. On or around June 11, 2013, Mr. de Bortnowsky met with Petitioner George Thanos, Mr. Thanos' son, T-Zers' then-attorney Mr. Richard Ewaniszyk, City staff, and Deputies Hogan and Waterhouse for the purpose of attempting discussions relating to resolving issues at T-Zers. At said meeting, Mr. de Bortnowsky and City staff made several recommendations as to how the business could be operated in a manner consistent with the VMC, none of which suggestions were ever implemented.

The Planning Commission held a public hearing on the proposed revocation of T-Zers' Conditional Use Permit and business license on May 29, 2013 and July 10, 2013[1], and provided Petitioners requisite notice thereof. At this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked. The Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7). After considering all of the evidence, the Planning Commission found and determined that T-Zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare. Following the continued public hearing on the matter, on July 10, 2013, the Planning Commission, pursuant to VMC Section 16-3.02.090, approved Resolution No. P-13-013and thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages within 300 feet of a residence and revoking business license BSL05-07398 for T-Zers.

Pursuant to VMC Sections 5.04.320(b) and 13.02.190, T-Zers appealed the Planning Commission's decision to revoke T-Zers' business license and Conditional Use Permit. On or about August 6, 2013, the City Council held a properly noticed appeal hearing, pursuant to VMC Sections 5.04.320(b) and 13.02.190, for the purpose of taking public input relative to the appeal. Following said public hearing, the City Council, in the exercise of its discretion as the final legislative and

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit.

On August 29, 2013, T-Zers filed a Petition for Writ of Administrative Mandamus. After the hearing on the Writ Petition, a judge found that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations. Nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises. In particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest. The second said incident, on March 16, 2014, involved an unknown suspect firing approximately 16 9-mm gunshot rounds at or near T-Zers.

In addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations. In light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, a second hearing is now being held to determine whether T-Zers is in violation of the VMC and whether bases exist to revoke T-Zers business license and Conditional Use Permit.

On or about December 11, 2013, in accordance with form VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398. Therefore, a public hearing notice was sent on April 10, 2014, in accordance with Section 16-3.02.090 of the VMC as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398 .

V. APPLICABLE VMC SECTIONS

1. Sec. 16-7-02.060: The City Manager, or his designee, may suspend or revoke a license if it finds that any licensee or authorized agent has:
    a. Subsection (a): Knowingly made any false, misleading or fraudulent statement of a material fact in an application for a license, or in any report or record required to be filed with the City Manager, or his or her designee, or made in the course of soliciting;
    b. Subsection (f): Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public
    c. Subsection (g): Failed or refused to notify the City Manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010, within fifteen days after such change
    d. Subsection (l): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months
2. Sec. 16-7.01.050. No license issued under the provisions of this chapter shall be construed as permission to conduct or carry on a business in such manner as to create or maintain a nuisance.
3. Sec. 16-7.02.030. In addition to the grounds set forth in Section 16-7.02.040, the following shall constitute grounds for denial of a license (an applicant, licensee or authorized agent) not involving free speech... Any grounds for denial included in this section shall also constitute grounds for suspension or revocation of a license as described in this chapter:
    a. Subsection (b): Is presently a public nuisance, whether or not abatement proceedings have been instituted
    b. Subsection (h): Has violated any rule or regulation adopted by the City or a legal action approved by a court of law relating to the operation of the licensee's business within the preceding twenty-four months
    c. Subsection (i): The establishment or business will be detrimental to the public health, safety or welfare.
4. Sec. 13.02.130. A nuisance is a thing, act, occupation or use of property which does any of the following:
    a. Subsection (a): Annoys, injures or endangers the safety, health, comfort or repose of the public
    b. Subsection (c): In any way renders the public insecure in life or in use of property
5. Sec. 16-3.02.090. Upon a violation of any provision of this Chapter, or, if granted subject to a condition or conditions, upon failure to comply with the conditions or if the use has become a nuisance, the Zoning Administrator shall serve the property owner and occupant (if different from the property owner) with a "Notice of Commencement of Revocation Proceedings", which may include a "Notice of Suspension of a Conditional Use."...

VI. REVOCATIONS:

1. Conditional Use Permit.

Since there are only general conditions of approval under CUP92-049(M), the Conditional Use Permit is proposed for revocation under the provision that the operation of the business has been and is maintained as a nuisance. Section 13.02.130 "Nuisances designated generally", provides basic standards. While sections (b) and (d) do not apply, the applicable sections state:

A nuisance is a thing, act, occupation or use of property which does any of the following:
(a) Annoys, injures or endangers the safety, health, comfort or repose of the public;
(c) In any way renders the public insecure in life or in use of property;...

The Sheriff's Department packet of information includes a history of service calls to the business which occurred from May of 2008 to May of 2013. In that timeframe, over 900 calls for service were performed which included minor crimes such as vandalism(8), indecent exposure(3), disturbance(144), petty theft(8), drug related arrests(6) and major crimes such as assault/battery(47), battery with serious injuries(3), domestic battery felony(2), assault with a deadly weapon(15), rape(1), attempted murder(1), and homicide(2). The calls also include other crimes such as resisting an officer, drunk in public, making threats, brandishing a weapon, discharge of a firearm, carjacking and domestic battery misdemeanor.

The crimes endanger numerous people, including the customers of the bar, the officers who are at the scene, surrounding residents, and neighboring businesses and their customers. The disproportionate calls for service, mentioned above, endanger the City as well as surrounding areas. This disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City and surrounding areas, which in turn endangers the public health, safety, and welfare. The disproportionate need for services is in part due to the need for additional units to assist on service calls to T-Zers which could endanger the deputies. Further, these units may have to come from other areas of Victorville, or even Apple Valley, Hesperia or Adelanto, depending on who is available at the time. When a unit leaves their area, those residents/businesses in that area would not be able to receive service in a timely manner should something happen while the deputies are responding to T-Zers.

2. Business License.

Typically a "business license only" revocation is done by the City Manager through a hearing process. However, after learning that the Planning Commission had requested a hearing regarding revocation of the Conditional Use Permit, the City Manager designated the Planning Commission to act on his behalf for the revocation of the business license, per (former) Section 5.04.310 of the VMC.

The business license has been maintained through the years since 2005 and is currently under the name of Shadowview Corp. with Carole L. Schauer and Michael J. Schauer both listed as Vice President. George Thanos is NOT listed anywhere on the application.

Revocation of a business license can occur for numerous reasons which are listed in Section 16-7.02.060, (previously 5.04.310) and other portions of the Victorville Municipal Code.

- First, the most closely tied to this business is 16-7.02.060 (f) which states that the business has: "Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public;" There is ample evidence in the Administrative Record to show that T-Zers conducted itself in a manner contrary to the peace, health, safety and the general welfare of the public.
- Second, T-Zers has violated rules and regulations adopted by the City relating to the operation of the business within the preceding twenty four months (VMC Sec. 16-7.02.060(l) and VMC Sec. 16-7.02.030(h)). Staff recommends that the Planning Commission find that T-Zers is a nuisance, which are prohibited by VMC Section 16-7.01.050. Therefore, T-Zers is violating City rules. In addition, as listed and evidenced below, T-Zers is violating VMC Section 16-7.03-010.
- Third, T-Zers also violated Section 16-7.02.060 (g) which provides a basis for revocation if a business "Failed or refused to notify the city manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010 (*previously 5.04.100*) within fifteen days after such change. Section 16-7.03.010 requires corporations to list names and addresses of all directors and an officer who is duly authorized to accept the service of legal process. George Thanos is currently listed as the agent of service, however, he is not listed or shown on the business license.
- Fourth, T-Zers made false, misleading or fraudulent statement(s) of a material fact in its business license application (VMC Sec. 16-7.02.060(a)). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement. George Thanos is the agent for service of process registered with the Secretary of State and the evidence that George Thanos is not listed anywhere on the business license.
- Fifth, T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance (VMC Sec. 16-7.01.050.) There is ample evidence in the Administrative record for the Planning Commission to find that T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance.
- Sixth, T-Zers is presently a public nuisance (VMC Sec. 16-7.02.030(b). There is ample evidence in the Administrative record for the Planning Commission to find that T-Zers is a nuisance.

VII. ENVIRONMENTAL ASSESSMENT:

The California Environmental Quality Act does not apply to projects which are denied, or, a similar situation would be the revocation of a business whereby after the revocation there will be less impact to the environment because the business will not be operating.

WHEREAS, at this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked; and

WHEREAS, the Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7); and

WHEREAS, after considering all of the evidence, the Planning Commission found and determined that T-zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare; and

WHEREAS, following the continued public hearing on the matter, on July 10, 2013, the Planning Commission, pursuant to VMC Section 16-3.02.090, approved Resolution No. P-13-013and thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages within 300 feet of a residence and revoking business license BSL05-07398 for T-Zers; and

WHEREAS, on or about August 6, 2013, the City Council held a properly noticed appeal hearing, pursuant to VMC Sections 5.04.320(b) and 13.02.190, for the purpose of taking public input relative to the appeal; and

WHEREAS, following said public hearing, the City Council, in the exercise of its discretion as the final legislative and adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit; and

WHEREAS, on August 29, 2013 T-zers filed a Petition for Writ of Administrative Mandamus to set aside the City's revocations of T-Zers' CUP and business license; and

WHEREAS, after the hearing on November 22, 2013, a judge determined that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations; and

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

WHEREAS, nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises; and

WHEREAS, in particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest; and

WHEREAS, in addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations; and

WHEREAS, in light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, a second hearing is now being held to determine whether T-Zers is in violation of the VMC and whether bases exist to revoke T-Zers business license and Conditional Use Permit; and

WHEREAS, on or about December 11, 2013, in accordance with former VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c)), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398; and

WHEREAS, therefore, a public hearing notice was sent on April 10, 2014, in accordance with Sections 16-7.02.070 and 16-3.02.090 of the VMC as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398; and

Section 2. FINDINGS

The Planning Commission incorporates the recitals hereinabove and finds and determines the following based on the evidence and records presented:

A. FINDINGS RELATED TO REVOCATION OF BUSINESS LICENSE

1. **Finding 1:** T-Zers' business has been conducted in a manner contrary to the peace, health, safety and the general welfare of the public. (VMC Sec. 16-7.02.060(f)); (VMC Sec. 16-7.02.030(i)).

   a. The Planning Commission makes Finding 1 based upon evidence which is in the Administrative Record, including, but not limited to the following:

      i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), and (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration.

      ii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous and recent violent crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of firearm.

      iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of crimes at T-Zers' Premises is disproportionately high when compared to other similarly situated businesses in the City, such as Johnny Fingers and Jocko's, as shown in Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) improperly serviced and tagged automatic fire sprinkler and stand pipe system, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare. These violations include, but are not limited to (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot creates an environment conducive to the perpetration of crime.

vii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

b. The Planning Commission also makes Finding 1 based upon evidence in the record that it is Thanos and Shadowview Corporation's conduct which has created the problems at T-Zers. The evidence includes those documents presented in Christopher Borchert's Declaration, Exhibits H & I, showing Thanos and Shadowview's history of conduct, disregard for the law, and complacency with the problems that result from T-Zers' (and their previous nightclubs') violations of the law, which have consistently presented problems, dating back to 1998. This is

shown by the documents relating to Thanos' previously operated nightclubs in the City and on the Premises.

- **Finding 2:** T-Zers has violated rules and regulations adopted by the City relating to the operation of the business within the preceding twenty-four months (VMC Sec. 16-7.02.060(l); (VMC Sec. 16-7.02.030(h).

  a. The Planning Commission makes Finding 2 based upon evidence citied above which supports the finding that T-Zers is a nuisance. Nuisances are prohibited by VMC Section 16-7.01.050; therefore, T-Zers is violating City rules. In addition, as listed and evidenced below, T-Zers is violating VMC Section 16-7.03-010.

- **Finding 3.** T-Zers failed or refused to notify the City Manager or his designees, of any material change in facts stated in the business license application (VMC Sec. 16-7.02.060(g)). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement.

  a. The Planning Commission makes Finding 3 based upon evidence in the Administrative Record showing that George Thanos is the agent for service of process registered with the Secretary of State, and the evidence that George Thanos is not listed anywhere on the business license.

- **Finding 4.** T-Zers made false, misleading or fraudulent statement(s) of a material fact in its business license application (VMC Sec. 16-7.02.060(a). VMC Section 16-7.03-010 requires businesses license applications to list the agent for service of process and T-Zers has violated this requirement.

  a. The Planning Commission makes Finding 4 based upon evidence in the Administrative Record showing that George Thanos is the agent for service of process registered with the Secretary of State and the evidence that George Thanos is not listed anywhere on the business license.

- **Finding 5.** T-Zers has been conducted or carried on in a manner as to create or maintain a nuisance (VMC Sec. 16-7.01.050.) VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or (2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b)). The Planning Commission finds that T-Zers does both.

  a. The Planning Commission makes Finding 5 based upon evidence which is in the Administrative Record, including, but not limited to the following:

     i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (including evidence of 16 9-millimeter casings on Premises, and said shooting was not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration:

ii. Evidence, including but not limited to the summaries of calls for service to T-Zers, police reports, and We Tips, relating to numerous and recent violent crimes at T-Zers' Premises. These are described in Deputy Hogan and Deputy Waterhouse's Declarations, and include calls for service for incidents such as homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of a firearm.

iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of and severity of the crimes at T-Zers' Premises is disproportionately high, and of a more serious nature, as compared to other similarly situated businesses in the City, such as Johnny Fingers and Jocko's. This is evidenced by Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare, which creates or maintains a nuisance.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) improperly serviced and tagged automatic fire sprinkler and stand pipe system, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare, which constitutes a nuisance. These violations include, but are not limited to, (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot is creates a conducive environment for the perpetration of crime.

viii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

a. The Planning Commission also makes Finding 1 based upon evidence in the record that it is Thanos and Shadowview Corporation's conduct which has created the problems at T-Zers. The evidence includes those documents presented in Christopher Borchert's Declaration, Exhibits H & I, showing Thanos and Shadowview's history of conduct, disregard for the law, and complacency with the problems that result from T-Zers' (and their previous nightclubs') violations of the law, which have consistently presented problems, dating back to 1998. This is shown by the documents relating to Thanos' previously operated nightclubs in the City and on the Premises.

Finding 6. T-Zers is presently a public nuisance (VMC Sec. 16-7.02.030(b). VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or, 2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b). The Planning Commission finds that T-Zers does both.

a. The Planning Commission makes Finding 6 based upon evidence of present conditions and/or recent repeated activity which is in the Administrative Record, including, but not limited to the following:

i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration.

ii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous and recent violent crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including homicide, rape, attempted homicide/murder, strong-armed robbery, carjacking, battery, assault with deadly weapon, and discharge of firearm.

iii. Evidence, including but not limited to the summaries of calls for service, police reports, and We Tips, of numerous other crimes at T-Zers' Premises, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including indecent exposure, drunk in public and petty theft.

a. The Planning Commission finds that the number of calls for service and the number of crimes at T-Zers' Premises is disproportionately high when compared to other similarly situated businesses in the City, such

as Johnny Fingers and Jocko's, as shown in Exhibit "C" to Deputy Hogan and Deputy Waterhouse's Declarations.

b. The Planning Commission finds that the disproportionate need for Sheriff's Department services prevents the Sheriff's Department's resources from being utilized where needed elsewhere in the City, which in turn endangers the public health, safety, and welfare, which creates or maintains a nuisance.

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. These violations include, but are not limited to, (1) damaged, corroded or painted sprinkler heads throughout the building, (2) automatic fire sprinkler and stand pipe system improperly serviced and tagged, (3) illegally obstructed exit door, and (4) unsafe use of extension cords.

a. As of April 8, 2014, T-Zers has not remedied these violations despite past notice and opportunity to repair.

vi. Evidence of numerous, repeated and ongoing VMC violations, as described in Code Enforcement Manager Duran's Declaration, which present threats to the public health, safety and welfare, which constitutes a nuisance. These violations include, but are not limited to, (1) unsafe and inoperative exterior lighting (exposed wires), (2) litter and graffiti throughout the Premises, (3) a water damaged ceiling, (4) a broken and inactive sprinkler line, and (5) unpermitted construction work, as shown in Code Enforcement reports and photographs. In particular, we find that the insufficient lighting in the parking lot is creates a conducive environment for the perpetration of crime.

vii. Evidence of numerous, repeated and ongoing violations of the conditions on T-Zers' license granted by the Department of Alcoholic Beverage Control ("ABC"), including ABC reports and photographs. These violations include, but are not limited to, (1) graffiti and litter on the Premises and (2) insufficient parking lot lighting.

B. FINDINGS RELATED TO REVOCATION OF CONDITIONAL USE PERMIT

Finding 1: The use of the Premises in operating T-Zers nightclub has become nuisance (VMC Sec. 16-3.02.090). VMC Sec. 13.02.013 provides that any thing, act, occupation or use of property which (1) annoys, injures or endangers the safety, health comfort or repose of the public; (VMC Sec. 13.02.130(a) or, 2) in any way renders the public insecure in life or in the use of property. (VMC Sec. 13.02.130(b). The Planning Commission finds that the use of the Premises does both.

a. The Planning Commission makes Finding 1 based upon evidence of present conditions and/or recent repeated activity which is in the Administrative Record, including, but not limited to the following:

i. Evidence of many recent shootings at the Premises including (1) the March 16, 2014 shooting as described in Deputy Wilkie's Declaration (16 9-millimeter casings, not reported by T-Zers' security guard), (2) the December 1, 2013 deputy-involved shooting in the immediate vicinity of the Premises, as described in Sergeant Fisher's Declaration:

iv. Evidence of the promotion of the unsafe over-consumption of alcohol, as described in Deputy Hogan and Deputy Waterhouse's Declarations, including T-Zers' social media communications.

v. Evidence of numerous existing Fire Code violations at T-Zers' Premises, as described in Fire Prevention Officer Tate's Declaration, which present real and serious threats including that of fire which endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas. said application listed Michael J. Schauer as the applicant's representative, and said application made no reference to Mr. Thanos (signed "George Thanopoulos") except with regards to ownership of the underlying real property; and

WHEREAS, T-Zers is located in the C-2 General Commercial zone, in close proximity to several residences, and per Victorville Municipal Code ("VMC") Section 16-3.07.010 and Table 7-1, was required to obtain its Conditional Use Permit in order to allow for the on-site consumption of alcoholic beverages (beer, wine, and liquor) within 300 feet of a residence; and

WHEREAS, on December 14, 2005, the Planning Commission approved Conditional Use Permit Modification, CUP-92-049(M), for Shadowview Corporation dba T/Zers Sports Bar & Grill; and

WHEREAS, T-Zers was also required to obtain a business license under VMC Section 5.04.070 (currently, VMC Section 16-7.01.040), which prohibits transacting or carrying out any business in the City without a business license; and

WHEREAS, in 2005, the City issued Business License BSL05-07398 to T-Zers, with said license listing the business owner as Shadowview Corporation, with Carole L Schauer and Michael J Schauer listed as Vice Presidents; and

WHEREAS, at the Planning Commission's regular April 10, 2013 meeting, the Sheriff's Department notified the Planning Commission of its concerns related to T-Zers' operations, including a high number of service calls, the severity of those service calls, the impact to the community due to the amount of deputies responding to the T-Zers' location, the potential danger to the safety of the deputies, and the impact to surrounding businesses and properties; and

WHEREAS, it was the consensus of the Planning Commission after the April 10, 2013 meeting to recommend that T-Zers' Conditional Use Permit be called to a public hearing to review the status of said permit and for possible revocation thereof; and

WHEREAS, the Planning Commission had originally scheduled the public hearing for the Planning Commission's May 8, 2013 meeting, but the item was pulled from the Agenda; and

WHEREAS, City Attorney Andre de Bortnowsky suggested to T-zers' then attorney that he would be willing to schedule a meeting with City staff and T-zers to see if there was a way to address the City's concerns related to the operation of T-Zers;

WHEREAS, on or around June 11, 2013, Mr. de Bortnowsky met with Petitioner George Thanos, Mr. Thanos' son, T-zers' then-attorney Mr. Richard Ewaniszyk, City staff, and Deputies Hogan and Waterhouse for the purpose of attempting discussions relating to resolving issues at T-Zers; and

WHEREAS, at said meeting, Mr. de Bortnowsky and City staff made several recommendations as to how the business could be operated in a manner consistent with the VMC, none of which suggestions were ever implemented; and

WHEREAS, thereafter, the City complied with the notice and hearing requirements of VMC Sections 5.04.320 and 16-3.02.090, and Cal. Gov. Code Sections 65901 and 65905, relating to the revocation of business licenses and conditional use permits; and

WHEREAS, the Planning Commission held a public hearing on the proposed revocation of T-zers' Conditional Use Permit and business license on May 29, 2013 and July 10, 2013[1], and provided Petitioners requisite notice thereof; and

WHEREAS, at this hearing, representatives of T-Zers were given ample opportunity to provide evidence to the Planning Commission as to why it believed that their conditional use permit and business license should not be revoked; and

WHEREAS, the Planning Commission, after considering all of the evidence at said public hearing, found and determined that numerous violations of the business license code of VMC Chapter 5.04 have occurred at T-Zers and that T-Zers has been conducting the business in a manner that is specifically contrary to the peace, health, safety, and general welfare of the public, thereby violating VMC Sections 5.04.310(4), (6), and (7); and

WHEREAS, after considering all of the evidence, the Planning Commission found and determined that T-zers' conduct had proven to be a nuisance as defined in VMC Section 13.20.130 and violated the basic standards of a Conditional Use Permit as discussed in VMC Sections 16[-03].02.010 and 16[-03].02.050 and was detrimental to and adversely impacted the public's health, safety, and welfare; and

WHEREAS, following the continued public hearing on the matter, on July 10, 2013, the Planning Commission, pursuant to VMC Section 16-3.02.090, approved Resolution No. P-13-013and thereby revoking Conditional Use Permit CUP-92-049(M) for the on-site sale of alcoholic beverages within 300 feet of a residence and revoking business license BSL05-07398 for T-Zers; and

WHEREAS, pursuant to VMC Sections 5.04.320(b) and 13.02.190, T-Zers appealed the Planning Commission's decision to revoke T-Zers' business license and Conditional Use Permit; and

WHEREAS, on or about August 6, 2013, the City Council held a properly noticed appeal hearing, pursuant to VMC Sections 5.04.320(b) and 13.02.190, for the purpose of taking public input relative to the appeal; and

WHEREAS, following said public hearing, the City Council, in the exercise of its discretion as the final legislative and adjudicatory body of the City, found, based on substantial evidence in the record that the Planning Commission did not err in approving Resolution No. P-13-013, which thereby revoked T-Zers' business license and Conditional Use Permit; and

WHEREAS, on August 29, 2013 T-zers filed a Petition for Writ of Administrative Mandamus to set aside the City's revocations of T-Zers' CUP and business license; and

WHEREAS, after the hearing on November 22, 2013, a judge determined that the revocations were not based on substantial evidence and thereby ordered the City to reverse said revocations; and

---

[1] The public hearing was initially scheduled for May 29, 2013, but was continued to July 10, 2013 to allow staff to respond to a request by T-Zers for a large amount of information regarding police reports and calls for service from the Sheriff's Department, and to allow T-Zers representatives to review the requested information.

WHEREAS, nonetheless, since said ruling, T-Zers' operations continue to pose an immediate and serious danger to the City and its residents, including two separate occasions when shootings have occurred at or in the vicinity of the Premises; and

WHEREAS, in particular, one of those incidents a little more than one week after the Judge made his oral ruling resulted in a deputy-involved shooting in the residential neighborhood near T-Zers and the suspect's arrest; and

WHEREAS, the second said incident, on March 16, 2014, involved an unknown suspect firing approximately 16 9-mm gunshot rounds at or near T-Zers; and

WHEREAS, in addition to these violent incidents, the Planning Commission has been made aware that T-Zers has continued to commit numerous Code Enforcement violations; and

WHEREAS, in light of T-Zers' continued dangerous operations and the previous conditions and activities at T-Zers, which the Planning Commission and City Council had found to constitute a nuisance, the City Council directed Staff to hold a second hearing to determine whether T-Zers is in violation of the City's Municipal Code and whether bases exist to revoke T-Zers' business license and Conditional Use Permit; and

WHEREAS, on or about December 11, 2013, in accordance with former VMC Section 5.04.320 (now codified at VMC Section 16-7.02.070(c)), City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License BSL05-07398; and

WHEREAS, therefore, a public hearing notice was sent on April 10, 2014, in accordance with Sections 16-7.02.070 and 16-3.02.090 of the Victorville Municipal Code as well as California Government Code Section 65905, to persons including: all surrounding property owners within 300 feet and the property owner of record for Conditional Use Permit CUP-92-049(M) and BSL05-07398; and

WHEREAS, on April 30, 2014, the Planning Commission held a public hearing to consider the revocation of the business license and a public hearing to consider the revocation of the conditional use permit, to hear arguments for and against the proposed revocations, pursuant to the VMC.

1. Business License BSL05-07398 is not revoked.

2. CUP 92-049(M) is not revoked.

A. The Business License and CUP are not revoked despite the following VMC Sections, which provide bases for revocation:

    a. Subsection (a): Knowingly made any false, misleading or fraudulent statement of a material fact in an application for a license, or in any report or record required to be filed with the City Manager, or his or her designee, or made in the course of soliciting;
    b. Subsection (f): Conducted the licensed business in a manner contrary to the peace, health, safety and the general welfare of the public
    c. Subsection (g): Failed or refused to notify the City Manager, or his designee, of any material change in facts stated in the application required by Section 16-7.03.010, within fifteen days after such change

DECLARATION OF TIMOTHY TATE IN SUPPORT OF CITY OF VICTORVILLE'S REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF TIMOTHY TATE

I, Timothy Tate, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am now and at all relevant times have been employed as a Fire Prevention Officer with the San Bernardino County Fire Department ("Fire Department"), which provides fire department services to the City of Victorville ("City") on a contract basis. I have approximately seven (7) years of experience and service as a Fire Prevention Officer with the Fire Department, and approximately eleven (11) years total experience with fire departments, and have received ongoing training and education during my services with the Fire Department. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. In my capacity as a Fire Prevention Officer, my duties include but are not limited to conducting inspections on businesses and new construction to ensure compliance with the fire code, and to provide businesses with notices of and opportunities to correct violations.

4. In my capacity as a Fire Prevention Officer, I am aware that T'zers nightclub ("T-Zers") operates within the City at 14269 Seventh Street, Victorville, California 92392 (the "Premises").

5. I am aware that a former Fire Prevention Supervisor with the Fire Department, Joe Zuccaro, previously conducted inspections of T-Zers and the Premises, observed violations of the fire code at the Premises, and provided T-Zers with notice and an opportunity to correct said violations. A copy of an inspection report prepared by Zuccaro for an inspection on May 16, 2013, is attached hereto and incorporated by this reference as Exhibit A. Said report is an official, public business record of the Fire Department, and was prepared by Zuccaro in the scope of his duty as a Fire Prevention Supervisor at or near the time of his inspection, and was filed with the Fire Department pursuant to standard procedures. Exhibit A demonstrates that Zuccaro observed violations on T-Zers' Premises, including but not limited to the following, at least as far back as May 16, 2013: (1) fire lanes not properly marked, (2) exterior electrical wires needed to be

covered, (3) FDC / PIC needed service (locks), (4) fire extinguishers were due for service, (5) the hood/duct system needed to be serviced, (6) there were unsafe electrical cords inside T-Zers, (7) a hole in the ceiling needed repair, (8) the circuit breaker panel needed to be covered, (9) there were illegal door latching devices installed, (10) emergency lighting was inoperative, (11) an unsafe propane cylinder needed to be removed, (12) an exit door needed to be repaired or replaced, and (13) railing at exit stairs needed to be replaced. (See Exhibit A.) The report shows that T-Zers was given notice that violations needed to be corrected, and that reinspection would be conducted on June 3, 2013. (See Exhibit A.) It is my understanding that Zuccaro conducted follow up inspections and observed continuing fire code violations.

6. On April 3, 2014, I conducted a joint inspection of the Premises with City Code Enforcement Manager Jorge Duran. Mr. Duran and I met with the T-Zers and Premises owner, George Thanos, who was provided notice prior to the inspection that we would be inspecting the Premises to determine whether previously noted violations had been corrected. I prepared a fire and life safety inspection report noting fire code violations I observed during my inspection, a true and correct copy of which is attached hereto and incorporated herein by this reference, as Exhibit B. I prepared this report, which is an official public business record of the Fire Department, within the scope of my duties as a Fire Prevention Officer, at or near the time of the April 3, 2014 inspection, and filed it with the Fire Department pursuant to standard Fire Department procedures. During my inspection on April 3, 2014, I observed continuing violations, which include but are not limited to the following: (1) damaged, corroded or painted sprinkler heads throughout the building, (2) the automatic fire sprinkler system and standpipe system had not been serviced and tagged as required, (3) the fire alarm system was in trouble mode, (4) exit lighting was in disrepair, (5) the northeast exit door was illegally obstructed, (6) the unsafe use of extension cords and multi-plug adapters in lieu of permanent wiring throughout the building, (7) broken electrical outlets, which were not maintained in good condition pursuant to the California Electrical Code, (8) and an inadequately secured compressed gas cylinder. (See Exhibit B). A copy of said report noting the fire code violations was provided to Mr. Thanos.

7. It is therefore evident that fire code violations continue to exist on T-Zers' Premises, many

if not all of which have existed, despite notice and an opportunity to fix, since as far back as May, 2013. These violations present real and serious threats including that of fire, and thereby endanger the public, including T-Zers' employees and patrons, as well as surrounding neighbors, businesses, and all persons in the surrounding areas.

8. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this 8TH day of APRIL, 2014

I, JORGE DURAN, HEREBY DECLARE AS FOLLOWS:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceeding on the matter.

2. I am now and at all relevant times have been employed as the Code Enforcement Manager of the Code Enforcement Division (sometimes herein, "Code Enforcement") of the City of Victorville (sometimes herein, "City"), whose objective is to maintain the quality of neighborhoods and to ensure a comfortable, safe and clean living environment in the City, including, specifically, by ensuring compliance with the City's Municipal Code. At all relevant times herein I have been employed by the City in the capacity as a Code Enforcement Officer and Manager and have held this capacity for the entire period relevant to the subject matter of this declaration. 3. In my capacity as the Code Enforcement Manager, my duties include but are not limited to the following: I am duly authorized to inspect properties in all zones in the City to determine if violations of the municipal code and select state codes exist. I am authorized to enforce these codes through the issuance of correction notices and citations, and by execution of nuisance abatement actions to remove public nuisances and public hazards. I am authorized to manage, oversee and execute all City business license duties including but not limited to the following: establishing licensing requirements, issuing City business licenses, and initiating revocation and suspension actions against business found to be a public nuisance.

4. I have personal knowledge of the complaints and regulatory cases investigated by Code Enforcement for the location of 14269 Seventh Street, Victorville, California 92395, herein identified as the "Subject Location," where businesses known as Tremors, Halo, Daisy Dukes and T-Zers Sports Bar

& Grill (herein, "Tzers") have conducted business, and where Tzers currently continues to conduct business.

5. It is standard Code Enforcement procedure to create a Code Enforcement "case" upon receiving a complaint or otherwise having reason to believe that a Municipal Code violation exists or may exist. A Code Enforcement officer(s) will then investigate the violating property and/or notify the violating property and business owner to explain the problem, suggest solutions, and provide the property owner with a deadline to correct the violation. In accordance with this procedure, the following Code Enforcement cases discussed herein below have been created relating to the Subject Location.

6. CASE COD11-01076: On 5/16/11, a Code Enforcement case was created due to a complaint it received regarding an unlicensed and unpermitted grill and taco stand operating on the back patio at the Subject Location on Thursday, Friday and Saturday evenings. Code Enforcement personnel investigated the complaint on 5/20/11 and did not find the reported taco stand operating. Subsequently, the case was closed. A Case Information Summary is attached hereto and incorporated herein by this reference as Exhibit "A." I generated and printed said summary which is a true and accurate representation related to this complaint at the Subject Property. Said summary is a business record of the City's Code Enforcement Division, and pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time the complaint was received, the inspection was conducted, and the case was closed.

7. CASE COD12-00590: On 4/4/12, Code Enforcement created a case due to a complaint received from the San Bernardino County Fire Department indicating that a new business may be operating at the Subject Location, because there had been a recent change of the exterior monument sign, to say "Daisy Dukes" instead of "Teazers." Said case was created according to standard procedure: once a complaint is received by Code Enforcement, the receiving officer types his or her notes and findings related to the complaint into the City's permitting/case management computer system. In this case, the Fire Department's complaint indicated that the Subject Location was not occupied by a business called Daisy Dukes. A true and accurate copy of the Case Information Summary for Case COD12-00590 is attached hereto and incorporated herein by this reference as Exhibit "B." I generated and printed said

summary which is a true and accurate representation related to this complaint at the Subject Property. Said summary is a business record of the City's Code Enforcement Division, and, pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time the complaint was received, the inspection was conducted, and the case was closed.1

8. On 5/14/12, Code Enforcement personnel inspected the Subject Location and found the exterior monument sign displayed the business name "Daisy Dukes." (See Exhibit B.) The Code Enforcement Officer confirmed via the City's permit and licensing database system that the new sign was not permitted and that a certificate of occupancy and business license was not on file for the new business identified as Daisy Dukes. The only business license on file for the Subject Location at that time was issued for a business known as Tzers. (See Exhibit B.) An official Code Enforcement Notice of Violation letter was mailed on 5/14/12 to the property owner and the new unlicensed business at Subject Location advising them that the new business was required to obtain a business license, a Certificate of Occupancy and a permit for the new Daisy Dukes sign, and notice was given that if compliance was not met, fees and fines would result. A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "C." Exhibit C is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Vinnes in the ordinary course of business at or near the time of the 5/14/12 inspection.

9. On 5/23/12, a person identifying himself as the business owner of the new (unlicensed) business identified as Daisy Dukes, came to the Code Enforcement counter located in City Hall and asked to speak to the supervisor regarding the letter he received dated 5/14/12. (See Exhibit B.) I introduced myself as the Code Enforcement Manager and asked what his concerns were. The purported business owner stated that he was the business owner of Tzers and simply wanted to change the name of the business to Daisy Dukes. He added that he did not understand why he received the letter if the nightclub use would remain the same and all he did was place a new name on the sign monument. I explained that,

1 All case notes and information contained in the Case Information Summaries and Case Activity Listings referenced herein were input by the Code Enforcement officer whose initials appear on said documents in the "Updated Column," which said officers are authorized and trained in proper procedure for inputting such information into the City's permitting/case management computer system. Said information is promptly input into the system at or near the time of the relevant event.

pursuant to the Municipal Code, a business name change requires a new business license, Certificate of Occupancy and possibly a new fictitious business name. The business owner stated that ownership of the nightclub would remain unchanged. I explained that even with business ownership remaining the same for both Daisy Dukes and Tzers, the City required that a new business license and Certificate of Occupancy be obtained by the business owner since the DBA business name on the business license and Certificate of Occupancy would no longer match the actual name of the establishment. I explained that those permits/licenses were not transferable. The business owner appeared to understand and advised me that he would change the sign back to Tzers and would no longer do business as Daisy Dukes. The business owner asked for an extension of time to replace the sign. (See Exhibit B.) The extension request was approved on 6/7/12. (See Exhibit B.)

10. On 7/10/12, a Code Enforcement officer conducted a follow up inspection to verify compliance of the sign. The officer reported that the Subject Location had replaced the Daisy Dukes sign with a sign displaying the name of Tzers. Subsequently, the case was closed. (See Exhibit B.)

11. CASE COD13-00565. On 4/16/13, a code enforcement case was created based on a complaint received by Code Enforcement Officer Guy Eisenbrey on same date and in accordance with standard procedures from the San Bernardino County Sheriff's Department ("SBCSD"). SBCSD reported that the Subject Location had multiple violations including structural damage at the exterior due to a vehicle collision, exterior parking lot maintenance issues such as broken wheel stops, faded parking stall stripping and possible interior electrical and plumbing hazards. True and accurate copies of the Case Information Summary and Case Activity Listing for Case COD13-00565 are attached hereto and incorporated herein by this reference as Exhibit "D." I generated and printed said documents which are true and accurate representation of all activities related to this complaint/case at the Subject Property. Said documents are business records of the City's Code Enforcement Division, and pursuant to standard operating procedures, the data contained therein was logged into the Code Enforcement computer system by Code Enforcement personnel in the regular course of business, at or near the time of all acts included therein, including when the complaint was received, inspections were conducted, and notice letters were sent.

//

//

12. On 4/22/13, in response to the aforesaid SBCSD complaint, Code Enforcement personnel conducted an inspection of the Subject Location in accordance with standard Code Enforcement procedures. (See Exhibit D.) The responding officer reported that he was unable to contact anyone at the Subject Location to conduct an interior inspection. The officer conducted an exterior inspection and identified the following violations: the west masonry wall adjacent to the patio contained structural damage consistent with that of a vehicle striking the wall with ample force, presence of graffiti, broken and inoperative exterior lighting fixtures, decayed landscaping, asphalt potholes and cracks throughout the parking lot, and faded parking lot stripping. (See Exhibit D.) On 4/22/13, Code Enforcement sent a notice letter to the property and business owners of record, listing the foregoing violations and advising them that the violations must be fixed and that the property must be brought into full compliance with the Municipal Code. A true and correct copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "E." Exhibit E is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 4/22/13 inspection.

13. On 5/10/13, a Code Enforcement officer conducted a second compliance inspection at the Subject Location. The officer reported that all violations were not corrected as requested. (See Exhibit D.)

14. On 5/17/13, Code Enforcement personnel conducted an evening inspection at the Subject Location during normal business hours along with personnel from the SBCSD and Fire Department and peace officers from the California Department of Alcohol and Beverage Control. The Code Enforcement inspection identified the following: all prior violations listed on the letter sent on 4/22/13 still remained uncorrected, all interior security lighting was inoperative, Fire personnel observed that several fire extinguishers were out of service date and not placed where the wall signs advised patrons as to the location of an extinguisher, several extension cords were incorrectly used as permanent power throughout the interior, providing power to several regularly used business electronics. (See Exhibit D.) A second letter was sent to the property and business owners of record listing the various violations identified during the inspection of 5/17/13 which were still outstanding. A true and correct copy of said letter is

attached hereto and incorporated herein by this reference as Exhibit "F." Exhibit F is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 5/17/13 inspection.

15. On 6/1/13, Code Enforcement Officer Reynolds spoke to the Subject Location's property owner who advised Code Enforcement that he had been in contact with the City's planning department to resolve the outstanding violations. The business owner requested that a joint inspection be conducted with him and Code Enforcement personnel to go over the outstanding violations. (See Exhibit D.)

16. On 6/21/13, Code Enforcement received an anonymous "We-Tip" alert via email, sent to my e-mail address, JDURAN@CI.VICTORVILLE.CA.US. We-Tip is a non-profit organization known and commonly recognized throughout the nation, which is used by the public to anonymously report crimes and other illicit activities. The reports are then forwarded to the responsible agencies in the jurisdiction where such activity is allegedly occurring. The report alleged that the Subject Location was allowing underage females to enter into Tzers where they were allowed to drink until they become so intoxicated that they exposed themselves without restraint. The report alleged that a Tzers' security guard has taken photos of the females or allowed others to take their photos, which have then been posted on Facebook. Additionally, the report stated that the establishment allows the use of or has sold "molly's" and Marijuana, that the ceiling of the female restroom was caving in, and that the club was sometimes overcrowded. Lastly, the report stated that there have been cases where vehicles that frequent the Subject Location have had guns in their trunk. The We-Tip report was also sent to the San Bernardino County Fire and Sheriff's Departments and the California Department of Alcohol and Beverage Control. A true and correct copy of the We-Tip report which Code Enforcement received is attached hereto and incorporated herein as Exhibit "G."

17. On 7/22/13, a Code Enforcement officer met the purported Tzers' business owner at the Subject Location for another inspection. The officer observed that prior violations were not corrected and also confirmed that the ceiling inside the female restroom was caving in, as had been anonymously reported in the We-Tip report received by Code Enforcement on 6/21/13. (See Exhibit D.)

18. On 8/7/13, Code Enforcement Officer Reynolds learned that Tzers' conditional use permit and business license were revoked at the August Planning Commission hearing, after verifying the

outcome of said hearing with the Planning staff. Code Enforcement personnel conducted follow up inspections of the Subject Location on 8/15/13, 9/28/13, 10/28/13 and 12/3/13, and during said inspections, the Code Enforcement officer observed no activity and reported that the business was closed. (See Exhibit D.)

19. On 12/9/13 I received a call from The San Bernardino County Fire Department regarding a call for service the Department had received at the Subject Location. The Fire Department responded to a sprinkler activation alarm and found that the Subject Location's sprinkler system had frozen, causing the water lines to burst, and causing extensive water damage throughout the interior of Tzers' building structure. Based on said extensive water damage, Fire Department personnel requested our assistance to assess the subject structure. The following findings were submitted in the related Code Enforcement case, COD13-00565 (See Exhibit D):

> "On 12/9/13 at approximately 2 pm, Senior Building Inspector Dan Stratton and Jorge Duran responded to a call for service submitted by County Fire. Upon arriving, the business was open but not operating at the time of our inspection. Once inside, I noticed a strong order consistent with that of mildew/ mold with in the primary area used by patrons. I also noticed several buckets of water throughout the inside of the property (south side near the south bar area, and four buckets throughout the northern portion of the interior adjacent to the dance floor. The buckets were being used to collect the leaking water throughout the ceiling. The business owner and fire personnel indicated that some of the buckets have been there for a couple of weeks due to roof leaks. The ceiling on both the north and south portions of the building have several areas where the drywall was bowing downward due to water weight and damage. I notice at least three large ceiling areas (south side, and two on the north side) where either plastic bags or square pieces of plywood of drywall were in place to control roof leaks. I was approached by Fire Prevention Inspector Mike Havens to inspect an area near the kitchen where a large amount of mold was growing and where a large amount of water was present from a leaking roof. The odor in this was heavy in mildew and mold, and consistent with that noted at the onset of the inspection. The ceiling in this area was white in color which allowed me to clearly see that black mold was growing and was dominating the most of the ceiling in this area. I asked the business

representative of they used the kitchen that was adjacent to the area filled with mold and he replied they do not cook with in the building. The business owner indicated that he would use bleach to remove the mold. I advised him that this method would not be enough. Upon assessing this building and the excessive water damage, and due to the inability to clearly note of black mold is present throughout a water damaged ceiling that is already painted black, the property owner must have the entire ceiling tested by a certified consultant. Any present mold must be abated using certified workers. Any area where drywall has been damaged due to water damage must be replaced via building permit."

20. On 12/11/13, Code Enforcement sent a letter to the business owners of record listing the identified violations and advising them of the required mold assessment and abatement. (See Exhibit D.) A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "H." Exhibit H is an official business record of the Code Enforcement Division and was prepared by Code Enforcement Officer Reynolds in the ordinary course of business at or near the time of the 12/11/13 inspection.

21. On 1/13/14, Code Enforcement sent a second notice letter to the business owners of record listing the identified violations and advising them of the applicable compliance requirements and deadlines. A true and accurate copy of said letter is attached hereto and incorporated herein by this reference as Exhibit "I." Exhibit "I" is an official business record of the Code Enforcement Division which I prepared in the ordinary course of business, shortly after Code Enforcement inspection.

22. On 1/31/14, I received correspondence (a hand written letter) from the property owner where he provided a mold assessment and abatement estimate from Serve-Pro. The hand written letter also indicated that the business was in the process of making the required corrections. A true and accurate copy of the letter I received is attached hereto and incorporated herein as Exhibit "J."

23. On 4/3/14, the Fire Department and Code Enforcement conducted a joint re-inspection of the property to verify that the items listed in our notice sent on 12/11/13 were corrected. Upon calling the business/property owner by phone a few days prior to arrange for a re-inspection, I met the purported business/ property owner, George Thanos, at the Subject Location. I advised Mr. Thanos that we would be inspecting the building to verify whether all prior listed violations in our current code enforcement

case had been corrected. While at the Subject Location, I observed a contractor identified as Serve-Pro working inside the kitchen area on the east wall. Serve-Pro was in the process of repairing an extensive amount of drywall and insulation damaged by water leaks. The contractor did not have a permit to conduct the repair work. (After completing the current inspection, I returned to the subject location at approximately 5pm and issued a "Stop Work Order" due to extensive repair work being conducted by Serve-Pro without a permit. I proceeded to post the Stop Work Order at the main entrance). I continued conducting the inspection and observed the following continuing, previously noticed, outstanding violations: the unsafe exterior lighting fixtures (with exposed wires) had not been repaired; the exterior masonry wall near the west parking lot (which exhibited structural damage indicating it had been hit by a vehicle or other object with significant force) was not repaired; the exterior parking lot signs were full of graffiti and in a state of disrepair; the parking lot asphalt remained decayed and vehicle wheel stops were out of place; graffiti inside the women's restroom was still present; trash, broken alcoholic beverage containers, and boxes were littered throughout the exterior of the property; a decaying dead animal laid at the rear of the property adjacent to the rear kitchen door and within an exterior area used for storage; and the entire north portion of the building was closed off to patrons at the interior of the building with a black piece of plywood and lock. The blocked area was still accessible by employees working at the subject location, and therefore requires removal. Further, I observed that the water-damaged ceiling in the north portion of the building was not repaired. The broken and now inactive sprinkler line originating from the ceiling was still unrepaired and hanging beyond the lowest level of the ceiling and was covered by a thick piece of black plastic sheeting- creating a head injury hazard to anyone in the area. Additionally, I observed that, while the alcohol storage location which Code Enforcement staff had previously found with excessive mold growth had been repaired, the repair work had been done without permits. I advised Mr. Thanos via the Stop Work Order referenced above to obtain a permit for the already undertaken repair work in the alcohol storage area and in the rear office located on the east side of the building.

24. During my inspection described in the preceding paragraph, I took photographs of the described conditions I witnessed. True and accurate copies of these photographs, which are accurate representations of the conditions I witnessed at the Subject Location on April 3, 2014, are attached hereto

as Exhibit "K."

CODC064	Structure Damage Inspection		12/11/2013	12/21/2013	12/11/2013	Warn	DONE		JHD	12/11/2013 JHD	On 12/9/13 at approximately 2 pm, Senior Building Inspector Dan Stratton and Jorge Duran responded to a call for service submitted by County Fire. Upon arriving, the business was open but not operating at the time of our inspection. Once inside, I noticed a strong order consistent with that of mildew/ mold with in the primary area used by patrons. I also noticed several buckets of water throughout the inside of the property (south side near the south bar area, and four buckets throughout the northern portion of the interior adjacent to the dance floor. The buckets were being used to collect the leaking water throughout the ceiling. The business owner and fire personnel indicated that some of the buckets have been there for a couple of weeks due to roof leaks. The ceiling on both the north and south portions of the building have several areas where the drywall was bowing downward due to water weight and damage. I notice at least three large ceiling areas (south side, and two on the north side) where either plastic bags or square pieces of plywood of drywall were in place to control roof leaks. I was approached by Fire prevention inspection Mike Havens to inspect an area near the kitchen where a large amount of mold was growing and where a large mount of water was present from a leaking roof. The odor in this are was heavy in mildew and mold, and consistent with that noted at the onset of the inspection. The ceiling in this area was white in color which allowed me to clearly see that black mold was growing and was dominating the most of the ceiling in this area. I asked the business representative of they used the kitchen that was adjacent to the area filled with mold and he replied they do not cook with in the building. The business owner indicated that he would used bleach to remove the mold. I advised him that this method would not be enough. Upon

DECLARATION OF DEPUTY MARVIN WILKIE IN SUPPORT OF CITY OF VICTORVILLE'S REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF DEPUTY WILKIE

I, Marvin Wilkie, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am now and at all relevant times have been employed as a Deputy with the San Bernardino County Sheriff's Department ("Sheriff's Department"), which provides police services to the City of Victorville ("City") on a contract basis. I have 4 years of experience and service as a Deputy Sheriff, and have received ongoing training and education during my services with the Sheriff's Department. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. In my capacity as a Deputy for the Sheriff's Department, my duties include but are not limited to the following: I respond to calls for police service, investigate criminal activity, and undertake proactive enforcement to prevent criminal activity. I am also currently a School Resources Officer.

4. In my capacity as a Sheriff's Deputy, I routinely patrol areas within the City and respond to calls for service. On March 16, 2014 I was on duty and experienced the following events described below. I prepared a police report, a true and correct copy of which is attached hereto and incorporated herein as Exhibit A, describing said events which occurred on this date. I prepared the report within the scope of my official duties as a Sheriff's Deputy, at or near the time of the events described therein. I subsequently filed the report with the Sheriff's Department, electronically into the Sheriff's Department's computer system, in accordance with Sheriff's Department procedures. Said report is an official public record on file with the Sheriff's Department. The report accurately describes my experiences and observations relating to this incident.

5. On March 16, 2014, at approximately 01:55 hours, while on uniform patrol duty, I was

dispatched to a call for service due to gunshots heard around the intersection of Burning Tree Drive and St. Andrews Road in the City. A couple of individuals near this location had made 911 calls reporting hearing said gunshots. Therefore, upon being dispatched, I drove to the intersection of Green Tree Boulevard and St. Andrews Drive. Minutes later, at about 1:58 hours, as I neared the intersection, I witnessed a vehicle driving south on St. Andrews Road which failed to stop at a stop sign at the intersection of Green Tree Boulevard and St. Andrews Drive. Due to the vehicle's proximity to the location I was dispatched to and its running the stop sign, I pulled the driver of the vehicle over. After questioning the driver, I determined he was not involved with the shooting, although I determined he was driving under the influence, and arrested him for driving under the influence.

6. In the meantime, another on-duty Sheriff's Deputy in the area, Officer Scott Bibeau, had also immediately responded to the call from dispatch regarding the reported gunshots, and was the first to respond to the location. The intersection of Green Tree Blvd. and St. Andrews Drive is near the driveway of the back parking lot of T-Zers Sports Bar and Grill ("T-Zers"), located at 14269 Seventh St, Victorville, California 92395, which connects the T-Zers' parking lot to St. Andrews Drive.

7. After making the traffic stop of the vehicle, I immediately proceeded to the driveway of the T-Zers parking lot at St. Andrews Drive. I saw that other Deputies had already arrived at the scene and had shut off a portion of St. Andrews Drive from traffic. I approached Officer Bibeau, and spoke with him. Officer Bibeau told me that when he had arrived a few minutes earlier, he had seen approximately sixteen (16) 9 mm shell casings which appeared to have just recently been shot, lying in the parking lot behind T-Zers and on St. Andrews Drive. Therefore, he had shut off those locations in order to investigate. Officer Bibeau had left the sixteen shell casings lying in the original locations that he had found them, and marked some of them with a small manila envelope which had a number on them. I also helped Officer Bibeau label some of the shell casings. I witnessed and took photographs of the shell casings in the locations Officer Bibeau found them upon his arrival at the scene. Said photographs were downloaded into DIMS at the Victorville Police Station. After the photographs were taken, all shell casings were collected for

evidence, pursuant to standard procedures. I did not see any other signs of damage to persons or property near the location, indicating that the unknown shooter had shot a gun up into the air at the location.

8. After witnessing the shell casings behind T-Zers, I went to the front of the T-Zers' building to see if there were any persons who had witnessed or otherwise observed the shooting. I spoke with a T-Zers' security guard and asked him if he had witnessed anyone shooting a gun in the area or heard any gunshots. The security guard told me that he had not, but that shortly prior, a patron, who was with a group of two or three other individuals, and who had been in the T-Zers' parking lot, had informed him that they had witnessed an individual shooting a gun up into the air, but not at people or vehicles, behind the T-Zers parking lot. The witnesses who had spoken with the security guard had left by the time deputies had arrived on scene. I asked the security guard if he had called 911 or otherwise reported the incident to the Sheriff's Department. He said he had not.

9. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

ASSIGNMENT/ARRIVAL:

On Saturday, 03/15/14, from 1900 hours to 0300 hours, I was assigned to uniform patrol in the City of Victorville. At approximately 0155 hours I was dispatched to a report of shots heard in the area of Burning Tree Drive and Green Tree Blvd in the City of Victorville and arrived on scene at approximately 0158 hours.

SCENE:

In the back parking lot of the Teaser's Nightclub several empty shell casings were located and several empty shell casings were located on St. Andrews Drive. There was an entrance way at the back of the nightclub which led to St. Andrews Drive where the shell casings were located.

DEPUTY INFORMATION:

When I arrived on scene I observed a black vehicle running a stop sign on St. Andrews Drive and Green Tree Blvd. I conducted a traffic stop. Upon further investigation it was found the occupants of the vehicle were not involved in the shooting incident. The driver of the vehicle was intoxicated. The driver of the vehicle was arrested for DUI, refer to DR# 171403114. A friend who was sober and had permission from the owner drove the vehicle away.

Approximately 16 empty 9MM shell casings were located in the back parking lot and on St. Andrews Drive. All shell casings were marked with a small manila envelope which had a number on them and were photographed. After the photographs were taken all shell casings were collected for evidence. One of the security officers at the nightclub stated some of the people at the nightclub told him the subject was firing the firearm into the air not at people or at vehicles. The security officer did not himself see this act occurring but was told by other people who had left by the time deputies arrived on scene. The subject who fired the gun into the air was not unidentified. There were no reports of gun shot injuries in the area and there were no reports of vehicles which have been shot at.

PHOTOGRAPHS:

Several digital photographs were taken of the shell casings which were located in the parking lot and on St. Andrews Drive. All photographs were downloaded into DIMS at the Victorville Police Station.

EVIDENCE:

Each shell casing was placed into a small manila envelope and labeled with a number. All shell casings were then placed into a larger manila envelope which was sealed. The sealed envelope was then placed into an evidence locker at the Victorville Police Station to be placed into evidence.

DECLARATION OF CHRISTOPHER BORCHERT RELATED TO CITY OF VICTORVILLE'S HEARING ON THE REVOCATION OF T'ZERS' BUSINESS LICENSE AND CONDITIONAL USE PERMIT

DECLARATION OF CHRISTOPHER BORCHERT

I, Christopher Borchert, do hereby declare as follows:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceedings on the matter, except for matters stated on information and belief.

2. I am currently the Acting Director of Development ("Development Director") for the City of Victorville ("City"). I have approximately ten (10) months of experience and service as the Development Director, and approximately twelve and a half (12.5) years total experience in planning and development with the City, and have received ongoing training and education during my services with the City. I am fully qualified with respect to and conversant with the matters addressed in this Declaration.

3. The Development Department includes the City's Planning Division (which regulates the use of land according to state planning, zoning, and development law, and which is responsible for processing applications for, issuing, and overseeing Conditional Use Permits), the Building Division, the Development Engineering Division, the Code Enforcement Division (which inspects properties within the City and enforces the City's laws including those with respect to zoning, building codes, and business licenses), and the Business License Division (which processes applications for, issues, and oversees business licenses in the City). In my capacity as Development Director, my duties include but are not limited to overseeing these City departments. Additionally, I am the City's Zoning Administrator and Planning Commission Secretary.

4. In my capacity as Development Director, I am aware that T'zers Sports Bar and Grill ("T-Zers") operates within the City at 14269 Seventh Street, Victorville, California 92392 (the "Premises").

5. T-Zers currently operates under a modified Conditional Use Permit, CUP-92-049(M) (sometimes herein, "the CUP"), which was granted in December, 2005, pursuant to Planning Commission Resolution No. P-05-339, a true and correct copy of which is attached hereto and

incorporated herein by this reference as Exhibit A. The CUP allows for the on-site sale of alcoholic beverages within 300 feet of a residence, with a limited restaurant component. (See Exhibit A, p. 1.) The CUP contains Conditions of Approval, with which T'zers must comply, including but not limited to compliance with all development standards of [former] Title 18, compliance with plans submitted as part of the conditional use permit, and submission and approval of any additional modifications or new conditional use permits necessary in the event of expansion. (See Exhibit A, p. 2.) The Staff Report for said Resolution is attached hereto and incorporated herein by this reference as Exhibit B. The CUP modification application submitted by Shadowview Corporation, dba T-Zers Sports Bar and Grill, is attached hereto and incorporated herein by this reference as Exhibit C. A true and correct copy of the official minutes from the Planning Commission's meeting where it adopted Resolution No. P-05-339 is attached hereto and incorporated herein by this reference as Exhibit D. T-Zzers' CUP was originally issued in 1992 to applicant George Thanos, as CUP-49-92, a true and correct copy of which is attached hereto and incorporated herein as Exhibit E. Each of these documents are true and accurate copies of official public business records, on file with the Development Department.

6. T-Zers most current business license on file with the City is No. BSL05-07398 (the "Business License"), a copy of which is attached hereto and incorporated herein by this reference as Exhibit F. The Business License lists Shadowview Corporation as the business owner, and Carole L. Schauer and Michael J. Schauer as the Vice Presidents. George Thanos, the purported business owner and registered agent for service of process (See Exhibit G, a true and correct copy of the California Secretary of State's business search website results for "Shadowview Corporation" as of April 8, 2014, available at http://kepler.sos.ca.gov/) is not listed on the Business License. (See Exhibit F.) Exhibit G also shows that Shadowview Corporation's status is "suspended" by the Secretary of State as of April 8, 2014.

7. The Planning Commission was notified during its regular meeting of April 10, 2013, by the San Bernardino County Sheriff's Department, of concerns relating to T-Zers including, but not limited to, a high number of service calls to T-Zers' Premises and the severity of those calls, which said calls were disproportionately draining the Sheriff's Department's resources. At this same

meeting, the Planning Commission also heard from representatives of neighboring businesses, who had witnessed violence and heard shootings from across the street, which had taken place on T-Zers' Premises, and who spoke about about the negative impacts that T-Zers was having on their businesses.

8. However, April 10, 2013 was not the first time the City had learned of or had problems with dangerous activity and nuisance conditions at the Premises. Over the past several years, current purported owners Shadowview Corporation and George Thanos have repeatedly violated the law in their operation of T-Zers (and the operation of previous nightclubs at the Premises under different names), and have demonstrated complacency with the dangerous activities, including homicide, which have occurred on T-Zers' Premises as a result of said violations. I am attaching and incorporating herein the following documents, which generally illustrate the repeated violations and nuisance conditions at T-Zers' Premises, and the Development Department's repeated attempts to resolve same, either through business license revocation or other agreement. Said documents are true and correct copies of (1) official business records on file with the City, prepared and/or filed within the scope of official public business, at or near the time of the relevant events discussed therein, or (2) true and accurate copies of media articles relating to T-Zers' (or its previous dba names) or George Thanos' business operations, which were located by City staff, and which have been kept on file with the City as they relate to a business licensee. These documents show that Shadowview Corporation's and Thanos' conduct in the operation of nightclubs, including conduct which violates City laws, has repeatedly created dangerous nuisance conditions in the City, and on the Premises. These documents are:

(A) Exhibit H - City documents starting from in or around 2001 relating to "Rocks Club," (later, dba under different names) which was operated by George Thanos (aka Thanopoulos) at the Premises before T-Zers, and which said club operations (which included but were not limited to having inadequate security, allowing overcrowding, and serving alcohol to minors) endangered public health, safety, and welfare (for example, shootings and homicide occurred at the Premises) and constituted a public nuisance. Specifically, said documents include but are not limited to: (1) true and correct copies of notices of violations and notices to appear, for

the business; (2) documents relating to business license revocation proceedings in and around 2001 which occurred as a result of Thanos' dangerous operation of Rocks Club (and which include public records such as police reports relating to problems at the Premises prior to 2001); (3) documents relating to agreement(s) whereby the City allowed Thanos the opportunity to fix violations and remain open within the parameters of a 2001 "Operations Agreement" (under which the club was required to: increase security, not exceed occupancy, restrict entry to persons at least 21 years of age unless a non-alcoholic event had been approved, not serve alcohol to underage persons, and not allow overcrowding); (4) documents relating to subsequent violations of the Operations Agreement and a second attempt at a new Operations Agreement in 2002 for a new club, dba Tremors Sports Bar and Grill, at the same Premises (whereunder Thanos and his employees were not to be involved in the daily operation of the business), and Thanos' subsequent violation of this new Operations Agreement by remaining involved in the daily business operations and not providing adequate security; (5) documents relating to a 2003 amendment to the Operations Agreement; (6) true and correct copies of police reports prepared by the San Bernardino County Sheriff's Department related to incidents at the Premises, including but not limited to attempted murder; and (7) true and correct copies of newspaper articles which are in the City's files illustrating the dangerous activity which occurred as a result of Thanos' operation of Rocks Club, including a shooting of a 19 year old man. Furthermore, Exhibit H includes City documents from in and around 2004 and 2005 relating to Tremor's Sports Bar & Grill and Halo Sports Bar & Grill, previously operated by Thanos at the Premises. These documents include a Memorandum of Understanding with the City, due to a finding of undue concentration of crime in the vicinity of the Premises, whereunder Thanos could conditionally continue operating these clubs.

(B) Exhibit I – Newspaper articles relating to Shadowview Corporation and Thanos's operation of various nightclubs at the Premises from 2001 to the present, which demonstrate Thanos's pattern of dangerous nightclub operation in the City. Each of these is a true and correct copy of an article collected and filed by the City.

9. These documents do not even begin to illustrate the recent and current dangerous, nuisance

conditions which are currently present at T-Zers Premises (evidence of current nuisance conditions at the Premises is being presented by the Sheriff's Department, Fire Department, Code Enforcement Department). These documents, which are on file with the City Development Department, are relevant to show (1) Thanos and Shadowview Corporation's history of unsafe business operation and disregard for the law, which is presently creating a dangerous nuisance on the Premises, and (2) the ample due process which has previously been afforded to Thanos and Shadowview, as the City has given them repeated opportunities to bring their business into compliance with the law.

10. On or about December 11, 2013, in accordance with Municipal Code Section 5.04.320, City Manager Doug Robertson designated the Planning Commission as the hearing body for the revocation of T-Zers' Business License. A true and correct copy of the letter of designation I received from Mr. Robertson, which is a business record on file with the Development Department, is attached hereto and incorporated herein as Exhibit J.

11. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

PLANNING COMMISSION STAFF REPORT

DATE: December 14, 2005 **AGENDA NO. 29**

CASE: CUP-92-049(M)

SUBJECT: To allow for on-site consumption of alcoholic beverages (beer, wine and liquor) within 300 feet of a residence.

APPLICANT: T-Zers Sports Bar & Grill – Shadowview Corporation

LOCATION: 14269 Seventh Street

I. STAFF RECOMMENDATION:

That the Planning Commission take the following actions:

1. **Conditional Use Permit Modification** - Adopt Resolution No. P-05-339, approving Case No. CUP-92-049(M); and
2. **Environmental Assessment** - Find the project categorically exempt under CEQA Section 15301, Existing Facilities.

II. SUMMARY:

The applicant (T-Zers Sports Bar & Grill) is requesting a modification to an existing Conditional Use Permit for the on-site consumption of alcohol within 300 feet of a residence. The existing Conditional Use Permit allows for the sale of alcoholic beverages (beer, wine and liquor) in conjunction with a restaurant. The applicant is requesting the sale of alcoholic beverages (beer, wine and liquor) without a restaurant. The elimination of the restaurant component of the business creates an expansion of the alcohol use on-site; therefore, the City requires a modification to the existing conditional use permit pursuant to Section 18.74.070 of the Victorville Municipal Code entitled "Modification and Revocation to approved Conditional Use Permits."

III. STAFF ANALYSIS:

1. **Conditional Use Permit.** The following points summarize the key elements of this proposal:

   - T-Zers Sports Bar & Grill is approximately 8,300 square feet in floor area and will be providing pool tables, darts, music, and dancing for its customers.
   - The applicant is changing the alcohol license from a Type 47 (on-sale general eating place) to a Type 48 (on-sale general public premises) as administered by the Department of Alcoholic Beverage Control.
   - Admission will be limited to people over 21 years of age. This age restriction is a requirement of the Type 48 alcohol license.

- Normal daily business hours will be 11:00 am to 2:00 am.

- The City Council adopted Resolution No. 05-181, on November 15, 2005, issuing a Certificate of Public Convenience and Necessity for T-Zers Sports Bar & Grill; therefore, a Finding of Public Convenience or Necessity is not required from the Planning Commission.

2. **Environmental Assessment.** Existing facilities are exempt pursuant to Section 15301 of the California Environmental Quality Act. Therefore, no further environmental review is necessary.

THE STAFF RECOMMENDATION MAY BE ACCEPTED OR REJECTED BY THE PLANNING COMMISSION AFTER ITS OWN ANALYSIS AND CONSIDERATION OF PUBLIC TESTIMONY PRESENTED AT THE HEARING. THE PLANNING COMMISSION DECISION CAN BE APPEALED TO THE CITY COUNCIL WITHIN 10 DAYS OF THE PLANNING COMMISSION ACTION.

2. The proposed development shall be in substantial conformity with the plans submitted as part of this conditional use permit, unless modification is required to comply with the applicable development standards of Title 18, and/or conditions of approval.

3. Any expansion of this proposed use beyond the scope of this conditional use permit shall require submission and approval of a conditional use permit modification or a new conditional use permit based upon the extent of the expansion.

Mr. Webb outlined the staff report.

Chairman McEachron opened the public hearing at 8:40 p.m.

Andrew Mulder with Pulte Homes addressed the Chair and stated they were in agreement with all conditions.

Marissa Brocato, 15556 Naples Lane, addressed the Chair and questioned why the notice she received stated it was a proposed project when grading was already in progress.

Mr. Webb stated the item was a proposed project as the Planning Commission could deny it. Applicants, however, were usually allowed to do some pre-grading prior to approval of their project as well as environmental studies at their own risk.

Ms. Brocato questioned whether she would still have access through her rear yard.

Mr. Webb suggested that Ms. Brocato speak with the representative from Pulte Homes to answer any specific questions about the project.

Ms. Bracato questioned who notified the proper agency that the levels and grading have changed since the 100-year flood.

Mr. Gengler stated that, if Ms. Bracato's development was in the existing 100-year flood plain, the only way that would change would be to write a letter of map revision, which is filed with FEMA and has to be prepared by a surveyor or engineer.

There being no further testimony, Chairman McEachron closed the public hearing at 8:53 p.m.

A motion was made by Commissioner Hinojos and seconded by Commissioner Kurth to approve Resolution P-05-138 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING DEVELOPMENT PLAN DP-05-007 TO ALLOW FOR THE DEVELOPMENT OF 458 SINGLE-FAMILY RESIDENTIAL DWELLING UNITS WITHIN PLANNED UNIT DEVELOPMENT PUD-1-89 AND TRACT 16598

CONDITIONAL USE PERMIT CUP-92-049 (M) – T-ZERS SPORTS BAR & GRILL

Mr. Webb outlined the staff report.

Chairman McEachron opened the public hearing at 8:56 p.m.

Mike and Carol Showers addressed the Chair and stated they had been in the nightclub business for twenty-eight years and were working with the Sheriff's Department to address any possible problems. The club would be targeting a more mature clientele and not the younger

crowd that usually caused most of the problems. In addition, they would not be eliminating the restaurant completely and planned to be open for lunch with a light menu.

There being no further testimony, Chairman McEachron closed the public hearing at 9:01 p.m.

A motion was made by Commissioner Porter and seconded by Commissioner Hinojos to approve Resolution P-05-339 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

SITE PLAN SP-05-038 AND CONDITIONAL USE PERMIT CUP-05-048 – OZCO LIMITED INC.

Conditional Use Permit CUP-05-048 was withdrawn by the applicant.

Mr. Borchert outlined the staff report.

Chairman McEachron opened the public hearing at 9:02 p.m.

Dave Figone with Victoria Homes addressed the Chair and stated he was available for questions.

There being no further testimony, Chairman McEachron closed the public hearing at 9:04 p.m.

A motion was made by Commissioner Kurth and seconded by Commissioner Metzler to approve the Negative Declaration for SP-05-038 with all mitigation measurers and Resolution P-05-340 with conditions of Staff. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

Mr. Borchert outlined the staff report.

Mr. Priester outlined the Staff Report and recommended denial.

Chairman Morris-Massey opened the public hearing at 8:21 p.m.

Dane Cardone, 5300 Orange Avenue, Suite 114, Cypress, addressed the Chair representing the applicant, pointed out the number of signs utilized by Circuit City and stated this tenant believes they should be able to have the same amount of signage, though they would settle for four signs.

Commissioner Hedges stated that signage for Circuit City could not be compared with signage for Michaels since Circuit City is on a separate parcel and thus is allowed more signs, but when a parcel is shared less signs are permitted. She noted that Staples had also requested more signage and been denied.

Chairman Morris-Massey closed the public hearing at 8:28 p.m. and stated it was important for the Commission to be consistent, because if additional signage is allowed for this use it will set a precedent. Commissioners Glass and Huber agreed.

It was moved by Commissioner Glass and seconded by Commissioner Huber to deny Resolution P-92-186. The motion carried by unanimous vote of the five Commissioners.

Re: Conditional Use Permit CUP-49-92

Dear Mr. Thanos:

At the regularly scheduled meeting of the City of Victorville Planning Commission held on July 8, 1992, a public hearing was conducted to consider your request for Conditional Use Permit CUP-49-92. This request was to allow for sale of alcoholic beverages (beer, wine and liquor) within 200 feet of a residence in conjunction with a restaurant at 14269 Seventh Street.

After considering all the information in regard to the proposed use, the Planning Commission granted the conditional use permit subject to compliance with all applicable development standards of Title 18.

HOWEVER, UNTIL SUCH TIME AS CONDITIONS OF APPROVAL ARE COMPLIED WITH, THE CONDITIONAL USE PERMIT WILL NOT BECOME VALID.

Please note that Section 18.74.060 of the Victorville Municipal Code entitled "Lapse of Approval" states:

"Unless a different period of time is specified among the conditions of approval, the authorization of a conditional use shall lapse and be void unless the use is established or plans have been submitted and accepted by the Building Department for building permit processing within six months of the date of final action of approval. However, upon application to the Planning Department, an extension not to exceed 90 days, for those conditional uses required to be established within a six month period, may be granted by the Director of Planning based upon reasonable circumstances."

As stated in the staff report, the decision of the Planning Commission can be appealed within fifteen (15) days. Unless the action of the Planning Commission is appealed, CUP-49-92 will stand approved as of July 24, 1992.

Very truly yours,

John R. Hnatek
Director of Planning and Development

Re: Notice of Hearing Before City Manager or Designee for Determination Regarding Revocation of Business License

Dear Mr. Thanopolous:

Pursuant to Victorville Municipal Code Section 5.04.310, the City of Victorville has determined the necessity to initiate proceedings to revoke the business license of the Rocks Club located at 14269 Seventh Street, Victorville, CA 92392.

The proposed grounds for revocation are that a continuing public nuisance exists at the Rocks Club, which endangers the public health, safety and welfare.

On May 7, 2001, you were notified of numerous incidents occurring at the Rocks Club endangering the public health, safety and welfare. On July 23, 2001, you were notified of the conditions under which the Rocks Club would be permitted to continue operations. Despite these efforts, a settlement has not been reached.

As you are aware, on Friday, July 20, 2001, inadequate security at the Rocks Club resulted in a patron being shot in the back. The patron is 19 years old and may be paralyzed for life.

Inasmuch as the Rocks Club appears to be unable to police itself and creates an imminent risk to the health, safety and welfare of both patrons of the Rocks Club and residents of the City of Victorville, it is recommended by the City Attorney that the business license of the Rocks Club be revoked. The proposed revocation is based on Victorville Municipal Code Section 5.04.310(6), which authorizes a license granted pursuant to the provisions of Chapter 5 of the Municipal Code to be revoked or suspended for any violation of Chapter 5 of the Municipal Code, or any ordinance of the City, or other laws relating to the permitted business.

Numerous shooting incidents at the Rocks Club, serving of alcohol to minors, serving alcohol to intoxicated patrons, failure to provide adequate security, and the fact that the Rocks Club has become a magnet for illegal activities which have not been abated by

Rocks Club management, including grand theft auto, overcrowding, domestic battery, vandalism, assault, terrorist threats, theft, vehicular accidents and Vehicle Code violations, necessitate the immediate revocation of the business license.

A hearing is scheduled to consider the revocation of the business license issued to the Rocks Club. I have designated John R. Hnatek, Director of Planning and Community Development, to serve as the hearing officer. The hearing will be held Thursday, August 2, 2001, 10:00 a.m., in Conference Room E, at Victorville City Hall, located at 14343 Civic Drive, Victorville, CA 92392.

RE: Hearing to Determine Whether the Business License of the Rocks Club Should be Suspended or Revoked

---

I. INTRODUCTION

Pursuant to Notice of Hearing Before City Manager or Designee for Determination Regarding Revocation of Business License served on the Rocks Club on July 30, 2001, the City of Victorville has determined the necessity to initiate proceedings to revoke the business license of the Rocks Club located at 14269 7th Street, Victorville. The proposed grounds for revocation of the business license are that a continuing public nuisance exists at the Rocks Club which endangers the public health, safety and welfare. The proposed grounds for revocation are set forth with specificity in the Notice of Intent to Suspend or Revoke Business License dated August 7, 2001 (Exhibit 1).

Exhibit 14 is a citation issued to Julie Ann Brophy dated August 5, 1998, whereby the manager of the Rocks Club failed to comply with previous notice given by the Fire Department regarding maximum occupancy. That citation was disposed of by plea.

Currently pending for trial are Citation No. 5219 issued January 22, 2000, for failure to comply with previous notice (exceeding allowed occupancy) and misdemeanor complaint, Case No. MVI029655 dated May 11, 2001 for exceeding allowed occupancy. Both matters are pending trial. Exhibit 16 is a memorandum from Joe Zuccaro, Fire Prevention Specialist, to Henry Kraft, City Attorney, describing a March 1, 2001 overcrowding situation at the Rocks Club.

Unlawful activities at and near the vicinity of the Rocks Club have escalated. On December 27, 1998, a fight began at the Rocks Club an ended with suspects shooting at a car with a handgun. The occupants of the other car then fired back and two suspects were arrested.

On February 23, 2001, a 21 year old Fort Irwin soldier fired several shots from a handgun outside the Rocks Club. The suspect was arrested. On March 23, 2001, a Fort Irwin sergeant pulled out a handgun during an argument outside the Rocks Club. The suspect was arrested. On July 20, 2001, a 19 year old man was shot in the back inside the Rocks Club and is paralyzed. The Rocks Club was overcrowded at the time notwithstanding numerous prior warnings issued to the manager, George Thanopoulos.

One under-age drinker at the Rocks Club was involved in a one-car traffic collision resulting in her death. Over the past several years, businesses and residents in the neighborhood have complained about excessive noise and unruly conduct. Denny's Restaurant, across the street from the Rocks Club, has experienced numerous obviously intoxicated patrons after 2:00 a.m. who had just left the Rocks Club. Patrons have engaged in anti-social and violent conduct, including failure to pay the bill, starting fights and arguments, and displaying weapons. Denny's has requested that the City assist. The City has done so.

Exhibit 18, a memorandum from the Chief of Police, identifies 1,020 calls for service at or near the Rocks Club from May 1, 1998 to January 1, 1999. The number of incidents and

the violent conduct of the patrons has accelerated. Promises of increased security have proved unsuccessful. Exhibit 22 contains a series of documents relating to Site Plan Modification SP-14-91. The site plan modification was applied for by the Rocks Club based upon police and fire department concerns with the operations of the nightclub.

The site plan modification addressed occupancy issues and the use of an outdoor area. In the minutes of August 12, 1998, Commissioner Gardner stated that she was personally familiar with the club and was concerned about increasing the capacity because the fire department indicated there have been overcrowding issues. She stated that her two grown children would not go to the club, again because they are afraid because there are fights inside and outside. The fire department indicated that an individual went through the plate glass window recently. Mr. Terry Cox, representing the Rocks Club, stated that "they are taking every step necessary to ensure everyone's safety, as well as protection of the property."

Notwithstanding the security measures presented by the Rocks Club, over the past six months, the Rocks Club has increasingly become a magnet for anti-social and violent behaviors. Rocks Club security has not prevented the numerous shooting incidents, as well as the near-fatal shooting on July 20, 2001. An armed patron was allowed to enter the Rocks Club and at close range discharged a weapon into the back of a 19 year old patron in a room which was overcrowded. In his August 25, 1998, memorandum to John Hnatek, Director of Planning and Development, the fire chief noted the issuance of four notices of violation relating to (1) failure to obtain certificate of occupancy prior to operation; (2) illegal extension cords, painted sprinkler heads, exceeding occupancy load, failure to comply with previous notice; (3) exceeding maximum occupancy load; failure to comply with notice of violation; and (4) failure to comply with notice and previous citations, exceeding occupancy load. Chief Becker notes that the Rocks Club has been a constant problem.

In his August 24, 1998 memorandum to John Hnatek, Director of Planning and Development, Glen Pratt, Chief of Police, addressed the disproportionate amount of law enforcement resources to address the problem associated with the nightclub. His concerns were overcrowding, assault with a deadly weapon, public drunkenness, fights, assaults, drug overdoses, thefts, bar checks and other law enforcement problems.

During the site plan modification process, neighbors complained of gang fights, domestic disputes, and loitering occurring at the Rocks Club, fights, dangerous and reckless behaviors, reckless driving, obscenities shouted, violent confrontations occurring on a weekly basis.

For a period of three years, the Rocks Club has been notified of an increasing number of crimes associated with its operations. Notwithstanding its representations that it would provide greater security and address law enforcement concerns, violent incidents have escalated, affecting not only the Rocks Club property but the neighborhood where it is located. It is the escalating number of serious crimes which necessitates this matter being brought to the attention of the City for formal action on the business license.

IV. APPLICABLE LEGAL STANDARD

The California Supreme Court in Sunset Amusement Company v. Board of Police Commissioners of the City of Los Angeles addressed the ability of a city to regulate business licenses pursuant to the City's police powers. The Supreme Court noted that a municipality has broad powers to enact "all local, police, sanitary, and other ordinances and regulations not in conflict with general laws." (California Constitution, Article XI, Section 7.)

The requirement that a license must first be obtained before conducting a business or activity has long been recognized as a valid exercise of the police power. (Sunset Amusement, citing Burton v. Municipal Court, 68 Cal.2d 684; In Re Fuller, 15 Cal.2d 425.) In Sunset Amusement, the California Supreme Court rejected a skating rink's contention that it, "is an assemblage entitled to protection under the First Amendment guarantee of freedom of association and assembly". The Supreme Court noted that any First Amendment activities involved in the operation of a roller rink would be negligible and wholly incidental to its evident function of providing an outlet for the amusement and exercise of its patrons. The Supreme Court upheld the validity of licensing statutes as a reasonable exercise of a municipality's police power to license and regulate ordinary business activities. In upholding the refusal by the City of Los Angeles to renew the applicant's business license, the Court upheld the findings that issuance of the permit would not comport with the public health, safety, welfare and good morals of the community.

The Supreme Court upheld the denial of the application on the basis that the evidence established that the applicant failed to control patrons and prevent disturbances and that they had conducted the roller skating operation in a manner contrary to the general welfare of the public. The Supreme Court upheld the city's findings that the operation of the roller skating rink had resulted in batteries against police officers, assaults with deadly weapons, drunks, robberies, thefts from motor vehicles, disturbing the peace - which acts have caused numerous arrests for these offenses. The Supreme Court also upheld the findings that the city police were required "to spend numerous man-hours and efforts on the part of patrol, in the setting up of command posts, assignment of men to special details, and special patrols of the premises to prevent and to control major disturbances."

The Supreme Court opinion describes a litany of anti-social conduct similar to that presently occurring at the Rocks Club. The Supreme Court rejected the argument of the roller skating rink that the evidence largely concerned matters occurring outside of the rink or beyond the operator's reasonable control. In citing People v. Lin, 18 Cal.2d 872, the Supreme Court noted that "crowds of disorderly people who disturb the peace and obstruct traffic may well impair the free enjoyment of life and property and give rise to the hazards designated in the public nuisance statute."

In Board of Police Commissioners v. Superior Court of Los Angeles County, (1985) 168 Cal.App.3d 420, a nightclub's permits for the operation of a dance hall were revoked based on overcrowding.

In 12319 Corporation, dba Starwood v. The Business License Commission of the County of Los Angeles (1982) 137 Cal.App.3d 54, the court of appeal upheld Los Angeles County's business license revocation procedure and determined that the evidence overwhelmingly supported the revocation of the night club owner's business licenses. Notwithstanding the night club operator's measures to sound proof the premises and provide additional security, the unlawful conduct of the patrons justified the revocation of the night club's business license. Complaints included loud noise and boisterous conduct, litter, unruly crowds and trespass in the form of patrons of the Starwood urinating, defecating, fornicating, and partaking of illegal and dangerous drugs on their property, as well as thefts, fights, and illegal parking.

Surveys, logs and arrest reports kept by the Los Angeles County Sheriff's Department indicated that the number of incidents which required a police response was significantly higher than that required by similar types of night clubs. Recorded incidents included arrests for possession of drugs, assault with a deadly weapon, attempted rape, and loitering.

Overcrowding was a problem with the Starwood Night Club. Seven hundred tickets were sold for a concert to be held at the facilities having a posted occupancy limit of 399 persons. The court of appeal rejected the night club operator's argument that the evidence was insufficient to support revocation of the business licenses. The court of appeal upheld the City of Los Angeles' procedures authorizing the revocation of a business license upon a finding that the business has been conducted in a manner contrary to the peace and general welfare of the public, or that the licensee has violated governmental rules relating to the licensee's business. The court of appeal noted that the record is replete with evidence supporting a finding that the Starwood has been a constant source of pain and anguish to the neighboring community since opening. The court noted that the night club operator was responsible for the areas under its control, as well as for the exacerbation of problems in the surrounding neighborhood resulting from its policies.

The court noted:

> "Furthermore, additional cause for revocation is evidenced by petitioner's repeated violations of rules and ordinances relating to his business. The two instances of construction on the premises without a valid building permit, the two citations issued by the county fire department for overcrowding, and various other citations for the sale of alcoholic beverages to minors and operating the business after hours are more than sufficient evidence to support revocation of ordinary commercial business licenses pursuant to Los Angeles County Ordinance 5860, Section 92."

V. CONCLUSION

The number of law enforcement responses to unlawful conduct at and near the Rocks Club has accelerated both in volume and frequency of violent behaviors. One of Victorville's main arteries, 7th Street, has been exposed to numerous shooting incidents, intoxicated drivers, unruly patrons, and other anti-social and illegal conduct. Notwithstanding the representations by the Rocks Club that it would increase security and provide greater protection, those promises have not stemmed the increasing tide of anti-social and illegal conduct. Too many shooting incidents have occurred. A 19 year old young man almost died. The next incident with a gun may result in a death of an innocent or not-so-innocent Rocks Club patron.

The refusal by the Rocks Club to abide by common sense rules for the protection of its own property and for the safety of its patrons and the public generally necessitates the revocation of its business license.

Re: Notice of Intent to Suspend
or Revoke Business License

Dear Mr. Thanopoulos:

This letter will supplement the prior notice personally delivered to you on July 30, 2001. Pursuant to Victorville Municipal Code section 5.04.310, the City of Victorville has determined the necessity to initiate proceedings to revoke the business license of the Rocks Club located at 14269 7th Street, Victorville, California, 92392.

The City proposes to revoke the business license of the Rocks Club on the following grounds:

1. Failure to provide adequate security at the Rocks Club.

2. Failure to prevent Rocks Club patrons from endangering the health, safety and welfare of occupants of the Rocks Club and the vicinity.

3. Failure to prevent escalating violent conduct, both at the Rocks Club and in the vicinity, specifically including but not limited to, the shooting incident occurring on Friday, July 20, 2001.

4. Serving of alcohol to minors.

5. Serving alcohol to obviously intoxicated patrons.

6. Allowing overcrowding after previously being served with notices of violation.

7. Failure to control patrons and prevent public disturbances.

8. Operating the Rocks Club in a manner contrary to the peace, health, safety and general welfare of the public.

9. Repeated violations of rules relating to the operations of the Rocks Club business.

10. Conduct of the Rocks Club and its patrons necessitating police responses significantly higher than that required by similar businesses.

On May 7, 2001, you were notified of numerous incidents occurring at the Rocks Club endangering the public health, safety and welfare. On July 23, 2001, you were notified of the conditions under which the Rocks Club would be permitted to continue operations. Despite several telephone calls to your legal counsel, a settlement has not been reached.

As you are aware, on Friday, July 20, 2001, inadequate security at the Rocks Club resulted in a patron being shot in the back. The patron is 19 years old and may be paralyzed for life.

Inasmuch as the Rocks Club appears to be unable to police itself and creates an imminent risk to the health, safety and welfare of both patrons of the Rocks Club and residents of the City of Victorville, it is recommended by the City Attorney that the business license of the Rocks Club be revoked. The proposed revocation is based on Victorville Municipal Code section 5.04.310(6), which authorizes a license granted pursuant to the provisions of Chapter 5 of the Municipal Code to be revoked or suspended for any violation of Chapter 5 of the Municipal Code, or any ordinance of the City or other laws relating to the permitted business.

Numerous shooting incidents at the Rocks Club, serving of alcohol to minors, serving alcohol to intoxicated patrons, failure to provide adequate security, and the fact that the Rocks Club has become a magnet for illegal activities which have not been abated by Rocks Club management, including grand theft auto, overcrowding, domestic battery, vandalism, assault, terrorist threats, theft, vehicular accidents and Vehicle Code violations, necessitate the immediate revocation of the business license.

A hearing is scheduled before the City Manager or his designee on August 14, 2001, at 1:30 p.m., Conference Room E at City Hall located at 14343 Civic Drive, Victorville, California, 92392. At that time and place you may be represented by legal counsel and provide any evidence to the City why the business license of the Rocks Club should not be immediately revoked and all operations ordered to cease.

Pursuant to the requirements of Victorville Municipal Code, you are notified as follows:

Victorville Municipal Code section 5.04.310 provides as follows:

"**5.04.310 Revocation and suspension of license.**

Re: Notice of Hearing Before City Manager or Designee for Determination Regarding Revocation of Business License

Dear Mr. Thanopolous:

Pursuant to Victorville Municipal Code Section 5.04.310, the City of Victorville has determined the necessity to initiate proceedings to revoke the business license of the Rocks Club located at 14269 Seventh Street, Victorville, CA 92392.

The proposed grounds for revocation are that a continuing public nuisance exists at the Rocks Club, which endangers the public health, safety and welfare.

On May 7, 2001, you were notified of numerous incidents occurring at the Rocks Club endangering the public health, safety and welfare. On July 23, 2001, you were notified of the conditions under which the Rocks Club would be permitted to continue operations. Despite these efforts, a settlement has not been reached.

As you are aware, on Friday, July 20, 2001, inadequate security at the Rocks Club resulted in a patron being shot in the back. The patron is 19 years old and may be paralyzed for life.

Inasmuch as the Rocks Club appears to be unable to police itself and creates an imminent risk to the health, safety and welfare of both patrons of the Rocks Club and residents of the City of Victorville, it is recommended by the City Attorney that the business license of the Rocks Club be revoked. The proposed revocation is based on Victorville Municipal Code Section 5.04.310(6), which authorizes a license granted pursuant to the provisions of Chapter 5 of the Municipal Code to be revoked or suspended for any violation of Chapter 5 of the Municipal Code, or any ordinance of the City, or other laws relating to the permitted business.

Numerous shooting incidents at the Rocks Club, serving of alcohol to minors, serving alcohol to intoxicated patrons, failure to provide adequate security, and the fact that the Rocks Club has become a magnet for illegal activities which have not been abated by

Rocks Club management, including grand theft auto, overcrowding, domestic battery, vandalism, assault, terrorist threats, theft, vehicular accidents and Vehicle Code violations, necessitate the immediate revocation of the business license.

A hearing is scheduled to consider the revocation of the business license issued to the Rocks Club. I have designated John R. Hnatek, Director of Planning and Community Development, to serve as the hearing officer. The hearing will be held Thursday, August 2, 2001, 10:00 a.m., in Conference Room E, at Victorville City Hall, located at 14343 Civic Drive, Victorville, CA 92392.

Re: Rocks Club Settlement Agreement

Dear Mr. Diamond:

Pursuant to our telephone conference on July 18, 2001, regarding a potential civil settlement of actions pending against the Rocks Club, the City of Victorville is prepared to offer various conditions of compliance to resolve the two pending criminal cases and to avoid revocation of the Rocks Club business license by the City of Victorville. It is imperative that we resolve this matter immediately. On Friday, July 20, 2001, Dernell Darrell Profit, a 19-year old patron at the Rocks Club, was shot in the back at point blank range with a .22 caliber handgun. Unless we are able to resolve this matter immediately, I will seek, as promptly as possible, a determination by the City of Victorville, to revoke the Rocks Club business license and immediately thereafter seek closure of the business.

Further, pursuant to your specific request, a copy of this letter is being sent to Mr. Thanopoulos. A copy is likewise being sent to Mr. Barragan, Mr. Thanopoulos' counsel in the other criminal matter.

It is proposed that, to avoid prosecution of the two pending criminal actions and revocation of Rocks Club business license, the Rocks Club immediately agrees to comply with each of the following conditions of operation:

PROPOSED ROCKS CLUB COMPLIANCE CONDITIONS

1. Comply with all laws and regulations concerning the sales and consumption of alcohol.

2. Comply with all Ordinances and Resolutions of the City of Victorville relating to the occupancy and use of the Rocks Club.

3. Comply with all state laws and regulations concerning the occupancy and use of the Rocks Club, specifically including, but not limited to the Uniform Building Code, and Uniform Fire Code.

4. Occupancy shall never exceed that established by the Victorville Building Department.

5. All security to be provided by the Rocks Club shall be exclusively provided by a reputable, licensed, bonded and insured agency requiring the prior written approval of the City of Victorville. The security agency shall not be replaced by another security agency without the prior consent of the City.

6. Security shall maintain a count, current at all times, of the number of all Rocks Club patrons. The method and implementation of the patron count shall require the prior approval of City.

7. Rocks Club shall maintain sufficient security personnel to properly safeguard the entrance, interior and parking facilities used by Rocks Club patrons.

8. Each patron entering the Rocks Club shall be "searched" for weapons with a metal detector and be subject to a physical search if the security officer suspects that the patron may be in possession of drugs, contraband or any weapon.

9. The Rocks Club will keep and maintain a log(s) setting forth the occupancy for each date of operation. A written summary of the preceding month's occupancy shall be submitted to City no later than the 10th day of the following month.

10. The Rocks Club will pay to the City of Victorville as cost recovery for actual expenses incurred in enforcing state and local ordinances involving the Rocks Club the sum of $50,000.00.

11. Any material violation of the terms and condition will, at the sole discretion of City, result in the initiation of proceeding to revoke the Rocks Club business license.

12. The terms and conditions of this agreement are not exclusive and the City, or any agency, may otherwise enforce all applicable laws, including but not limited to criminal prosecution.

13. No person under 21 years of age shall be admitted to the Rocks Club.

The Victorville Municipal Code authorizes the recovery of costs incurred for enforcement purposes. The $50,000.00 cost recovery approximates fifty percent (50%) of the actual costs incurred by the Police Department, and one hundred percent (100%) of the costs incurred by the Fire Department and City Attorney's office with respect to enforcement actions concerning the Rocks Club. There have been approximately 100 incidents where law enforcement and/or the Fire Department were called regarding Rocks Club disturbances and illegal activities.

Should the Rocks Club agree to each and every condition set forth herein, and upon receipt of cost recovery, the pending criminal actions will be dismissed. However, any further violations of the law or of the compliance conditions will result in this matter being submitted to the City Council for a determination of whether to revoke the business license of the Rocks Club.

Enclosed for your review is a copy of a recent newspaper article regarding the shooting at the Rocks Club.

Please contact me immediately upon your receipt and review of this correspondence. Time is of the essence.

Very truly yours,

Henry R. Kraft

VICTORVILLE — A man was gunned down on a packed dance floor early Friday morning at the Rocks Club.

About five or six men rushed to help the victim, 19-year-old Darnell Profit of Apple Valley, who was lying on the floor, he said. One used his shirt as a bandage around his stomach.

Sheriff's deputies said Profit suffered a gunshot wound to his back and was airlifted to Loma Linda University Medical Center. His condition was not available as of midnight Friday.

No arrests have been made.

Witness Benjamin Goodman, 22, was near the disc jockey's booth when a shot rang out at 12:30 a.m.

The disc jockey had just put on a new record, Goodman said, and had warned the crowd to settle down or he wouldn't be allowed to play hip hop anymore.

He must have seen a fight going on, Goodman said.

"He said, 'If you want to kill each other, do it outside,'" he said.

Five seconds later, the shot was fired.

"I heard a pop — kind of like a firework," he said.

Some people in the crowd bolted for the door, while others just stood, shocked.

Goodman said every Thursday — $1 drink night — draws a huge crowd to the Rocks Club. Even after the shooting "there were still people coming in," he said.

He said the security at the nightclub can be lax.

times and haven't been patted down," Goodman said. "They don't really check you too much."

He said the security guards sometimes don't check the front of people's waistlines or the lower legs and ankles.

"So if you have something tucked away, they probably won't find it," Goodman said.

Rocks Club officials did not return calls Friday.

Sheriff's spokeswoman Karen Morgan said deputies are still talking to many witnesses.

"When you have a lot of witnesses it makes it a lot harder," she said. "They all see something different."

Since April 6, sheriff's deputies have responded to 51 incidents at the Rocks Club, San Bernardino County Dispatch Supervisor Rodie O'Keefe said.

They receive many calls about the club, but it isn't necessary for deputies to respond to all of them, she said.

Sometimes several days pass between sheriff's deputies' visits, she said, and then they'll receive four or five calls the next night.

"We go out here frequently," she said. "Frequently."

After the shooting, Goodman is rethinking the club scene.

"Thursday next week, I might be at my house," he said.

Anyone with information about the case can call the Victorville station at 241-2911 or WeTip at (800) 782-7463.

A gunman shot a 19-year-old Apple Valley man in the back while the he was dancing at a Victorville nightclub early Friday morning, sheriff's officials said.

Deputies found Dernell Profit lying on the dance floor with a single gunshot wound, officials said. He was flown to Loma Linda University Medical Center, where he was reported in serious condition Friday afternoon.

The shooting is the latest in a string of violent incidents at the Rocksclub Sports Bar & Grill, San Bernardino County sheriff's deputies said.

This year alone, deputies have been called to the popular nightclub several hundred times, officials said.

"It's an extraordinary amount of calls for service, more so than any other business in the area," said Sgt. John Mattke of the sheriff's Victorville station. "We're working with other agencies to pool our resources to resolve these problems."

Friday's shooting was preceded by several fights, sheriff's deputies said.

Because of Profit's condition, he wasn't able to give any information about the shooting or the gunman, deputies said.

Authorities believe a small-caliber handgun was used.

Even before the incident, city officials and state Alcoholic Beverage Control officials had been looking into numerous complaints about the club in the 14200 block of Seventh Street near Green Tree Boulevard.

Employees of a nearby Denny's Restaurant recently spoke at a City Council meeting to voice their concerns about the rowdy crowds that fill their restaurant on weekend nights after the Rocksclub closes.

Between 2 and 5 a.m., hordes of intoxicated people leave the Rocksclub and fill the restaurant, Councilman Bob Hunter said.

Deputies have been dispatched to the restaurant several times this summer to break up fights and take reports of people

who skipped out on their checks, Mattke said.

"I never want to shut a business down just to shut a business down, but I do have extreme concerns when we have shootings and fights," Hunter said. "It's affecting other businesses in the area, too."

Ed Harris, an Alcoholic Beverage Control spokesman, said the agency is investigating the club but couldn't comment because the investigation is continuing.

Calls to the Rocksclub were not immediately returned.

Anyone with information about Friday's shooting is asked to call the sheriff's Victorville station at (760) 241-2911 or the We Tip Hotline at (800) 78-CRIME.

Re: People v. George Thanopolous, Victorville Court No. MVI029655

Dear Henry:

Thank you for your letter of July 23, 2001, copy which I forwarded to my client, George Thanopolous, for his review and advice.

On July 26, 2001 I received a fax response from George Thanopolous' son, Tom, who apparently has some role to play in the operation of the business. His letter dated July 26 is self-explanatory. Apparently they agree to most of the conditions that you have requested but they do reject some. They also believe that installing a complete metal detector device should solve many of the problems. They are planning to do that right away.

Please let me know whether you have any counter proposals.

Thank you.

Sincerely,

ROGER JON DIAMOND

ROGER DIAMOND
2115 MAIN STREET
SANTA MONICA, CA. 90405-2215

July 26. 2001

Dear Roger:

We agree to conditions 1, 2, 3, and 4.

Condition number 5 involving security we don't agree on. We feel that our in house security is better for the club because of the following reasons:

1. They are more likely to follow club rules and regulations on how security interacts with customers because they have more of a vested interest in their employment with Rocksclub and not merely with an outside agency.

2. We have found the security from outside agencies tend to act like "cowboys" in a delicate situation. They tend to aggravate the situation.

3. In house security also develops a certain working relationship with customers night after night which helps them do their job effectively. Agencies are constantly sending new guards and we will find ourselves having to retrain people all the time.

Condition 6. We have a door man count customers with clickers as they enter the building. This method works well. If the City knows of a better method we are willing to hear it.

Condition 7. We feel we always have sufficient security. To try and minimize human error when it comes to searching for weapons, we have already ordered, and will install a walkthrough metal detector.

Condition 8. We search anyway. We are also installing the metal detector.

Condition 9. We will keep a log. If the City wants to see it, it will be made available upon request. We do not agree on having to send it to them every month.

Condition 10. Do Not Agree.

Condition 11. Do Not Agree.

Condition 12. Do not understand.

Condition 13. We do not agree to the 21 and over condition. We do not feel the problems at Rocksclub are related to the under 21 crowd. For example the lady that committed the shooting last week was 38 years old. We do believe our problems on Thursday stem from the "Hip Hop" format in one of the rooms. We are changing this format and we believe this will eliminate the problems.

We understand the City's concerns. They are our concerns as well. We feel that the music format change on Thursday, and the addition of the metal detector will solve the problems the City is concerned about.

Sincerely,

Tom Thanopoulos

4. The installation and maintenance of automatic, manual and other private fire alarm systems and fire-extinguishing equipment,

The fire prevention bureau shall inspect, as often as necessary, buildings and premises, including such other hazards or appliances designated by the chief for the purpose of ascertaining and causing to be corrected any conditions which would reasonably tend to cause fire or contribute to its spread, or any violation of the purpose or provisions of this code and of any other law or standard affecting firesafety.

103.3.1.2 Right of entry. Whenever necessary to make an inspection to enforce any of the provisions of this code, or whenever the chief has reasonable cause to believe that there exists in any building or upon any premises any condition which makes such building or premises unsafe, the chief is authorized to enter such building or premises at all reasonable times to inspect the same or to perform any duty authorized by this code, provided that if such building or premises is occupied, the

chief shall first present proper credentials and demand entry; and if such building or premises is unoccupied, the chief shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and demand entry. If such entry is refused, the chief shall have recourse to every remedy provided by law to secure entry.

If the owner or occupant denies entry, the chief is authorized to obtain a proper inspection warrant or other remedy provided by law to secure entry. Owners, occupants or any other persons having charge, care or control of any building or premises shall, after proper request is made as herein provided, promptly permit entry therein by the chief for the purpose of inspection and examination pursuant to this code.

Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the jurisdiction shall not be valid.

It shall be the duty of the permit applicant or contractor or both to cause the work to remain accessible and exposed for inspection purposes. Neither the chief nor the jurisdiction shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

SUBJECT ROCKS CLUB OVERCROWDING

On Thursday, March 1,2001 at approximately 11:15 pm, I was requested by Desert Comm (Fire Dept dispatch) to respond to the Rocks Club (14269 7th St, Victorville) to check for an overcrowding situation. Upon arrival, I made contact with Sgt Torres of the Victorville Police. I advised him of the previous history at this location (of which he was very aware). We then made contact with the club owner, George Thanos. I explained to George what I was there for, and proceeded into the building to check the occupancy load. As I made my way into the main room (south end of the building), I discovered it to be very overcrowded. The maximum occupancy limit for this room is 299 people (as determined by the building department). The occupancy at the time of inspection was estimated to be over 550 people. Sgt Torres agreed with this estimate. Next we went to the smaller room (the north side). Occupancy was estimated at 350 (max ocupancy is 236). At this point I told Mr. Thanos that the building is over capacity, and in violation of the Uniform Fire Code, and city municipal codes. I informed him that I would not allow anymore people into the building, and that he was to start removing the excess people from inside, until the occupancy was within the limits specified by the building department. He complied, and instructed his security personnel to have patrons leave the building. At approximately 1:00am, a reinspection was performed, at which time I advised Mr. Thanos the he was in compliance, and could now allow new patrons entry into the building. I also advised him that I was not going to issue a citation at this time, but I would refer this matter to the city attorney for his review.

MEMORANDUM

DATE August 6, 2001

FROM **JOE CUSIMANO,** Lieutenant
Police Department

TO **HENRY KRAFT**
City Attorney

SUBJECT **ROCKS CLUB INCIDENTS - MAY 1, 1998 - JULY 31, 2001**

Listed below is the last major incident that occurred at the Rocks Club, and the man-hours used by Victorville Police handling the incident.

July 20, 2001 - Shooting - DR 170106851

(6) Deputies totaling 9 hours at $40.71 per hour	$ 366.00
(1) Sergeant totaling 1 hour and 45 minutes at $48.07 per hour	72.00
(2) Detectives (Follow-up) totaling 35 hours at $44.01 per hour	1,540.00
Approximate Total	$1,978.00

The above times do not include man-hour times for clerical staffing of typing the reports or the complaint officer's time in preparing the reports for the District Attorney's review, nor the District Attorney's time reviewing the reports.

As mentioned in the previous memo dated 7/31/01, between May 1, 1998 to December 31, 1998, Victorville police responded to 108 incidents. Being conservative, the average incident requires at least two deputies at $40.71 per hour X 108 incidents equals approximately $8,794.00.

January 1, 1999 to July 31, 2001, Victorville police responded to 453 incidents. Again, at least two deputies responding equals $34,872.00.

There were another 459 incidents that occurred at the Denny's Restaurant across the street, which many involved patrons that had left the Rocks Club, resulting in another $37,372.00.

Total incidents from May 1, 1998 to July 31, 2001, including Denny's, are 1,020 at a man-hour cost of approximately $81,038.00.

As mentioned before, this is very conservative because many times more than two deputies responded , and the hours do not include times for clerical, complaint officer and District Attorney.

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING CONDITIONAL USE PERMIT CUP-39-98 TO ALLOW FOR THE DEVELOPMENT OF AN AUTOMOBILE SALES AND SERVICE FACILITY WHICH INCLUDES A DEVIATION IN TITLE 18 IN TERMS OF SIGNAGE

Site Plan Modification SP-14-91 (M-2) - T & B Properties, Inc.

Commissioner Huber declared a conflict because he owns property within 300 feet of the project and left the dais.

Mr. Hnatek outlined the staff report and noted a meeting was held with the applicant and his representatives, and the Police and Fire Departments as indicated in the staff report due to concerns with the operations of the night club. As indicated, this is a site plan modification and, therefore, conditions should address the site plan modification only. He further stated that the most recent comments by Fire and Police personnel have indicated that the problems have reduced tremendously due to increased security at the facility.

Chairman Glass reopened the public hearing at 7:42 p.m.

Gerald Lundberg, 14285 Amargosa Road, addressed the Chair and stated that condition 3 should be modified since the parking agreement with Century 21 is reciprocal, but the agreement with Anton's is unilateral since they will not be using this project's parking. He further questioned condition 7, which indicated that the drive aisle is two-way, but should indicate that it is one-way.

Mr. Hnatek noted that the staff memorandum dated September 3 indicates that it will be one-way. Ms. Becker noted that a member of Mr. Lundberg's staff has received a copy of the memorandum earlier in the day.

Mr. Lundberg reiterated that condition 3 should be modified. Messrs. Hnatek and Higgins concurred that would not be a problem.

Mr. Lundberg further noted that the owners of Century 21 and Anton's have both responded positively to the agreement.

In response to Commissioner Jaroszewski, Mr. Lundberg stated that he did not have information regarding the citations issued by the Fire Department. If citations were issued, they were due to overcrowding, which will be alleviated by approval of this site plan modification.

Terry Kox, 380 Eastwood Hill, Rialto, addressed the Chair and stated the citations have been removed by the Fire Department.

Mr. Higgins noted that should the Commission approve this site plan modification, it is in no way condoning any nuisance activity that may occur at the location. Said activity can be handled through code enforcement separate and apart from any action of the Commission.

Mr. Lundberg added that Alcoholic Beverage Control also regulates the use.

Mr. Kox noted the citations were issued for exceeding the occupancy allowed.

There being no further testimony, Chairman Glass closed the public hearing at 7:48 p.m.

It was moved by Commissioner Gardner and seconded by Commissioner Jaroszewski to approve Resolution P-98-135 with conditions, as amended by staff. The motion carried by vote of for Commissioners, Commissioner Huber being absent. The Resolution was entitled:

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING A SECOND MODIFICATION TO APPROVED SITE PLAN SP-14-91 TO ALLOW FOR A SHARED OFF-STREET PARKING CONCEPT IN ORDER TO MEET OFF-STREET PARKING REQUIREMENTS TO ACCOMMODATE AN INCREASE IN THE NUMBER OF SEAT BASES AT AN EXISTING RESTAURANT

Commissioner Huber returned to the dais.

PUBLIC HEARINGS

Site Plan SP-9-98 - Victor Village Associates

Mr. Hnatek summarized the staff report.

Chairman Glass reopened the public hearing at 7:48 p.m.

Amat Tajudin, EBTA Architects, 2 Executive Circle, Irvine, addressed the Chair to answer questions.

Bill Porter, Porter Real Estate, 15028 Seventh Street, addressed the Chair and stated his concerns involve this item and the following item because they are inter-related. He is concerned with the project because for over ten years the City's General Plan has indicated there will be an interchange at Nisqualli and Interstate 15. He represents owners of a 40-acre parcel on the east side of Interstate 15, and has had ongoing interest in the interchange project for many years. There is currently a proposed development for the property and one of the conditions of approval relates to a future interchange being built, and he wants to ensure that this project can accommodate the need for that interchange.

Commissioner Gardner stated her belief that it was to be an overpass, not an interchange, because of its proximity to the other interchanges.

Mr. Hnatek stated there have been discussions of both.

Mr. Porter agreed that the last discussions have been for an overpass because the property appraisals were too high, not because they are too close to qualify for an interchange.

Mr. McGlade stated it is .93 miles between interchanges, so it would qualify for an interchange.

would be appropriate in the C-2 Zone District as a conditional use. The motion carried by unanimous vote of the Commission.

PUBLIC HEARINGS

Conditional Use Permit CUP-40-98 - James W. and Corine R. Atchison

Mr. Serio presented the staff report, and noted that two parking spaces will need to be relocated which can be accomplished administratively.

Chairman Glass opened the public hearing at 9:10 p.m.

Robert Martinez, Architect, 15481 Seneca Road, addressed the Chair. In response to Mr. Martinez, Mr. Hnatek reiterated that two parking spaces will need to be relocated, which can be approved administratively.

There being no further questions or testimony, Chairman Glass closed the public hearing at 9:10 p.m.

It was moved by Commissioner Huber and seconded by Commissioner Gardner to adopt the negative declaration with a de minimis finding. The motion carried by unanimous vote of the Commission.

It was moved by Commissioner Huber and seconded by Commissioner Gardner to approve Resolution P-98-134 with conditions of staff, making the findings proposed in the staff report. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

> A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING CONDITIONAL USE PERMIT CUP-40-98 TO ALLOW FOR THE DEVELOPMENT OF A RADIO COMMUNICATIONS SALES AND INSTALLATION BUSINESS, AND A TRANSMISSION COMMUNICATION FACILITY FOR THE DISPATCHING OF EMERGENCY SERVICE VEHICLES WITH AN ANTENNA OF APPROXIMATELY ONE HUNDRED FIFTY FEET IN HEIGHT

Site Plan Modification SP-14-91 (M-2) - T & B Properties, Inc.

Mr. Serio presented the staff report, and noted that a letter has been received from the property owner of Anton's Restaurant which indicates they do not find an irrevocable reciprocal parking agreement acceptable. If that part is not available, but the parking from the Century 21 office is made available, 121 seat bases would be allowed. He noted that condition 4 should be modified to read, "The number of seat bases shall not exceed the number of off-street parking spaces provided beyond that which is recorded by an irrevocable reciprocal access and parking agreement...."

Chairman Glass opened the public hearing at 9:15 p.m.

Commissioner Huber stated he may have a conflict of interest since his wife signed a "Notification of Planning Commission Action" without his knowledge. He explained that she owns property in this area, but he is unsure if it is within 300 feet of this proposed use. At the direction of the City Attorney, he declared a conflict of interest and left the dais.

Terry Kox, 380 Eastwood Hill, Rialto, addressed the Chair representing the property owner and stated he has met with staff several times regarding the operation. He explained they owned Olga's and Billy T's which operated previously at this location, and have now changed it to the Rocks Club, which is a sports club and night club. They have made some modifications to the building, and the parking has been increased to 90 spaces. They now have agreements with Century 21 and Watt Family Properties, which owns Anton's, but nobody wants to agree to an irrevocable access parking. He explained they want to lease these properties, use them for additional parking, and continue maintaining them as they are now. Security personnel patrol these areas in order to maintain safety. Planning staff has indicated that the Commission could condition the project so that if they lose the agreement to use the parking areas they would reduce the number of seat bases accordingly, and they do not have a problem with that. Staff is recommending it be an irrevocable agreement, and the three property owners believe that the businesses could change which could put them in a bind if the agreement is irrevocable. He explained he currently has a reciprocal agreement with Century 21 because they use the Rocks Club parking lot during the day, and the Rocks Club uses their lot during the evening. This has worked well, and he provides maintenance and security for the parking lots. They are requesting to work with staff to develop another agreement that would be acceptable to everyone involved.

In response to Mr. Kox's concern regarding Condition 4, Commission Gardner noted that it has been amended by a supplemental staff memorandum. Mr. Serio explained that the parking secured by the irrevocable reciprocal access agreement would be the maximum number of seat bases that the restaurant/ bar could be expanded to include.

Mr. Kox further stated in reference to Condition 5, that they do get walk-in traffic and some customers through the bus system. The business is here, and they are happy with the reception of people to this business, as opposed to what it previously was. Under the previous businesses it went well, but with new regulations on smoking and other things their business declined by 45 percent which put them in a bind to keep the operation going. Under the sports bar, or club, and nightclub they are doing much better and having fewer problems. Overall the business has increased, and it is easy to do business in Victorville which generates money for the City. They agree with the signage indicated in Condition 6 because they want signs showing the other lots are available for parking. In regarding to Condition 7, which creates two-way vehicle access in conformance with Title 18 for the property to the south by eliminating a concrete curb, he stated they have a problem. A year ago they asked the Planning, Building and Fire departments to approve closing off the rear of their lot which provided access to the alley in order to provide additional security. Undesirable people cruise the area and circle the building, which causes congestion and leads to a lot of fights. They have also have a lot of bottles thrown, and while they have not had a drive-by shooting, it was a factor in the request to close off access to the rear of their property. He further explained there is a liquor store on the southwest side of their property which has caused problems due to individuals purchasing liquor at the store and then sitting in the Rock's Club parking lot to drink it; it is against the Alcoholic Beverage Control regulations, and they themselves do not want people to do it. Removing access at the rear of their property eliminated 60 percent of the problems because people cannot drive through. Condition 7 creates the circle so that people can drive through their property which creates a major security problem, and eliminates a light standard. He stated they would like to install a walk-thru area, with just enough room for a golf cart to use, for security personnel to use to access the parking area to the rear of their property. This would eliminate the removal of the light, which is necessary for security reasons.

Chairman Glass noted Mr. Kox raised a lot of issues that he is not prepared to address tonight, and he would recommend that this item be continued so that these issues can be resolved with staff. The Commission is not going to try to work out these issues one by one tonight. He stated he needs to drive by

the site again based on the applicant's comments. He suggested the applicant meet with staff to resolve the issues.

Mr. Kox stated the major problem is the irrevocable reciprocal access agreement, and once that is resolved the rest can be worked out.

In response to Chairman Glass, Mr. Hnatek stated that staff has concerns. He noted that Mr. McGlade has brought it to his attention that if a lease is signed for parking it may involve a parcel map which is more difficult. The Subdivision Map Act is very clear that any property which is leased or sold is subject to a parcel map. It may be that the irrevocable reciprocal parking and access agreements may be modified to include language that based upon evidence being submitted that the seat bases have been reduced, then the City has the ability to modify or end the agreement. That would have to be discussed with the City Attorney to determine if the City could be put into a position to release a property from the agreement should the use change or the seating situation be reduced.

Commissioner Gardner stated she has issues that were discussed in the work session and should be raised now for the applicant's information so the information can be provided to the Commission. She stated the Fire Department was at the work session, and she is personally familiar with the club and is concerned about increasing the capacity because the Fire Department has indicated there have been overcrowding issues where the Fire Department has had to make people leave because the club was over its capacity. She further stated she would request a response from the Police Department as to the number of calls that they have responded to at the facility. The Fire Department has indicated there have also been medical calls at the site and she would like to see those records to compare that to information prior to the access to the rear of the building being eliminated. Commissioner Gardner stated her two grown children will not go to the club again because they are afraid because there are fights inside and outside. The Fire Department indicated that an individual went through the plate glass window recently. She is concerned with increasing the capacity of a club that may need to address interior and exterior security issues better. She noted there have been responses from neighbors who are concerned about the security of the site also.

Commissioner Jaroszewski concurred with Commission Gardner regarding obtaining a copy of the Police log.

In response to Chairman Glass, Mr. Hnatek stated a two week continuance would be adequate.. Mr. Higgins concurred, and noted it would depend on when the proposed language is submitted by the applicant. Mr. Hnatek stated the applicant's attorney should know the law and should propose alternative language to the City's agreement and should submit it to the City for review.

In response to Chairman Glass, Mr. Hnatek stated two weeks should be adequate so long as the applicant submits the proposed language early next week.

Charlotte Phillips, co-owner of the building where Century 21 and Mojave Valley Dental Clinic is located, 14731 Chico Road, Apple Valley, addressed that they have been in business at this location for 19 years. They had a "hand-shake" agreement with the original builder of the Wells Fargo and their parking has been used by that property for years. She stated she understands the method of operation has changed, and they have given Mr. Kox a letter agreeing to allow the Rocks Club to use their parking and for their customers to use the Rocks Club parking as long as their parking area is maintained. If the Commission is going to ask for irrevocable rights to her property, that is impossible. She stated they would not be able to sell the property if they gave irrevocable rights to park on it. She explained that years ago property along

Seventh Street was divided into extremely small commercial lots, and now there are problems with inadequate parking. She reiterated that they cannot give irrevocable rights to their parking lot.

Dennis Lindquist, 14264 Sage Street, addressed the chair and stated the Rocks Club is full on Tuesday, Friday and Saturday nights and people park wherever they want. He stated he has seen fights, rocks being thrown, and cars speeding down the roadways. He is not against progress, but to allow more people in the facility will create more havoc at night. He stated he is not able to sleep with the windows open at night, and there are a lot of children in the neighborhood.

It was moved by Chairman Glass and seconded by Commissioner Jaroszewski to continue SP-14-91 (M-2) to the August 26, 1998 meeting. The motion carried by unanimous vote of the Commission.

In response to Commissioner Gardner, Mr. Hnatek stated reports will be requested from the Police and Fire Departments.

Commissioner Huber returned to the dais.

COMMUNICATIONS

Planning Department Activity Summary for June 1998

No action was necessary.

Presentation of Reports by Commission Members

When Chairman Glass asked if there were any reports by Commission members, there was no response.

Commissioner Stevens amended his motion to approve Resolution P-98-117 with conditions of staff, not including the size of the tank in the motion. The motion was seconded by Commissioner Huber and carried by unanimous vote of the Commission. The Resolution was entitled:

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF VICTORVILLE GRANTING A MODIFICATION TO APPROVED CONDITIONAL USE PERMIT CUP-11-82 TO ALLOW FOR THE INSTALLATION OF AN ABOVE-GROUND LIQUIFIED PETROLEUM GAS TANK (LPG) TANK AT AN EXISTING FUEL DISPENSING FACILITY AND MINI-MART

Mr. Hnatek noted the applicant has requested a continuance to the next Commission meeting.

Chairman Glass reopened the public hearing at 7:59 p.m., and moved to continue CUP-39-98 the September 9, 1998 meeting. The motion was seconded by Commissioner Huber and carried by unanimous vote of the Commission.

Site Plan Modification SP-14-91 (M-2) - T & B Properties, Inc.

Commissioner Huber declared a conflict since he owns property within 300 feet of the proposed project and left the dais.

Mr. Serio outlined the staff report, and noted the item was continued to allow the applicant time to provide revised parking agreement language and information regarding when access to the alley was removed, and to allow the Police and Fire departments to provide information regarding calls to the site. There are memoranda from the Police and Fire department in the agenda item, and representatives from those department are here to answer any questions.

Chairman Glass reopened the public hearing at 8:01 p.m.

Gerald Lundberg, 14285 Amargosa Road, addressed the Chair representing the property owner and stated the tenant is Olympic Grill and Lounge, dba Rocks Club. He explained that his office got involved in this matter not too long ago, and while the City is asking for an easement for parking it should be a license. Parking has been shared by all of them for some time. Century 21 uses the area south of their building, which is between them and Rocks Club, during the day. An agreement has been reached to use the parking of Anton's Restaurant to the east. However, the other property owners do not want an irrevocable parking agreement, and he has prepared a license agreement which has not been reviewed by the City Attorney. He would request a one week continuance to allow the City Attorney's office to review it. He explained that he would like information from the Commission to ensure that the agreement contained the information requested by the Commission. The document will be a reciprocal license agreement allowing shared parking between the properties. There has been joint parking for many years, and the previous CUP required 299 spaces, and it has been reduced to 270 spaces. At 270 the facility is not full. There were two kitchens originally, and one has been removed allowing more room. The building will easily accommodate 427 people. They do need the additional parking, and that is the intent of the license agreements. The agreements will provide that any party to the agreement can terminate it with 60 days notice, and the proper way to terminate it will be to notify the City of Victorville in a way deemed appropriate by the City Attorney.

Mr. Lundberg stated that he has reviewed the comments by the Police Department, and there are problems with deputies that he is going to investigate with them. There are enough laws through the Alcoholic Beverage Control and the City, but there are problems that need to be worked out. The facility is an asset to the community.

Commission Gardner noted that the reports from the Police and Fire departments were generated at the Commission's request.

Mr. Lundberg stated that he knew why they were generated, but questions how they were generated.

Commissioner Gardner noted there are representatives from the Police and Fire departments present tonight. She further noted that the club has been operating in violation since June 17 because they do not have a certificate of occupancy. They were notified of the violation on June 17, and June 24, and they were cited on August 5, and August 15. She stated she is concerned about expanding a use that is not in compliance in what currently exists. In response to Mr. Lundberg, Commissioner Gardner noted the violations were exceeding the occupancy load of the building, painted sprinkler heads which will not function, illegal extension cords, etc., as identified in the Fire Department memorandum.

Mr. Lundberg stated there was a certificate of occupancy issued for the site which was never closed. He questions since this is a modification of an existing CUP, then they should not violate the existing rules.

Mr. Hnatek explained the CUP modification has been required because they are increasing the number of seat bases. There is an occupancy limitation at this time and there is a proposed occupancy increase, but that increase requires an accomplishment of certain things and they have yet to be completed. The occupancy of the building has been exceeding the existing occupancy number, and that is the issue.

Mr. Lundberg stated he understands that, and that is the reason the citation was issued. They are here to determine if it is appropriate to modify the CUP, and the conditions have been met but the parking agreement needs to be obtained. He further stated the CUP allowed an occupancy of 299, which has been decreased to 270 and there has not been a decrease in seating capacity.

Mr. Hnatek stated the increase in the number of seat bases triggers the increase in the amount of parking required rather than occupancy, and Mr. Lundberg's example is two different matters.

Commissioner Gardner stated she understands that staff is considering the parking issue, while she is looking at expanding a use that is already causing problems. The Commission has an opportunity to address those problems because of the applicant's request. Until those problems are addressed, she is reluctant to approve expansion of the use.

Mr. Lundberg stated their job in the community is to provide an economic basis and safety procedures. While liquor establishments are not liked, they are already established in the community. This facility is large enough, and there are enough laws to regulate it. He stated they are trying to increase the numbers. There are problems, but he would like to investigate the Police Department report.

Commissioner Gardner noted that Mr. Kox has provided a letter which indicates that the security personnel have been increased from 8 to 19. In response, Mr. Kox stated that they previously have 8 to 10 personnel, and last night they had 23. They are taking every step necessary to ensure everyone's safety, as well as protection of the property. They have increased security personnel beyond the ABC requirements, which is 1 outside for every 100 patrons and 2 inside for every 100 patrons, which is only 12 with the maximum occupancy. He further stated they have personnel walking the parking lot with radios to ensure safety.

Mr. Lundberg stated the agreement must be circulated, and everyone must sign it. He questioned if the agreement could be given to the City Attorney for review, and the Commission approve it next week with a condition requiring the agreement to be signed, and whether that was the intent of staff.

In response, Mr. Hnatek stated any draft agreement should be submitted to the Planning Department for routing to the City Attorney, and it should be unsigned. He further stated that at this time it would not be an easement which would require modification of condition 3 to require a revocable reciprocal access and parking agreement, and the reason it is being required that the City be notified is because there will be a condition which will require the number of seat bases to be reduced if any parking agreement is revoked.

Mr. Lundberg stated they understand that requirement.

Chairman Glass noted that continuance would be for 2 weeks, rather than 1. He further asked that the Police Department provide information regarding ways to alleviate the nuisance problems being created at this facility because he does not know what conditions to require to meet those concerns.

Mr. Hnatek stated the Commission directed staff to prepare a memorandum to both the Police and Fire departments requesting their staff attend the meeting to address issues the Commission may have.

Chairman Glass stated any written assistance would be appreciated.

Mr. Lundberg suggested a joint work session.

Chairman Glass stated they can work it out with Planning staff.

In response to Commissioner Stevens, Sergeant Taylor stated the incidents noted in the Police Department memorandum are related to this property, and he does not known if club personnel were available for each instance. However, one incident occurred where the club personnel stood and watched.

Commissioner Stevens stated he is trying to correlate increased security and the number of incidents, and determine if the increased security personnel may cause a decrease in the problems. He noted he is concerned if personnel who were working stood by and did nothing.

Commissioner Gardner stated that is the complaint of her children, that on-site security personnel were not responsive.

Mr. Lundberg stated he would like to have due process, and not have general allegations. It should be more specific so the Commission can make a determination.

Chairman Glass stated he appreciates Mr. Lundberg's comment, however, the Commission is considering the broad picture and is not concerned about specific incidents. In response to Chairman Glass, Sergeant Taylor stated he could provide assistance to Planning in terms of conditions for the project in order to improve the security.

It was moved by Chairman Glass and seconded by Commissioner Jaroszewski to continue SP-14-91 (M-2) to the September 9 meeting. The motion carried by vote of four Commissioners, Commissioner Huber having left the dais.

Commissioner Huber returned to the dais.

Chairman Glass opened the public hearing at 8:20 p.m. There being no testimony, Chairman Glass closed the public hearing at 8:20 p.m.

It was moved by Commissioner Gardner and seconded by Commissioner Jaroszewski to approve Resolution P-98-136 with conditions. The motion carried by unanimous vote of the Commission. The Resolution was entitled:

Mr. Serio outlined the staff report, noting that the applicant has requested 30 storage containers, and staff is recommending a reduction to 20, since that is what the Commission has approved in the past.

Chairman Glass opened the public hearing at 8:21 p.m.

Steven Thompson, Wal-mart, addressed the Chair and explained they are requesting the containers to assist with holiday merchandise flow. He stated they would prefer 30 storage containers, but would agree to 20 if that is what the Commission approves. In response to Chairman Glass, Mr. Thompson explained that last year they used 15 containers which resulted in some merchandise being stored in the garden area and being damaged by rain. He further explained that 2 years ago they

The six inch (6") curb that devides the parking lots between the Rocks Club Restaurant and Antons Restaurant wasin place before we purchesed the property in 1992.

On 9-10-1996, we applyed for permits and closed the drive through to the ally from the south parking lot. This was done to prevent the non-patron traffic and crusers. This traffic was causing damage from the heavey trucks to the parking lot, and the crusers were disrupting the evening opertion. We also had several disturbances caused by crusers to our patrons.

We have in the past incresed our Security Personnel from 8 to19 as of this date.

Inclosed is a copy of our Security Policy and Procedures.

Any other questions please feel free to contact me.

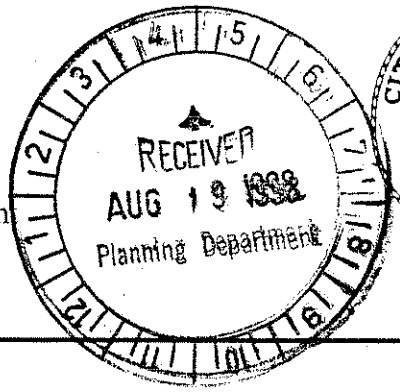
MEMORANDUM

DATE August 18, 1998

FROM John Becker, Fire Chief

TO John Hnatek, Director of Planning & Development



SUBJECT ROCKS CLUB

The primary problem at Rocks Club is that of blocking Fire Department access to fire sprinkler controls and connections. The alley way is also almost constantly blocked and has now been painted with red curbs, which can be enforced.

The Fire Department has had only one emergency response to Rock Club, which was for a drug overdose.

Agenda Item #3

MEMORANDUM

DATE August 25, 1998

FROM John Becker, Fire Chief.

TO John Hnatek, Director of Planning & Development

RECEIVED
AUG 25 1998
Planning Department

SUBJECT ROCKS CLUB - STATUS

As I indicated in my memo of August 18,1998, the Fire Department has had only one "response" to Rocks Club. The Fire Prevention Division, however, has been in constant contact with the club and the owner. The occupancy load as posted and allowed on the Certificate of Occupancy application is 270 persons total. As of this date, the Club has been operating without a C of O and has, on numerous occasions, greatly exceeded the posted occupancy load of 270. To date, we have issued the following:

- June 17, 1998 - Notice of Violation: Club noticed to obtain Certificate of Occupancy prior to operation.
- June 24, 1998 - Notice of Violation: Illegal extension cords, painted sprinkler heads, exceeding occupancy load, failure to comply with previous notice.
- August 5, 1998 - Citation: V.M.C. 805.020 and U.F.C. 103.4.3.1, exceeding maximum occupancy load; failure to comply with Notice of Violation.
- August 15, 1998 - Citation Pending: Failure to comply with notice and previous citation, exceeding occupancy load.

Rocks Club has been a constant problem and, to date, has not completed all tenant improvements required and remains limited to 270 persons. We intend to file cost recovery with the citations for all time incurred outside the normal workday. As you know, once we are advised of any unsafe condition, such as overcrowding, we must act to eliminate the hazard. It is not feasible to clear out a business establishment with 350 drinking patrons, thus mandating that we place a Fire Prevention Officer at the door to deny further entry and remain in place until the establishment closes or the occupancy load meets the requirements. As of this date, the Club has not complied with the T.I. plan, and we are frequently called due to overcrowding.

Please advise me if I can be of further assistance.

SUBJECT **Proposed Site Plan Modification SP-14-91 (M-2) -T & B Properties (Rocks Club)**

In response to your correspondence of August 13, 1998, my staff has completed a review of police activity arising from the location at 14269 Seventh Street. I have broken this information down by month and severity of incident.

During the month of May, deputies from our department responded a documented eleven times to the Seventh Street address. Five of these calls were self generated bar checks by deputies assigned to the patrol division. Deputies responded to two fights with multiple subjects that resulted in injuries to patrons of the establishment. Another call for service concerned a victim of an assault who went to Victor Valley Community Hospital. The remaining calls for service were a vehicle burglary and false burglary alarm.

During the month of June, we responded to the business on nine occasions. Two of these calls were self initiated bar checks with the remaining calls being in response to a call for assistance. There were two thefts reported the first being a theft of a patrons purse and the second being the theft of a Nissan Sentra from the parking lot. Deputies also responded to a subject claiming he had been assaulted by the bouncer at the location. The other assault reported was an Assault with a Deadly Weapon, wherein a patron struck another customer with a beer bottle causing a laceration that required sutures at a local hospital.

During the month of July, our deputies responded to the Rocks Club seventeen times. Seven of these responses were for fights or assaults that occurred on the premises. One of these assaults was a female victim who was attacked by six subjects who were patrons of the nightclub. This attack was allegedly witnessed by the security guards who did not assist the victim. Deputies responded to two calls involving people who were severely comatose and believed to have ingested the drug GHB. One of these victims had to be admitted to an intensive care unit. The remaining calls for service were for thefts, bar checks and other law enforcement problems.

As of August 19, our deputies have responded to the club on twelve occasions for calls for service, none of these responses have been for bar checks. Four of these calls were responses to assaults or assaults with a deadly weapon. The assault with a deadly weapon occurred when a patron struck another customer with a beer bottle leaving a 2.5 inch laceration on the victims head. Deputies have also responded to reports of people who are drunk in public causing disturbances at the club and in the parking lot. In addition, our deputies have been called upon to assist the Fire Department when the club has had a crowd well in excess of the building limits.

In the short time the Rocks Club has been in business, it has required a disproportionate amount of law enforcement resources to address the problems associated with the business.

Opinions and/or recommendations: Due to the unsecured nature of the proposed site plan modifications we reject this proposal unless patrolled officers are assigned to this area between the hours of 1:45 a.m. to 2:15 a.m.

As a result of the nightclub in question there have been numerous dangerous and reckless behaviors demonstrated by its patrons returning to their vehicles after the closing hour. Due to the clientele this nightclub attracts repeated unsafe actions such as reckless driving to and from the parking lot, obscenities shouted, and/or violent confrontations between patrons have occurred weekly. Reoccurring each week at intervals of three times per week since the opening of this establishment have contributed to the above mentioned behaviors. The hazardous behaviors have established concern and fear into the residents who are within 300 feet of the proposed parking modification.

Rejection of this proposal is necessary unless police officers are appointed to prevent dangerous and potential fatal occurrences within this area.

Dear Mr. Diamond:

This letter will confirm our telephone conversation of August 9, 2001. By letter personally delivered to George Thanopoulos on August 7, 2001, the City of Victorville scheduled a hearing concerning the proposed revocation of the Rocks Club business license. SUBJECT: **FINDINGS AFTER HEARING ON PROPOSED REVOCATION OF BUSINESS LICENSE OF OLYMPIA GRILL AND LOUNGE, INC., DBA ROCKS CLUB ("LICENSEE")**

At the request of attorney Roger Jon Diamond, the hearing to consider the proposed revocation or suspension of the business license was continued to Wednesday, August 22, 2001, at the hour of 1:30 p.m. (Exhibit 23). By further telephonic request from Mr. Diamond on August 22, 2001, the matter was adjourned to 5:30 p.m.., August 22, 2001. During the telephone conversation, Mr. Diamond further requested that if the hearing was not concluded on August 22, 2001, it be continued to Thursday, August 23, 2001. The hearing reconvened at 1 p.m. on Thursday, August 23, 2001.

At the business license revocation/suspension hearing, the City of Victorville was represented by Henry R. Kraft, City Attorney. The Rocks Club was represented by its counsel Roger Jon Diamond. Also present were George Thanopoulos, representing the Rocks Club.

The following witnesses testified: Kevin McIntyre, Manager of Denny's Restaurant; Jose Luis, Manager of Denny's Restaurant; Deputy Ken Lutz, Victorville Police; Sergeant Bob Wells, Victorville Police; Joe Zuccaro, Fire Safety Specialist, City of Victorville; George Thanopoulos; Yvonne Hester, PIO, and William Finn Bennett.

Further, the City offered into evidence 23 exhibits which are contained in a three-ring binder. The City Attorney, having offered the exhibits into evidence and the Hearing Officer, having admitted said exhibits, as well as noting the objections of Attorney Diamond, each of the exhibits have been determined by the Hearing Officer to be of probative value and are entered into evidence and were considered by the Hearing Officer in rendering his Statement of Findings.

Exhibit 1 sets forth the ten grounds for the proposed revocation/suspension of the business license. The Hearing Officer finds that the City of Victorville presented substantial evidence in support of each of the allegations.

With respect to allegation No. 1, that "Licensee" has "failed to provide adequate security at the Rocks Club," credible evidence was presented by Deputy Lutz, Fire Safety Specialist, Joe Zucarro, and restaurant managers McIntyre and Luis, that numerous fights occurred, which have escalated over a six-month period both on the premises of the Rocks Club and at Denny's Restaurant, without adequate security being provided by Licensee. Credible testimony established that presented the Rocks Club security had been instructed not to provide any security at Denny's for Rocks Club patrons causing disturbances at Denny's.

Credible testimony was presented that illegal activities and activity constituting nuisance, including fighting, disturbing the public, public disturbances, public urination, fornication, displaying of weapons, assaults with deadly weapons occurred both on the premises of the Rocks Club and the vicinity without having adequate security provided by "Licensee."

With respect to allegation No. 2, "Failure to prevent Rocks Club patrons from endangering the health, safety and welfare of occupants of the Rocks Club and the vicinity," credible evidence was presented that on July 20, 2001, Dernell Profit, a 19-year-old male was shot in the back in the Rocks Club, by a patron. Further, Rocks Club security was derelict in not searching entering patrons for the purpose of preventing the admission of weapons into the nightclub. Further, credible evidence of overcrowding, fights, a person being thrown against a window, assaults with deadly weapons, persons under the influence of alcohol, drugs, or the combined influence of alcohol and drugs and of other unlawful activities, were not prevented by the Rocks Club.

With respect to allegation No. 3, "Failure to prevent escalating violent conduct, both at the Rocks Club and in the vicinity, specifically including but not limited to, the shooting incident occurring on Friday, July 20, 2001," credible evidence was presented that Rocks Club security personnel failed to prevent a patron from entering Rocks Club with a loaded fire arm on Friday, July 20, 2001. Further, credible testimony was presented that the Victorville Police responded to 1,020 calls for service between May 1, 1998, and July 31, 2001. Evidence was presented that from May 1, 1998, to December 31, 1998, the Victorville Station responded to 108 calls for service to the Rocks Club. From January 1, 1999, to July 31, 2001, the Victorville Station responded to 453 incidents and reports to the Rocks Club. Testimony was presented to an additional 459 incidents and reports from nearby Denny's Restaurant, of which many involved patrons that had left the Rocks Club. The incidents included disturbing the peace, drunk in public, urinating in public, fighting, and defrauding an innkeeper.

The reports contained in Exhibit 18 were considered by the Hearing Officer and support his finding that, within the past six months, escalating violent conduct has occurred both at the Rocks Club and in the vicinity. Further, Deputy Lutz testified to ongoing criminal and antisocial behavior at Rocks Club following the July 20, 2001, incident, including vandalism and public intoxication.

With respect to the fourth allegation, "Serving of alcohol to minors," Deputy Lutz and Fire Safety Specialist, Joe Zucarro, testified to observing and speaking to obviously intoxicated minors reporting they had been served alcohol by Rocks Club personnel. Further, Deputy Lutz testified that on December 16, 1998, a 19-year-old female who had been served alcohol at the Rocks Club, drove a motor vehicle which blew a tire, resulting in an accident which cost her her life. Deputy Lutz testified to more than 20 fights which were investigated by the Police Department, several of which involved more than 100 intoxicated individuals.

With respect to allegation No. 5, "Serving alcohol to obviously intoxicated patrons," Deputy Lutz, Fire Safety Specialist, Joe Zucarro, and the Denny's Restaurant manager's testified to speaking with numerous individuals who had purchased alcohol from the Rocks Club and who were obviously intoxicated, some to the extent that they were unable to care for themselves and some hospitalized for alcohol poisoning.

With respect to allegation No. 6, "Allowing overcrowding after previously being served with notices of violation," Exhibits 10, 11, 12, 13, 14, 15, 16, and 17, including the testimony of Deputy Lutz and Fire Safety Specialist, Joe Zucarro, demonstrate numerous incidents of overcrowding, substantially exceeding the occupancy limit established by the City of Victorville Building Department, which overcrowding endangered public health, safety and welfare, after the Rocks Club was put on notice of the dangerous conditions.

With respect to allegation No. 7, "Failure to control patrons and prevent public disturbances," the findings made with respect to allegations 1 through 6, are incorporated by reference. Not withstanding the statement by Mr. Terry Cox, representing the Rocks Club, on August 26, 1998, that, "they are taking every step necessary to ensure everyone's safety, as well as the protection of the property," the evidence established an escalating pattern of unlawful conduct and public disturbances resulting in the apparently permanent paralysis of Dernell Profit on July 20, 2001.

With respect to the allegation contained in No. 8, "Operating the Rocks Club in a manner contrary to the peace, health, safety, and general welfare of the public," the findings made with respect to allegations 1 through 7 are hereby incorporated by this reference. The testimony established that the owners and operators of the Rocks Club are unable to protect the peace, safety, health and welfare of the public, that they were unable to control patrons and prevent disturbances and, further, the Sheriff's Department had to send a disproportionate number of personnel to police the "Licensee" in relation to the other establishments in the City serving alcohol. Based on the testimony of Deputy Lutz by a ratio of 10:1, the Police responded to incidents at the Rocks Club and in the vicinity of the Rocks Club which were significantly higher than that required by similar establishments serving alcohol.

With respect to the allegations contained in allegation No. 9, "Repeated violations of rules relating to the operations of the Rocks Club business," the findings made in connection with allegations 1 through 6 are incorporated herein by this reference. The testimony presented by Deputy Lutz and Fire Safety Specialist, Joe Zucarro established that after receiving numerous notices of violation, the "Licensee" continued to allow overcrowding.

With respect to allegation No. 10, "Conduct of the Rocks Club and its patrons necessitating police responses significantly higher than that required by similar businesses," the findings made in connection with allegation No. 8 are incorporated herein by this reference.

Based on the foregoing, it is the determination by the Hearing Officer that the business license of the Rocks Club be revoked immediately, pursuant to the Victorville Municipal Code Section 5.04.310 (b) permitting the City Manager, or designee, to revoke a business license for any violation of this chapter, or any ordinance of the City, or any other laws relating to the permitted business. The Hearing Officer specifically finds that Uniform Fire Code Section 103.4.3.1 was violated by "Licensee" on August 5, 1998, January 22, 2001, March 1, 2001, and March 2, 2001, whereby the "Licensee" did fail to comply with previous notices of the Fire Department in that maximum occupancy was exceeded.

Further, the hearing Officer has determined that the operations of the Rocks Club constitute a public nuisance defined by Victorville Municipal code 5.04.060, which provides that no license issued under the provisions of the chapter shall be construed as permission to conduct or carry on a business in such manner as to create or maintain a nuisance.

Further, substantial evidence was established that, pursuant to Victorville Municipal Code 13.02.130 (a), (b), and (c), that "Licensee" has engaged in conduct which:

(a) Annoys, injures or endangers the safety, health, comfort or repose of the public;
(b) Unlawfully interferes with, obstructs or tends to obstruct or render dangerous for passage a public park, square, street, alley or highway;
(c) In any way renders the public insecure in life or in use of property.

The conduct constituting public nuisances was established by testimony referred to herein above in the findings, as well as in the documentary evidence considered by the Hearing Officer.

It is specifically found that the business license of "Licensee" is revoked effective 8 p.m., Friday, August 24, 2001, and that the "Licensee" may not conduct any business at that location. The basis for the revocation is:

(1) "Licensee" failed to control disturbances on or near the premises;
(2) Failure to comply with the law whereby the conduct of "Licensee" constitutes a public nuisance;

(3) The expenditure of excessive resources of the Police Department, Fire Department, and City personnel, to enforce the law regarding the conduct or "Licensee" and its patrons both on and off the premises. Pursuant to Victorville Municipal Code 5.04.230, "It is unlawful for any person to carry on business after the license has been revoked.

Re: Rocks Club Operations Agreement

Dear Mr. Friedland:

This will confirm our telephone conversation of August 28, 2001. In Mr. Roger Diamond's absence, it is my understanding that you will be representing the Rocks Club in connection with the Operations Agreement.

Please find enclosed for your consideration the Operations Agreement signed by Tom Thanopoulos, President of Olympic Grill and Lounge, Inc., dba Rocks Club on Friday, August 24, 2001. The agreement contains additional handwritten language in paragraph 12 and a new paragraph 17a. Also please find enclosed an Operations Agreement prepared by this office which contains the handwritten additions to the signed agreement. Please obtain Mr. Thanopoulos' signature at your earliest convenience and return it to this office by overnight mail.

It is my understanding that the Rocks Club has hired a security consultant. It is imperative that the Rocks Club operate within the time parameters established by the Operations Agreement. Please provide to this office at your earliest opportunity a written proposal regarding security. Further, the Rocks Club is required, within ten days of August 24, 2001, to submit a written method for implementing the patron count.

Further, pursuant to paragraph 7 of the Operations Agreement, the Rocks Club is required, within ten days of August 24, 2001, to provide a written operations plan.

5hrk/pg/cvv:Friedland.763

You advised me that you would fax the Operations Agreement to attorney Diamond in Australia for his review. Paragraph 16 of the Operations Agreement requires that the petition for writ of administrative mandamus filed by Mr. Diamond be dismissed with prejudice within five calendar days of the execution of the Operations Agreement, August 24, 2001. I will grant you sufficient additional time to receive authorization from Mr. Diamond to dismiss the pending petition. However, time is of the essence and I would appreciate being advised when the pending petition will be dismissed with prejudice.

Upon receipt of a conformed copy of the dismissal of the petition for writ of administrative mandamus, I will provide you with conformed copies of the dismissals of the two pending criminal actions. Further, inasmuch as Tom Thanopoulos has executed the Operations Agreement, the pending license revocation hearing has been dismissed.

Again, time is of the essence. Please contact me at your earliest opportunity regarding the executory provisions of the Operations Agreement.

Very truly yours,

Re: Rock's Club

Dear Mr. Kraft:

The Rock's Club needs to allow 18 year olds and up to be patrons again. The regulations it is following will put it out of business shortly. I am enclosing herewith daily patron counts from August 24 through September 30, 2001. Business is terrible.

The Rock's Club has already closed on Sundays and is planning to close Mondays, Tuesdays and Wednesdays if young adults are not permitted to patronize the club.

The Rock's Club's patrons are transferring their business to Mr. V's and Tequila's.

The Rock's Club is also requesting an "all ages" night with no alcohol. Please give this your earliest attention and let me know your decision. The City does not benefit by the closure of the Rock's Club.

Sincerely,

Roger Jon Diamond

RE: Rocks Club Appeal from Revocation of Business License and Cessation of Operations

---

I. INTRODUCTION

Olympia Grill and Lounge, Inc. has appealed the decision of the City of Victorville revoking the business license of the Rocks Club located at 14269 7th Street, Victorville ordering the cessation of all business.

The City Council will conduct a hearing to determine whether substantial evidence exists in support of the City determination to revoke the business license and to order the cessation of operations. Evidence will be presented by the City. Limited cross-examination will be permitted. The Rocks Club will then be permitted to present evidence, both testimonial and documentary, opposing the action by the City.

After consideration of all the evidence presented, the City Council will be asked to determine whether or not substantial evidence has been presented in support of the determination to revoke the Rocks Club business license and to order the cessation of all business activities.

II. STATEMENT OF PROCEEDINGS

It is the position of the City of Victorville that a continuing public nuisance exists at the Rocks Club, which endangers the public health, safety and welfare. During the past three years, an ever increasing pattern of criminal and anti-social conduct has been permitted to exist by the Rocks Club.

On Wednesday, August 22, 2001 and Thursday, August 23, 2001, a hearing was held before a hearing officer to determine whether or not to revoke the Rocks Club business license.

A true copy of the Memorandum submitted to the hearing officer and counsel is attached hereto as Exhibit 1. At the conclusion of the hearing, but prior to the issuance of a determination by the hearing officer, the City of Victorville and the Rocks Club entered into a written Operations Agreement dated August 24, 2001. A true copy of the Operations Agreement is attached hereto as Exhibit 2.

Among others, the Rocks Club agreed to comply with the following conditions:

1. Licensee will comply with the laws and regulations concerning the sales and consumption of alcohol.

2. Licensee will comply with all ordinances and resolutions of the City of Victorville relating to the occupancy and use of the Rocks Club.

3. Persons under the age of 21 years may only be admitted for events which have received the prior approval of City, which approval shall not be unreasonably withheld. No person under the age of 18 years shall be admitted to the Rocks Club or be permitted to remain after 10:00 p.m., without permission from the City, the City shall not unreasonably withhold permission. This is to allow non-alcoholic events.

The Rocks Club was then permitted to operate under the terms and conditions of the Operations Agreement. Paragraph No. 10 of the Operations Agreement provides that "**any material violation of the terms and condition will, at the sole discretion of City, result in the immediate revocation of the Rocks Club business license. Any such revocation by the City Manager is appealable directly to the City Council.**"

The City Attorney spoke with Attorney Melvin Friedland on several occasions in connection with the execution and implementation of the Operations Agreement. Mr. Friedland was advised by the City Attorney that the operations of the Rocks Club would be closely monitored. Mr. Friedland was advised that it was likely that the Sheriff's Department would conduct one or more sting operations to assure compliance with the Operations Agreement. Mr. Friedland was further advised by the City Attorney that the City wished the Rocks Club to be a good neighbor and to continue to operate so long as the health and safety issues leading to the revocation proceedings were addressed by the Rocks Club and prevented. Mr. Friedland acted in the place of Attorney Diamond while he was on vacation in Australia.

On Thursday, September 13, 2001, in a sting operation under the direction and supervision

of two undercover detectives, two under-aged Explorer Scouts purchased alcohol at the Rocks Club. The two under-aged Explorer Scouts presented valid identification to Rocks Club employees prior to obtaining admission. The Rocks Club employees determined that the two under-aged Explorer Scouts were 20 years old. Notwithstanding condition 12 of the Operations Agreement, Rocks Club staff affixed large, white colored streaks on each hand of one of the Explorer Scouts, indicating that he was under 21 years of age. The second under-aged Explorer Scout received no such mark. In the company of two Sheriff's detectives, the two under-aged Explorer Scouts were admitted to the Rocks Club, ordered alcoholic beverages and were served acholic beverages in violation of California Business and Professions Code section 25658, which prohibits the sale of acholic beverages to persons under the age of 21 years. A true copy of the redacted police report is attached hereto as Exhibit 3.

On September 27, 2001, a similar sting operation was conducted under similar circumstances. An under-aged Explorer Scout was admitted to the Rocks Club after providing proof that he was under the age of 21 years. He entered the Rocks Club at 11:00 p.m. Paragraph No. 12 of the Operations Agreement prohibits a person under the age of 18 years of age from being admitted to the Rocks Club or be permitted to remain after 10:00 p.m. The under-aged Explorer Scout, bearing a distinctive marking on his hand indicating that he was under the age of 21 years, ordered alcohol and was served alcohol by no less than three employees of the Rocks Club. A true copy of the redacted police report is attached hereto as Exhibit 4.

As indicated in Exhibit 1, the Rocks Club has experienced serious law enforcement problems relating to under-aged drinkers. One young lady was involved in a one car traffic accident resulting in her death. She was served drinks at the Rocks Club, became intoxicated, and died. On July 20, 2001, a 19 year old man, while a patron at the Rocks Club, was shot in the back and is paralyzed. He and other individuals under the age of 21 years were served alcoholic beverages.

The Rocks Club is a magnet for under-aged drinkers. The Rocks Club requires persons under the age of 21 years to pay a cover charge of $7.50, who are then admitted to the Rocks Club, order and are provided with acholic beverages, notwithstanding the distinctive marking on their hand identifying them as being below the legal age to purchase and consume alcohol.

Based on the facts recited here and above, as well as those contained in the prior Memorandum, the Rocks Club has demonstrated and continues to demonstrate that it is unwilling to comply with the law and the Operations Agreement and constitutes a threat to

the public health and safety by continuing to admit under-aged drinkers.

Following the two sting operations, the City Manager determined that the Rocks Club had materially violated several of the terms of the Operations Agreement and revoked the business license of the Rocks Club on October 10, 2001. On October 10, 2001, George Thanopoulos, manager of the Rocks Club was personally served with a Notice of Revocation of business license and to cease operations. A true copy of the Notice of Revocation is attached hereto as Exhibit 5.

In the San Bernardino Sun Telegram, Attorney Roger Jon Diamond is reported to have stated to the newspaper that the Rocks Club would continue to operate in spite of the revocation of business license and notice to cease operations issued by the City. On Thursday, October 11, 2001, in violation of the revocation order, the Rocks Club was opened for business. The operations were observed by the Sheriff's Department. Mr. George Thanopoulos, the manager, was asked why the Rocks Club remained in operation. Mr. Thanopoulos advised the Sheriff's Department that the business remained open on the advice of counsel, Attorney Roger Jon Diamond.

Attached hereto as Exhibit 6 is correspondence dated October 11, 2001 from Attorney Roger Jon Diamond addressed to the City Clerk appealing the decision of October 10, 2001 revoking the business license.

Attached hereto as Exhibit 7 is correspondence from the City Attorney to Attorney Roger Jon Diamond, dated October 12, 2001, confirming the date, time and location of the appeal hearing, as well as the basis for the decision by the City to revoke the business license. Mr. Diamond was provided with a copy of the redacted police reports prepared in connection with the September 13 and September 27, 2001 sting operations. The police reports have been redacted to omit photographs of the under-aged Explorer Scouts, their identification, and any reference to their names. The redaction was performed to protect the privacy rights of the under-aged Explorer Scouts.

Attached hereto as Exhibit 8 is correspondence dated October 12, 2001 from the City Attorney to the law offices of Roger Jon Diamond, responding to Mr. Diamond's correspondence dated October 11, 2001.

Attached hereto as Exhibit 9 is correspondence dated October 3, 2001 from Attorney Roger Jon Diamond stating that unless persons under the age of 21 years are admitted to the Rocks Club, the business will fail.

III. CONCLUSION

Since the Rocks Club began operations, the Victorville Police Department has responded to the Rocks Club and the neighborhood in excess of 1,000 times. Numerous shooting incidents, violent activities, and thefts have occurred in an ever increasing frequency. The Rocks Club has become a magnet for anti-social conduct and violent acts. The City of Victorville threw the Rocks Club a lifeline by allowing them to operate under terms and conditions which would allow them to remain in business and be a good citizen. Based on the continuing admission of minors to the Rocks Club and the serving of alcoholic beverages, an immediate threat to the public health, safety and welfare was presented to the City Manager, who appropriately, on behalf of the City of Victorville, revoked the business license and ordered the owners to cease operations. Demonstrating callous indifference to the public health, safety and welfare, the Rocks Club, on the advice of its attorney, reopened in violation of a lawful order.

Based upon the Exhibits attached hereto, as well as the evidence presented, it is submitted that the City has presented to the City Council substantial evidence in support of the City Manager's determination on behalf of the City to revoke the Rocks Club business license and order it to cease operations. Based on the foregoing, it is the recommendation that the decision of the City Manager be upheld.

One of the individuals under 21 years old received a large white colored streak on each hand, indicating to Rocks Club staff that he was under 21 years of age. The other 20 year old did not have any

They were accompanied by a 20 year old male. The 20 year old male presented his California driver's license correctly setting forth his age and was granted admission to the Rocks Club. The 20 year old male received two large white streaks, one on each hand, from Rocks Club personnel, identifying him as being under the age of 21 years. He was then granted admittance to the Rocks Club. While at the Rocks Club, the 20 year old male ordered and was served alcoholic beverages by Rocks Club employees.

23. The conduct of defendants and each of them on September 13, 2001 and September 27, 2001 violated California Business and Professions Code section 25658, Victorville Municipal Code section 5.04.310(a)(6), as well as conditions No. 1, No. 2 and No. 12 of the Operations Agreement.

24. On October 10, 2001, pursuant to paragraph No. 10 of the Operations Agreement, the Victorville City Manager determined that the admission of individuals under 21 years of age to the Rocks Club and the service by Rocks Club personnel of alcoholic beverages to

the 20 year old males constituted a material violation of the Operations Agreement and in the sound exercise of discretion, immediately revoked the Rocks Club business license.

25. On October 10, 2001, George Thanopoulos, the manager of the Rocks Club, who was on duty at 14269 7th Street, Victorville, California, was personally served with a Notice of Revocation of Business License and to Cease Operations. A true copy of said Notice is attached hereto, marked Exhibit 2, which is incorporated herein by this reference as though set forth at length. Pursuant to Exhibit 2, defendants, and each of them, were notified that they ...

> **"are directed to immediately cease operations, remove all patrons and staff, and lock the facility. Failure to comply will result in the matter being submitted to the City Attorney for criminal prosecution and obtaining an ex parte court order enforcing this revocation order."**

26. Plaintiffs are informed and believe and thereon allege that on Thursday, October 11, 2001, upon the advice of legal counsel, Attorney Roger Jon Diamond, the Rocks Club opened its doors and conducted business, in violation of the City of Victorville Revocation of Business License and Notice to Cease Operations.

27. Defendants and each of them timely filed an appeal from the decision by the City to revoke business license and to cease operations. Exhibit 3 is a true copy of the City's brief opposing the Appeal.

28. The appeal hearing was heard by the Victorville City Council after defendants, and each of them, were given Notice and an opportunity to be heard concerning the revocation of business

license and notice to cease operations. At the conclusion of the appeal hearing, the decision of the City to revoke the business license and order to cease operations of the Rocks Club was unanimously upheld by the City Council.

45. The conduct of defendants, and each of them, was wilful, intentional, and made in reckless disregard for the safety of others

CASE NUMBER: VCVVS 024950 CITY OF VICTORVILLE REPLY TO OPPOSITION TO MOTION FOR PRELIMINARY INJUNCTION DATE : 11/02/01 TIME : 10:00 A.M. DEPT.: V-3

I.

INTRODUCTION.

Defendants have objected to the issuance of a Preliminary Injunction by misstating both the facts and law. This court has

determined that the basis for issuing the Temporary Restraining Order is a material breach of the written Operations Agreement made August 25, 2001.

The City Manager, pursuant to the authority vested in him pursuant to paragraph No. 10 of the Operations Agreement, revoked the business license and ordered the Rocks Club closed. Notwithstanding the personal service of the Revocation Order on the Rocks Club, and on the advice of counsel, the Rocks Club continued to operate in violation of a lawful administrative order.

II.

THE CITY MAY DETERMINE WHAT ACTIVITIES CONSTITUTES A PUBLIC NUISANCE AND MAY TAKE APPROPRIATE ACTION TO ABATE PUBLIC NUISANCES.

Government Code section 38771 provides "By ordinance the city legislative body may declare what constitutes a nuisance."

California Code of Civil Procedure section 731 authorizes a City Attorney to file an action in the name of the People of the State of California to enjoin or abate a public nuisance and to seek the recovery of damages.

California Civil Code section 3479 defines a nuisance as "anything which is injurious to health, including, but not limited to, the illegal sale of controlled substances, or is indecent or offensive to the senses, or an obstruction to the free use of property, so as to interfere with the comfortable enjoyment of life or property, ..."

Places where liquor is unlawfully sold have been declared by the State Legislature to be nuisances. People v. Robin 56 Cal.App. 2d.

885, 133 P.2d. 436 (1943). In Robin, supra, the Court of Appeal upheld the right of a City to bring a civil action to abate a public nuisance consisting of the illegal sale of alcohol. Here, the unlawful sale of alcohol to persons under the age of 21 years, which in the past have resulted in deaths and permanent injuries, are facts sufficient to constitute a public nuisance which can be abated, either summarily, or with notice.

Whenever a thing or act is of such a nature that it becomes a nuisance, or may be injurious to the public health, if not suppressed or regulated, the legislative body may, in the exercise of its police powers, make and enforce ordinances to regulate or prohibit such act or thing. San Francisco Shopping News Company v. City of South San Francisco 69 F.2d. 879 (1934). Citing In Re Cardenal, 170 Cal. 519, 153 P. 348 (1915) San Francisco Shopping News Company, supra, quoted the language of the California Supreme Court that "the question of classification is primarily one for the legislative power to be determined by it in the light of its knowledge of all the circumstances and requirements, the presumption in the courts is in favor of fairness and correctness of the determination by the legislative department, and the courts are not privileged to overturn that determination unless they can plainly see that the same was without warrant in the facts."

Citing Murphy v. California, 225 U.S. 623, 32 S.Ct. 697, 698 (1911), San Francisco Shopping News Company pointed out that "... the 14th Amendment protects the citizen in his right to engage in any lawful business, but it does not prevent legislation intended to regulate useful occupations which, because of their nature or

location, may prove injurious or offensive to the public."

The 4th Appellate District, Division 2, in People v. Mitchell Brothers' Santa Ana Theater, 114 Cal.App. 3d. 923, 171 Cal.Rptr. 85 (1981), upheld the right of a City Attorney to prosecute a civil action, including seeking injunctive relief, for the abatement of a public nuisance.

III.

EVIDENCE CODE SECTION 1101 AUTHORIZES THIS COURT TO CONSIDER DEFENDANTS' PRIOR ACTS.

This court has determined that it is defendants' breach of the August 25, 2001 Operations Agreement, which constitutes the basis for issuing a Temporary Restraining Order and imposing conditions on the operations of the Rocks Club. The 1,020 or more prior calls for service, the prior death of a patron, the paralysis of a 19 year old young man, shooting incidents, stabbing incidents, fights, etc., were not offered for the purpose of establishing a public nuisance based on those acts, but to establish a pattern of conduct by the defendants negating their claim that they acted in a mistaken belief.

Paragraph No. 12 of the Operations Agreement provides:

> "Persons under the age of 21 years may only be admitted for events which have received the prior approval of City, which approval shall not be unreasonably withheld. No person under the age of 18 years shall be admitted to the Rocks Club or be permitted to remain after 10:00 p.m. without permission from the City, and the City shall not unreasonably withhold permission. This is to allow non-alcoholic events."

The final language of paragraph No. 12 was modified at the request of Attorney Roger Diamond. At the appeal hearing held before

the City Council on Monday, October 15, 2001, George Thanopoulos, the Rocks Club Manager, testified that he did not understand that he was not to authorize the admission of persons under the age of 21 years to the Rocks Club. This followed two days of testimony where various police officers, on August 22 and 23, 2001, testified that it was under-aged drinkers and persons under the age of 21 years of age admitted to the Rocks Club which created a substantial public nuisance. It is disingenuous for Mr. Thanopoulos to maintain that he did not understand that the contract provision drafted by his counsel prohibited the admission of persons under the age of 21.

The 1,020 or more prior incidents are offered, not in support of City's request for injunction, but to establish defendants' motive, opportunity, intent, plan, knowledge, absence of mistake or accident. California Evidence Code section 1101(b) authorizes "the admission of evidence that a person committed a crime, civil wrong, or other act when relevant to prove some fact (such as motive, intent, opportunity, preparation, plan, knowledge, identity, absence of mistake or accident . . . ."

IV.

THE SERVING OF ALCOHOL TO MINORS AND ADMISSION TO THE ROCKS CLUB OF PERSONS UNDER 21 YEARS OF AGE CONSTITUTES A MATERIAL VIOLATION OF THE OPERATIONS AGREEMENT.

At the hearing on the City of Victorville's application for a Temporary Restraining Order, this court upheld the determination by Jon Roberts, City Manager, that the serving of alcohol to persons under the age of 21 years on September 13 and 27, 2001, as well as

admitting persons under the age of 21 years and allowing them to remain on the premises after 10:00 p.m. on those dates, constitutes a material violation of the Operations Agreement.

At the appeal hearing held September 15, 2001 before the City Council, the City Manager testified that service of alcohol to persons under the age of 21 years, the admission of persons under the age of 21 years to the Rocks Club, and permitting persons under the age of 21 years to remain after 10:00 p.m. constituted material breaches of the Operations Agreement. Defendants' position that service of alcohol to minors in light of the tragic history of the Rocks Club is merely an infraction is ludicrous and not worthy of further comment.

Mr. Diamond argues that "two isolated incidents of alleged service of alcohol to 20 year olds cannot establish a nuisance." At the October 15, 2001 hearing, Kari Sikorski, an employee of the Rocks Club, while testifying on behalf of the Rocks Club, testified that the Manager, George Thanopoulos, authorized the admission to the Rocks Club of between 10 and 15 persons under the age of 21 years following the October 15, 2001 appeal hearing. The testimony presented by Rocks Club personnel clearly established that the Rocks Club has no intention of obeying the law and complying with the precise terms and conditions of the Operations Agreement.

V.

CONCLUSION.

Plaintiffs have filed this action pursuant to California Code of Civil Procedure section 731. The City of Victorville asks this court to issue its Preliminary Injunction on the basis of (1) the

determination by the City Manager and the City Council that the continuing operations of the Rocks Club constitute a public nuisance, endangering the public health, safety and welfare; and/or (2) independently determining that, based on the evidence presented to it, the continued operation of the Rocks Club constitutes an eminent danger to the public health, safety and welfare.

Under Code of Civil Procedure section 731, and pursuant to Monterey Club v. Superior Court of Los Angeles, 48 Cal.App. 2d. 131, 119 P.2d. (1942), this court can, independently of the City's prior decisions, grant a Preliminary Injunction based upon sufficient allegations contained in the verified complaint and the declarations under penalty of perjury submitted in support thereof.

Based on the foregoing, it is respectfully submitted that the Preliminary Injunction be issued, and, at a minimum, the terms of the Temporary Restraining Order remain in full force and effect.

However, based upon the evidence presented to the City Manager and the City Council, as well as the independent evidence submitted to this court in connection with the City's application for a Temporary Restraining Order and Preliminary Injunction, the determination of the City Manager to revoke the business license of the Rocks Club should be upheld. Pursuant to the provisions of the Victorville Municipal Code, no business may continue to operate without a valid business license.

In the absence of a valid business license, the City respectfully requests that the Temporary Restraining Order include

I.

INTRODUCTION.

Plaintiff refers to and incorporates herein by this reference as though set forth at length its Memorandum of Points and Authorities in Reply to Plaintiff's Opposition to Motion for Preliminary Injunction, a true copy of which is attached hereto and marked Exhibit 1.

////

II.

PETITIONER'S ARGUMENTS ARE WITHOUT FOUNDATION.

Petitioner contends that the hearing before the City Council was not fair. In a three hour hearing, the City Council heard the testimony of numerous Rocks Club employees. Contrary to Petitioner's factual misstatements contained in its Memorandum of Points and Authorities, the five-member Victorville City Council independently heard the evidence both in support of, and opposed to, the decision by the City Manager to revoke the Rocks Club business license. That evidence is contained in Exhibit 2 to the Complaint, as well as the transcript of the appeal hearing previously lodged with this court. The City Council was authorized to determine whether, based on substantial evidence, the City Manager properly revoked the business license of the Rocks Club based upon the September 13 and 27, 2001 incidents wherein the Rocks Club sold alcohol to persons under the age of 21 years, knowingly admitted persons under the age of 21 years, and failed to remove them from the premises after 10:00 p.m.

Petitioner next contends that there is incompetent evidence in the record that persons under the age of 21 years of age were served alcohol. Again, that contention is clearly contrary to the evidence. On October 15, 2001, the September 13 and September 27, 2001 redacted police reports were considered by the City Council. Further, Detective Blay of the San Bernardino County Sheriff's Department, testified, as a percipient witness, that he observed numerous Rocks Club employees serve alcohol to two male Explorers under the age of 21 years. He further testified that the Rocks Club knowingly admitted them to the Rocks Club after confirming that they were 20

years old, and further, that after 10:00 p.m., they were not removed from the Rocks Club.

Petitioners contention that the Operations Agreement is unenforceable is likewise mistaken. The City Manager testified at the September 15, 2001 hearing that he did not draft the press release, nor did he consider the press release in making his determination whether or not to revoke the Rocks Club business license. Further, the Petitioner's contention that the City did not respond to the Rocks Club request to allow persons under the age of 21 is false.

It is true that on September 7, 2001, Attorney Melvin Friedland requested that 18 to 20 year olds be admitted to the Rocks Club on Monday, Wednesday, Friday and Sunday. Attached hereto as Exhibit 2 is true copy of Melvin L. Friedland's letter dated September 7, 2001. However, Petitioner disingenuously omits the City of Victorville's response dated September 14, 2001, confirming that Victorville City Attorney, Henry R. Kraft, and Attorney Melvin Friedland, who represented the Rocks Club, had a telephone conversation concerning the September 7, 2001 letter, and mutually agreed to hold a meeting at Victorville City Hall on Tuesday, September 18, 2001. The City's response was timely. Further, Attorney Roger Diamond telephoned the City Attorney and advised him that he would be celebrating the Jewish High Holidays and would be unavailable to meet on September 18, 2001. A true copy of the City of Victorville's correspondence to Attorneys Melvin Friedland and Roger Jon Diamond, dated September 14, 2001 is attached hereto and marked Exhibit 3.

Because the Rocks Club committed a material breach of the

Operations Agreement on September 13, 2001, by serving alcohol to minors, admitting persons under the age of 21, and failing to remove persons under the age of 21 after 10:00 p.m. there was a material breach of the Operations Agreement. There was no further need for the parties to meet. The intentional omission by Petitioner of its receipt of the City's September 14, 2001 letter is disturbing.

Petitioner then claims that the City's decision was fundamentally flawed because of the lack of findings. Petitioner's position is mistaken based on applicable law and the facts presented.

III.

REVOCATION OF THE BUSINESS LICENSE COMPLIED WITH THE WRITTEN OPERATIONS AGREEMENT AS WELL AS PROCEDURAL DUE PROCESS REQUIREMENTS.

Following 1,020 or more calls for service to the Sheriff's Department relating to illegal activities at and in the vicinity of the Rocks Club, the City of Victorville initiated proceedings to revoke the business license. After notice was provided pursuant to the requirements of the Victorville Municipal Code, a business license revocation hearing was held on August 22 and 23, 2001. Exhibit 2 to the City's Complaint in case number VCVVS 024952 establishes the factual basis in support of the City's recommendation that the business license be revoked. At the conclusion of the revocation hearing, and prior to the rendering of a decision by the hearing officer, Roger Jon Diamond, attorney for the Rocks Club, proposed that the matter be settled. On August 25, 2001, the Rocks Club executed the Operations Agreement, a true copy of which is attached as Exhibit 1 to the Complaint.

Paragraph No. 10 of the Operations Agreement provides:

> "Any material violation of the terms and condition, will, at the sole discretion of City, result in the immediate revocation of the Rocks Club business license. Any such revocation by the City Manager is appealable directly to the City Council."

On October 10, 2001, pursuant to the authority set forth in paragraph No. 10 of the Operations Agreement, the City Manager made specific findings, which findings were upheld by the City Council on October 15, 2001. Those findings are as follows:

> "1. Sales of alcohol to minor patrons at the Rocks Club on September 13, 2001 and September 27, 2001 in violation of paragraph No. 1 of the Operations Agreement dated August 24, 2001, section 5.04.310(6) of the Victorville Municipal Code, and California Business and Professions Code section 25658;
>
> 2. Persons under the age of 21 years being admitted to the Rocks Club for events which have not received the prior approval of the City, in violation of paragraph No. 12 of the Operations Agreement dated August 24, 2001."

The City Manager determined in correspondence dated October 10, 2001, a true copy of which is attached as Exhibit 5 to Exhibit 2 to the Complaint, that the revocation was based upon the provisions of the Operations Agreement, Victorville Municipal Code section 5.04.310(6), or any ordinance of the City or other laws relating to the permitted business.

Thus, the stage was set for the appeal by Petitioner to the City Council. The appeal hearing was held before the City Council on Monday, October 15, 2001. Pursuant to notice, on October 12, 2001, Petitioner was notified in writing of the date, time and location of the appeals hearing and the grounds upon which the City Manager had revoked the business license.

The issue before the City Council on October 15, 2001 was whether or not substantial evidence had been presented to the City Manager in support of his decision to revoke the Rocks Club business license.

Prior to the appeal hearing, Petitioner was provided with the City of Victorville's Memorandum submitted in connection with the hearing to determine whether the business license of the Rocks Club should be suspended or revoked. On page 3 of the October 12, 2001 Memorandum, the City Council was advised that "the issue to be determined is whether or not the business license held by Olympia Grill & Lounge, Inc., dba the Rocks Club, should be suspended or revoked. The applicable standard is whether, based on substantial evidence, a continuing public nuisance exists at the Rocks Club, which endangers the public health, safety and welfare, and/or whether the Rocks Club violated any laws related to the business."

After a hearing which lasted almost three hours, based upon the City Manager's October 10, 2001 Notice revoking the business license, the City Memorandum regarding the Rocks Club appeal from revocation of business license and cessation of operations, and the evidence presented, the Victorville City Council unanimously denied the appeal by the Rocks Club and upheld the decision of the City Manager to revoke the business license. Inasmuch as the evidence submitted to the City Council included the findings made by the City Manger, as well as substantial evidence presented at the appeal hearing, the decision by the City Manager should be upheld by this court.

Petitioner claims that its procedural due process rights have been violated. A discussion of the due process standards required of

an administrative proceeding brought by a municipality to abate a public nuisance is addressed in Mohilef v. Janovici, 51 Cal.App. 4th 267, 58 Cal.Rptr. 2d. 721 (1996). Due process principles require a reasonable notice and opportunity to be heard before governmental deprivation of a significant property interest. Citing Horn v. County of Ventura, (1979) 24 Cal. 3d. 605, 156 Cal.Rptr. 718. "However, there is no precise manner of hearing which much be afforded; rather, the particular interests at issue must be considered in determining what kind of hearing is appropriate. A formal hearing, with full rights of confrontation and cross-examination, is not necessarily required." Citing Saleeby v. State Bar, 39 Cal.3d. 547, 216 Cal.Rptr. 367 (1985).

Citing the California Supreme Court in People v. Ramirez, (1979) 25 Cal.3d. 260, 158 Cal.Rptr. 316, the Mohilef court noted:

> "The extent to which due process [protections] will be available depends on a careful and clearly articulated balancing of the interests at stake and each context. In some instances, this balancing may counsel formal hearing procedures which include the rights of confrontation and cross-examination, as well as a limited right to an attorney. ... in others, **due process may require only the administrative agency complying with the statutory limitations on its authority ... .**" (Emphasis original.)

Attorney Roger Jon Diamond objected to the appeal hearing on the basis that witnesses were not sworn. Mohilef, supra, holds that testimony under oath is not required. Mohilef distinguished between judicial and administrative proceedings.

In Mohilef, supra, a limited right to cross-examination was recognized. At the October 25, 2001 appeal hearing, Attorney Diamond was afforded virtually unlimited cross-examination. To the extent

that the cross-examination was limited, it is clearly authorized by Mohilef, supra.

As the United States Supreme Court determined in Mathews v. Eldridge, 424 U.S. 319 (1976), under certain circumstances, licenses or similar property interests may, given a significant government interest, be revoked without a pre-deprivation hearing at all. The U.S. Supreme Court has recognized, on many occasions, that where a state must act quickly, or where it would be impractical, to provide pre-deprivation process, post-deprivation process satisfies the process of the due process clause.

Here, pursuant to paragraph No. 10 of the Operations Agreement, the City Manager revoked the Rocks Club business license. Then, pursuant to that paragraph, the appeal was heard by the City Council within five calendar days. Prior to the appeal, Petitioner was given both notice of the City Manager's action and an opportunity to be heard.

Petitioner claims that Topanga Association for a Scenic Community v. County of Los Angeles, 11 Cal. 3d. 506, 522 P.2d. 12 (1975) mandates that no injunction issue. To the contrary, a reading of Topanga, supra, provides support for the City's position herein.

In Topanga, supra, the California Supreme Court stated the importance of judicial scrutiny of the record in order to determine whether substantial evidence supported an administrative finding. Here, the administrative findings were made in writing by City Manager Jon Roberts. The City Council determined that substantial evidence supported his findings. The action by the City Council incorporated the findings of the City Manager.

The basis for the findings requirement, was, as Topanga, supra, stated, "... that body must render findings sufficient both to enable the parties to determine whether and on what basis they should seek review, and in the event of review, to apprise a review in court on the basis of the board's action." Here, the City Manager made specific findings. Those specific findings were upheld and incorporated by the City Council on appeal. Those findings are specifically set forth in the City Manager's Notice of Business License Revocation dated October 10, 2001.

Thus, the stage is set whereby Petitioner is advised of the basis for his Petition for Administrative Mandamus. A review of the Petition, as well as the Points and Authorities submitted in support thereof, constitute an admission by Petitioner that they received (1) Notice, (2) an opportunity to be heard, and (3) specific findings made by the City Manager which they challenge herein. Petitioner is not left to speculate as to the basis for the City's decision to revoke the business license. The business license revocation was based on specific factual findings that on September 13 and 27, 2001, persons under the age of 21 years were served alcohol by the Rocks Club, were admitted to the Rocks Club, were not excluded from the Rocks Club following 10:00 p.m. This court has determined that the service of alcohol to persons under the age of 21 years constituted a material breach of the Operations Agreement. As cited here and above, the illegal sale of alcohol constitutes a public nuisance.

IV.

CONCLUSION.

Based on the foregoing, Petitioner, having received notice of

the basis for the revocation, an opportunity to be heard, a three hour hearing involving the calling of witnesses and the cross-examination of a City witness, as well as formal action by the City Council upholding the written findings revoking the business license, Petitioner cannot complain that the requirements for procedural due process have not ben satisfied. Based on the foregoing, it is respectfully submitted that the Petition for Writ of Mandamus be denied and that the application by the City for Preliminary Injunction be granted.

Re: Denial of Application for Business License for Tremors Sports Bar & Grill

Dear Mr. Thanopoulos:

The City of Victorville has reviewed the business license application of Olympia Grill & Lounge, Inc. to operate the Tremors Sports Bar & Grill for 14269 7th Street, Victorville. You are hereby notified that the application for business license has been denied by the City.

The basis for the denial of the proposed business license is the inability of the applicant to demonstrate that it will not continue to constitute a continuing public nuisance. As you are aware, the Victorville Police Department has responded to approximately 1,100 calls for service relating to the inability of Olympia Grill & Lounge, Inc. to regulate its prior businesses located at 14269 7th Street, Victorville, California 92392, including Olga's and the Rocks Club.

Further, violation of the August 24, 2001 Operations Agreement demonstrates the inability of the applicant to police its operations. Further, the applicant has demonstrated its inability to comply with the law when it refused to comply with the Victorville City Manager's written order that the business operations cease.

The authority for the City decision is Victorville Municipal Code section 5.04.100 and Saunders v. City of Los Angeles, (1969) 273 Cal.App. 2d 407, 78 Cal.Rptr. 236. Saunders authorizes a city to deny an application for a business license when it has determined that certain businesses require constant police supervision and that business licenses are not required to be issued as a matter of course.

Victorville Municipal Code section 5.04.100 authorizes the City Clerk or other City officer charged with administration of the business license and Regulations Chapter of the Municipal Code to require approval of such application from the Police, Fire, Health, Building, and Planning Departments. The Police Department, Fire Department, and Building Department have determined, based on the prior operations of the premises located at 14269 7th Street, Victorville, that continuing public nuisances will occur. Thus, each Department has recommended that the requested business license be denied.

Victorville Municipal Code section 5.04.100 authorizes the City Clerk or other City officer charged with administration of the business license and regulations chapter of the Municipal Code to require approval of such application from the Police, Fire, Health, Building, and Planning Departments. The police Department, Fire Department, and Building Department have determined, based on the prior pattern of operations at the premises located at 14269 7th Street, Victorville, that continuing public nuisances will occur and that no business license should be issued.

Victorville Municipal Code section 5.04.061 provides that:

> "No license issued under the provisions of this chapter shall be construed as permission to conduct or carry on a business in such a manner as to create or maintain a nuisance."

Based on the determination by the City that the issuance of a new business license to Olympia Grill & Lounge, Inc. will result in conducting and carrying on of a business in such a manner as to create or maintain a nuisance, the application is denied. The factual basis for the denial are the operations of Olga's and the Rocks Club, the police responses to the

Rocks Club identified in the August 13, 2001 memorandum from the City Attorney; multiple violations of the August 24, 2001 Operations Agreement between the City of Victorville and Olympia Grill & Lounge, Inc., dba Rocks Club; the refusal to cease operations after having been directed to do so by the City Manager; failure of the applicant to police its operations; and numerous misrepresentations made by representatives of Olympia Grill & Lounge, Inc. to the City of Victorville.

It is unlawful for any person to carry on a business in the City of Victorville after a business permit application has been denied until the appeal process is utilized by the applicant. Pursuant to Victorville Municipal Code section 5.04.320, this decision is appealable.

Pursuant to section 5.04.320(b), you have the right of appeal to the City Manager or his designee. Such appeal shall be taken by filing with the City, within 14 days after notice of such action, a written statement setting forth the grounds of appeal. Otherwise, the action of the City shall be final and conclusive.

The hearing shall be granted before the City Manager or the designee of the City Manager after not less than five (5) days' written notice to such applicant. Further, any applicant further aggrieved by the decision of the City Manager or his designee, shall have the right of appeal to the City Council. Such appeal shall be taken by filing with the City, within ten (10) days after such notice of such action, a written statement setting forth the grounds of appeal. Otherwise, the action of the City Manager or his designee shall be final and conclusive.

Further, any applicant further aggrieved by the decision of the City Manager or his designee shall have the right of appeal to the City Council. Such appeal shall be taken by filing with the City, within 10 days after such notice or such action, a written statement setting forth the grounds of appeal. Otherwise, the action of the City Manager or his designee shall be final and conclusive.

The City Clerk shall set a hearing for a regularly scheduled City Council meeting or a special meeting no later than 30 days after receipt of any request for an appeal, review or reconsideration, or in the event of a period greater than 30 days, with the consent of the applicant. Notice of

hearing on appeal shall be given at least 5 days prior to the date of the hearing. At such hearing, the applicant or licensee and his attorney may be present and submit evidence. The decision and order of the City Council at or after such hearing shall be final and conclusive.

A copy of Victorville Municipal Code section 5.04.320 is attached hereto.

Very truly yours,

Henry R. Kraft

Dear Mr. Diamond:

Pursuant to our previous discussion, a hearing on the City's pending motions have been continued to Thursday, February 14, 2002 at 8:30 a.m. in Department V-10. Further, receipt is acknowledged of your correspondence dated January 7, 2002 proposing dismissal of the City's action, each side to bear its own costs and attorneys' fees. Your proposal has been agendized for closed session consideration by the Victorville City Council at its regular Council meeting scheduled for January 22, 2002. You will be notified of the Council's position following the closed session.

In light of the fact that the City's action against Olympia Grill & Lounge, Inc. is pending, as well as the proposed settlement, the City will not be filing your request for dismissal with prejudice of the two actions. The originals are returned herewith. The City would not wish any inferences to be drawn from its affirmatively filing the requests for dismissal. Please feel free to file each of the requests for dismissal, serving this office with a conformed copy.

At the present time, the City has made no determination that it will bear its own costs and not seek attorneys' fees and costs from Olympia Grill & Lounge, Inc. Please also recall that a memorandum of costs has been filed and served on

you in case number VCVVS 024930, and the time within which to file a motion to tax costs has expired.

Responding to your correspondence dated January 9, 2002, please find enclosed the City of Victorville's correspondence to Olympia Grill & Lounge, Inc. denying its application for a business license.

OPERATIONS AGREEMENT

THIS AGREEMENT, made on April 23, 2002, in Victorville, California by and between the CITY OF VICTORVILLE, a municipal corporation ["City"], OLYMPIA GRILL & LOUNGE, INC., dba TREMORS SPORTS BAR & GRILL ["Licensee"] and JAMES LEEN and THOMAS LOGUE, III, dba EXECUTIVE MANAGEMENT GROUP [collectively referred to as "EMG"] is made with reference to the following facts:

1. Licensee formerly operated the Rocks Club night club pursuant to a business license issued by City.

2. Based on public health and safety concerns, Licensee's business license for the Rocks Club has been revoked.

3. EMG shall qualify as a manager with the Department of Alcoholic Beverage Control.

4. Licensee has submitted a business license application for the operation of a sports bar and grill proposed to do business as Tremors Sports Bar & Grill.

5. Licensee has entered into a written Management Agreement with EMG for the operations of Tremors Sports Bar & Grill whereby the operations of Tremors Sports Bar & Grill would be exclusively managed by EMG.

6. EMG has represented to City that it will operate Tremors Sports Bar & Grill pursuant to the terms of the Operations Agreement for the purpose of protecting the public health and safety of the citizens of Victorville.

IT IS AGREED AS FOLLOWS:

1. EMG will exclusively manage the operations of Tremors Sports Bar & Grill. Neither Licensee, its officers, agents, servants, nor employees may be involved in the day-to-day operations of the business, proposed to be located at 14269 7th Street, Victorville, California.

2. Licensee and EMG will comply with all laws and regulations concerning the sales and consumption of alcohol.

3. Licensee and EMG will comply with all ordinances and resolutions of the City of Victorville relating to the occupancy and use of Tremors Sports Bar & Grill.

4. Licensee and EMG will comply with all State laws and regulations concerning the occupancy and use of Tremors Sports Bar & Grill, specifically including, but not limited to, the Uniform Building Code and Uniform Fire Code.

5. EMG shall never permit occupancy to exceed that established by the Victorville Building Department.

6. EMG will be responsible for the hiring, training, and supervision of all security to be provided by Tremors Sports Bar & Grill.

7. This Operations Agreement is non-assignable without the prior written consent of City, which consent will not be unreasonably withheld. Should Licensee terminate or modify its agreement with EMG related to the Operations Agreement of Tremors Sports Bar & Grill, the operations of Tremors Sports Bar & Grill will cease thirty (30) days following termination or modification absent a written agreement with the City. Licensee will notify City within three (3) calendar days of any termination or modification of its agreement with EMG or any successor. Licensee will be given a thirty (30)-day grace period to find substitute management acceptable to City.

8. EMG shall maintain a count, current at all times, of the number of all Tremors Sports Bar & Grill patrons. The method and implementation of the patron count shall require the prior approval of City, within ten (10) days of execution of this Operations Agreement. Said patron count shall be made available for inspection by City during business hours, without prior notice.

9. EMG and licensee shall be equally responsible for the conduct of all of its employees and those of Licensee relating to the operations of Tremors Sports Bar & Grill. Any material violation of law committed by any agent, servant, or employee by EMG, Licensee, or any agent, servant, or employee may result in the revocation by City of Tremors Sports Bar & Grill's business license pursuant to the revocation procedures set forth in the Victorville Municipal Code.

10. EMG shall maintain sufficient security personnel to properly safeguard the entrance, interior, and parking facilities used by Tremors Sports Bar & Grill patrons, as well as other businesses in the immediate vicinity of Tremors Sports Bar & Grill, and will establish a working relationship with Dennys Restaurant and Greentree Inn, which in the past have been impacted by Rocks Club activities. Attached hereto as Exhibit 1 is the Tremors Sports Bar & Grill's Operation Plan, which is incorporated herein by this reference and made a part hereof.

11. Each patron entering Tremors Sports Bar & Grill will be "searched" for weapons with a metal detector and be subject to a physical search if any

security officer suspects that the patron may be in possession of drugs, contraband, or any weapon.

12. Any material violation of any term or condition set forth herein may result in the revocation of the Tremors Sports Bar & Grill business license.

13. The terms and conditions of the Operations Agreement are not exclusive and the City, or any authorized agency, may otherwise enforce all applicable laws pertaining to the operations of Tremors Sports Bar & Grill, including, but not limited to, criminal prosecution.

14. EMG will not allow the sale of alcoholic beverages to minors, whether directly or indirectly. EMG will establish a written policy, subject to prior written approval of City, to prevent the delivery of alcoholic beverages from persons over the age of majority to persons under the age of majority. The parties recognize that while operating the Rocks Club, consumption of alcoholic beverages by minors created an environment unacceptable to City.

15. Neither licensee nor EMG shall permit Terry Cox to work at the premises in any capacity.

16. The Management Agreement between James Leen and Thomas Logue, III, dba Executive Management Group and Olympia Bar & Grill, a California corporation, dated February 28, 2002, is a material provision of this Operations Agreement and is incorporated herein by this reference as though set forth at length. A true copy of the Management Agreement is attached hereto as Exhibit 2.

EXECUTIVE MANAGEMENT GROUP

OPERATIONS PLAN FOR TREMORS SPORTS BAR & GRILL

The Executive Management Group has been retained by Tremors Sports Bar and Grill to perform all administrative and operational management of the establishment.

Executive Management Group will be the sole point of contact with law enforcement, fire department and city officials. This will create and maintain an open line of communication in order to facilitate a mutual trust in which to operate the business. EMG will provide a strong, experienced and professional onsite management team consisting of Mr. James Leen and Mr. Thomas Logue.

ADMINISTRATION

1) EMG will conduct the prescreening and oversee the interview and hiring process of all potential employees.

2) EMG will ensure that the musical format of Tremors will be more conducive to the local demographic make up of the city, which in turn will attract a more peaceful clientele.

3) EMG will conduct ongoing training consisting of, but not limited to, recognition of fraudulent identification, recognition of intoxicated persons and conflict resolution skills. Training will also be provided in order to familiarize employees with any applicable laws or ordinances pertaining to the business. All training will be documented and maintained in the employees training file.

4) An incident management system will be implemented in order to investigate and track any problems should they occur. This proactive approach will enable EMG to recognize and address any adverse trends.

OPERATIONS

ENTRANCE

1) Security personnel will utilize the"Electronic Age Verification System" in order to preclude the use of fraudulent identification. Fluorescent hand stamps will be used on all patrons of Tremors, with different designs and or colors to distinguish under age guests. If a guest is found without a hand stamp they will be escorted to the front screening area and a re-verification of age process will be conducted. If the same guest is found without a stamp for a second time they will be escorted from the premises. All employees will strictly enforce a Zero tolerance underage drinking policy. An incentive reward program will be established to encourage all employees and guests to report violations to management.

2) Handheld and stationary metal detectors will be used to detect weapons or harmful objects.

3) Any patron who appears to be intoxicated, unruly, or doesn't meet the strict dress code will be denied access and asked to leave the premises. No gang, tagger or offensive type clothing will be allowed.

4) A strict entry/exit policy will be enforced and a head count maintained in order to operate within posted occupancy limits. A hand held digital counting method will be used to determine the amount of guests inside Tremors during evening high peak periods. Upon nearing the maximum occupancy limit, a one guest out one guest in method will be implemented and a line outside will be formed.

INTERIOR

1) All interior staff members will assume a proactive approach in identifying intoxicated persons and unruly behavior. Such observations will be reported immediately to management and dealt with accordingly.

2) All security team members will maintain a high visibility presence and shall wear easily identifiable clothing denoting them as such.

EXTERIOR

1) Exterior security will consist of foot and vehicular roving patrols. Loitering, consumption of alcoholic beverages, illegal substances or unruly behavior will not be tolerated. Any person found consuming, or in possession of alcoholic beverages will be asked to leave the premises immediately.

2) Safety lighting has been installed outside the restaurant and in the parking area. This lighting will be inspected and maintained by staff.

3) A strict traffic flow pattern will be instituted and maintained on a daily basis. Vehicles will be channeled into the front parking area until the lot reaches capacity. Upon filling the front lot, it will be coned off and vehicles will be routed to the side and rear lot. This will alleviate any congestion problems related to cruising or loitering. Vehicles and their occupants found to be cruising or loitering will be denied access to Tremors and asked to leave our property.

4) Additional traffic and parking issues will be evaluated and solutions will be formulated to address these problems as they arise.

LOCAL BUSSINESS IMPACT

1) Executive Management group will establish an open line of communication with our neighboring partners in business. We will address all concerns of our fellow merchants and strive to assist them with equitable solutions. All costs of these consultations shall be born by Tremors Sports Bar & Grill.

2) EMG will establish an ongoing relationship with San Bernardino County Sheriff Department Community Oriented Police team in order to exchange information and seek advice regarding local business concerns.

Based upon the implementation of this operational plan we are confident these measures will drastically reduce calls for service as were experienced by previous management.

8/23/2002

Dear Sir or Madam:

Please accept this letter as a formal complaint against the owner/operators of the Tremors Sports Bar and the Tequila Lounge. The manner in which the responsible parties and their employees conduct business have created a situation that has resulted in danger to the public safety.

On Thursday August 22, 2002 patrons of both establishments, after, in numerous cases, drinking past the point of public intoxication, did create a violent situation by committing assaults against the public, public urination, indecent exposure and public drunkenness. The police response was appropriate however in the course of crowd control the use of pepper spray did contaminate the interior of the Denny's located at 14244 Valley Center Drive. We support the actions of the Police but hold the owner/operators of the aforementioned establishments, responsible for the actions of their patrons and the subsequent loss of business to our business.

On August 8,2002 3 minor females were removed from the parking lot of our property by medical personnel, diagnosed with alcohol poisoning, companions indicated that the girls had been served at the Tequila Lounge. I understand that both locations are under investigation for violations of serving alcohol to minors. The frustrating aspect of this situation is that we have already gone through the hassle of presenting testimony against the Tremors Sports Bar when they were doing business as The Rocks Club, now by simply changing their name they have resumed their illegal and immoral business. In addition as part of the agreement that allowed them to reopen, the management of the Tremors Sports Bar were to maintain active correspondence with us to address any potential problems, as of this date, no one has contacted us at all.

We therefore ask that all applicable laws and regulations be enforced up to and including the closure of and revocation of the business licenses.

Sincerely,

Ron Baldwin

ASSIGNMENT/ARRIVAL:

On 08/30/02 I was assigned to work uniform patrol in the city of Victorville. I was wearing a standard Class A uniform and driving a marked police unit. At approximately 0013 hours I arrived at the Tremor's Nightclub located at 14269 7th Street in the city of Victorville. I was assisting Detective Johnson with an investigation of a subject serving a minor an alcoholic beverage. Deputy Johnson informed me that he had witnessed a bartender serve a minor an alcoholic beverage.

SUSPECT CONTACT:

Deputy Johnson pointed out to me which bartender had served the alcoholic beverage to the subject who was under age. I then spoke with the bartender and asked him to step outside. The location inside the nightclub was very noisy and very crowded. It was difficult to hear anything inside. Once we got closer to the front door I asked the bartender, identified as Joseph Dekelaita if he would mind talking to me outside away from everybody else. Dekelaita told me it would be fine with him if we spoke outside away from the nightclub. As I spoke with Dekelaita I informed him why I was contacting him. I told him that an undercover deputy had witnessed him serving an underage subject an alcoholic beverage. Dekelaita identified himself using a valid California Driver's license .

SUSPECT STATEMENT:

I asked Dekelaita if he recalled the incident at all. I also informed Dekelaita that while talking to me he was not in-custody and he was free to end the conversation at any time. Dekelaita told me tonight was his first night working as a back up bartender for the Tremor's Nightclub. He had been working most of the night and when the bar area became very busy one of the bartenders asked him to help out with the crowd. Dekelaita told me it is the club's policy to put a fluorescent yellow stamp on the wrist of someone who is over 21. It is also the policy to put a black "x" on the wrist of someone who is under the age of 21. Dekelaita told me he was positive that he checked everybody's wrist to see if they were over 21. I asked Dekelaita if he were to look at anybody and have any doubts of their age if he would ask to confirm with their identification. Dekelaita told me that he would not do that he would only look to see if their wrist was painted with a florescent yellow stamp. Dekelaita stated that he did not recall serving anybody any alcoholic beverages that did not have the yellow stamp. I

OFFICER OBSERVATIONS

On 08/30/02 at approximately 0013 hours, Sanchez entered the Tremors Night club with her valid I.D. card. The tops of her hands were marked with black "X"s, to signify that she was under 21 years of age. Sanchez was observed by this officer and by ABC Invetsigator M. Hydar throughout the investigation. The following is a summary of what occurred.

Sanchez entered Tremors and walked over to the bartender who was tending bar near the southeast interior portion of the business. This location was selected because the other bartenders within the club were very busy with numerous customers in line. The bartender that was selected was selected only because it was the shortest line, with only six people in line at the time of purchase.

Once Sanchez reached the front of the line, she placed both of her hands up on the bar, resting them, with the black "X"s in plain view of the bartender. Sanchez ordered a "Corona" beer from the bartender who was later identified as Joseph Floyd Dekelaita. Sanchez was not asked for valid identification at any time during her contact with him. Sanchez paid for the beer and once the sale was completed Sanchez walked to the predesignated spot with the beer she just purchased and gave it to the undercover officers.

Detective Weisbeck was notified that the sale was completed. A short time later, Deputy Von Helf entered the bar to assist in the investigation, making contact with the bartender.

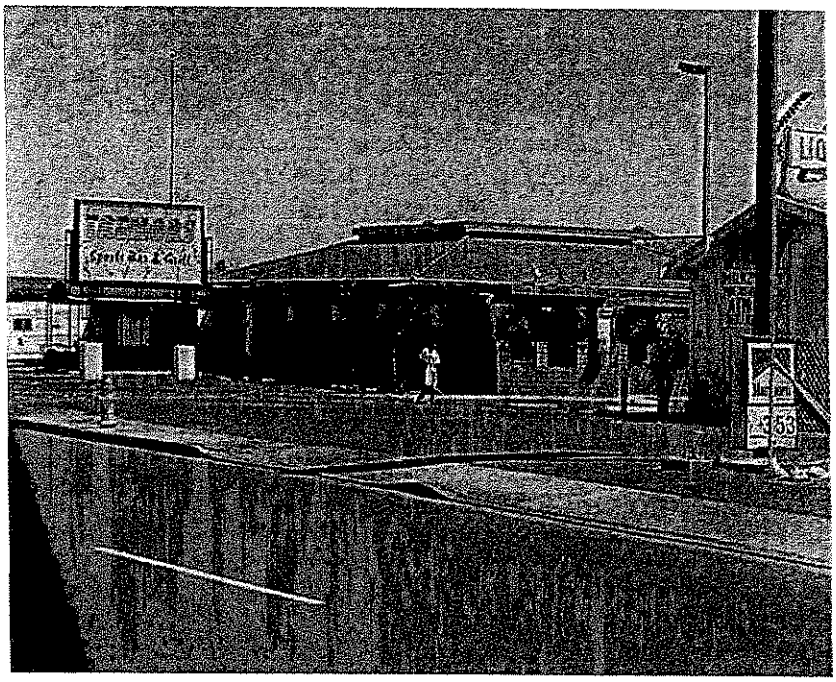
VICTORVILLE POLICE

TREMORS BAR & GRILL
INVESTIGATION
2002



MEMORANDUM

DATE September 9, 2002

FROM **GLEN PRATT,** Captain
Police Department

TO **JON ROBERTS,** City Manager
City of Victorville

SUBJECT ***VIOLATIONS OF CONTRACTUAL AGREEMENT – TREMORS BAR & GRILL (OLYMPIA GRILL AND LOUNGE, INC.***

CONFIDENTIAL INTERNAL DOCUMENT

Tremors Night Club has operated for approximately 90 days under the guidelines of a new contractual agreement between the City of Victorville and Olympia Grill. The following list of incidents appear to be obvious material violations of the operational agreement:

1. August 30, 2002: Olympia Grill and Lounge (Tremors) owner George Thanopoulos positioning himself at the entrance to Tremors, monitoring all persons entering the club without the presence of anyone from the club management as required by the agreement with the City. When asked by Sgt. Mattke if he was George Thanopoulos, he stated he was not. When his identification was checked he was identified as George Thanopoulos. The metal detector at the club entrance was not in use with a chair placed inside the detector blocking it. See DR# 170209514

Tremors Owner running club entrance

2. On August 23, 2002, the Victorville City Manager received a formal written complaint from Denco Management Company for Denny's restaurant surrounding the Tremors operation and related activities. Tremors management has never contacted Denny's to address any potential problems as agreed to in the operational agreement with the City. See attached complaint letter.

3. The Department of Alcoholic Beverage Control is proceeding with the filing of a complaint with the Attorney General's Office for accusations against the business license held by Olympia Grill and Lounge, Inc. (Tremors). These accusations encompass selling alcohol to minors and failure to operate as an eating-place as required by their business license type. See attached letter from ABC.

4. Denny's restaurant has contracted with the police department for security on Thursday nights due to continuing problems related to the nightclub activity at Tremors.

5. There have been 11 alcohol related incidents surrounding the Tremors nightclub since its' reopening. These incidents range from DUI's to drunk in public persons that had been served too much alcohol at Tremors.

6. There have been 13 incidents at Tremors that required police involvement since its' reopening. These incidents range from fights to discharging of firearms.

7. There have been 35 incidents at Denny's restaurant since Tremors reopening that are involving Tremors patrons causing problems for the Denny's restaurant. These incidents range from persons fighting to patrons leaving without paying.

8. Received anonymous complaint from a citizen reference minors working at Tremors and being served alcohol. The person also complained that owner George Thanopolous is still managing the Operation without a person on from the management team. See email from city clerk about complaint.

18 year-old female served alcohol

9. August 30, 2002; ABC agents conduct an undercover sting operation in Victorville with the assistance of Victorville deputies. An 18-year-old female was served alcohol (Case #170209514). The same night a second minor was located inside Tremors that had been served alcohol, a minor was arrested for DUI leaving Tremors, and a minor was located

in the parking lot for being under the influence of alcohol after drinking alcohol inside Tremors.

10. There have been several incidents of minors being served alcohol at Tremors and found within the City under the influence of alcohol. One complaint included an anonymous person calling to advise of a 17-year-old minor female participating in a wet T-shirt contest and drinking alcohol inside Tremors. See attached call for service.

11. Fire Prevention officers called out to Tremors on August 30 to check for overcrowding. The customer count was approximately 400 customers inside the club with only one of the two rooms open. When fire prevention officers arrived, the club had opened the second room and many customers left.

TREMORS SPORTS BAR & GRILL

MEETING HELD JULY 22, 2003, 2:30 p.m.
THE HALO CLUB

Attendees: Acting City Manager Rich Bunnell
Police Chief Glen Pratt
Police Lieutenant Cliff Raynolds
Tom Thanopoulos, Olympia Grill & Lounge, Inc.
George Thanopoulos, Olympia Grill & Lounge, Inc.
Carolee Bates, City Clerk

BUNNELL: My name is Rich Bunnell and I am filling in for Jon Roberts. We have a concern about the recent newspaper article, have been looking into the situation and want to discuss it with you. Perhaps you can help us and provide information on where you are at with the Operations Agreement which was compiled and signed by various parties in April 2002. This Agreement was the basis for you to continue operating between the City and your club. I have some questions I would like to ask. I have some questions as to how:

When someone comes into your establishment, what method do you use to count them? Specifically how is that being done?

GEORGE T.: The girl at the front checks ID's. When they walk through the metal detector there is a guy with a clicker. Every room has security staff. We do it twice.

BUNNELL: Who staffs the metal detector?

GEORGE T.: The security guy.

BUNNELL: Are they hired by a company?

GEORGE T.: No. They're hired by management.

BUNNELL: How are they trained?

GEORGE T.: Management trains them.

BUNNELL: How?

GEORGE T.: They tell them how to do it and how to talk to people.

PRATT: Is EMG still the management group?

GEORGE T.: Yes.

continues for 5 pages

BUNNELL: Number 10 of the Operations Agreement indicates that security personnel will maintain as well as parking facilities as well as other businesses in the immediate vicinity. I understand that parking is taking place on other businesses. What is your assessment of that issue?

GEORGE T.: Parking takes place at the parking lot we have which is where the club is and behind Spaghetti Eddie's. Our company owns property there. With Century 21 we exchange parking lots.

PRATT: You say your firm owns Spaghetti Eddie's?

GEORGE T.: Yes.

BUNNELL: What kind of working relationship do you have with Denny's and the Green Tree Inn?

GEORGE T.: I thought the relationship was good.

BUNNELL: Who do you discuss things with?

GEORGE T.: I have not personally discussed with them. Maybe EMG has.

BUNNELL: So, you are not representing EMG?

GEORGE T.: No.

BUNNELL: The exhibit to the Operations Agreement indicates that EMG will establish an open line of communication with your business. So, you are not actually aware of what action has been taken?

TOM T.: No. I would have to confer with them. I have not had a chance to read the article. Exactly what are they saying?

BUNNELL: They are closing the restaurant for certain hours because people who come across are intoxicated and openly threatening employees.

PRATT: Same thing with the Green Tree Inn. There was an assault.

TOM T.: From one of our guests?

PRATT: One of the patrons. You know what happens...

GEORGE T.: All bars close at the same time.

PRATT: Correct, that is why there is an impact on them.

GEORGE T.: It happened now? Lately? I am there every night and I don't see any problems at the club.

BUNNELL: I am asking what you have done. It was conditioned upon you to establish arrangements. You are the owners, don't you know what is going on?

TOM T.: As far as we know, Denny's does not have any problems with us.

BUNNELL: This agreement was put together because there were problems before. What have you done?

GEORGE T.: We would have to go to EMG to see what they have done. I don't know.

BUNNELL: Are one of you Tom?

TOM T.: I am.

BUNNELL: So, you are familiar with this agreement?

TOM T.: It has been awhile since I have read it. But I did read it.

BUNNELL: Same question would be what contacts have you made with the Sheriff's Department Community Oriented Police Team (COP) with regard to mitigating the problems?

TOM T.: (To George) You spoke with the Lieutenant, right?

GEORGE T.: As far as I knew, no problems. Lieutenant said Thursday nights was a problem. We decided to have two police officers there. We did it for a month.

RAYNOLDS: We did it for a month and then you guys chose not to do anything.

GEORGE T.: A Police officer came there and said can I bring a contract to be signed. I said can you make it Monday or Tuesday so I can get a cashier's check. He said, "Let me call the detective," and we never heard anything more. We were happy to do it.

TOM T.: We were discussing as to why the Police officer stopped coming on Thursdays.

RAYNOLDS: Detective Wiebold said you chose not to continue.

GEORGE T.: That is not true. He said he had to call the detective and we never heard anything. I only said bring the contract Tuesday so I knew to have cashier's check ready. I thought the City stopped it.

TOM T.: When my father and you first spoke all the way from New York he was excited. If there was a miscommunication we need to take care of it.

GEORGE T.: I never talked to the detective. We were so excited and so happy for that. The other thing we are thinking is to change the license to 21 and over license.

PRATT: You were thinking about doing that? Why?

GEORGE T.: So people cannot say we were serving minors and giving them drinks. The last two months every Thursday we have had girls only 18 and up and guys only 21 and up. We stopped doing that.

TOM T.: We were discussing that maybe we should make it a 21 and over establishment. With the 48 license you must be 21 and over.

GEORGE T.: That way they can't say, "Oh, she's my daughter, can you just let her in?"

TOM T.: This is something we wanted to do to show that we wanted the place to be on the up and up with law enforcement, City people, everything, and it eliminates the problem of 23/19 year olds. With 48 it is not a matter of having a good relationship with customers. It takes the argument away from us. We also thought the City and the Police Dept. would like that change. As far as Denny's is concerned, I will ask EMG to see if they have someone they communicate with. I will go to Denny's. I felt lines of communication were open between them and EMG. If those were closed for awhile, I will reopen them. One time on Thursday I was at Denny's. The crowd looked rough. I looked at the crowd at Denny's and they were not at our club. They were at Tequilas.

GEORGE T.: We don't let some people in and they stay in the parking lot. I was disappointed that the Police Department was not there.

TOM T.: A lot of people in Denny's had wristbands. We don't use wristbands. I would like to open the lines of communication right away. The last thing I want is something like this to come between our relationship with law enforcement and the City.

RAYNOLDS: Number 10 on the Operations Agreement says "EMG shall maintain sufficient security personnel to properly safeguard the entrance, interior and parking facilities used by Tremors Sports Bar & Grill patrons, as well as other businesses in the immediate vicinity..." What is being done on that point?

GEORGE T.: We have a security person with Wolcott who drives everywhere.

RAYNOLDS: How many security personnel are on duty on Thursdays?

GEORGE T.: About 10.

RAYNOLDS: Is it a professional firm, or?...

GEORGE T.: No, they don't work for a security company. They have been trained by management.

PRATT: Do they still come here?

GEORGE T.: Yes, every Thursday or Friday.

TOM T.: The best solution to any type of parking lot issue on Thursday night is what you and my father started. People respect the uniform a lot more than they respect a security guard. When you first made the deal he was on cloud 9. When the Police Department are there even someone that is a total jerk looks at the uniform and goes on his way. One uniformed officer commands the respect of 10 security guards.

GEORGE T.: They fight against the security guards.

TOM T.: 21 and over change we started last week and if we re-implement officers in the lot it will eliminate a lot of problems.

GEORGE T.: 100%. At the end of the night they don't stand around because there are officers there.

TOM T.: Now that Tequila's closed a lot of people come over and we don't let them in. They just hang around the parking lot. We don't want to use the resources of the Police Department but maybe you can tell us what you want us to do.

PRATT: How out of hand is it?

TOM T.: Not that bad. But all it takes is one or two people to cause a problem.

GEORGE T.: At least 150 people we didn't let in last week. They go to the liquor store and drink outside the store. When we tell them to leave they say, "we're not in your parking lot."

TOM T.: That person drinks at the liquor store and then goes to Denny's and then the complaint goes to the City.

PRATT: The City doesn't believe that every patron in Denny's is a Halo's customer but there is a significant problem that is coming from there.

TOM T.: I will have information for you within a few days. I will talk to EMG, Denny's, and open the line of communication and there should not be a problem. If we can reestablish the officers that would be great.

BUNNELL: To summarize the actions you'll take:

1. Security firm or security as approved by the Police Department at some appropriate level.

2. Elimination of minors from the club.

3. Monthly report to the Police Department of follow-ups with Denny's and periodic communication is important.

4. Look at in 3 months as to where we are on this so can continue to monitor.

GEORGE T.: 21 and over on Thursdays. The other days are not busy. Will change license to a 48.

BUNNELL: I will recommend the elimination of minors altogether.

It was noted that the Halo Club owners have an August 14 hearing before the ABC to change the license to a 48 to eliminate minors from the premises.

RAYNOLDS: Does the City have to approve?

BUNNELL: I was looking at attacking ABC because they don't monitor anything. We will get back to you in writing.

Meeting concluded at 3 p.m.

SUBJECT **CALLS FOR SERVICE TO HALOS NIGHT CLUB**

The attached documents identify over one hundred and eight (108) calls for service to Halos Night Club, 14269 7th Street, Victorville from January to July 2003, an average of over seventeen (17) responses per month.

Public intoxication, fighting, disturbances and assaults account for over thirty-four percent (34%) of the calls for service, and over one hundred (100) personnel hours were expended investigating these crimes.

Calls for service and arrests generated by patrons of the Halos Night Club at adjacent businesses and public roadways are not reflected and would significantly increase the statistics.

Since March 2003, due to increased complaints and calls for service, we have proactively directed a task force to address these issues and reduce crime in and around Halos, adjacent businesses, and the effected residential community east of Halos. Over five hundred (500) personnel hours have been expended during this directed response and has resulted in over seventy-eight (78) arrests ranging from public intoxication/disturbances to violent offenses.

Denny's Restaurant general manager Lilly Topete was contacted on Thursday, July 24, 2003. Topete said no one from Halos Night Club or Executive Management Group (EMG) has contacted her or her staff in an attempt to open dialogue regarding positive business relationships. The president of Halos contacted her for the first time on Tuesday, July 22, 2003 after a meeting was held with Halos staff and City of Victorville personnel.

Allison Squire, the general manager of the Green Tree Inn said as of today's date, she has never been contacted by anyone from Halos or their management group.

Re: Olympia Grill & Lounge, Inc. dba Halo Club

Dear Messrs. Leen, Logue and Thanopoulos:

Subsequent to a review of the Operations Agreement between the City of Victorville and the Olympia Grill & Lounge, Inc., James Leen and Thomas Logue III dba Executive Management Group (EMG) dated April 23, 2002, and subsequent to a review of the minutes of the meeting held between the City of Victorville and the Olympia Grill & Lounge, Inc. held July 22, 2003 (enclosed herewith), the City has determined that Olympia Grill & Lounge is in material breach of the aforementioned Operations Agreement. In accordance with Section 12 of the Operations Agreement any material violation of the terms and conditions set forth therein may result in the revocation of the business license. A review of calls for service to the Halo Club by the Victorville station of the San Bernardino County Sheriff's Department indicates that the Halo Club is operating in a manner contrary to the public health, safety and general welfare of the public. In accordance with City of Victorville Ordinance No. 1986, the business license for the Halo Club is subject to revocation by the City Manager. The City intends to commence business license revocation proceedings unless we receive agreement to the following amended terms and conditions to the Operations Agreement:

1. No patrons under the age of 21 shall be admitted to the premises at any time during business hours.

2. EMG shall employ the services of a professional uniformed security company to patrol the night club parking areas and surrounding properties. The name of the professional security company and the number of security personnel to be employed shall be submitted to the City for approval within ten days following the execution of this amendment.

3. The agreement shall be extended for an additional two years.

4. Any material violation of this agreement shall result in revocation of the business license at the sole discretion of the City Manager.

5. Olympia Grill & Lounge, Inc. and EMG shall hereby waive its rights to appeal such revocation to the Victorville City Council.

Please indicate your concurrence with these modifications by signing and dating the acknowledgment below and returning the original to my attention within 10 business days of the date of this letter. When fully executed, this letter and acknowledgment shall constitute an amendment to the Operations Agreement.

Sincerely,

Jon B. Roberts

Re: Olympia Grill & Lounge, Inc. dba Halo Club

Dear Mr. Roberts:

I am the attorney for the Olympia Grill & Lounge dba Halo. I am in receipt of your letter dated August 7, 2003. I have reviewed the minutes of the meeting between Mr. Bunnell, Lt. Reynolds and my clients.

My clients have communicated to Denny's and Greentree about the alleged problems occurring on Thursday Night. My clients are sensitive to the complaints of Denny's Restaurant that occur on Thursday Nights. However, many of the Denny's patrons who are responsible for the unwelcome activities are patrons from other night clubs. Several of these patrons were not ever admitted into Halo's on these nights and have been observed wearing wrist bands from other clubs. My clients have contacted Denny's to attempt to work together to eliminate these problems since the meeting with Mr. Bunnell. Halos has hired two Sheriff Deputies to be present on Thursday Nights. This seems to have eliminated any problems. My clients would be willing to consider utilizing one of these deputies to be present at Denny's on Thursday Nights if that would be advisable.

My clients are willing to negotiate additional terms that are acceptable to the City for instance my client is willing to add the following terms to the agreement:

1. Olympia Grill & Lounge, Inc. will apply for a type 48 license within 30 days of the execution of this agreement.

2. Olympia Grill & Lounge will hire 1 or 2 Sheriff Deputies for each Thursday Night to patrol the Night Club parking areas and surrounding properties.

My clients have not been advised of any material breaches of the operation agreement. I certainly did not see any definitive "material breaches"in the minutes of the meeting held on July 22, 2003. I would like to arrange a follow up meeting to discuss these issues with you at your earliest convenience.

However, I have some concerns about the City's request that they waive any due process rights, including notice, opportunity to be heard or appeal rights. Benigni vs. City of Hemet (1988) 879 F2d 473 is a case you may wish to consider. It involved a civil rights lawsuit 42USC1983 brought by a restaurant and bar owner against the City of Hemet, it's Police Chief and various officers based on systematic harassment of bar patrons and repeated visits to the business. The court upheld a judgment in favor of the owner for, among others they violated Benigni's 14th Amendment Rights to due process of law. The court that the due process clause protects a liberty or property interest in pursuing the "common occupation or professions of life . . . As we have already noted, the evidence before the jury was sufficient to support a conclusion that excessive and unreasonable police conduct was intentionally directed toward Benigni's bar to force him out of business."

My clients are anxious to cooperate with the City to address and alleviate all of their legitimate concerns. Please contact me at your earliest convenience so that we can discuss this matter. Thank you for your courtesy and cooperation.

Very truly yours,
THE HEGNER LAW FIRM

To Bruce

A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF VICTORVILLE (hereinafter referred to as "CITY") AND OLYMPIA GRILL & LOUNGE, INC. (hereinafter referred to as "LICENSEE"), FOR THE OPERATION OF BUSINESS UNDER THE CONDITIONAL ABC LICENSE

WHEREAS, the CITY and LICENSEE desire to establish an agreement by which the LICENSEE will continue to conduct business under the license issued by the California Department of Alcoholic Beverage Control to the OLYMPIA GRILL & LOUNGE, INC., commonly known as HALO SPORTS BAR & GRILL, located at 14269 Seventh Street, Victorville, CA 92392;

NOW, THEREFORE, the CITY and LICENSEE agree as follows:

Pursuant to Section 05.04.115 of the Victorville Municipal Code, and in light of the California Department of Alcoholic Beverage Control's ("ABC") finding of undue concentration of crime in the vicinity of the establishment owned and operated by Olympia Grill & Lounge, Inc., the City Manager has determined that Business License No. 28852 shall be conditioned upon the validity of ABC License No. 328367; specifically, the Applicant's agreement to comply with the permit's express condition that alcohol not be sold, served or consumed after 11:00 p.m., each day of the week. Business License No. 28852 shall be subject to reconsideration or revocation in the event ABC License No. 328367 is modified, revoked or suspended.

RE: Halo Sports Bar & Grill, Inc.

Withdrawal of Application for Letter of Public Convenience or Necessity

Dear Mr. Roberts

It was a pleasure meeting with you, the City Attorney, and Captain Glenn Pratt of the San Bernardino County Sheriff's Department on October 14, 2004. This letter shall confirm our meeting. You indicated that it was the goal of the City that the business license be consistent with any ABC license conditions (in this case no sales, service or consumption of alcohol after 11:00 pm). However, you made clear that if my client were to obtain a Type 48 license, then the City would issue a new business license without the 11:00 pm time limitation on service, sales and consumption of alcohol.

Per our discussion, I revised the language in the Memorandum of Understanding consistent with our meeting. I have attached the original for your ease of reference. Please note that ABC had indicated that the Sheriff's Department does not report crime statistics so the census tract is not statutorily high crime. I also deleted the language about the finding of undue concentration because Business and Professions Code § 23958.4 (requirement of finding of public convenience or necessity) does not apply, where as here, the Applicant has a Type 47 license. The ABC does have discretion to apply that section to a Type 48 license.

Revised language from Memorandum of Understanding

Whereas, the City and the Licensee desire to establish an agreement by which the LICENSEE will continue to conduct business in a manner consistent with the license issued by the California Department of Alcoholic Beverage Control to the OLYMPIA GRILL & LOUNGE, INC., commonly known as HALO SPORTS BAR AND GRILL (aka TREMORS BAR AND GRILL), located at 14269 Seventh Street, Victorville, CA 92392:

NOW THEREFORE, THE CITY AND THE LICENSEE agree as follows:

The City Manager has determined that Business License NO. 28852 should be consistent with the conditions on ABC license No. 328367; specifically, the Applicant's

agreement to comply with the permit's express condition that alcohol not be sold, served or consumed after 11:00 p.m., each day of the week. Business license No. 28852 shall be subject to reconsideration or revocation in the event any conditions on ABC License NO. 328367 are modified. It is the goal of the City that the Business License issued to Applicant be consistent with the underlying conditions on the Applicant's ABC license. To that end, it is understood between the parties to this agreement that if the Applicant obtains a Type 48 General Public Premises License from the ABC, without the condition prohibiting sales service and consumption of alcohol after 11:00 pm--the City stands ready to issue a new business license consistent with the Applicant's Type 48 license.

Please do not hesitate to contact me if you have any questions.

Very truly yours,

SOLOMON, SALTSMAN & JAMIESON

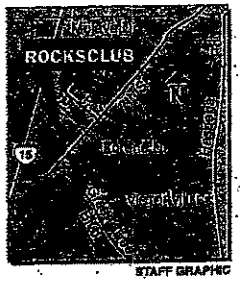
Patron shot at desert nightclub



By KIM PRENDERGAST
Staff Writer

A gunman shot a 19-year-old Apple Valley man in the back while the he was dancing at a Victorville nightclub early Friday morning, sheriff's officials said.

Deputies found Dernell Profit lying on the dance floor with a single gunshot wound, officials said. He was flown to Loma Linda University Medical Center, where he was reported in serious condition Friday afternoon.

The shooting is the latest in a string of violent incidents at the Rocksclub Sports Bar & Grill, San Bernardino County sheriff's deputies said.

This year alone, deputies have been called to the popular nightclub several hundred times, officials said.

"It's an extraordinary amount of calls for service, more so than any other business in the area," said Sgt. John Mattke of the sheriff's Victorville station. "We're working with other agencies to pool our resources to resolve these problems."

Friday's shooting was preceded by several fights, sheriff's deputies said.

Because of Profit's condition, he wasn't able to give any information about the shooting or the gunman, deputies said.

Authorities believe a small-caliber handgun was used.

Even before the incident, city officials and state Alcoholic Beverage Control officials had been looking into numerous complaints about the club in the 14200 block of Seventh Street near Green Tree Boulevard.

Employees of a nearby Denny's Restaurant recently spoke at a City Council meeting to voice their concerns about the rowdy crowds that fill their restaurant on weekend nights after the Rocksclub closes.

Between 2 and 5 a.m., hordes of intoxicated people leave the Rocksclub and fill the restaurant, Councilman Bob Hunter said.

Deputies have been dispatched to the restaurant several times this summer to break up fights and take reports of people

who skipped out on their checks, Mattke said.

"I never want to shut a business down just to shut a business down, but I do have extreme concerns when we have shootings and fights," Hunter said. "It's affecting other businesses in the area, too."

Ed Harris, an Alcoholic Beverage Control spokesman, said the agency is investigating the club but couldn't comment because the investigation is continuing.

Calls to the Rocksclub were not immediately returned.

Anyone with information about Friday's shooting is asked to call the sheriff's Victorville station at (760) 241-2911 or the We Tip Hotline at (800) 78-CRIME.

VICTORVILLE — A man was gunned down on a packed dance floor early Friday morning at the Rocks Club.

About five or six men rushed to help the victim, 19-year-old Dernell Profit of Apple Valley, who was lying on the floor, he said. One used his shirt as a bandage around his stomach.

Sheriff's deputies said Profit suffered a gunshot wound to his back and was airlifted to Loma Linda University Medical Center. His condition was not available as of midnight Friday.

No arrests have been made.

Witness Benjamin Goodman, 22, was near the disc jockey's booth when a shot rang out at 12:30 a.m.

The disc jockey had just put on a new record, Goodman said, and had warned the crowd to settle down or he wouldn't be allowed to play hip hop anymore.

He must have seen a fight going on, Goodman said.

"He said, 'If you want to kill each other, do it outside,' " he said.

Five seconds later, the shot was fired.

"I heard a pop — kind of like a firework," he said.

Some people in the crowd bolted for the door, while others just stood, shocked.

Goodman said every Thursday — $1 drink night — draws a huge crowd to the Rocks Club. Even after the shooting "there were still people coming in," he said.

He said the security at the nightclub can be lax.

INCIDENTS AT THE ROCKS CLUB

Since April 6, 2001, San Bernardino County Sheriff's Department deputies have responded to 51 incidents at the nightclub on charges including drunk in public, indecent exposure, missing person, stolen vehicle, strong arm robbery, disturbing the peace, man down and fights.

- **MARCH 23, 2001:** Fort Irwin sergeant pulled out a handgun during an argument outside; suspect arrested.

times and haven't been patted down," Goodman said. "They don't really check you too much."

He said the security guards sometimes don't check the front of people's waistlines or the lower legs and ankles.

"So if you have something tucked away, they probably won't find it," Goodman said.

Rocks Club officials did not return calls Friday.

Sheriff's spokeswoman Karen Morgan said deputies are still talking to many witnesses.

"When you have a lot of witnesses it makes it a lot harder," she said. "They all see something different."

Since April 6, sheriff's deputies have responded to 51 incidents at the Rocks Club, San Bernardino County Dispatch Supervisor Rodie O'Keefe said.

They receive many calls about the club, but it isn't necessary for deputies to respond to all of them, she said.

Sometimes several days pass between sheriff's deputies' visits, she said, and then they'll receive four or five calls the next night.

"We go out here frequently," she said. "Frequently."

After the shooting, Goodman is rethinking the club scene.

"Thursday next week, I might be at my house," he said.

Victorville officials fed up with number of police calls to club; may pull license

VICTORVILLE — In the past two years, deputies have responded to nearly 1,000 incidents at and around the Rocks Club, and city officials are moving to close down the nightclub for good.

Shootings, brawls, public drunkenness and disturbing the peace have led the city to start proceedings to revoke the business license of the troubled nightspot on Seventh Street.

"It's an absurd number of times and an absurd amount of money that our law enforcement personnel is putting in taking care of the problems there," said Karen Morgan, public affairs officer with the San Bernardino County Sheriff's Victorville station.

The city scheduled a Wednesday and Thursday hearing — closed to the public — to determine the club's fate.

Neither Rocks Club management nor their attorney returned phone calls to respond to the city's accusations.

City officials sent a letter to the club's Santa Monica attorney Roger Jon Diamond on July 23, laying out conditions the club would have to meet to keep its license.

When club owners hesitated at some of the conditions, the city decided to move forward with the license revocation, Victorville City Manager Jon Roberts said.

In July, the city demanded $50,000 to recover its costs for so many police calls.

An Aug. 7 letter from Roberts addressed to club owner George Thanopoulos advised him the city was moving forward to revoke the club's license for:

- failure to provide adequate security;
- failure to prevent escalating violence;
- serving alcohol to minors;
- serving alcohol to obviously intoxicated patrons;
- failure to control patrons and prevent public disturbances.

The nightclub's problems date almost from the day it opened, Morgan said. In its first nine months of operation alone — starting in May 1998 — sheriff's deputies responded to more than 100 calls.

It got worse in the months that followed.

From Jan. 1, 1999, to July 31, 2001, deputies responded to 453 incidents at the club, Morgan said. In addition, deputies responded to another 459 late-night calls to Denny's restaurant at Seventh Street and Green Tree Boulevard — most of which police believe involved

Rocks Club patrons.

"We don't have another establishment that even comes close for this number of calls for service and complaints," Morgan said.

But following the July 20 shooting of a club patron — who is now paralyzed from the waist down — the city and sheriff's officials decided they had to take immediate action, city spokeswoman Yvonne Hester said.

"If we were to have left the Rocks Club alone and let them continue doing business as they were, we feel we would be putting lives in jeopardy," Morgan said.

The Aug. 7 letter stated: "Rocks Club has become a magnet for illegal activities which have not been abated by Rocks Club management, including grand theft auto, overcrowding, domestic battery, vandalism, assault, terrorist threats, theft, vehicular accidents and Vehicle Code violations."

Victorville Director of Planning John Hnatek, acting as hearing officer, and City Attorney Henry Kraft were to conduct the hearing, Roberts said.

Following the hearing, they will forward their recommendations to Roberts, who will decide whether to revoke the club's license.

If Roberts revokes the license, the Rocks Club can appeal, first to the city manager and finally to the Victorville City Council.

Popular High Desert club may be ordered shut

VICTORVILLE — A popular local club that has been the scene of violence may be ordered to close today if a hearing officer decides to revoke its business license, a city spokesman said.

Days after a gunman shot a 19-year-old Apple Valley man in the back while he was dancing at the Rocks Club, City Attorney Henry Kraft sent the club's attorney a request for compliance to a list of 13 conditions or the club could lose its business license, he said.

The club's attorney, Roger Diamond, agreed to all but two of the conditions — limiting entrance to the club to people over 21 and paying the city $50,000 for extra law enforcement — but that wasn't enough, Kraft said.

'After the City Council votes to do so, they can shut us down. But now they're trying to shut us down before it even goes to the City Council.'

Roger Diamond

"I don't want to play games," he said. "A young man was shot in the back, and there have been at least two other shooting incidences there. We believe that they're incapable of policing themselves."

So when the Rocks Club Sports Bar & Grill in the 14200 block of Seventh Street near Green Tree Boulevard declined to accept the two conditions, Kraft sent a recommendation to City Manger Jon Roberts that its business license be revoked, Kraft said.

Diamond said that was unbelievable.

"We accepted most of the conditions, but because we wouldn't give them $50,000, which we think is extortion, and because we wouldn't discriminate against adults 18 to 20, they're threatening to revoke the license," he said.

Kraft said Roberts appointed a hearing officer in whose hands the bar's future rests.

If the officer orders the club's business license revoked, Diamond has 10 days to appeal the decision, and then the matter goes before the City Council for a vote.

If the council decides to do

away with the club's license, Diamond can take the matter to court, he said.

Diamond said he disagrees with the city's position that it can shut down the club before the council has a chance to vote on it.

He said the city doesn't have the right to lock the club's doors and throw away the keys until the matter goes before the council, and he filed a lawsuit in Victorville Superior Court on Wednesday requesting that the court allow the club to stay open until the council hearing.

"After the City Council votes to do so, they can shut us down," Diamond said. "But now they're trying to shut us down before it even goes to the City Council."

Dernell Profit is paralyzed from the shooting at the Rocks Club last month, said San Bernardino County sheriff's spokeswoman Karen Morgan.

Just before Profit was sho with a small-caliber handgun several fights broke out, sheriff's deputies have said.

Judge denies Rocks Club request

By WILLIAM FINN BENNETT

VICTORVILLE — A judge denied a motion Thursday that would have derailed city efforts to close the Rocks Club, a trouble-prone nightspot.

Victorville Superior Court Judge Michael Welch denied the request by an attorney for the Rocks Club to stop the city from taking the club's business license — at least until the City Council makes a final decision following an administrative hearing.

The city and the club are currently embroiled in an administrative process to determine the club's fate. The hearing ended Thursday and the city should announce its decision on the club's future by next week, city spokeswoman Yvonne Hester said.

City officials are trying to pull the club's license after San Bernardino County Sheriff's deputies responded to nearly 1,000 police calls for fights, assaults and other problems connected to the club in the past two years. The city finally decided to take action following a July 20 shooting in which a man was paralyzed from the waist down. There are no suspects, even though the shooting occurred on a crowded dance floor.

If the hearing officer John Hnatek revokes the club's license, Rocks Club attorneys may then appeal the decision to the City Council, which will then vote on the matter, City Attorney Henry Kraft said.

A decision to close the club would take effect immediately, Hester said.

But the City Council could take several weeks to announce its decision on an appeal. During that time, the club would remain closed, Rocks Club attorney Roger Jon Diamond said.

And that is what Diamond said he is worried about and the reason for his court motion for a stay.

"We're now faced with the dilemma of having the city close us now," Diamond said. "The club would not be able to function while waiting for the appeal to be heard by City Council."

In July, the city demanded the club clean up its act. Diamond said he thinks the city is playing hardball with the club's owners.

"We agreed to all of the conditions the city wanted us to do in lieu of revocation," Diamond said.

Kraft said in spite of Diamond's concerns, the city could still decide to stay the judgment until the City Council has made its final decision.

He said the motion for a stay of revocation was premature because the city has not yet made a decision.

Diamond also filed a lawsuit against the city on Wednesday seeking to set aside any city action to revoke the club's business license, Kraft said.

Popular nightclub awaits decision

By KIM PRENDERGAST

VICTORVILLE — The decision whether to revoke a popular nightclub's business license has been put on hold until next week, city officials said Thursday.

For two days, a hearing officer appointed by City Manager Jon Roberts has been listening to the city's complaints about the Rocksclub and the club's complaints about the city, Victorville spokeswoman Yvonne Hester said.

Citing violence, overcrowding and being a nuisance to neighboring businesses, City Attorney Henry Kraft sent a list of 13 conditions that he wanted the club's operators to meet in order to continue doing business.

Otherwise, the club risks losing its business license, he stated in a letter sent to the club's attorney, Roger Diamond.

Kraft's ultimatum came a few days after a 19-year-old Apple Valley man was shot in the back while dancing at the club in the 14200 block of Seventh Street.

Although Diamond accepted all but two of the conditions, limiting entrance to people 21 and older and paying the city $50,000 for extra law enforcement, Kraft recommended the club's business license be revoked.

The decision is before John Hnatek, the hearing officer and director of planning for the city, who said he might make a decision

early next week.

During the closed hearing, Kraft outlined the city's case against the club and called sheriff's deputies, Fire Department officials and nearby business owners who made statements against the club, Hester said.

Diamond outlined what the club has done to mitigate the problems and discussed what would be reasonable solutions for the owners, she said.

If Hnatek recommends that the business' license be revoked, the club will immediately be shuttered, Kraft said. Diamond

can appeal to the city manager and then to the City Council about reversing the decision, Hester said.

Until a decision is announced, the club will remain closed, which Diamond said he disagrees with. He said the city can't revoke the club's license and close its doors until the matter goes before the council.

Wednesday, he said a lawsuit was filed on the club's behalf requesting that the court allow the club to stay open until the council hearing.

Besides the city, the state Department of Alcoholic Beverage Control, which regulates liquor licenses, has also been looking into numerous complaints against both the Rocksclub in Victorville and another with the same name in Riverside, said Ed Harris, agency spokesman.

Both nightspots, which have restaurant licenses but not bar licenses and are owned by the same people, are under investigation, Harris said. A hearing to decide the future of the Riverside club also took place Wednesday at the request of the state ABC.

Rocks Club settles with city, now faces accusation from state

VICTORVILLE — The city of Victorville has given the Rocks Club a reprieve, but the nightclub now faces an accusation from the California Department of Alcoholic Beverage Control.

City officials are suspending efforts to revoke the business license of the Rocks Club if the troubled nightspot beefs up security and meets other conditions.

Those conditions include:

- using metal detectors before admitting patrons;
- excluding minors from the club when alcohol is served;
- checking the background of managers; and,
- providing the city with an occupancy log, which would list the number of patrons admitted each night.

"These conditions take effect immediately and must be met with no deviation," City Manager Jon Roberts said. "The slightest deviation will result in revoking their business license."

The club had been awaiting the decision of a city administrative hearing on the possible loss of its business license. The hearing concluded late Thursday afternoon.

Rocks Club attorney Roger J. Diamond said he is satisfied with the agreement.

"We look forward to working with the city in a cooperative effort to make sure that a business which is well liked by the citizens of Victorville continues to operate," Diamond said. "The Rocks Club will be a good neighbor."

But the good news was tempered by pressure from another source.

Officials with the state Alcoholic Beverage Control announced Friday afternoon they plan to file an accusation against the Rocks Club for failure to maintain its status as a bona fide restaurant.

By statute, only clubs that are truly restaurants can serve alcohol, said Ed Harris, chief investi-

gator for the ABC's Riverside district.

He said after receiving an inordinate number of police reports on the Rocks Club, ABC began an investigation.

"There are more police reports being generated from that location than are received by our department than any other licensed premises in the city," Harris said.

Once an accusation is filed, he said, the case goes before an administrative law judge. After hearing arguments and examining evidence from both sides, the judge makes a decision on what action to take. The options he has are: Imposing conditions for the business to keep its liquor license, suspend the license, or revoke the license.

Attorney Diamond downplayed the ABC's announcement.

"An accusation is simply an accusation and nothing more," Diamond said.

He said the club is still entitled to a hearing, and it can still appeal any adverse ABC decision before an appeals board.

"I just got an ABC decision reversed by the appeals board," Diamond said. "The ABC is not infallible."

VICTORVILLE — A popular club that has recently come under fire from city officials won't be forced to close, but it will have to do business differently.

After a two-day hearing in which both the city and the club aired grievances about each other, City Attorney Henry Kraft and Rocksclub attorney Roger Diamond reached an agreement Friday.

"The city attorney and the Sheriff's Department came up with a list of very strict conditions, and the Rocksclub has agreed to them verbally," said city spokeswoman Yvonne Hester. "They're going to be watched like a hawk, and the slightest deviation will result in them getting their business license revoked instantly."

"They want to do business in the city, and we want the city to have a little entertainment."

As part of the agreement, no one younger than 21 will be allowed in the club, except during special events; metal detectors will be used; and the club must hire security officers.

"It's settled," Diamond said. "The bottom line is we were never closed. They want to do business in the city, and we want the city to have a little entertainment."

Days after a 19-year-old Apple Valley man was shot in the back while dancing at the club, Kraft sent Diamond a list of 13 conditions to comply with or risk having the Rocksclub's business license revoked.

Besides the shooting, Kraft cited other incidences of violence, overcrowding and general nuisance.

Although Diamond accepted all but two of the conditions — limiting the age of customers and paying the city an extra $50,000 for additional law enforcement — that wasn't enough for Kraft, who recommended to City Manager Jon Roberts that the club's business license be revoked.

The city had a closed hearing this week in front of a hearing officer to decide the club's fate. Although John Hnatek, the hearing judge and director of planning for the city, was expected to make a decision next week, Diamond and Kraft came to an agreement before that.

Kraft and officials from the San Bernardino County sheriff's station in Victorville narrowed the

list of conditions to seven, and Diamond agreed to abide by them.

The conditions are:

■ Deployment of qualified security personnel.

■ Use of metal detectors.

■ Compliance with all laws concerning the sale and consumption of alcohol.

■ Prohibiting minors when alcohol is served.

■ Background checks by the city on management personnel.

■ Written operations plans demonstrating sufficient security personnel.

■ Submitting an occupancy log to the city.

Although the city is no longer threatening to revoke the club's license, the state agency that regulates liquor licenses for businesses, the Department of Alcoholic Beverage Control, is looking into numerous complaints that have been filed against the club, said ABC spokesman Ed Harris.

Rocks Club loses business license

VICTORVILLE — City officials yanked the business license of a troubled nightclub Wednesday after sheriff's deputies reported that the club allowed minors inside and served them alcohol during an undercover operation.

"I told them that we would be keeping a close eye on them because of all the code violations," City Attorney Henry Kraft said.

Around 9:30 p.m., deputies served the owner with a notice to immediately close the business. The owner then shook hands with the two deputies.

City officials threatened to take the Rocks Club business license in August, citing more than 1,000 calls for law enforcement at the club during the past two years and numerous complaints from residents who live nearby.

The shooting of a 19-year-old Apple Valley man on the nightclub dance floor in July also sparked the action.

City officials decided to give the club a break if the owners would abide by strict rules that included not allowing minors inside when alcohol is served, using metal detectors on patrons coming in, checking the background of managers and providing the city with an occupancy log.

"It's my understanding that they are continuing to admit minors in," Kraft said.

Deputies with the San Bernardino County Sheriff's Department High Desert Crime Impact Team and 20-year-old explorer scouts conducted an undercover operation to see if the club was playing by the rules. lowed the minors into the club after the youths presented their real identifications, Sgt. Bob Wells said.

Employees marked the minors' hands with florescent ink, which was done when the club could allow minors inside, but even that didn't stop the minors from buying alcoholic beverages from bartenders, Wells said.

"We have given the Rocks Club every opportunity to be a positive member of our community, but they have chosen to continue to operate in a manner which jeopardizes the health and safety of our citizens," City Manager Jon Roberts stated in a written press release.

Sheriff's deputies planned to serve the license revocation papers to the club Wednesday night to effectively shut down the business.

The club's attorney can still appeal the revocation to the City Council.

Roger Diamond, a Santa Monica attorney who represented the club during the first battle with the city, couldn't be reached for comment.

Kraft said the business owner wrote to the city after the new rules took effect and asked if the club could allow minors inside again.

The letter stated the club was losing a lot of business to other clubs that allowed minors and that the new regulation could put the Rocks Club out of business, Kraft said.

Kraft warned that the Rocks Club isn't the only place city officials are keeping an eye on.

"If this happens in any establishment in the community, we are going to go after them," he said.

City orders club to close

■ Rocksclub attorney says Victorville's authority took action without giving notice.

By KIM PRENDERGAST

VICTORVILLE — The city ordered closure of a popular nightspot Wednesday after the club's operators allegedly violated state law and breached a city agreement by admitting teens and serving them alcohol.

Roger Diamond, the attorney for the Rocksclub, argued that because the city never notified him about its decision to revoke the club's license, the club can remain open until legal notification and there is a hearing.

"As far as I'm concerned, we can continue to operate," said Diamond, who learned about the city's decision when contacted for comment. "It's the Taliban operating in the city of Victorville.

"No hearing was afforded to the Rocksclub before a decision was made. Even Osama bin Laden is going to get a trial if captured alive."

After the city threatened to revoke the club's license in August, contending in the wake of several shootings that it posed a threat to public safety, nightclub management agreed to seven conditions set by the city.

Part of that agreement was that the club in the 14200 block of Seventh Street would not allow anyone younger than 21 inside when alcohol was being served.

"They were told they were going to be watched very, very closely and they had to comply with all the conditions," said city spokeswoman Yvonne Hester.

On two occasions, City Manager John Roberts said, minors were admitted to the club and served alcohol while wearing wristbands indicating that they were under age. The teens had valid ID's that indicated they were not yet 21.

"They no longer have the le-

threat to our citizens."

He said the Sheriff's Department will take action if the club tries to remain open.

Diamond said he will challenge the revocation.

"How exactly did Mr. Roberts revoke it? I've never heard anything about it until now," Diamond said. "He is putting the city's taxpayers at risk by taking action and not holding a hearing. He violated the agreement because he has to give some notice."

Diamond can appeal Roberts' decision to the City Council, Hester said, but the club will remain closed during the appeals process.

Rocks Club attorney files an appeal

By SCOTT VANHORNE

VICTORVILLE — The City Council will make a final decision on whether to close a troubled local nightclub during a special meeting Monday.

City Manager Jon Roberts effectively shut down the Rocks Club on Seventh Street on Wednesday after he revoked the club's business license for failing to comply with terms set in an earlier agreement with the city.

Rocks Club attorney Roger Diamond filed an appeal Thursday in hopes of getting the City Council to reverse the decision.

Diamond said the meeting needed to take place soon because each night the Rocks Club remains closed, owner George Thanopoulus loses money.

"A claim can be filed against the city for monetary damages while the club is shut down," Diamond said.

Diamond said he has not estimated how much money the club loses each night it is closed.

Roberts decided to revoke the club's business license after an undercover investigation by the San Bernardino County Sheriff's Department High Desert Crime Impact Team.

In September, deputies took 20-year-old Explorer scouts into the club on two separate occasions and the bartenders served them alcoholic beverages, sheriff's officials said.

Explorer scouts are young people who shadow sheriff's deputies to get an idea of what a law enforcement career is like.

The club's owner agreed not to allow minors inside unless no alcohol was served after the city threatened to take the business license away in August following a shooting at the club and complaints from residents and area businesses.

Diamond said City Attorney Henry Kraft refused to give him reports detailing the undercover investigation, but city spokeswoman Yvonne Hester said that was just a misunderstanding.

"We will release the reports to them," Hester said.

The names of the minors involved in the undercover operation will be blacked out on the report, she said.

"We don't want to put them in any kind of jeopardy," Hester said.

Meanwhile, Diamond said city officials had their sights set on closing the club from the very beginning.

The original agreement allows Roberts to revoke the club's business license for any material violation, which Diamond claims means more than simply letting minors slip through the screening process a couple of times.

Also, Diamond said a distracted bartender could have mistakenly served minors alcohol.

"That's not a material violation, that's a ticky tacky violation," he said. "The question is, is this an isolated mistake because nobody is perfect?"

But Hester said city officials see it differently.

"They served alcohol to minors in violation of state law," she said. "The city does not consider that a minor violation. We consider it a major violation."

Hester said city officials weren't required to immediately notify the club's owner about the revocation. As for the press releases, Hester said those allow city officials to get the word out to residents who may be affected by the closure.

The special meeting to appeal the revocation is scheduled to start at 5 p.m. Monday at Victorville City Hall Council Chambers at 14343 Civic Drive.

The meeting starts with public comment, but the remainder of the meeting will probably be held behind closed doors.

Diamond said he wants the City Council to hold an open hearing on the matter.

VICTORVILLE — Deputies arrested four people for underage drinking and found a 17-year-old girl inside the Tequila Night Club on Thursday night, sheriff's officials said.

Meanwhile, the embattled Rocks Club opened its doors for business despite the city's revocation of its business license earlier this week.

San Bernardino County Sheriff's officials decided to make an appearance at the Tequila Night Club on Park Avenue on Thursday after deputies found several juveniles at the club last week.

Deputies caught one 17-year-old girl in the club and arrested four people for underage drinking, Detective James Wiebeld said.

Deputies also had to break up a fight inside the club and arrested four people for assault. Two of those suspects were also patrons cited for underage drinking.

"Overall, the bar was pretty well in compliance," Sgt. Don Riser said.

A woman who answered the phone at the club Friday afternoon said the manager was not available for comment.

Across the freeway, the Rocks Club on Seventh Street opened its doors for business even though City Manager Jon Roberts revoked the club's business license Wednesday.

The revocation came after an undercover sheriff's operation

revealed the club allowed two underage patrons in and served them alcoholic beverages.

The bar's owner, George Thanopoulus, agreed to exclude all patrons under 21 after the city threatened to take the business license in August following a series of problems at the club, including the shooting of a 19-year-old man on the dance floor.

Rocks Club attorney Roger Diamond said keeping the club open may be saving taxpayer money because Thanopoulus could sue the city for lost revenue if the City Council reverses the revocation during a hearing Monday.

"He's not thumbing his nose at the city," Diamond said. "He's doing them a favor."

City spokeswoman Yvonne Hester said the club is not supposed to be open without a business license.

"We will have police officers there (Friday night) to follow through on our investigation," Hester said. "They are operating a business without a business license. They are operating illegally."

The City Council will meet at 5 p.m. Monday to determine the outcome of the Rocks Club. The meeting is open to the public and will be held at Victorville City Hall, 14343 Civic Drive.

VICTORVILLE — The City Council voted unanimously to let the revocation of a troubled night club's business license stand after a nearly three-hour hearing Monday night.

City Manager Jon Roberts revoked the Rocks Club business license Wednesday after two undercover sheriff's operations revealed the club allowed underage patrons in and served them alcoholic beverages.

The bar's manager, George Thanopoulus, agreed to exclude all patrons under 21 after the city threatened to take the business license in August following a series of problems at the club, including the shooting of a 19-year-old man on the dance floor.

Rocks Club attorney Roger Diamond appealed the decision to the City Council in hopes of getting the business license back, but council members weren't swayed during the hearing.

Thanopoulus said he misunderstood the agreement and thought he could allow underage people in before 10 p.m.

But City Attorney Henry Kraft pointed out that the agreement prohibits the club from allowing anyone under 21 inside unless alcohol is not served and city officials have given prior approval.

Thanopoulus sent a letter to city officials asking them to let the club allow underage people in for four nights a week before the business license was revoked, but it was unclear what if any the response the city made.

Several club employees, who were working when the undercover operation occurred, told council members they did not serve alcohol to anyone under 21 years old.

"I look at their hands all the time when they approach the bar," bartender Rhonda Henry said.

The city of Victorville rejects the Rocks Club appeal to stay open.

The club marks underage patrons' hands with large florescent marks that can be clearly seen under black lights inside.

A police report detailing the undercover operation stated the underage people used for the sting dumped their drinks into a planter, but cocktail waitress Jennifer DeGraw said that didn't happen.

"I would see if someone dumped something in a planter," she said.

Employees pleaded with council members to keep the club open because they don't want to lose their jobs. They also told council members that business at the club has dropped by about 70 percent since the signing of the agreement in August.

"It's way more strict now," DeGraw said. "There are no more fights, no more trouble."

San Bernardino County Sheriff's Deputy Mike Blay, who conducted the undercover operation, agreed that things have quieted down at the club since the agreement was signed.

Club ordered to shut down

VICTORVILLE — A popular nightspot here that has been battling with the city to stay open amid controversy lost its fight Monday evening when the city council voted to shut down the Rocksclub.

The club's attorney, Roger Diamond, appealed a decision by City Manager Jon Roberts to revoke the club's license, and the council held a public hearing to decide whether Roberts was justified in taking away the club's right to do business in town.

Roberts said that the club's operators violated state law and a city agreement on at least two occasions by admitting teens and serving them alcohol.

"I'm satisfied that the violations did occur," Councilman Terry Caldwell said before denying Diamond's appeal.

Before the city council decided to permanently shut down the Rocksclub in the 14200 block of Seventh Street, Diamond pleaded with the panel to punish the club's operators in ways other than closure.

"I think it's undisputed that the Rocksclub has made some drastic improvements," Diamond said.

"The business has substantially improved, and they don't have as many customers as they used to, so why put them out of business?"

George Thanopoulos, the club's manager, said that he and his son, Tom, have sunk more than $1 million in the club and they want to work with the city to keep the business open.

But the panel said the club has exhausted all chances and there's nothing left to do but shut the business down.

After the city threatened to revoke the club's license in August, contending that it posed a threat to public safety after several shootings there, nightclub management agreed to seven conditions set by the city.

Attorney files petition to keep club open

An attorney for the Rocksclub filed a petition in Victorville Superior Court on Tuesday to keep the club open while he challenges a city action that revoked the club's business license.

City Attorney Henry Kraft immediately filed a petition seeking a temporary order to restrain the club in the 14200 block of Seventh Street from operating during the legal proceedings.

The City Council this week upheld City Manager Jon Roberts' decision to revoke the license for the alleged sale of alcohol to minors. The nightspot has continued to operate despite its lack of a license.

Both sides are expected to argue their positions today before Judge John Tomberlin.

Judge lets club stay open, but booze padlocked

VICTORVILLE — A judge refused to grant city officials' request to padlock the doors of a local nightclub Wednesday and instead allowed the club to remain open under some strict guidelines.

Superior Court Judge John Tomberlin said the Rocksclub must keep all alcoholic beverages locked away out of public view and still cannot allow anyone under 21 inside the establishment.

Staff also cannot allow people to bring alcohol to the club or come to the club intoxicated, Tomberlin said.

"The city can go in and inspect and see if there is any alcohol present," the judge said.

Any violation could result in the arrest of Rocksclub manager George Thanopoulus for not abiding by a court order.

Rocksclub attorney Roger Diamond said the ruling will put a damper on business at the club.

"We are certainly happy that he didn't shut the place down," Diamond said. "Being that the primary business is serving alcohol, it will be hard."

Besides alcoholic beverages, the club also serves appetizers and hamburgers.

City Manager Jon Roberts said he was pleased with the ruling.

"I think that the judge was very fair and very just, and it protects the public's health and safety," he said.

Tomberlin made his ruling Wednesday morning after Diamond urged him to keep the club open, while City Attorney Henry Kraft wanted a temporary restraining order to padlock the front doors.

In August, the club's owners agreed to keep people under 21 out of the establishment when they signed an agreement with city officials.

The agreement stopped proceedings to declare the club a public nuisance because of past violence at the club and numerous calls to law enforcement.

Roberts revoked the club's license Oct. 10 after an undercover investigation by the San Bernardino County Sheriff's De-

partment High Desert Crime Impact Team revealed Rocksclub staff served 20-year-old Explorer scouts alcoholic beverages on two nights in September.

The agreement gave the city manager the authority to revoke the club's business license for any material violation of the agreement.

Rocksclub staff members have denied they ever served the underage patrons.

The City Council upheld the revocation during a nearly three-hour hearing Monday. The 20-year-old people used in the sting did not appear at the hearing, but a sheriff's detective, who was with them, said he saw cocktail waitresses serve them.

Kraft asked Tomberlin to issue a temporary restraining order to padlock the Rocksclub doors because the club remained open even after Roberts revoked the business license.

"We feel those doors need to be padlocked," Kraft said. "We don't believe they will abide by a court order."

Tomberlin said he wouldn't order the doors padlocked, but he did order the business to stop serving alcohol and to follow other guidelines.

Diamond wanted the judge to stay the license revocation pending his review of the City Council's decision but Tomberlin refused to do that.

Diamond said the council's decision was tainted because city officials presented the council with a packet that included a history of violent acts at the Rocksclub that occurred before the agreement was signed.

Even Tomberlin said he wouldn't consider anything that happened at the club before the owners signed the agreement.

"As far as I am concerned, that all went away with the signing of the operations agreement," he said. "I am not looking beyond that date."

Diamond contends that if the club's previous history is wiped clean, the allegations that staff served minors on two occasions in September shouldn't be punished so severely.

The first time a business is convicted of selling alcohol to minors the Alcoholic Beverage Control Board can suspend the liquor license for 15 days or the business can pay a fine between $750 and $6,000.

A second conviction would mean a mandatory 25-day suspension of the liquor license while a third would mean a revocation of the license, said David Gill, a district administrator for the California Department of Alcoholic Beverage Control.

Meanwhile, Diamond said he plans to send a letter rescinding the agreement between the Rocksclub at the city because city officials didn't abide by it.

Diamond said city officials never responded to a letter from another attorney representing the club asking to allow people 18 years old and up four times a week. Business at the club has dropped by about 70 percent since the ban on people under 21 took effect.

"They ignored that request, and almost a week later, they started a sting operation," Diamond said.

The agreement stated city officials could approve non-alcoholic events at the club for underage patrons. The agreement also stated that permission would not be "unreasonably withheld."

"They can't enforce an agreement that they have violated," he said.

Kraft said he responded to the letter and set up a date to meet with the attorney, but before the meeting occurred, the undercover operation revealed the club had violated the agreement.

"I know of absolutely no basis for him to (rescind the agreement)," Kraft said. "The problem is 99 percent of what he is saying it false."

Diamond also said city officials had their sights set on closing the club when the agreement was signed because a press release issued after the settlement quoted Roberts saying, "The slightest infraction will result in the revoking of their business license."

The agreement states the city manager can revoke the business license for any material violation of the agreement.

Diamond contends the allegations that staff served minors on two occasions doesn't constitute a material breach of the agreement.

Tomberlin disagreed.

"That, in my opinion, is a material breach of the contract," the judge said. "You sort of botched your deal right there."

The legal war between the Rocksclub and the city didn't end after the hearing Wednesday and will likely drag on for years.

Tomberlin must determine if the City Council's decision was appropriate, and he also has to decide whether to grant a preliminary injunction to shut the club down. The temporary restraining order he issued Wednesday ends in 15 days. A hearing on those issues is set for Nov. 2.

The city and the club also have lawsuits pending against each other that will likely require a jury trial. The city is seeking about $700,000 in damages, attorney's fees and the closure of the club.

On the other hand, the club wants to set aside the revocation of the license. The lawsuit also seeks unspecified damages the business incurs while the alcohol ban is in place and any financial loss if the judge issues an order closing the club, Diamond said.

Judge gives club reprieve

VICTORVILLE — Although city officials recently revoked a popular nightspot's business license, a judge ruled Wednesday that the club can remain open during ongoing court procedures.

But the decision came with severe restrictions, including no alcoholic beverages on the premises and no one under 21 allowed through the doors of the Rocksclub.

Victorville Superior Court Judge John Tomberlin's decision was a compromise between what the city wanted, which was to shut down the club for good, and the club's operators, who wanted the business to remain open.

"My orders are going to be in the interest of protecting the public from the dangers of underage drinking and the business interests of the Rocksclub," Tomberlin said.

Besides banning the sale of alcohol until at least Nov. 2, when the judge will decide whether to lift his orders, Tomberlin told the club's attorney that intoxicated patrons are also not permitted in the club.

And the judge determined that San Bernardino County sheriff's deputies and city officials have the right to enter the club at any time, and if they find alcohol that is not locked away, the operators will be in contempt of court.

Although the Rocksclub, located in the 14200 block of Seventh Street, does serve food, it's primarily a nightclub that derives most of its profits from selling drinks and cover charges.

While the judge's decision is sure to hurt business, the club's attorney, Roger Diamond, said he's just happy Tomberlin didn't shut down the club completely.

"He tried to hit the middle and make both sides happy," Diamond said.

City Manager Jon Roberts said he thought the judge's decision was thoughtful.

"It was very fair and very just, and it protects the public's safety," Roberts said after the hearing.

Roberts had the business license revoked Oct. 10 after at least four club employees allegedly served alcohol to 20-year-old Explorer scouts during a sting operation.

The city initially threatened to revoke the club's license in August after gunshots erupted there. Reports of crowding and complaints about the club being a nuisance to nearby businesses compounded problems.

The city and the club instead came to an agreement to allow it to stay open so long as the club's operators agreed to seven conditions outlined by the city.

Diamond argued that if incidents of underage drinking occurred, they were minor in nature and only worthy of a citation, not closure of the club.

Tomberlin disagreed Wednesday, saying that it depends on the contract he and the city entered into.

"As far as I'm concerned, that all went away as soon as you signed the operations agreement," the judge told Diamond. "In other words, you sort of bought your deal right there. You named your poison, and you were given every sort of reasonable warning that the city was going to carefully monitor."

Diamond said the city breached the contract first by not responding to the club's request to host teen nights and therefore his clients were not bound by the agreement at the time.

A jury is expected to decide later this year whether the city was justified in revoking the club's business.

VICTORVILLE — The embattled Rocksclub has suspended operations under court orders that allow it to remain open but not to serve alcohol.

The club's attorney is still working on getting alcohol back in the club.

"Without alcohol, business is substantially affected," Rocksclub lawyer Roger Diamond said Thursday.

Diamond did not know when the doors of the Rocksclub might reopen, but a recorded message at the nightclub's phone number said it is closed until further notice for remodeling.

Owner George Thanopoulus is suing the city for money lost while the club is prohibited from serving alcohol. But the order not to sell alcohol came from a local judge.

Thanopoulus could not be reached for a comment Thursday. He has been on a trip to Greece this week, Diamond said.

During the next court date on Nov. 2, a judge will decide if the club should be shut down or reopened. Diamond said he is filling out paperwork for the court case and the court date is still on.

The issue went to court and City Attorney Henry Kraft wanted the doors of the club padlocked, but the judge decided to keep the club open without alcohol.

Diamond appealed to the City Council at a special meeting before the issue went to court. The City Council upheld the revocation of the business license.

Attorney for embattled nightspot files $2 million claim against Victorville for lost business

By KIM PRENDERGAST
Staff Writer

VICTORVILLE — After a judge decided Friday to reverse the City Council's decision to revoke a popular nightspot's business license, lawyers for the club filed a $2 million claim against the city for lost business.

Victorville Superior Court Judge John Tomberlin based his ruling on a lack of evidence that minors were served alcohol at the Rocksclub as the city has alleged.

But the club still isn't allowed to serve alcohol or permit underage customers, a restriction Tomberlin ordered earlier. He also ordered the council to hold another hearing to decide the fate of the Rocksclub based on his findings.

After the judge's ruling, Roger Diamond, an attorney for the club, filed the $2 million claim with the city for damages stemming from the city's closure of an existing business, city spokeswoman Yvonne Hester said.

Tomberlin seemed ready to accept the city's argument that on two occasions several club employees served alcohol to two 20-year-old Explorer Scouts, who went to the club as part of an undercover investigation, until Diamond said the city violated municipal code in doing so.

According to the Business and Professions Code, decoys used by peace officers have to be under age 20, the licensee has to be advised of the alleged violation within 72 hours, and the decoys have to be identified, none of which happened in this case, Diamond said.

"You presented an argument that I hadn't considered," Tomberlin said, "and I tend to think that you have a point."

But the judge agreed with the city that the club's operators admitted patrons under 21 years old on several occasions, which violated an agreement the city and the club's operators reached in August.

cluding a shooting on the dance floor in which a man was wounded.

The city and the club instead came to an agreement that allowed the club to stay open as long as the club's operators banned people under 21 except for approved events and followed six other conditions outlined by the city.

City Manager Jon Roberts revoked the club's business license Oct. 10, alleging that the club's operators violated state law and breached the agreement by admitting underage patrons and serving them alcohol.

The council upheld Roberts' decision. However, Tomberlin ruled a week later that the club could stay open during court proceedings, but he banned the sale of alcohol.

But because the Rocksclub derives most of its profits from selling drinks and from cover charges, the club's operators temporarily closed the club until the ban was lifted, Diamond said.

The council is expected to decide whether to uphold Roberts' decision to revoke the club's license at a yet-to-be-scheduled hearing. The court is also reviewing the case.

Victorville must review Rocksclub ruling

▶LAW: Lawyer raises questions about the undercover investigation into underage drinking.

By SCOTT VANHORNE

VICTORVILLE — A judge nearly dealt the troubled Rocksclub a lethal blow Friday morning before an attorney raised questions about the legality of an undercover investigation city officials used to justify revoking the club's business license.

Instead of making a final ruling, Superior Court Judge John Tomberlin ordered the Victorville City Council to hold another hearing in light of regulations that show the undercover investigation was flawed.

Tomberlin was set to rule on whether the City Council acted appropriately when they voted unanimously during an administrative hearing on Oct. 15 to revoke Rocksclub's business license for violating the terms set in an operations agreement.

Tomberlin, who reviewed the hearing transcript, started off telling Rocksclub attorney Roger J. Diamond that he was going to uphold the City Council's decision because the club clearly violated the terms of the agreement.

The club's owners signed the agreement in August after city officials threatened to take the business license because of numerous problems at the club, including the shooting of a 19-year-old man on the dance floor.

The agreement, which bans persons under 21 from entering and sets forth other strict guidelines, gave City Manager Jon Roberts the authority to revoke the business license for any material violation.

> "We might have had a different case if the managers had seen the decoys."
>
> Roger J. Diamond

Tomberlin pointed out that during the hearing Rocksclub manager George Thanopoulus admitted allowing people under 21 into the club, which was one of two violations Roberts cited for revoking the business license.

"The statement that he allowed minors in, I take as an admission," Tomberlin said.

But Diamond said the other violation — selling alcohol to minors — shouldn't have been considered by the council member because the undercover operation didn't adhere to state laws.

"The City Council might very well have come up with a different penalty," he said. "This would have drawn a short suspension not a death penalty."

San Bernardino County Sheriff's Department used 20-year-old volunteers to conduct two stings at the club in September. During both, staff members allowed the underage people int

the club and also served them alcoholic beverages, city officials said.

Law enforcement agencies conducting decoy operations must use people under 20 years old who generally don't appear to be 21 or older, according to Title Four of the Department of Alcoholic Beverage Control.

After a completed sale, the peace officer directing the decoy also must make a reasonable attempt to have the underage person go back into the business and make a face-to-face identification of the seller.

Rocksclub managers didn't find out about the undercover operations until nearly two weeks after the last one on Sept. 27.

"We might have had a different case if the managers had seen the decoys," Diamond said.

The rule states that it applies to any action filed pursuant to a Business and Professions Code Section Roberts cited when he revoked the club's business license.

"It can't pick and chose and say 'We are going to take part of the statute instead of all of the statute,' " Diamond said.

Diamond also pointed out that the decoys did not testify during the hearing because city officials wanted to protect their privacy.

"You can't reach them, you can't cross examine them," Diamond said. "We think that violated our right to a fair hearing."

ABC Supervising Investigator Ed Harris said the decoy rules Diamond cited only apply to actions taken by ABC.

"It doesn't apply to what the Sheriff's Department did," he said.

Victorville City Attorney Henry Kraft said he didn't know if the City Council could still consider the alcohol sales to minors discovered during the undercover operation.

Kraft plans to review the transcript of the court hearing Friday before determining how to proceed.

"I want to make sure I understand exactly what the judge said," Kraft said.

Diamond said he's sure the undercover operation violated laws that were enacted to make decoy operations fair to business owners.

"(The ABC) doesn't own the regulations," he said.

Meanwhile, Rocksclub filed a $2 million claim against the city after the hearing Friday morning, setting the stage for a lawsuit to recoup money the club has lost because of the City Council's decision.

Diamond said his clients plan to drop the claim if the City Council reverses its decision.

"We would withdraw the claim, and we would state on the record that we would not sue," he said.

Tomberlin made a ruling on Oct. 17 allowing the Rocksclub to remain open, but the business cannot allow anyone under 21 and is not allowed to sell or display alcohol. The business, which relies heavily on alcohol sales, has been closed ever since.

Officials are still working to set up the City Council hearing ordered by the judge. The meeting is tentatively scheduled for 5:30 p.m. Wednesday at Victorville City Hall.

Victorville Council stands firm on Rocksclub license revocation

▶ GOVERNMENT: Vote unanimous after judge asks for re-examination of decision to revoke license.

By SCOTT VANHORNE
Staff Writer

VICTORVILLE — The back-and-forth battle between the Rocksclub and the city took another turn Wednesday when City Council members decided once again to uphold the revocation of the club's business license.

"I'm not prepared to retreat from that position today," Victorville City Councilman Terry Caldwell said.

A short time later, council members voted unanimously to uphold the city manager's decision to revoke the Rocksclub business license. Council members Rudy Cabriales and JoAnn Almond were not at the meeting.

Superior Court Judge John Tomberlin had asked City Council members to re-examine their Oct. 15 decision to stand by City Manager Jon Roberts' decision to revoke the Rocksclub's license.

Tomberlin wanted to know what the City Council would do if it didn't consider allegations that club employees served underage people during an undercover investigation and only focused on the club's allowing underage people inside.

The judge made his decision after Rocksclub attorney Roger Diamond pointed out a state statute that requires law enforcement officers conducting decoy operations to use people age 19 or younger.

San Bernardino County Sheriff's Department deputies used two 20-year-old volunteers for the sting.

In August, Rocksclub management signed an operations agreement with the city after officials threatened to file a nuisance lawsuit against the club for numerous problems, including the shooting of a 19-year-old man on the dance floor.

The agreement barred the club from admitting anyone under 21 inside and gave Roberts the authority to revoke the business license for any material violation.

Diamond said that allowing underage people into the club didn't violate any state laws and shouldn't be punished so severely.

"We are saying the punishment should be suspension and credit for time served," Diamond said.

The club, which didn't close after the business license revocation, has been shut down since Oct. 17 when Tomberlin issued a preliminary injunction barring the club from serving alcohol or admitting underage people.

Caldwell pointed out the agreement with the city did not include any remedy other than license revocation if a material violation occurred.

"It wasn't as if somebody hoodwinked or sandbagged them into signing the deal," Caldwell said. "It's not like it was a hidden footnote."

Tomberlin will review the council's latest decision during a hearing Friday.

Meanwhile, the city has filed a nuisance lawsuit against the Rocksclub seeking more than $500,000 in damages. The club has filed a cross-complaint asking for $2 million in damages.

Council: Lights out for club

By KIM PRENDERGAST
Staff Writer

VICTORVILLE — Despite an offer from the attorney for a popular nightspot to drop a $2 million claim against the city for lost business, the City Council declined Wednesday to reinstate the club's license.

The council revoked the Rocksclub's business license last month, alleging the club's operators violated state law and breached a city agreement by admitting teens and serving them alcohol.

Superior Court Judge John Tomberlin, however, found Friday that there wasn't enough evidence to prove that minors were served alcohol at the club. He asked the council to revisit its decision and decide whether the club's license should remain revoked.

"Is the admitted presence of persons under 21 a material breach of the agreement and cause for revocation?" asked Councilman Terry Caldwell at Wednesday's hearing. "In my mind, yes."

Mayor Mike Rothschild and Councilman Bob Hunter agreed with Caldwell. Councilwoman JoAnn Almond and Councilman Rudy Cabriales weren't present at the hearing.

Roger Jon Diamond, attorney for the Rocksclub, pleaded with the council not to revoke the license.

He offered to drop all litigation and the claim he filed against the city.

"We're begging you, we're coming in here with hat in hand," Diamond said. "They've been closed all this time and they've lost all their employees. You have a very difficult decision to make, but we believe you will do the right thing."

The council's decision to uphold its earlier ruling to revoke the club's license doesn't end the legal wrangling over whether the club will be permanently closed.

Although the city revoked the club's license, Tomberlin ruled that the club in the 14200 block of Seventh Street could stay open during court proceedings, but he banned the sale of alcohol.

The club's operators temporarily closed the club anyway until the ban is lifted because the Rocksclub derives most of its

City officials initially threatened to revoke the club's license in August, citing several incidences of violence, including a shooting on the dance floor in which a man was wounded.

The city and the club instead reached an agreement that allowed the club to stay open as long as the club's operators banned people under 21 except for approved events and followed six other conditions outlined by the city.

In another court appearance scheduled for Friday, Tomberlin is expected to decide whether the city was right to revoke the club's license, Diamond said. He will consider whether to issue a court order closing the nightspot during court proceedings as the city has requested.

Judge orders Rocksclub closed

By SCOTT VANHORNE

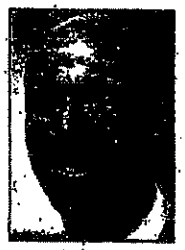
VICTORVILLE — A judge dealt the Rocksclub a major blow Friday when he granted city officials' request for a preliminary injunction shutting the business down.

"I'm gratified by Judge Tomberlin's ruling," Victorville City Manager Jon Roberts said, outside the courtroom. "He upheld the decision of the City Council that there has been a material violation of the terms of the agreement and that revocation was the appropriate action by the city."

Victorville Superior Court Judge John Tomberlin had to decide if the Victorville City Council acted appropriately when it upheld Roberts' decision to revoke the club's business license on Oct. 15 and again on Wednesday.

"We submit to you here that it was an abuse of discretion to revoke and not suspend the license," Rocksclub attorney Roger J. Diamond said.



Roberts

Roberts made the move on Oct. 10 after San Bernardino County Sheriff's deputies working undercover took 20-year-old volunteers into the club on two occasions and reportedly saw

Rocksclub staff members serve them alcohol.

In August, the club's management signed an agreement with the city promising not to allow anyone under 21 inside without permission from city officials, as well as agreeing to a long list of other requirements.

The agreement halted a nuisance lawsuit city officials were preparing to file after a number of problems at the club including the shooting of a 19-year-old man on the dance floor.

Diamond argued the undercover operation was flawed because it violated a state statute that requires law enforcement officers to use decoys younger than 20 years old when conducting undercover stings on establishments selling alcohol.

After hearing Diamond's point on Nov. 2, Tomberlin asked the City Council to re-examine the issue to see if they would have upheld Roberts' decision if serving alcohol to minors hadn't been part of the allegations.

City Council members unanimously decided that the revocation should stand during a special meeting Wednesday.

Diamond contended that the City Council could have suspended the club's business license, not issued a "death sentence."

"The ABC doesn't revoke for things like this," he said.

Diamond also pointed out that a sheriff's deputy, who spoke during the first City Council hearing, admitted there had been few problems at the club since the agreement was signed.

"That was unrebuffed," he said.

But City Attorney Henry Kraft said the club presents a danger to the public and should be shut down.

Tomberlin ruled the City Council didn't abuse its discretion and also granted a preliminary injunction against the Rocksclub in connection with a nuisance lawsuit the city has filed against the business.

The preliminary injunction prohibits the club from opening without an order from the court and a valid business license.

Tomberlin had allowed the club to open without selling alcohol or allowing anyone under 21 inside until he made a final decision.

Rocksclub managers, who kept the business open without a license until the judge made the order, did not re-open the establishment after they were barred from selling alcohol.

The city is seeking $150,000 in damages and $500,000 in punitive damages from the club in the nuisance lawsuit.

The Rocksclub has filed a cross-compliant seeking $2 million in lost earning from the city, but unless an appeals court overturns Tomberlin's decision on the revocation, the club's owners probably won't get a dime because the business was effectively shut down after the revocation.

Last call for embattled nightspot

Judge grants injunction to close Rocksclub until underage admittance allegations go to trial

By KIM PRENDERGAST

VICTORVILLE — A popular nightspot fighting to stay open after the city revoked its business license lost a key battle Friday when a judge granted an injunction that closes the club until the case goes to trial.

Superior Court Judge John Tomberlin's ruling comes two days after the City Council voted to uphold City Manager Jon Roberts' decision to revoke the Rocksclub's license, alleging that the club's operators breached a city agreement by admitting people under 21.

The judge's order shuts down the club in the 14200 block of Seventh Street.

"This was a death-penalty order," City Attorney Henry Kraft said. "They're closed."

The preliminary injunction will stay in effect until the matter goes to trial. No trial date has been set.

Also at stake in the upcoming trial is whether the city or the club's operators are entitled to money.

The city is seeking to recover more than $500,000 in alleged damages, and the club has filed a $2 million claim against the city for lost revenue stemming from the city's closure of the business.

Roger Jon Diamond, an attorney representing the Rocksclub, said he's considering his options such as appealing Tomberlin's decision. He added that his clients might be interested in pursuing another business at the same location.

"That's the question: Would they (the city) allow a similar business?" Diamond said. "Besides, it's not always true that the one who wins the preliminary hearing wins the trial."

The city revoked the club's license last month after at least four club employees allegedly served alcohol to 20-year-old Explorer scouts during an undercover investigation.

Tomberlin, however, ruled there wasn't enough evidence to prove minors were served alcohol and ordered the council to reconsider its decision to revoke the club's license based on his findings, which the council did Wednesday.

Diamond argued Friday that the council abused its discretion by sticking with its decision to revoke the license

based only on the allegation that the club's operators admitted people under 21.

He said a more appropriate punishment would be suspension of the license or a fine.

But Tomberlin said it was the council's decision to make.

City officials initially threatened to revoke the club's license in August, citing several incidents of violence, including a shooting on the dance floor in which a man was wounded.

City denies new license to owners of Rocksclub

By SCOTT VANHORNE
Staff Writer

VICTORVILLE — City officials have refused to grant the owners of a defunct nightclub a new business license despite their offer to change the bar's decor.

The owners of the Rocksclub, which was shut down in November in connection with a nuisance lawsuit filed by the city, wanted to change from a hopping dance club to a sports bar and grill called Tremors.

"The basis for the denial of the proposed business license is the inability of the applicant to demonstrate that it will not continue to constitute a continuing public nuisance," City Attorney Henry Kraft wrote in a letter to Olympia Grill and Lounge Inc., which operated the Rocksclub.

The club's owners signed an agreement with city officials in August promising not to allow minors inside unless no alcohol was served.

The agreement arose after a 19-year-old man was shot on the club's dance floor and city officials threatened to yank the business license.

About a month later, undercover San Bernardino County Sheriff's Department deputies brought 20-year-old decoys into the club and watched as staff served them beer and mixed drinks.

City Manager Jon Roberts revoked the club's business license after being told about the undercover operation.

The City Council upheld the decision, and Victorville Superior Court Judge John Tomberlin issued a preliminary injunction forcing the club to shut down in November.

The city is seeking $150,000 in damages and $500,000 in punitive damages from the club in the nuisance lawsuit.

Rocksclub attorney Roger Diamond declined to comment about the issue.

Rowdy crowds force 'always open' restaurant to close its doors for 2½ hours on Thursday nights

VICTORVILLE — Drunken brawls, gang bangers, shootings, harassment and overcrowded conditions.

It's not a scene from South Central Los Angeles — just one of the late-night activities of patrons of Halo night club on Seventh Street.

As closing time nears, the late-night crowd filters over to nearby restaurants and often makes trouble, city and sheriff's officials said.

A series of assaults on customers and employees, gang member sightings, and a rough late-night crowd is forcing the nearby Denny's restaurant — known for being "always open" to close its doors from 1 to 3:30 a.m. every Thursday.

"The entire late-night staff threatened to quit," said Lilly Topete, general manager of the Denny's on Valley Center Drive.

Victorville city officials have tried to address the problems, but the problems persist.

The problem, according to Topete, is Halo's dollar drink night.

"They advertise it down the hill," she said. "It attracts a different kind of customer than we get up here, including gang members. The last straw was two weeks ago, when several people attacked our person in charge. First someone hit him in the washroom, then four or five people jumped on him out in front of the restaurant. The owner decided to close after that incident, because he didn't want to see anyone hurt."

The closing went into effect July 10 and will continue indefinitely.

As local nightclubs Halo and Tequila closed on Thursdays, Topete said, it was not unusual for Denny's to have up to 300 people in and around the restaurant.

"It got so bad that we hired a sheriff's deputy for $160 a night after we had a shooting in the parking lot," Topete said. "We tried everything."

Across the way at the Best Western Green Tree Inn, where the coffee shop is open 24 hours, the motel's General Manager Alison Squire is watching and waiting.

"We're going to play it by ear," she said. "Thursday is easily the most difficult night of the week for us. Our security guard is constantly chasing people out of the parking lot, and there are fights."

Squire agreed with Topete, who said many of the late-night customers are so drunk they can't stand without help.

Squire said the late-nighters aren't exactly high rollers. Some order a soft drink and then walk out on the check.

"We get a lot of extra calls when the clubs have drink specials," said Detective

Denny's: Sheriff's station has had to add extra deputies

James Wiebeld of the Victorville sheriff's station. "We have had to add extra deputies on those nights. There have been a lot of arrests for underage drinking and for driving under the influence stemming from those clubs, too."

Tequila Nightclub is currently closed, and its phones are disconnected.

Halo, which has operated as Tremmor's and Rocks Club in the past, has been operating under a special agreement with the city due to its troubled history, according to city spokeswoman Yvonne Hester.

Halo management did not respond to two phone calls Wednesday or a note seeking comment. Halo remained closed Wednesday night.

"It's a shame we even have to consider shutting down," Squire said. "This affects people's livelihood. I certainly wish that dollar drink night would go away."

Three men wounded in roadway shooting

L.A. gang members sought for attempted murder

FROM STAFF REPORTS

VICTORVILLE -- San Bernardino County Sheriff's deputies said they are looking for leads in the wounding of two Adelanto men and the injuring of a third after four Los Angeles-area gang members opened fire on their car early Sunday.

Deputies responded to a call about a shooting victim at Victor Valley Community Hospital about 1:45 a.m. Sunday and found three injured men at the hospital, sheriff's officials said. All three victims had left Tremors nightclub, in Victorville, and were driving home on Seventh Avenue south of Victor Street when the shooting occurred, sheriff's Sgt. Chris Elvert said in a statement.

One of the victims told deputies he had a confrontation with one of the shooters the night before, and the suspect said he was from a Los Angeles-area gang and would return with help, Elvert said.

"It appears the suspects followed the victims from Tremors and fired several times from a gray Pontiac Grand Am into the victims' vehicle, striking two of the occupants," Elvert said in a statement. "One victim had received an injury from glass fragmentation from the bullets striking the vehicle's windows. The victims were able to drive themselves to the hospital for treatment.

"We are looking at this as a gang-related shooting."

One victim was treated at Victor Valley Community Hospital and then transferred to another hospital in critical condition. The other two victims were still being treated later Sunday morning, officials said, but none of the injuries appeared to be life threatening.

Deputies described the four assailants as black adults, 18 to 22, wearing red clothing and driving a gray Pontiac Grand Am. They are wanted for attempted murder, Elvert said.

Anyone with information about the nightclub confrontation or the car-to-car shooting can call Deputy Klaus at the Victorville sheriff's station at 241 -2911.

Tremors back in business

Troubled Victorville nightclub reopens doors

By MIKE CRUZ/Staff Writer

File photo
Then-Halo Sports and Grill was closed for ABC violations last July.

VICTORVILLE — Tremors, one of the city's most popular nightclubs, is back in business.

After a short run as Halo Sports Bar and Grill, the business owners operating on Seventh Street have changed the name back to Tremors Sports Bar and Grill, authorities said.

Unfortunately, the nightclub has also been a popular stop for San Bernardino County Sheriff's deputies, who frequently answered calls for fights and even occasional shootings.

Sheriff's officials said they would keep on eye on the club.

"We don't want to say it's necessarily going to be a problem because it has been in the past," said Shelly Mabry, a Sheriff's Department spokeswoman. "We're going to watch it, certainly — just like we would watch any of the other (bars)."

A line of young people trailed out to the street as they waited to get into the club to see bands Thursday night.

While the business is not selling alcohol now, that could change if a pending application for a general license from California Alcoholic Beverage Control is approved, ABC officials said.

The ABC licensees have changed from Halo Sports Bar and Grill Inc., to Olympia Bar and Lounge Inc., in Rialto, but its executive officers remain the same: Bill Thanopolous and Tom Thanopolous, according to ABC.

The bar and grill has a type 47 permit from Alcoholic Beverage Control which would enable it to sell alcohol once food sales reach 50 percent of their total business — a threshold the business has not yet reached, according to the sheriff's officials.

Because alcohol is not being sold at the business, Tremors has opened its door to an all-ages crowd. But that may change.

The license owners have applied for a general alcohol license, a type 48 license, which is typical for bars and nightclubs, according to ABC officials in Riverside. However, the application is still pending, a process which could last between 60 and 90 days.

Two Black Men Knifed at Tremors

Leroy Standish, Victor Valley Daily Press (Cal.), May 16

VICTORVILLE—In what appears to be an escalating amount of racial violence in the Victor Valley, two black men were stabbed by several Hispanic men in front of Tremors Sports Bar and Grill early Sunday morning.

The victims' wounds were not considered life threatening, San Bernardino County Sheriff's Department deputies said. The attackers, only described as Hispanic males between the ages of 18 and 22, fled immediately after the incident and have not been arrested.

"We have had quite a bit of that recently—Hispanic on black gang-related attacks," said Sgt. Kurt Lackman of the San Bernardino County Sheriff's Department. "I could see it getting worse as the summer progresses."

Raid on nightclub scores 7 arrests

Police say bar long a big thorn in side

By Jason Pesick
Staff Writer

RIALTO — A nightclub owner and one of his security guards were among seven people arrested during an early Friday morning raid at a club police say has been a crime incubator for years.

The club, Scores Sports Bar & Grill at Foothill Boulevard and Orange Avenue, had almost 1,000 police calls for service in the past three years, including a homicide that was featured on "America's Most Wanted," police Lt. Joe Cirilo said.

The raid and the six months of undercover work that preceded it were dubbed Operation The Final Score.

"Today is the day we conclude this mess," said Cirilo, who added that the city attorney is working to close the establishment.

The raid began just after midnight. Those arrested included the club's owner, Tom Thanopoulus, and club security guard Jason Hudspath. Police also recovered two guns, marijuana, ecstasy and methamphetamines after serving a search warrant on the property, Cirilo said in an e-mail.

Police came armed with arrest warrants for Thanopoulus, 40, suspected of allowing the sale of drugs in the bar, for Hudspath, 26, and for another security guard, 25-year-old Michael Gamel. There also were arrest warrants for bar patron Brian Rile, suspected of transporting, furnishing or selling drugs. Gamel and Rile had not been arrested.

Cirilo said police had already met at least once with Thanopou-

DA, sheriff answer call from governor

lus, whose family owns other restaurants in the city, to get him to rid his club of the illegal activity. His response, Cirilo said, was that he has a family to feed.

Police Sgt. Nicholas Borchard, the watch commander Thursday nights when the bar is most crowded, said he had to dedicate two to four officers to the bar from 1 to 2:30 a.m. because of how rowdy patrons get when the bar closes.

Police would follow the patrons to other local businesses after they left Scores.

It is hoped the police resources used at Scores can now be freed up to better serve the rest of the city, said Detective Paul Stella, who headed the investigation.

When visiting the bar during the investigation, Stella said he would "almost get a contact high with the marijuana smell."

But there are other businesses in the city that also skirt the law, Cirilo said.

"You're next," he said was the message to those businesses.

When authorities arrived, 271 people reportedly were crowded into the bar, which has a capacity of 184.

Thanopoulus sat, handcuffed, in a Yankees cap alongside some of his employees while police searched his bar.

In addition to the drugs and weapons found, police Lt. Randy DeAnda pointed out hollowed-out cigars he said patrons would stuff with marijuana.

He said Officer Aaron Vigil walked in on a drug sale in the restroom.

After police arrived and gained control of the situation, the bar's patrons did not seem fazed as they flowed out the door and to their cars — other than to express their displeasure they had to leave early.

"Give me my money back," one patron yelled on the way out.

San Bernardino County sheriff's spokeswoman Jodi Miller confirmed that Penrod, as well as Lt. Phil Brown, who commands the sheriff's intelligence efforts, plan on showing up at the brainstorming session.

Penrod's counterpart in Riverside County, Sheriff Bob Doyle, is also planning to attend the event.

In an e-mail, Tom Freeman, the Riverside County sheriff's chief information officer, said Doyle wants to talk about a concept that he considers to be imperative — cooperation with Latin American law-enforcement agencies to work against gangs that migrate across national boundaries.

Representatives from the San Bernardino Police Department will not be at the meeting.

Teazers security officer shot, killed

Beatriz Valenzuela
2011-02-25 09:10:17

VICTORVILLE • Sheriff's homicide detectives are investigating the killing of a nightclub security officer, according to San Bernardino County Sheriff's Homicide investigators.

Sean Thrift, 29, of Adelanto was shot late Thursday night outside Teazers Nightclub on Seventh Street. The popular security officer was in charge of checking patrons as they entered the club.

"By all accounts, this was a really good guy," Homicide Sgt. Frank Montanez said Friday morning. "Even the patrol guys who knew him were saddened by what took place."

It's unclear what sparked the shooting, Montanez said, but what is clear is that a little before midnight, authorities received a shots fired call from the nightclub.

"When Victorville deputies arrived they found a male down (outside) of the business," Montanez said. "They called for medical assistance, but, unfortunately, the male subject was pronounced dead at the scene."

According to Montanez, there didn't seem to be anything out of the ordinary taking place that night or leading up to the shooting. In fact, according to reports, there was no confrontation between Thrift and the shooter prior to the incident.

Witnesses were unable to provide a clear description of the attacker, who fled from the scene immediately afterward.

One witness who was outside smoking when the incident took place said she heard the gunshots but didn't see the shooter. She knew Thrift had been shot but didn't know until Friday morning he had died.

"That hurts my heart," she said, not wanting to be identified for safety reasons. "He was a very cool guy who was always joking."

Investigators interviewed several witnesses, but Montanez said officials are still searching for those patrons who left the area immediately after the shots were fired.

"We're hoping to be able to talk to those witnesses," he said. "It doesn't matter if they think what they know is small or insignificant. It may help solve this case."

Anyone with information on the case is asked to contact Sheriff's Homicide Detail at (909) 387-3589 or call WeTip at (800) 78-CRIME.

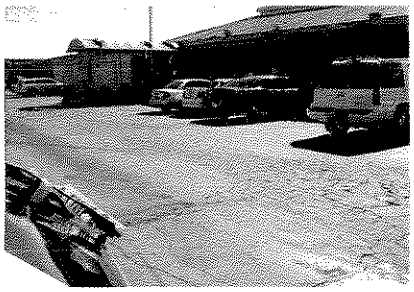
Parolee gets 4 years for running over woman at Teazers

Tomoya Shimura, Staff Writer
2012-10-10 18:55:29



VICTORVILLE • A Pasadena parolee was sentenced to four years in state prison Wednesday for striking and killing a Victorville woman with a car in the parking lot of Teazers Nightclub.

Broderick Lee Allen, who turned 30 on Wednesday, changed his mind on the second day of his jury trial in the death of Damisha Ford and took the prosecution's offer. He pleaded guilty to the vehicular manslaughter with gross negligence.

Judge John Tomberlin accepted the plea agreement and sentenced him accordingly. Allen's two-year prison term was doubled due to his 2006 residential burglary conviction. Allen is scheduled to return to Victorville court Nov. 30 for a restitution hearing, where the victim's family members are expected to make impact statements.

"He's always been very sorry about what happened and he decided to resolve the matter," said Deputy Public Defender Scott Seeley, Allen's attorney.

Around midnight in August 2011, Allen bumped into an alleged gang member at the nightclub before gangsters began beating him up, according to San Bernardino County Sheriff's officials. Allen escaped through the back emergency door and ran to his car.

The assailants started throwing bottles at his 2009 Dodge Charger and kicked and jumped on the vehicle, officials said. Allen accelerated in reverse and struck Ford.

He continued driving through the parking lot, and an armed security guard fired several shots at the car. Allen left the parking lot, but his car stalled near Seventh Street and Lorene Drive, and he fled on foot.

The 29-year-old victim was taken to Arrowhead Regional Medical Center, where she was pronounced dead.

Had the case gone to trial, a jury had to decide whether Allen acted recklessly to cause Ford's death and whether the defendant knew he had hit a person before he left the scene.

Allen told investigators he knew he hit something but didn't know what it was.

Had he been convicted in trial, Allen could have faced up to 15 years and eight months in prison.

"I think based on the circumstances, it was a fair and just disposition," Deputy District Attorney Lisa Crane said.

Allen has already earned more than 630 days of credit time awaiting trial. He has to serve at least 80 percent of the remaining time in prison.

Before he spent two years in prison for the 2006 conviction, Allen spent a year in Los Angeles County jail for resisting an officer and drug possession in 2003.

Right move?

Shea Johnson, Staff Writer
2013-12-01 16:41:05

VICTORVILLE • A nightclub that often drew deputies and closed in August could possibly reopen now that a judge has ruled the city was without merit to shut it down.

Teazers Bar & Grill shuttered a month after the Victorville Planning Commission found it to be detrimental to public safety, health and welfare — among other things — and stripped it of its business license and conditional use permit, court records show.

Following an appeal, the commission's decision was upheld by the City Council on Aug. 6.

Three weeks later, an attorney for Shadowview Corp., the nightclub's operator, filed a writ of mandate to protest, saying evidence was lacking to support the commission's findings.

A San Bernardino Superior Court judge agreed in a Nov. 22 ruling in the nightclub's favor.

"The court finds that although the recording findings would satisfy the requirements," hearing minutes read, "the findings were not sufficiently supported by evidence."

Attempts to reach attorneys for both parties were unsuccessful Friday.

In a document filed Nov. 12 by City Attorney Andre de Bortnowsky, the city wrote its opposition to the original writ of mandate.

According to the document, the San Bernardino County Sheriff's Department expressed concerns in April to the commission about the nightclub, including 470 calls for service to the area in the previous 18 months.

"If the police were not in the Teazers parking lot at closing time," said sheriff's officials, "there would be problems and ... Teazers had been disrupting local businesses and depleting (department) resources."

The city, citing a report and testimony from sheriff's officials, said problems at the nightclub included a long list of serious crimes over seven years.

According to previous reports, three serious incidents occurred outside the nightclub in recent years.

In June 2007, a man was beaten and possibly stabbed during an approximately 70-person melee. In February 2011, a Teazers security guard was shot and killed.

Six months later, a man ran over and killed a woman with his car as he attempted to flee from alleged gang members who were attacking him. The assault occurred after he bumped into one of them, officials had said. The man was sentenced last year to four years in prison.

The Army Disciplinary Review Board at Fort Irwin had also expressed concerns "regarding the safety and welfare of military personnel going (to Teazers)," according to the document de Bortnowsky filed.

However, Roger Jon Diamond, the nightclub's attorney, had contended that the nightclub's connection to such incidents was vague — an accusation the city made that extended only as far as a reference to the definition of "nuisance" in the Municipal Code, according to the writ of mandate.

Diamond further wrote that the commission was without jurisdiction to pull the business license and hearings were conducted unfairly — two claims the city denies — and Teazers owner George Thanos would suffer irreparable injury if forced to remain closed.

The next hearing on the matter is scheduled for Jan. 6, court records show.

Shots fired after 911 call from Teazers

Kris Reilly, City Editor
2013-12-01 21:31:15

VICTORVILLE • A little more than a week after a judge ruled that Teazers Bar & Grill could reopen despite its violent history, a 911 call from the nightclub led to a deputy-involved shooting in a nearby neighborhood and the arrest of an Apple Valley man early Sunday morning.

Tyrell Smith, 39, of Apple Valley, was arrested on suspicion of making criminal threats after his vehicle was stopped in a residential area not far from the Victorville club. Shots were fired by at least one deputy prior to Smith's arrest, but San Bernardino County Sheriff's officials said no one was injured.

Sheriff's spokeswoman Jodi Miller would not provide any further details about the shooting, but she did say that deputies believed Smith was armed with a gun based on reports from witnesses.

The incident began at 12:28 a.m. at Teazers on Seventh Street just north of Green Tree Boulevard in Victorville. According to a sheriff's news release, a man later identified as Smith threatened a Teazers employee's life when the employee refused to allow entry to a small group of underaged, intoxicated patrons.

Smith allegedly told the victim he would come back and shoot him and shoot at his residence. Smith knew the location of the victim's home, according to the release.

Victorville Station deputies arrived and learned the group had left the business in two separate vehicles. They found Smith's vehicle on dead end street in the 13900 block of Smoke Tree Road, not far from the Green Tree Golf Course.

Smith was arrested on suspicion of making criminal threats and booked into the West Valley Detention Center in Rancho Cucamonga, according to the release. Jail records did not show any further information about Smith as of Sunday afternoon.

Though no one was hurt in the shooting, investigators from the Sheriff's Department Homicide Detail are conducting the investigation — a typical procedure for deputy-involved shootings.

Teazers closed in August after the Victorville Planning Commission and its city council found it to be a detriment to public safety. The Sheriff's Department told the commission in April that there had been 470 calls for service to the area in the previous 18 months.

A San Bernardino Superior Court judge ruled Nov. 22 that there was not sufficient evidence to support the claim that Teazers was a public nuisance. Another hearing on the matter is scheduled for next month.

Anyone with information about Sunday's incident can call Homicide Detective Matthew Peterson or Sgt. Chris Fisher at 909-387-3589. Callers wishing to remain anonymous can call the WeTip Hotline at 800-782-7463 or leave information at www.wetip.com.

Victorville bar with violent history reopens — and violence ensues

Victorville bar with violent history reopens — and violence ensues

Victorville >> A nightclub that the city sought to shutter because of a history of violence reopened its doors this weekend and almost immediately another violent incident ensued.

Teazers Bar & Grill on Seventh Street was closed after the five-member City Council unanimously voted to pull the bar's conditional use permit on Aug. 6. The San Bernardino County Sheriff's Department had asked the city to shut the bar down back in May.

Club owners George Thanos and his son Tom Thanopolous took the matter to court and on Nov. 22, San Bernardino Superior Court Judge David Cohn ruled the city's findings weren't supported by the evidence presented by the city, and cleared the way for the club to reopen.

This weekend, Teazers reopened, and a violent incident occurred early Sunday.

Sheriff's deputies responded to a 9-1-1 call from the club shortly before 12:30 a.m.

Armed security officer Charles Culpepper, who works under contract from an Apple Valley security service, said Sunday that he had a confrontation with a male would-be patron after he turned two women away from the club.

"I have another guard who's under me. He turned them away for (one woman) being underage," Culpepper said. "She came back and said that she gave us a fake ID because she hadn't been able to find her real ID."

Culpepper didn't buy it and turned her away again, he said.

She returned with another woman, the one pictured on the ID, "and that lady was drunk. I refused her entry too."

The rest of the women's group was waiting outside, according to Culpepper.

"None of the drinking they did was at our club," he said. "I asked them to leave. I had a verbal altercation with her. She said some things that warranted me calling 9-1-1."

The group standing outside the club included one man, later identified by the Sheriff's Department as Tyrell Smith, 29, of Apple Valley, who allegedly told Culpepper he knew where he lived and would come back and shoot him at his home.

Deputies arrived as Culpepper was walking the group toward their cars.

"As soon as he saw the deputy (pull in) behind me, he took off fast," Culpepper said. "That's all that happened. They wanted to go into the club, I denied entry into the club, they took off."

The group had left in two vehicles. Deputies located the vehicles nearby and followed the vehicles down a dead-end street in the 13900 block of Smoke Tree Road, and stopped Smith's vehicle.

A deputy fired at least one shot, but neither occupants nor deputies were hit, authorities said. Smith was arrested and booked into West Valley Detention Center in Rancho Cucamonga on suspicion of making criminal threats and held on $50,000 bail.

"Whatever happened between them and Victorville PD is not on Teazers," Culpepper said. "They weren't even at Teazers when the bullets started flying."

The early Sunday incident vindicates the council's vote back in August, according to one council member.

"Absolutely, we were right" Councilwoman Angela Valles said Sunday. "We don't have enough police on the streets of Victorville," and deputies have to spend a disproportionate amount of time dealing with the bar and its patrons, she said. "They're going to have to deal with DUIs, stabbings, whatever's going on in that club."

The club owners will be hearing from the council, she said.

"We're not done" trying to shut down Teazers, Valles said, although she wouldn't elaborate on what further steps city officials planned to take.

Victorville officials aren't alone in their criticism of the bar; area residents have complained online about Teazers and its clientele.

"For whatever reason, that place just attracts a bad element," area resident Tammie Boulanger said on Facebook. "How many shootings, stabbings, (and) drug deals does it take before they just turn it into a parking lot? Would really like to see the stats. Going to guess it's one of the busiest police response locations in the High Desert."

"When I worked at Denny's, we were calling the cops every night," Victorville resident Breana Carmona posted on Facebook, "because the people that (used) to come from Teazers would run out on the bill or fight there after Teazers closed. We even had a big gang fight happen there and they came from Teazers."

The bar has been the site of two deaths: a 2011 hit-and-run when a club patron backed over Damisha Ford, 29, as he was fleeing an angry mob, and the fatal shooting of security guard Sean Thrift, 29, earlier that year.

"That place needs to be demolished completely. Bunch of bad juju there," said Yuri Acosta Pummill of Victorville. "I still remember so many conversations I had with Sean (Thrift). He was a great guy in a horrible place."

Culpepper said the security guards and the club did all that can be reasonably expected early Sunday.

"We try hard to keep the riff-raff out. Those people never got in," he said. "I don't know what people expect us to do any more than we've done. I didn't let them in."

T-Zers to reopen as Cocky Bull

Nightclub, city still involved in litigation

Shea Johnson, Staff Writer

VICTORVILLE • Despite winning the latest legal wrangle with the city, the owner of T-Zers Bar and Grill said Thursday he planned to close the beleaguered nightclub and reincarnate the landmark Cocky Bull in the same location.

"We're ready to move forward to do the change," owner George Thanos said.

The country-themed Cocky Bull at Palmdale Road and Highway 395, which once boasted high-profile acts such as Toby Keith, Garth Brooks and Alan Jackson, was demolished late last year.

Thanos said the grand opening — possibly just two months away — will be preceded by roughly $250,000 worth of refurbishing, acquiring required city permits for the remodel and an official name change to "The Cocky Bull Steakhouse & Saloon."

One room will be a steakhouse and the other will be a bar. The place will be "100-percent country," according to Thanos, who is banking on attracting a similar crowd to what the Cocky Bull once did.

City officials weren't aware of Thanos' expected move Thursday, and Thanos said he hadn't yet received a response to an email he sent to Mayor Jim Cox and City Manager Doug Robertson.

Thanos' partner Mike Schauer, who was an employee and then a managing partner at the original Cocky Bull, acknowledged the difficulties in such a relocation.

"It's hard to change venue and start all over again," Schauer said. "It'll never be 'the Cocky Bull,' but we're going to get as close as we can. We're going to put the spirit of the Cocky Bull in there — that's for sure."

It's an unexpected twist for T-Zers, considering litigation with the city is ongoing.

After the city Planning Commission last year declared T-Zers a public nuisance and threat to public safety, then pulled its business license and conditional use permit, the nightclub shuttered for months before a judge ruled the city's decision was without merit.

T-Zers reopened in late November and has since remained open. On Dec. 23, a judge further ordered that the city rescind its actions revoking the permit and license. The city filed an appeal to the ruling on Jan. 10.

According to a court document filed Nov. 12 by City Attorney Andre de Bortnowsky, the San Bernardino County Sheriff's Department expressed serious concerns about the nightclub, including 470 calls for service to the area in the 18 months leading up to April.

Three serious incidents occurred outside the nightclub in recent years, according to previous reports.

In June 2007, a man was beaten and possibly stabbed during an approximately 70-person melee; in February 2011, a T-Zers security guard was shot and killed; and six months later, a man ran over and killed a woman with his car as he attempted to flee alleged gang members who were attacking him.

Thanos said he was ready to move on from T-Zers and hopefully satisfy the city in the process.

Roger Jon Diamond, the attorney for T-Zers' operator Shadowview Corporation, said the intended repurposing of the nightclub shouldn't be affected by current litigation.

"Basically, there are two concepts at play," Diamond said. "One deals with land use and one deals with the business license."

Land use permits stay with the property and because Thanos will remain operator of the business, a new license isn't necessary — even if he changes the business name or the theme, according to Diamond.

"The city can certainly consider — if (the business) changes to a format the city is satisfied with — they can simply abandon the appeal they filed," Diamond said.

De Bortnowsky did not respond to an email Thursday asking if the city would make such a consideration.

T-Zers will remain open for a few more weeks, then be closed and remodeled for the opening of the new Cocky Bull, according to Thanos.

Dear Licensee(s):

Recently, the Department of Alcoholic Beverage Control received information from the Victorville Police Department/San Bernardino County Sheriff's Department regarding a high number of calls for service from your premises. These complaints consist of reports that your licensed premises is allowing the following types of activity:

- Narcotics
- Drunk in Public
- Assaults
- Batteries
- Disturbing the Peace
- Attempted Murder
- Unlawful Discharge of Firearms
- Driving Under the Influence

This type of activity indicates your premise is permitting "Objectionable Conditions" and is operating in a disorderly fashion. You are being notified about the following sections of ABC law:

Objectionable Conditions
Business and Professions Code § 24200:

(e) Failure to take reasonable steps to correct objectionable conditions on the licensed premises, including the immediately adjacent area that is owned, leased, or rented by the licensee, that constitute a nuisance, **within a reasonable time after receipt of notice to make those corrections from a district attorney, city attorney, county counsel, or the**

department, under Section 373a of the Penal Code. For the purpose of this subdivision only, "property or premises" as used in Section 373a of the Penal Code includes the area immediately adjacent to the licensed premises that is owned, leased, or rented by the licensee. For purposes of this subdivision:

(1) "Any public sidewalk abutting a licensed premises" means the publicly owned, pedestrian-traveled way, **not more than 20 feet from the premises**, that is located between a licensed premises, including any immediately adjacent area that is owned, leased, or rented by the licensee, and a public street.

(2) "**Objectionable conditions that constitute a nuisance**" means disturbance of the peace, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, loitering, public urination, lewd conduct, drug trafficking, or excessive loud noise.

(3) "Reasonable steps" means all of the following:
(A) Calling the local law enforcement agency. Timely calls to the local law enforcement agency that are placed by the licensee, or his or her agents or employees, shall not be construed by the department as evidence of objectionable conditions that constitute a nuisance.
(B) Requesting those persons engaging in activities causing objectionable conditions to cease those activities, unless the licensee, or his or her agents or employees, feel that their personal safety would be threatened in making that request.
(C) Making good faith efforts to remove items that facilitate loitering, such as furniture, except those structures approved or permitted by the local jurisdiction. The licensee shall not be liable for the removal of those items that facilitate loitering.

(4) When determining what constitutes "reasonable steps," the department shall consider site configuration constraints related to the unique circumstances of the nature of the business.

Permitting a Disorderly House
Business and Professions Code § 25601

Every licensee, or agent or employee of a licensee, who keeps, permits to be used, or suffers to be used, in conjunction with a licensed premises, any disorderly house or place in which people abide or to which people resort, to the disturbance of the neighborhood, or in which people abide or to which people resort for purposes which are injurious to the public morals, health, convenience, or safety, is guilty of a misdemeanor.

Sales to Obviously Intoxicated Patrons
Business and Professions Code § 25602:

(a) Every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to any habitual or common drunkard or to any obviously intoxicated person is guilty of a misdemeanor.

Official Notice:

As you are undoubtedly aware, such conduct in connection with the licensed premise amounts to a violation of the laws and regulations of the Department of Alcoholic Beverage Control and an accusation could be filed against your license. You, as a licensee, are under a continuing duty to supervise your patrons and prevent the occurrence of such incidents.

Within twenty (20) days from the date of this letter, the licensee shall:

- Bring the licensed premise into full compliance with the above-referred to sections. All objectionable conditions described above shall be corrected.

This letter shall be considered your official notice. Accordingly, if the Department continues to receive information that the noted objectionable conditions have not been corrected and the nuisance behavior related to your premises and patrons continues, the Department may seek disciplinary action against your license.

Respectfully,

M. [illegible] FOR

ARMANDO GONZALEZ
District Administrator

Teazers security officer shot, killed

Officials seek tips in finding the killer

February 25, 2011 11:29 PM

ShareThis | Print Story | E-Mail Story

Beatriz Valenzuela

VICTORVILLE • Sheriff's homicide detectives are investigating the killing of a nightclub security officer, according to San Bernardino County Sheriff's Homicide investigators.

Sean Thrift, 29, of Adelanto was shot late Thursday night outside Teazers Nightclub on Seventh Street. The popular security officer was in charge of checking patrons as they entered the club.

"By all accounts, this was a really good guy," Homicide Sgt. Frank Montanez said Friday morning. "Even the patrol guys who knew him were saddened by what took place."

It's unclear what sparked the shooting, Montanez said, but what is clear is that a little before midnight, authorities received a shots fired call from the nightclub.

"When Victorville deputies arrived they found a male down (outside) of the business," Montanez said. "They called for medical assistance, but, unfortunately, the male subject was pronounced dead at the scene."

According to Montanez, there didn't seem to be anything out of the ordinary taking place that night or leading up to the shooting. In fact, according to reports, there was no confrontation between Thrift and the shooter prior to the incident.

Witnesses were unable to provide a clear description of the attacker, who fled from the scene immediately afterward.

One witness who was outside smoking when the incident took place said she heard the gunshots but didn't see the shooter. She knew Thrift had been shot but didn't know until Friday morning he had died.

"That hurts my heart," she said, not wanting to be identified for safety reasons. "He was a very cool guy who was always joking."

Investigators interviewed several witnesses, but Montanez said officials are still searching for those patrons who left the area immediately after the shots were fired.

"We're hoping to be able to talk to those witnesses," he said. "It doesn't matter if they think what they know is small or insignificant. It may help solve this case."

Anyone with information on the case is asked to contact Sheriff's Homicide Detail at (909) 387-3589 or call WeTip at (800) 78-CRIME.

GHETTO FABULOUS! Minus the FABULOUS! I hate to love this place! Dirty bathrooms, dirty bar, dirty dance floor, dirty patio, and dirty DIRTY people! Mostly a urban/ghetto/gangster crowd, the D.j. only plays top 40! And by that I mean HE PLAYS THE SAME 40 FREAKING SONGS ALL NIGHT LONG and he has for the past 2 months if I didn't know the D.j. myself I would think it was a freaking CD! I don't come here unless I'm well accompanied by friends (usually one's that know the bar tenders, security guards, and owners). Fights do break out almost every night! A security guard was killed here not to long ago too! Parking lot is HUGE (so most of the chicken heads go squabble there)! The men here are nasty pervs, and the girls all look & smell like hoe's! This place is horrible but I keep coming back! Why? 2$ drinks all night long BOOM!!!!

VICTORVILLE, Calif. (KABC) -- Authorities are searching for a suspect in connection to a hit-and-run accident that killed a woman Friday outside a Victorville nightclub.

Detectives say it began with an argument inside Teazers Bar & Nightclub and ended in the parking lot when the suspect tried to get away and ran over an innocent bystander, 29-year-old Damisha Ford.

"Apparently, there was a disturbance inside the nightclub, which then as the patrons where leaving the inside of the nightclub going out into the parking lot area, that altercation continued," said Jodie Miller of the San Bernardino County Sheriff's Department.

According to investigators, a group of people were upset with a man in the club and began to argue with him. The confrontation spilled out into the parking lot after security guards pushed the crowd outside and called authorities. That's when the unidentified man jumped into a 2009 Dodge Charger and tried to leave.

"Other patrons attempted to block him into the driveway area keeping him from being able to leave, at which time numerous patrons were throwing items at the vehicle also apparently jumping on the vehicle," Miller said.

Investigators say the man then threw the car into reverse and struck Ford. The suspect then sped off through the parking lot as security guards, who were licensed to carry firearms, opened fire on him.

A few blocks away, investigators found the car but not the driver. Investigators said the suspect was not the registered owner of the car.

Ford was flown to the hospital where she was pronounced dead from her injuries.

Anyone with information is asked to call investigators at (800) 782-7463.

VICTORVILLE • A Pasadena parolee was sentenced to four years in state prison Wednesday for striking and killing a Victorville woman with a car in the parking lot of Teazers Nightclub.

Broderick Lee Allen, who turned 30 on Wednesday, changed his mind on the second day of his jury trial in the death of Damisha Ford and took the prosecution's offer. He pleaded guilty to the vehicular manslaughter with gross negligence.

Judge John Tomberlin accepted the plea agreement and sentenced him accordingly. Allen's two-year prison term was doubled due to his 2006 residential burglary conviction. Allen is scheduled to return to Victorville court Nov. 30 for a restitution hearing, where the victim's family members are expected to make impact statements.

"He's always been very sorry about what happened and he decided to resolve the matter," said Deputy Public Defender Scott Seeley, Allen's attorney.

Around midnight in August 2011, Allen bumped into an alleged gang member at the nightclub before gangsters began beating him up, according to San Bernardino County Sheriff's officials. Allen escaped through the back emergency door and ran to his car.

The assailants started throwing bottles at his 2009 Dodge Charger and kicked and jumped on the vehicle, officials said. Allen accelerated in reverse and struck Ford.

He continued driving through the parking lot, and an armed security guard fired several shots at the car. Allen left the parking lot, but his car stalled near Seventh Street and Lorene Drive, and he fled on foot.

The 29-year-old victim was taken to Arrowhead Regional Medical Center, where she was pronounced dead.

Had the case gone to trial, a jury had to decide whether Allen acted recklessly to cause Ford's death and whether the defendant knew he had hit a person before he left the scene.

Allen told investigators he knew he hit something but didn't know what it was.

Had he been convicted in trial, Allen could have faced up to 15 years and eight months in prison.

"I think based on the circumstances, it was a fair and just disposition," Deputy District Attorney Lisa Crane said.

Allen has already earned more than 630 days of credit time awaiting trial. He has to serve at least 80 percent of the remaining time in prison.

Before he spent two years in prison for the 2006 conviction, Allen spent a year in Los Angeles County jail for resisting an officer and drug possession in 2003.

- Narcotics
- Drunk in Public

This type of activity indicates your premise is permitting "Objectionable Conditions" and is operating in a disorderly fashion. You are being notified about the following sections of ABC law:

Objectionable Conditions
Business and Professions Code § 24200:

(e) Failure to take reasonable steps to correct objectionable conditions on the licensed premises, including the immediately adjacent area that is owned, leased, or rented by the licensee, that constitute a nuisance, **within a reasonable time after receipt of notice to make those corrections from a district attorney, city attorney, county counsel, or the**

department, under Section 373a of the Penal Code. For the purpose of this subdivision only, "property or premises" as used in Section 373a of the Penal Code includes the area immediately adjacent to the licensed premises that is owned, leased, or rented by the licensee. For purposes of this subdivision:

(2) "**Objectionable conditions that constitute a nuisance**" means disturbance of the peace, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, loitering, public urination, lewd conduct, drug trafficking, or excessive loud noise.

(3) "Reasonable steps" means all of the following:
(A) Calling the local law enforcement agency. Timely calls to the local law enforcement agency that are placed by the licensee, or his or her agents or employees, shall not be construed by the department as evidence of objectionable conditions that constitute a nuisance.
(B) Requesting those persons engaging in activities causing objectionable conditions to cease those activities, unless the licensee, or his or her agents or employees, feel that their personal safety would be threatened in making that request.
(C) Making good faith efforts to remove items that facilitate loitering, such as furniture, except those structures approved or permitted by the local jurisdiction. The licensee shall not be liable for the removal of those items that facilitate loitering.

(4) When determining what constitutes "reasonable steps," the department shall consider site configuration constraints related to the unique circumstances of the nature of the business.

Business and Professions Code § 25602:

(a) Every person who sells, furnishes, gives, or causes to be sold, furnished, or given away, any alcoholic beverage to any habitual or common drunkard or to any obviously intoxicated person is guilty of a misdemeanor.

Official Notice:

As you are undoubtedly aware, such conduct in connection with the licensed premise amounts to a violation of the laws and regulations of the Department of Alcoholic Beverage Control and an accusation could be filed against your license. You, as a licensee, are under a continuing duty to supervise your patrons and prevent the occurrence of such incidents.

Within twenty (20) days from the date of this letter, the licensee shall:

- Bring the licensed premise into full compliance with the above-referred to sections. All objectionable conditions described above shall be corrected.

This letter shall be considered your official notice. Accordingly, if the Department continues to receive information that the noted objectionable conditions have not been corrected and the nuisance behavior related to your premises and patrons continues, the Department may seek disciplinary action against your license.

ASSIGNMENT/ARRIVAL:

On 01/03/09, I was assigned to work DUI/Traffic Enforcement in the City of Victorville under call sign 17X2. At approximately 0140 hours, Deputy D. Pedersen requested a DUI traffic unit to his location reference a driver needing an evaluation for driving under the influence of marijuana. I responded to Deputy Pedersen's location, which was in the back parking lot of Teasers nightclub located off of Saint Andrews and Green Tree Boulevard.

DRIVER OBSERVATIONS:

Refer to Supplemental Report by Deputy D. Pedersen.

DRIVER CONTACT:

I contacted the driver who was sitting in the back of Deputy Pedersen's marked patrol car. Upon contacting the driver, who was identified by his California driver's license as Tyrone Levelle Moten with a date of birth of 04/06/1986, I could smell a strong odor of marijuana present upon his person. He had red, watery, bloodshot eyes and his lips were coated with a white substance and dried saliva was in the corners of his mouth. I could also smell the odor of an alcoholic beverage present upon his person. I asked Moten if he'd been drinking and he said no. I asked him when was the last time he had anything to smoke, and he told me that he smoked part of a "blunt" (marijuana) cigarette about an hour ago. I told Moten that I was going to have him step out of the vehicle, walk over to the front of my marked patrol unit and perform some field sobriety tests. Moten complied with my instructions.

STANDARDIZED FIELD SOBRIETY TESTS:

Prior to have Moten perform any field sobriety tests, I asked him if he had any medical problems or was taking any medications or had any deformities which would prevent him from performing the tests. He stated no.

ASSIGNMENT/ARRIVAL:

On Monday, 03/16/09, at 0144 hours I was assigned to work uniform police patrol in the City of Victorville while driving a marked City of Victorville police unit and wearing my Sheriff's Department Class-A issued uniform.

I was in the area of Green Tree Blvd. and St. Andrews Street when I observed a silver Mustang exit the north parking lot of the Green Tree Inn onto westbound Green Tree Blvd. As the vehicle exited the Green Tree Inn private driveway onto the westbound Green Tree Blvd., the driver of the vehicle failed to use his turn signal when making the turn. I then observed the vehicle make the turn and swerve so he would avoid hitting the center island divider on the roadway.

I got behind the vehicle and activated my overhead emergency lights in order to conduct a travel stop on the vehicle for the violation of CVC-22107, UNSAFE TURN/FAIL TO SIGNAL TURN. The driver of the vehicle continued driving westbound on Green Tree Blvd. and I watched him as he made a right hand turn onto northbound 7th Street. Again, the driver of the vehicle failed to activate his turn signal when making the right hand turn onto northbound 7th Street. The vehicle finally yielded in the parking lot of the Teaser's Nightclub located at 14269 7th Street.

DRIVER CONTACT:

I approached the vehicle on the driver's side and made contact with the driver who was later identified as DOMINIQUE EASTMAN. As I made contact with the driver, I advised him I had pulled him over for his failing to execute a safe turning movement onto westbound Green Tree Blvd. from the private driveway of the Green Tree Inn. I told him he failed to use his turn signal and almost hit the center island on Green Tree Blvd. and swerved in order to avoid it.

I requested EASTMAN'S driver's license, registration and insurance. He told me he had just recently received his driver's license back after being suspended approximately one month ago. All he had was the paper driver's license and he was waiting for his laminated picture version of his driver's license through the mail.

ASSIGNMENT:

On 07/26/09 I was assigned to work uniformed DUI traffic enforcement in the City of Victorville under call sign 17X2.

At approximately 0128 hours I responded to the Teaser's parking lot to assist Captain C. Reynolds with a vehicle stop he had conducted. While making contact with Captain Reynolds he told me he saw the subject's vehicle traveling eastbound on La Paz at a high rate of speed. When he attempted to turn around and follow the vehicle, the vehicle blacked out its lights, pulled into the old K-Mart parking lot, drove through the parking lot and then resurfaced on 7th Street. He said the vehicle continued southbound on 7th Street and pulled into the Teaser's parking lot where Captain Reynolds activated his emergency lights and conducted a vehicle stop.

DRIVER CONTACT:

I contacted the driver who was identified by his California driver's license as HORATIO RAY PERALES with a [redacted]

While talking to PERALES I could see he had watery, bloodshot eyes, thick slurred speech and there was a strong odor of an alcoholic beverage coming from his person. He was the only occupant of his vehicle. I instructed him that he needed to exit the vehicle and submit to Field Sobriety Tests at which time he complied.

FIELD SOBRIETY TESTS:

Prior to having the driver submit to Field Sobriety Tests, I asked him if he had any medical problems, taking any medications or had any deformities that would prevent him from performing the tests and he stated, "No."

ASSIGNMENT/ARRIVAL:

On 06/19/11, I was assigned to marked uniform patrol in the City of Victorville as 17P12 between the hours of 1900 and 0700. At approximately 0208 hours I assisted deputies with a fight call at the Teasers nightclub on Seventh Street and Green Tree Boulevard. When I arrived on scene at approximately 0209 hours I made contact with security, who had several subjects at gunpoint and handcuffed on the floor.

OBSERVATIONS:

As I arrived on scene in my marked patrol, I went into the southern driveway of the Teasers nightclub. As I approached the driveway, I noticed armed security guards had a beige vehicle with several subjects with their hands against the car. I exited my unit and assisted security guards with handcuffing all subjects and put out to Sheriff's Dispatch that I needed several units to assist.

WITNESS INTERVIEWS:

Please refer to supplemental report by Deputy Ditfurth.

GUN INQUIRY:

I received a black .357 revolver from the security guards that they removed from the subject and the vehicle. The handgun was a Storm Ruger .357 revolver, black in color. I conducted a records check on the gun and was able to locate the owner, who resided in the City of Mentone.

I asked Sheriff's Dispatch to conduct an Assist Other Department call for Yucaipa units to try and contact the original owner. A Yucaipa deputy contacted Rodney Collin and informed him his gun was located. Collin indicated the gun was stolen back in 1980 in a residential burglary. At the time, Collins placed a report for the burglary but it was unknown if the gun was ever reported stolen.

Collin indicated he did not know the suspect, Anderson, who was in possession of the handgun, nor did he give him permission to have his handgun. At the time of the incident, the Yucaipa deputy created a report for the stolen handgun with a miscellaneous statement that the gun was stolen in 1980 from a residential burglary; Yucaipa report #141100467.

EVIDENCE:

The .357 handgun was placed into evidence at the Victorville Police Station. It was cleared, tagged and photographed. All teletypes were placed with the gun in a secured evidence locker.

PHOTOGRAPHS:

I took several digital photographs of the handgun and the rounds that were located inside of the cylinder. Copies of the photographs were placed with the report.

ARREST:

Jordan Anderson was placed under arrest for PC 12025, Possession of a Firearm. He was already handcuffed and double locked to the rear. He was transported from one unit to my marked patrol unit, where he was placed into the back seat without further incident. He was transported to the Victor Valley Jail for booking of the above charge.

SUSPECT INTERVIEW:

I interviewed Anderson in the back seat of my patrol unit while in the parking lot of the Victor Valley Jail. Prior to his interview I read him his Miranda rights from my Department issued Miranda warning card. Anderson answered yes to question #1, indicating he understood his rights.

Anderson stated he went to the Teasers nightclub with family members to have a good time. As they were trying to leave, several subjects started arguing out in the parking lot and he ran into a dark colored Dodge Magnum. I advised Anderson that security saw him walking toward the fight, holding his waist, and when they asked him to stop he moved his hands and the security guard was able to see the black handle of the handgun.

Anderson stated he never had the handgun when he got into the Dodge Magnum. The security guards ordered everybody out at gunpoint. Anderson stated he never had the handgun and the security guard would not be able to identify him due to there being several black males in the area.

Anderson is currently on parole. He was witnessed by a security guard holding a loaded handgun with six rounds inside. The handgun came back stolen from a residence in 1980.

At the time of the interview, Anderson had no further information.

DISPOSITION:

Forward to the District Attorney's office for review and filing.

Carr was seated in the driver's seat in a parked vehicle in the parking lot of Teasers Night Club. I smelt a strong odor of marijuana emitting from the interior compartment during our contact. I asked Carr to exit the vehicle when he began to make movements toward his waistband. Carr exited and a loaded Ruger 357 revolver, not registered to him, fell from his waistband to the pavement. Carr was arrested and booked at the Victor Valley Jail.

ASSIGNMENT/ARRIVAL:

On 01/23/11, I was assigned as 17P13 in the City of Victorville from 1900 hours to 0700 hours. At approximately 0139 hours I was dispatched to 15880 Elcona Place in reference to a possible carjacking that occurred at Teasers nightclub nearby. I arrived on scene and made contact with the victim at approximately 0146 hours.

VICTIM CONTACT: RAYCHARD WOOTEN

Wooten advised me that he was at Teasers nightclub and he was getting ready to leave. He got into his vehicle which was parked at the business just south of the Teasers parking lot. He said he put the keys in the ignition as if he were going to leave. At this point, an unknown black male subject walked up to Wooten and asked him to give him the keys to the vehicle.

The suspect pointed a black semi-automatic handgun at him and ordered him to exit the vehicle. Wooten exited the vehicle without the suspect telling him anything else, and the suspect drove off in the vehicle, southbound on Seventh Street. Wooten said he was shocked at what happened and claims he then went to speak to one of the bouncers, who was uncooperative and did not want to help him out by calling the police.

Wooten said the house keys to his residence were inside the vehicle and he was unable to recognize the suspect who pointed the gun at him. At this point I was advised by Dispatch that Wooten had actually made a 911 from his cell phone just prior and told Dispatch he was okay. Wooten claims after he was carjacked, he ran home to his location, which is a few blocks away from Teasers, in order to contact the police from there.

Wooten admitted he had been drinking, but claims that the carjacking was not a form of foul play and he had no idea who carjacked him. He claims he told Dispatch on the initial 911 call he was okay because he did not know what to do. Wooten had no further information.

SUSPECT DESCRIPTION:

Wooten described the suspect who carjacked him as a black male in his 20s, wearing a dark blue hooded sweatshirt and dark pants. He was approximately 5'9" tall with a medium build.

VEHICLE STOLEN:

See attached CHP 180 form.

EVIDENCE:

I checked with the business south of the incident location, but it was closed and at this point I was unable to find out if there was any video surveillance in the area.

ADDITIONAL INFORMATION:

Deputies spoke to the bouncer at the location, Michael Morrison (DOB 09/23/72), phone number 909/231-1540, to see if he could corroborate the story with the victim. Morrison advised deputies that Wooten actually came up to him at approximately 2300 hours stating his vehicle was stolen at gunpoint. Morrison asked Wooten if he needed him to call the police and Wooten said he did not need any assistance. Wooten advised me that he carjacking occurred over two hours after he actually advised Morrison. At this point, his story was unable to be corroborated with what Morrison told deputies.

DISPOSITION:

No additional leads to date. Forward to the Detective Bureau for further investigation.

On 10/13/09, I was assigned to uniform patrol in the City of Victorville. At approximately 2348 hours, I was assigned to investigate a possible fight that occurred at the Teaser's nightclub located at 14269 7th Street in the City of Victorville. I arrived on scene and made contact with the victim, John Breuer, at approximately 2355 hours.

VICTIM STATEMENT:

I spoke with Breuer outside the nightclub shortly after my arrival. The following is a summary of his statements.

Breuer stated that he is the head security guard for the Teaser's nightclub. He stated he was standing outside the nightclub by the front door when four subjects arrived and walked up to the front door. Breuer advised them that they did not meet the dress code and they would not be allowed in. Suspect #1 then said, "We're comin' in anyways." They began to move toward him, and suspect #1 struck Breuer on the top of the head with his left closed fist.

Suspect #2 then struck Breuer in the body two times with closed fists. Breuer then pushed suspect #1 onto the ground. Several other security guards came out of the club at about that time and pepper sprayed all four suspects. The suspects then ran to their car. One of them, it was unknown who, said they were going to get a gun out of the trunk. Security guards followed them to their car, and when the suspects saw the security guards walking toward their car, they got into the car and began to drive away. As they drove through the parking lot they nearly struck a patron that was leaving the club.

The suspects then pulled out of the parking lot onto 7th Street. They then drove back into the parking lot and drove past the front door. They did this two times. The suspects then pulled back onto 7th Street and drove northbound.

SYNOPSIS

76. SYNOPSIS

On 110909, I was assigned to work uniformed patrol in the City of Victorville. At approximately 0816 hours, I was dispatched to the 15000 block of Kingswood Drive to investigate a PC 242, Battery that occurred on 110709. I spoke with Geiser at the residence who stated she was at the Teasers Night Club on 110709, when she was assaulted by Valtierra. Geiser said she had accidentally bumped into Valtierra on the dance floor and for no reason Valtierra threw her, "Drink" at Geiser then threw her plastic drink cup at Geiser hitting her in the nose with the plastic cup. I spoke to Valtierra about the incident who stated she did see Geiser at the Teasers Night Club on the night of 110709, and stated as she approached Geiser, Valtierra made a comment about wearing the same shirt as Geiser. Valtierra said Geiser pushed and punched her on the right side of her face for no reason. Valtierra said after being punched, she did throw her drink at Geiser but stated she does not think the plastic cup hit her. Valtierra said after the incident occurred, security from the night club escorted Geiser out of the night club. Geiser sustained several small lacerations to her nose and stated her nose was fractured. Valtierra sustained swelling to the right side of her face. Both parties stated the night of the incident they did not contact the Police because they did not feel the incident was anything to worry about. On 110909, Geiser said she desires prosecution against Valtierra for assaulting her. Forward to District Attorney for review.

SYNOPSIS

76. SYNOPSIS

On Saturday, 07-16-11, I was assigned to Uniformed Patrol, in a marked unit, with the City of Victorville. At approximately 0243 hours, I was dispatched to the ER room at St. Mary's Hospital in reference to an assault report. Upon arrival, I made contact with Travis McCain. I spoke with Travis who told me on 07-16-11, at approximately 0100 hours, he was leaving the Teasers night club and walking to his vehicle in the parking lot. Travis said he was followed by three unknown suspects from the club to his vehicle. As he was walking to his vehicle, Travis stated he was hit in the head from behind and fell to the ground. Travis stated he attempted to get off the ground and was hit several other times in the head by the suspects as he was struggling to get off the ground. Travis said he was able to get off the ground but kept being hit from the suspects as he got up. Travis ran down the street to La Paz Dr. He was not chased by the suspects. Travis stated he called his friend to pick him up at the intersection because he was scared to walk back to the parking lot. Travis stated he has never seen the suspects before and did not get a very good look at them when they were beating him.

Travis suffered minor cuts and scrapes to the right and left side of his head. There is no further suspect information at this time. Case will be for station file only.

ASSIGNMENT/ARRIVAL:

On 1/2/11 at 0215 hours I was assigned to investigate a possible battery that took place at the Teazer's located at 14269 Seventh St in the City of Victorville. The victim, Charnetta Hall requested contact at one of her friend's apartment. I arrived at her friend's apartment at 0257 hours.

VICTIM INTERVIEW: CHARNETTA HALL

Hall was interviewed at her friend's apartment and the following is a summary of her statements.

Hall and Jeffrey Lemund Graves have been married for about three years. They have a two year old child together. They do not live together and have been separated for quite some time.

On 01/01/11 Hall went to the Ontario airport in Ontario California to pick Grave's up, who was arriving from a flight from Virginia. They spent the entire day of 01/01/11 at Hall's apartment. They talked about their marriage, about their child, and various other stuff.

In the evening on 01/01/11 Hall, and Graves began to get into several disagreements. Hall asked Graves when he was going to leave the apartment and return back to the Fort Irwin Army base where he lives since he is in the United States Army. Graves informed Hall that his friends were going to meet him at the Teazer's nightclub located in the City of Victorville. Hall agreed to drive Graves over to the Teazer's parking lot. Hall was in the driver's seat and Graves was in the passenger's seat. When they arrived at the Teazer's parking lot, for some unknown reason Graves began to cuss and scream at Hall and call her nasty names.

Graves got out of the vehicle and started to walk away. Hall wanted to find out why Graves was calling her nasty names. She decided to get out of the car and follow him. I asked Hall why she didn't just drive away to avoid further confrontation. She stated that she wanted to find out what his problem was. Hall contacted Graves between two parked cars and they began a conversation about why Graves was calling Hall bad names. According to Hall, Graves was getting close to her and began to push her so she put up her right arm to block Graves.

Graves then bit her on the top of her right hand. According to Hall the attack was unprovoked.

After Graves bit Hall, Hall continued to scream and yell at Graves about why he bit her on the hand. The yelling got the attention of several bouncers at the nightclub. One of the bouncers escorted Hall back to her vehicle where she drove away. Hall did not state whether she desired prosecution against Graves.

INJURIES:

Hall sustained a small superficial bite to the top of her right hand. Medical personnel arrived prior to my arrival and Hall informed me that she did not request further treatment from medical personnel.

SUSPECT INFORMATION:

Hall told me that Graves does not have a key to her apartment because they do not live together. Hall believed that Graves was en route to Fort Irwin Army Base.

SUSPECT INTERVIEW: **JEFFREY GRAVES**

I was unable to locate Graves for an interview.

PHOTOGRAPHS:

I took two digital photographs of Hall's injuries. I transferred the photographs to the Digital Image Management System at the Victorville Police station.

ADDITIONAL INFORMATION:

I gave Hall the Sheriff's department card on domestic violence. By the time I contacted Hall the Teazer's nightclub was closed, therefore I was unable to contact any bouncers who may have escorted Hall to her vehicle or who may have witnessed the incident.

SYNOPSIS

76. SYNOPSIS

I responded to an incustody at Teasers Night Club. Security guard Culpepper observed a fight ensuing inside the club. He observed Pruitt run outside the club into the parking lot and believed he was going to bring a weapon back into the club to use. Culpepper observed Pruitt reaching into a vehicle through the passenger side window. Pruitt pulled out a black revolver and held it into his hand. Pruitt stated, "I have to defend myself." Culpepper withdrew his weapon and ordered Pruitt to put the gun down. Culpepper handcuffed Pruitt to the rear and escorted him to the front door of Teasers. Culpepper had Pruitt sit on the curb until Deputies arrived. Another fight occurred in front of Teasers and Pruitt ran from the scene. Deputy Gallacher was able to locate Pruitt and detain him.

ASSIGNMENT/ARRIVAL:

On 11/20/10 I was assigned to uniformed patrol in the City of Victorville. At approximately 1350 hours I was assigned to investigate a possible rape that occurred at the Teasers Nightclub in the City of Victorville. I was advised that the victim was at the Victor Valley Hospital. I then went to the hospital and made contact with the victim.

VICTIM STATEMENT:

I spoke with the victim at the Victor Valley Hospital shortly after my arrival. The following is a summary of her statements .

The victim stated that she went to the Teasers Nightclub on 11/19/10. She arrived at the nightclub with her husband at approximately 2330 hours. She stated that they had taken a taxi to that location. She stated that her sister in laws, Meganne, and Roxanne were to meet she and her husband there. She stated that she began drinking inside of the club with her sister in laws. She stated that she had a Pina Colada, a tall cocktail, and three shots of liquor. She stated that she became very intoxicated. The victim stated that her husband was inside of the nightclub with his cousin. She began walking around the interior and exterior of the club with her sister in law, Roxanne.

She stated that just before the club closed Roxanne had made arrangements for them to go to an after party. Her sister in law, Meganne was an acquaintance with the suspect, Bryant. Meganne arranged for Bryant to drive Roxanne's vehicle. Roxanne and the victim were going to ride in Roxanne's vehicle and Bryant was going to drive. The victim, Roxanne, and Bryant all walked to Roxanne's vehicle, which was parked in the back parking lot of Teasers, near the real estate business. As they got to the car Roxanne unlocked the doors and opened the passenger door. The victim stood in the front passenger doorway. Roxanne then left the location.

At first the victim stated that she did not know why Roxanne left, and she then stated that Roxanne went to go get directions to the after party. Shortly after Roxanne left Bryant approached the victim from behind. He then pulled the victim's pants down. The victim stated that Bryant pushed her back and bent her over. She stated that her hands were on the passenger seat. She was still standing up outside of the vehicle. Bryant then put his penis in the victim's vagina and began thrusting. The

victim stated that she said to Bryant, "Stop, my husband is going to be really mad." Bryant continued thrusting for approximately one minute. The victim stated that she did not attempt to push Bryant off or to fight with him. She stated that she was too intoxicated to resist.

After approximately one minute, several subjects began walking out of the club. Bryant then stopped thrusting and walked around to the driver's side of the vehicle. The victim then pulled up her pants and sat down in the passenger seat. Bryant sat down in the driver's seat. He then reached across and put his hand inside of the victim's pants, touching her vagina. The victim grabbed Bryant's hand and pushed his arm away. Roxanne arrived at the vehicle at that moment. She then got into the vehicle and they began driving to the after party.

The victim stated that she has no recollection of any events after that. The next thing that she remembers was waking up in the morning at her residence and remembering the rape. She spoke with her husband who told her that they had left the after party and came home. They then had intercourse at their residence. The victim stated that she does not recall any of that. She stated that she has no complaint of pain and there were no injuries to her body.

SUSPECT DESCRIPTION:

The victim described the suspect to be a black male adult, heavy set, with light skin. He was approximately 5'10". He was wearing a black beanie and a black leather jacket. The suspect was only known to her as Bryant and she stated that she had never met him before.

ADDITIONAL INFORMATION:

The victim's sister in law, Roxanne Barbe, arrived at the hospital to pick up the victim. I asked Roxanne if she would speak with me about the events the night prior and she stated that she did not want to give any kind of a statement. I also attempted to contact the victim's husband, Herman Barnes. He was unavailable for Deputy contact at this time.

WITNESS STATEMENT:

I spoke with Meganne Barnes over the telephone and the following is a summary of her statement.

Barnes stated that she went to the club with the victim the night prior. She stated that as she recalls, at no time was the victim alone. She has known the suspect, Bryant, for approximately two years and has never known him to be violent in any way. She does not know Bryant's last name or any contact information. She stated that she has only known him from the club. She stated that she has also known Bryant's brother, Alex, for approximately five years. She does not know his last name or any contact information.

EVIDENCE:

I arranged for the victim to meet with the SART nurse from Law Enforcement Medical Services at Kaiser Hospital in Fontana. I was later contacted by the SART nurse who stated that the examination had been completed and that the evidence was stored there for the Detectives to obtain.

DISPOSITION:

No further leads at this time. Forward to the station Detectives for further investigation.

ASSIGNMENT / ARRIVAL:

On 01/24/11, I was assigned to work patrol in the City of Victorville in a marked sheriff's unit wearing a CLASS A uniform. At approximately 1736 hours. Deputy Benjamin was flagged down in the Teazer's parking lot at 14269 7th Street in reference to a domestic disturbance that had just occurred inside of a vehicle. Deputy Benjamin conducted a traffic stop on the white 2004 Hyundai Santa Fe with California License Plate number 5LUC979.

I arrived on scene at this time and assisted Deputy Benjamin.

VICTIM CONTACT: **BROPHY, MICHAEL**

Deputy Benjamin and I contacted Brophy as he exited the vehicle. As Brophy exited the vehicle, he was stumbling over his feet. As he got closer to Deputy Benjamin and me, I observed he had watery, bloodshot eyes, slurred speech and a strong odor of alcoholic beverage present upon his person. Brophy identified himself as Kevin Brophy. He had numerous scratches to his face and a bloody swollen lip. Brophy said he and his girlfriend had gotten into an argument and she had hit him. He immediately pulled back into the Teazer's parking lot. Brophy said he works at the Teazer's Bar. He and his girlfriend were there cleaning and drinking throughout the day. The two of them had left the location and the argument ensued so Brophy turned back around into the Teazer's parking lot.

SUSPECT CONTACT: **BRICKER, STEFANI LORRAINE**
DOB: 07/14/70

I contacted Bricker as she sat in the front passenger seat of the vehicle. Immediately as I walked up, Bricker told me, I messed up, I hit him. I asked her why she hit him. Bricker told me a female had looked at Michael Brophy and she became upset so she started hitting him. Bricker told me she had too much to drink throughout the day and that affected her decision making. At this time, I had Bricker exit the vehicle and placed her into handcuffs to the front. I double locked the handcuffs for her and my protection and placed her in the backseat of my police unit.

While speaking with Bricker, she told me her boyfriend's name was Michael Brophy and she furnished me with his date of birth. Bricker told me the two of them have been dating on and off for about ten years and intermittently reside together. I asked Bricker why Brophy would give me the name of Kevin Brophy and she told me that is his brother.

VEHICLE DISPOSITION:

The white 2004 Hyundai Santa Fe with California License Plate 5LUC979 was towed pursuant to California Vehicle Code 22651(h)(1). Refer to the copy of the attached CHP 180 Form.

TRANSPORT:

Bricker and Brophy were both transported to the Victor Valley Jail for booking.

SUSPECT STATEMENT: **BRICKER, STEFANI**
DOB: 07/14/70

I spoke with Bricker in the Victor Valley Jail. Prior to any questions, I read Bricker her Miranda Rights from my department issued Miranda Warning Card. Bricker indicated she understood her Miranda Rights. The following is a summary of her statements.

Bricker told me that she and her boyfriend, Michael Brophy, were drinking at the Teazer's Bar as they were assisting in cleaning the night club up. Bricker told me she had two much to drink throughout the day. She can normally handle her alcohol; however, she drank too much on 01/24/11. Bricker said after the two of them left the bar, an argument ensued inside of the car and Bricker told me she hit Brophy numerous times. I asked Bricker if she slapped him or hit him with a closed fist. She told me she punched Brophy numerous times with her right and left hands. Bricker made a fist with her hands and simulated punching Brophy. I noticed a large ring on Bricker's hand. Bricker told me the cuts on Brophy's face were probably due to the ring on her hand.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was at the incident location when I observed a group of 5 subjects involved in a physical fight in the parking lot. I gave several verbal commands for the parties to stop fighting and to disperse. 3 of the suspects immediately complied with my commands and laid on the ground. The 2 remaining suspects continued to physically fight. Due to the refusal to comply with my orders I deployed my department issued taser to stop the fight. The taser probes struck Suspect Chris Mendoza which caused both remaining suspects to stop fighting. Additional Deputies arrived on scene and all of the subjects involved were taken into custody. The suspects were transported to the Victor Valley Jail and released with misdemeanor citations for PC 415(1)-Fighting in public.

SYNOPSIS

76. SYNOPSIS

I responded to a fight call at Teazer's sports bar. When I arrived I saw two girls fighting each other further over in the parking lot in front of the business. Male subjects appeared to be trying to stop them from fighting and separate them but were unsuccessful. I approached and gave orders for the involved female suspects to stop fighting. The males were also attempting to physically restrain and separate the female suspects. Kranz ignored my orders and continued to lunge forward attempting to get at Livesey. I deployed OC spray against Kranz to stop her after my verbal commands had failed to gain her comliance. I arrested both Kranz and Livesey for fighting in public and booked them into the Victor Valley jail without further incident.

SYNOPSIS

76. SYNOPSIS

I saw Barnes fighting outside on the entryway to Teasers nightclub. Upon contact, Barnes pulled away several times from my firm hand grip, flailed and twisted his body several times in an attempt to avoid being handcuffed, and failed to obey numerous commands to put his hands behind his back while being taken into custody. The person he was fighting with was unable to be located.

ASSIGNMENT:

On 01/08/11, at approximately 1900 hours, I was assigned to patrol in the City of Victorville as 17P11. I was dressed in a Class A uniform and driving a marked patrol unit.

OFFICER OBSERVATIONS:

On 01/09/11, at approximately 0030 hours, I was driving through the Teasers parking lot located at 14269 7th Street, Victorville, California 92392, while doing an extra patrol of the neighborhood. When I was on the north side of the building, I heard a lot of yelling and screaming. The yelling and screaming was not a normal party crowd, however the yelling and screaming sounded as if there was a large fight coming from the entry way which is located on the west wall of the Teasers Night Club.

When I drove up to the entryway of the Teasers Night Club, I saw about 20 people standing under the awning on the entryway, outside of the night club. There was a lot of screaming and yelling going on. The person who caught my attention was a black male adult who was wearing a white tank top and dark colored pants. The reason why that black male adult caught my attention was that he was the only one wearing a white tank top in a crowd of about 20 subjects who were wearing dark clothing.

The black male adult was later identified as RONTAE DAQUAN BARNES by his California Identification Card. I saw BARNES throw several punches at a subject standing in the crowd. I then saw one of the bouncers from Teasers pepper spray BARNES by using a pepper gel type pepper spray. The gel hit BARNES on his head. BARNES then backed up several steps into the parking lot, shrugged his shoulders several times and then charged back at the bouncer who pepper sprayed him.

At that point, I radioed to dispatch about the fight that was in progress and got out of my vehicle. As I was getting out my vehicle, I heard several subjects yell, "The cops are here, the cops are here". The crowd then immediately began to disburse. BARNES walked away from the bouncer and was standing in the middle of the parking lot.

RESISTING ARREST:

Since I saw BARNES fighting in public, I grabbed him on his right wrist with my left arm and escorted him over to my patrol car to take him into custody. BARNES immediately swung his right arm and broke free from my handgrip. I ordered BARNES several times to come with me over to my patrol unit. I grabbed him by his right wrist again with my left hand and walked him over to my patrol unit. I placed his chest up against the driver's side rear window of my patrol unit and put both of his hands behind his back.

I told BARNES to keep his hands behind his back. I then took out my handcuffs and attempted to handcuff his hands.

While BARNES had both of his hands behind his back, he twisted his body to the left and tried to slip out from between me and the patrol unit. I grabbed him by both of his arms while I had the handcuffs in my right hand and put his chest up against the driver's side rear window, told him not to move and to keep his hands behind his back. BARNES twisted his body to the left again and tried to slip out once again. I told him several more times to put his hands behind his back, stop moving, and do what he was told.

By that time, a black female adult who was screaming a yelling at me saying, "That's my brother, that's my brother", walked up and was standing to the left side of me. When the black female adult was screaming and yelling at me that BARNES was her brother, BARNES once again twisted his body to the left and tried to slip out once again for the third time. I told BARNES numerous times to stop moving and to put his hands behind his back. When responding deputies arrived on scene, BARNES then immediately put his hands behind his back and complied. I was able to handcuff BARNES at that time without incident.

ARREST/BOOKING:

I arrested BARNES for PC415(1) and PC148(a)(1). He was transported to the Victor Valley Jail and was booked into the jail without incident.

CITATION:

I issued BARNES citation #3171200. He signed the citation in my presence.

ADDITIONAL INFORMATION:

The person whom BARNES was fighting with was unable to be located.

SECURITY CONTACT:

The bouncer of the Teasers Night Club, who wished to remain anonymous, told me the reason why he pepper sprayed BARNES was because BARNES was fighting another patron at the club, so the bouncer pepper sprayed him to protect the patron of the club. The pepper spray the bouncer used was a 10% pepper gel type of pepper spray.

SPONTANEOUS STATEMENTS:

While I was transporting BARNES to the jail, BARNES kept asking my why he was being arrested. I informed him numerous times of the crimes that he was arrested for. BARNES then began to engage in a conversation on his own free will with me about the incident that had just occurred. At no time did I ask BARNES any questions, nor did I demand that he clarify any statements that he told me. I simply just engaged in a friendly conversation with BARNES. The following is what he told me.

BARNES was in the club and a subject walked up to him and asked him if he was a "Blood". BARNES took that as disrespect and the two went outside to fight. As they were fighting, he got pepper sprayed for no reason at all by one of the bouncers. Next thing he knew he was being escorted over to a car. He did not know that the deputy who was contacting him was in fact a real deputy and he did not know who the deputy was. He finally realized that the person who was grabbing him was a Deputy Sheriff when he saw the other responding units arriving on scene.

DISPOSITION:

Case to date, forward to the District Attorney's Office for prosecution.

SYNOPSIS

76. SYNOPSIS

Between the above date and time, Lewis got into a verbal altercation with several security guards at Teasers Nightclub in the city of Victorville. When the altercation escalated, Lewis began assaulting the security guards. After the assault, Lewis said "I'm going to come back with my Vago friends and stab you". The victims stated Lewis is an active gang member in the Vago Motorcycle Gang and believe he is capable of executing the threat. All of the victims were hesitant to give details about Lewis gang affiliation due to fear of retaliation. Lewis was wearing a black and green tee shirt that had "Support your local Vagos" printed on the back of the shirt.

ASSIGNMENT/ARRIVAL:

While patrolling the City of Victorville on 06/28/09 at 0226 hours, Sheriff's Dispatch assigned me to investigate a vehicle burglary that occurred in the parking lot of Teazer's Nightclub located at 14269 7th Street in the City of Victorville. The reporting party, FAITH WARREN, contacted Dispatch and reported while she was in the nightclub from the hours of 2345 hours and 0130 hours, a subject had gained entry into her vehicle and stole her purse. She advised she had several credit cards inside along with house keys and her vehicle registration and requested deputies respond for a report.

Upon arrival to the Teazer's Nightclub, I was flagged down by an adult female who was standing next to a black 2005 Chevrolet Tahoe, California license plate #5NIA719, parked in the northwest parking lot of the Teazer's Nightclub. I ran the vehicle license plate to find it was registered to my reporting party and, when I contacted the female, I asked her if she was FAITH WARREN and she said, "Yes."

VICTIM INTERVIEW: FAITH WARREN

When I contacted FAITH WARREN I asked her to explain to me what had happened. She told me she and her girlfriends drove to Teazer's Nightclub in her vehicle arrived at approximately 2345 hours, went into the nightclub and decided to leave at 0130 hours. She explained while she was walking up to her vehicle to get into her vehicle, she used her clicker to unlock the vehicle. She said she heard the doors unlock and, as she opened the driver's side door, she noticed her glove box and the center console were open and the items inside had been ransacked. She immediately searched for her purse that she had behind the driver's seat and found that it was gone.

I asked WARREN if she had locked her vehicle prior to leaving it in the parking lot to go inside Teazer's Nightclub and she said she was not sure but believed she did. She said she knew she hit her vehicle's clicker to lock it but she may mistakenly hit the unlock button on the clicker instead of the lock button.

I asked WARREN if she found any forcible entry into her vehicle and she said, "No."

I asked WARREN to explain to me what all had been stolen from inside of her vehicle and she said what she noticed was so far was her purse. She explained her purse was a Coach purse, beige in

color and contained inside her purse were several credit cards, membership cards, insurance cards, her girlfriend's keys, which were for her girlfriend's house and car, and two audio headphones for her vehicle's audio system. She told me she had contacted her Sears MasterCard to cancel it to find that an unknown subject had already made a purchase in the amount of $170.00 for either a Verizon payment or purchase on line and made several other small purchases in the amount of $1.00 just prior to that purchase to Verizon online.

I asked WARREN if she was able to contact her bank to cancel her debit cards and she said not at this time but she was working on it.

I asked WARREN if she had seen anyone suspicious in the area while driving into the parking lot and while walking up to the Teazer's Nightclub. She said, no, that no one stood out that caught her attention.

ATTEMPT TO LOCATE EVIDENCE:

I searched the inside of WARREN'S vehicle but did not locate any evidence left behind by the suspect. I did dust the outside of the vehicle near the driver and passenger's doors. I located several liftable prints, lifting three sets of prints, one from the driver's side door and two from the front passenger door. The prints were placed on print cards and sent to be analyzed.

DISPOSITION:

Submit to Detectives for information.

End of report.

SYNOPSIS

76. SYNOPSIS

SYNOPSIS: Zubia stated she arrived at the Teaser's Nightclub at approximately 23:00 on Saturday night, January 15th. Zubia left her purse on the driver's side floor board of her vehicle while inside the club. When Zubia returned to her car at approximately 02:00 and one of her friends told Zubia her car had been broken into. The suspect had broken the front passenger window to access the vehicle and stole Zubia's purse. Zubia said she did not call to report the incident because she was drunk. Zubia further stated she couldn't come to the station to report it until the 18th, because she was too busy. Zubia expressed concern that someone may use her personal information for identity theft; as her personal information, bank cards and house keys were all taken in the theft. Zubia had already called to cancel her ATM card which was in her wallet. Zubia stated she wanted to document the incident in case of future identity theft.

DISPOSITION: Case is for station file only.

ASSIGNMENT/ARRIVAL:

On 12/10/10 I was assigned to uniformed patrol in the City of Victorville. I was in a marked Victorville Police unit, wearing a Sheriff's class "A" uniform. At approximately 0222 hours I was dispatched to the Teazers Bar at 14269 Seventh St in reference to a theft that had just occurred. I arrived on scene at 0224 hours and spoke with the victim, Alberto Retemal.

VICTIM STATEMENT: RETEMAL, ALBERTO

I spoke with Retemal in front of Teazers on the above date and time and the following is a summary of his statements.

Retemal told me that after the club had closed for the night he exited and went towards the north side of Teazers where his vehicle was located. He stated that he was getting a number and his phone was out in his hand. A vehicle pulled up next to him and it was occupied by four to five black male adults. Retemal told me that the vehicle was a silver Pontiac Grand Am with black rims that had chrome trim on them.

He stated that when the vehicle approached a black male grabbed his cell phone from his hand. Retemal was going to say something but he heard someone in the car say, don't worry, I have a strap. Retemal did not attempt to get his cell phone back as the vehicle sped away eastbound on east Sage St. Retemal said that his cell phone was a black Droid valued at approximately $500.00.

SUSPECT VEHICLE DESCRIPTION:

The suspect vehicle is a 2000's silver Pontiac Grand Am or Grand Prix sedan occupied by approximately four to five black male adults. The vehicle had black rims with chrome trim.

STOLEN PROPERTY:

The stolen property is a black Droid cell phone valued at approximately $500.00.

VICTIM INTERVIEW:

I made contact with the victim who stated she had been beat up and robbed. While speaking with her I could smell a strong odor of alcohol emitting from her breath. Her eyes were red and watery and her speech was loud and slurred. Initially the victim made it appear as if she was jumped by numerous subjects in Victorville at Teazer's night club and robbed of her personal belongings.

The victim stated she went to the nightclub with her friends. They were dancing and drinking. She placed her brown leather jacket on her chair and later discovered it was missing. She said her cell phone and wallet were in her jacket. I attempted to telephone the victim's cell phone and the call went straight to her voice mail.

She began to argue with a Hispanic female and that female's boyfriend and several of their black friends. She said one of the black males she was arguing with started to hit her in the face for no reason with his closed fists. The victim was extremely upset that her left eye was swollen. She did not want to go home and have her children see her face beaten up.

The victim was unable to give me any suspect descriptions, only that the male that hit her was wearing a red shirt. She said the club was closing and believes the male and his friends walked away and did not leave in a car.

She said she stopped at the Chevron gas station in Victorville and she called her mom. Her mom responded to the Adelanto address and argued with the victim's friends. She said it all got out of hand. The victim desired a report be taken in the event any of her belongings were ever located. I gave her my business card with the report number written on the back. The victim was advised that any further investigation regarding this case would be handled by the Victorville City Police Department since the crime occurred in their city. She said she understood. The victim was given a ride home by her mother and friends. This concluded our interview.

WITNESS INTERVIEW – CANADY:

Canady was at Teasers with the victim and Williams. Everyone was dancing and drinking. He did not see who took the victim's jacket, but did see the black male hit the victim in the face. Canady said he grabbed the male from behind to prevent him from hitting the victim any additional times. The club was closing and everyone left. That was the last time he saw that subject. He said the security at Teaser's might know the male if we were to follow up with any additional investigation. This concluded our interview.

WITNESS INTERVIEW – WILLIAMS:

Williams said the three of them were at the club together. The victim had a lot to drink and was on the dance floor quite a bit. The victim had placed her jacket on the back of the chair where she was sitting. Williams told me you just can't do that at the clubs because people will steal from you. She also said you cannot leave your drinks unattended and that everyone knows this.

The victim asked a Hispanic female to watch her jacket and drink for her while the victim went on the dance floor. A short time later, the victim realized her jacket was missing. The victim began to accuse everyone in the club of stealing her belongings. A black male became offended that he was being accused. He and the victim argued with the male hitting the victim in the face.

The club was closing and everyone left. No one saw the black male get into a car or in which direction he left. She believed he was wearing a burgundy shirt. Williams did not see who took the victim's jacket. While the three of them were driving home the victim wanted to be let out at the Chevron Gas station on Roy Rogers Drive in Victorville. The victim telephoned her mother who only escalated the situation with her constant loud yelling when she arrived on scene. This concluded our interview.

STOLEN ITEMS:

See Evidence / Property Report. Teletypes were completed on Green's CDL, the victim's social security card, and the victim's son's social security card. The victim did not know the ESN or serial number for her cell phone. She was advised to contact her cell phone provider in an attempt to locate her telephone and deactivate the service.

SUSPECT DESCRIPTION:

The suspect that assaulted the victim is described as a black male adult, approximately 5'9" – 6'0", black hair, brown eyes, and wearing a red to burgundy shirt.

PHOTOGRAPHS:

I took several digital photographs of the victim's swollen left eye.

DISPOSITION:

This case is currently on going, pending suspect identification and location of stolen items. Please forward to the Victorville City Police Department for any needed follow-up.

On 072608 Renzo arrived at Teazers to start her shift at 2100hours. She stated to me that when she arrived at work her vehicle did not have any dents. When she left work on 072708 at approximately 0230-0245 hours she noticed shoe prints on her vehicle. When she woke up on 072708 she went outside and looked at her vehicle and noticed a huge dent and shoe prints on the passenger side of the vehicle the passenger door is out of alignement and the window will not roll down. Renzo stated that she has no idea who would have done this to her vehicle. She stated that as soon as she obtained the total amount of damages she would forward a copy to me. SYNOPSIS

76. SYNOPSIS

THE VICTIM STATED SHE WAS AT THE TEAZERS NIGHT CLUB. AT APPROXIMATELY 0030 HOURS SHE HAD GONE OUTSIDE TO CHECK ON HER VEHICLE DUE TO PROBLEMS SHE HAS BEEN HAVING WITH HER EX-BOYFRIEND. NOTHING WAS WRONG WITH THE VEHICLE SO SHE WENT BACK INTO THE CLUB. AROUND 0145 HOURS SHE WAS LEAVING THE CLUB AND NOTICED THE REAR DRIVER SIDE WINDOWS HAD BEEN SHATTERED. HOWEVER, NOTHING HAD BEEN TAKEN FROM THE VEHICLE. THE VICTIM BELIEVES IT WAS HER EX-BOYFRIEND BECAUSE HE HAS DONE THING SIMILAR IN THE PAST. THE VEHICLE IS REGISTERED TO THE BOTH OF THEM AND HE HAD A KEY. HE WOULD REMOVE FUSES FROM THE VEHICLE OR MOVE IT FROM ONE PARKING LOT TO ANOTHER. THE VICTIM DOES NOT HAVE ANY PROOF THAT HER EX-BOYFRIEND DID IN FACT BREAK THE WINDOW. THERE IS NO VIDEO SURVEILLANCE AVAILABLE FOR WHERE THE VICTIM WAS PARKED. NO WITNESS WERE LOCATED OR CAME FORWARD EITHER. ESTIMATED REPAIR COST FOR THE WINDOW IS $300.00.

I ATTEMPTED TO LOCATE THE SUSPECT AT HIS RESIDENCE. HOWEVER, HIS VEHILCE WAS NOT AT THE LOCATION AND NO ONE ANSWERED THE DOOR.

SYNOPSIS

76. SYNOPSIS

Between the above date and time, the victim drove his vehicle to Teasers Night Club in the city of Victorville. Upon arrival, the victim parked his vehicle and proceeded into the night club to visit with some of his friends. Approximately two hours later, the victim exited the night club and left the location. The victim drove home and parked his vehicle inside his garage. The following morning the victim noticed several key marks on his vehicle. The victim told me he was certain the vandalism occurred at Teasers Night Club. The victim was unable to provide me with any information regarding the suspect. The victim believes it will cost him several thousand dollars to fix the damages to his vehicle. I took numerous photographs of the victim's vehicle. These photographs were later transferred onto the DIMS imaging system at the Victorville Sheriff's Station. No suspect leads or investigative leads. Station file.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was assigned to patrol in the City of Victorville driving a marked Victorville Police vehicle. At 0131 hours I was driving through the parking lot at 14269 7th Street when I observed a Hispanic male adult writing on a fence post with a marker. As I exited my patrol vehicle the subject threw a permanent marker on the ground and attempted to walk away. I took the suspect, who was identified as Andrew Calderon, into custody. Calderon was tagging "MOBK" in permanent marker. Calderon was found to be in possession of papers containing the following graffiti "AZTEK" and "MOBK". Calderon was transported to the Victor Valley Jail and issued misdemeanor citation #2929266.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was dispatched to the incident location to investigate a battery that had just occurred. While investigating the battery I observed a Roybal involved in a verbal argument with other patrons at the business location. I ordered the subjects to disperse at which time they failed to comply. After giving several commands the parties began dispersing. Roybal then returned and refused to disperse after being given several other commands to leave the area. I contacted Roybal who was intoxicated and gave him a final command to dispurse. Roybal refused to comply and was arrested.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was driving past the incident location when I observed to Hispanic male adults who were yelling at a subject in front of the incident location. The subjects appeared to be challenging the single subject to fight. As I exited my patrol vehicle I identified myself as a Deputy Sheriff and told the subjects to stop. Both subjects began walking away from me. Hernandez then ran away from me eastbound behind the incident location. Rios continued to walk away from me. Rios was eventually detained and found to be extremely intoxicated. Hernandez was also eventually located and also found to be extremely intoxicated.

SYNOPSIS

76. SYNOPSIS

On the above date and time, I made contact with Cortez in the rear ally of the above location. Cortez was stumbling over his feet as he walked and almost fell several times. As I made contact with Cortez, he had a strong odor of an alcoholic beverage coming from his person, slurred speech, blood shot and watery eyes. Cortez said he did not know where he was or were he came from and had a hard time providing basic information. I determined Cortez was unable to care for himself due to his level of intoxication so I placed him under arrest for PC 647(f), Public Intoxication and transported him to Victor Valley jail for booking.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was assigned to uniform patrol in the City of Victorville. I was dispatched to a report of a subject disturbance at Teaser's located at the above location. Upon arrival the suspect was identified by security as the person who was causing the disturbance. He was contacted as he walked away from the business in a southerly direction. Upon contact the suspect was found to be extremely intoxicated. He admitted to having drank alcohol while inside of Teasers. He had red, bloodshot, watery eyes and slurred speech. He had an unsteady gait as he walked and the odor of an alcoholic beverage emitting from his breath and person. McGallian was beligerant and uncooperative with Deputies. After he was detained he began banging his head on the glass divider of the unit. McGallian was unable to care for himself and I believed the disturbance would resume if he were released at the scene. He began cursing at Deputies and was uncooperative during the booking process. McGallian was placed under arrest for the above violation. He was transported to the Victor Valley Jail where he was issued a citation for the above violation. The original citation was later lost and he was sent a new citation via U.S. Mail. I was unable to interview him due to his high level of intoxication. Forward report to District Attorney for review and filing.

SYNOPSIS

76. SYNOPSIS

On 022810, at approximately 0128 hours, I responded to Teasers in reference to a fight call.

Upon arrival I contacted Ramos due to him being involved in the fight. While speaking with Ramos, I could smell a strong odor of an alcoholic beverage coming from his person. I also noticed his eyes were bloodshot and watery. Ramos was swaying side to side, and almost fell while trying to walk. Ramos stated he lived out of the area and did not have any friends or family in the area.

I placed Ramos under arrest for PC 647(f) Public Intoxication. He was transported to the Victor Valley Jail and Booked in.

SYNOPSIS

76. SYNOPSIS

On 030310, I was assigned to a Disturbance at Teasers. The reporting party observed a Hispanic male later identified as Frankie Hernandez, take keys from a female and push her to the ground. I arrived on scene at 0037 hours and was contacted by Teasers security who informed me of Hernandez's location. When I contacted Hernandez, he had the strong odor of an alcoholic beverage coming from his person. I asked Hernandez how much he had to drink. He stated, "Just a couple of beers." Hernandez was instructed to face the wall so I could search him for weapons. Hernandez had to be asked several times to face the wall. Hernandez became agitated, argumentative, and would not follow my commands. At this point, I formed the opinion that he was publicly intoxicated, unable to care for himself, and placed him under arrest. Hernandez was transported to Victor Valley Jail and booked. He was given citation #3064435.

SYNOPSIS

76. SYNOPSIS

On the above date and time Flores was at Teasers night club. Flores got into a fight inside the club with several other subjects. Security pepper sprayed the crowed to break up the fight. Flores then left the location and went home. Approximately a half hour later Flores went back to the club and began arguing with the security about being pepper sprayed. Flores called the police to report that he had been pepper sprayed.

When I arrived on scene I made contact with Flores who told me he was pepper sprayed earlier at the club. While talking with Flores I could smell the odor of an alcoholic beverage coming from Flores breath. Flores also had slurred speech and blood shot watery eyes. Flores told me that he had approximately six beers. I placed Flores into hand cuffs and placed him into my patrol unit. I took Flores to Victor Valley jail for his safety.

SYNOPSIS

76. SYNOPSIS

ON THE ABOVE DATE AND TIME, I OBSERVED A WHITE MALE ADULT IN THE PARKING LOT OF TEASERS BAR IN VICTORVILLE STUMBLING AND SCREAMING AT OTHER PEOPLE IN THE PARKING LOT. UPON MAKING CONTACT WITH THE SUBJECT IDENTIFIED AS ROBERT MILLER (110677), HE SCREAMED "FUCK THE POLICE!" MILLER APPEARED TO BE HEAVILY INTOXICATED AND AGITATED. MILLER COMPLIED WITH MY COMMANDS TO TURN AROUND AND PUT HIS HANDS BEHIND HIS BACK, BUT WHEN I APPROACHED, HE THREW HIS HEAD BACK IN ATTEMPTS TO HEAD BUTT ME. I IMMEDIATELY GRABBED MILLER'S ARM AND SWEMPT HIS LEGS FROM UNDER HIM. MILLER LANDED ON HIS STOMACH WITH ME ON HIS BACK, IN POSITION TO APPLY HAND CUFFS. NO ADDITIONAL STRIKES WERE NEEDED TO TAKE MILLER INTO CUSTODY, AND THE ARREST FOR PC 647F WAS MADE WITHOUT FURTHER INCIDENT.

SYNOPSIS

76. SYNOPSIS

On the above date and time I was dispatched to the incident location in reference to an intoxicated subject causing a disturbance at the location. Upon arrival I contacted Rodriguez. Rodriguez had a strong odor of an alcoholic beverage emitting from his person along with slurred speech and a staggered gait. Rodriguez appeared very intoxicated and refused to leave the location. Rodriguez then began punching a sign in the parking lot of the business. Based on my observations I believed Rodriguez was too intoxicated to care for his own safety. Rodriguez was transported and booked at the Victor Valley Jail for PC 647(f)-Public Intoxication. Rodriguez was issued misdemeanor citation number 3117719.

ASSIGNMENT/ARRIVAL:

While working patrol on the listed date and time I was dispatched to a call at Teasers Bar, located at 14269 7th Street. The Reporting Party, also the suspect, said his was drunk, running into traffic and wanted to kill herself. I arrived on scene and contacted the involved parties.

SUSPECT CONTACT/STATEMENT: JOSE R. MENENDEZ DOB-062479

I located the suspect on the east side of 7th Street near 7th Street and E. Sage Street. He was standing on the sidewalk when I pulled over to speak with him. As soon as I contacted the suspect I could smell the odor of an alcoholic beverage on him. I also noticed, as I walked up to the suspect, he had trouble keeping his balance and swayed from side to side. I ask the suspect if he was the one who had called and he said he was. He said that he and his wife were at the bar and got into an argument. He said he wife walked away and he drove his vehicle around the area looking for her. As the suspect spoke I had to ask him to repeat himself several times because his speech was so slurred I had trouble understanding what he was saying. As the suspect spoke to me, he reached out his hand on a couple different occasions trying to hold onto me as he began to loose his balance. It was apparent to me that the suspect was in no condition to care for himself.

While speaking to the suspect his wife walked up and contacted me. She said the two of them got into an argument and she walked away. She said he, the suspect, followed her in their truck and she just wanted him to leave her alone. She asked what was going to happen to the suspect and I informed her that he was being arrested for being drunk in public. She asked if she could have the keys to their vehicle and told me that her husband, the suspect, had them in his pocket. I asked the suspect for the keys, which he gave me and I gave the keys to his wife. She was still at the location on her cell phone when I left.

ARREST OF SUSPECT:

I asked the suspect to turn around and place his hands behind his back, which he did. I placed the suspect in handcuffs, double locking them, and then placed him in the back seat of my car.

SYNOPSIS

76. SYNOPSIS

On the above date and time, I responded to the incident location because the above suspect (Lopez) caused a disturbance (fighting) and was being detained by security. Once on scene, I made contact with Lopez who was handed cuffed to the rear and being detained by security.

I escorted Lopez to my unit and as I was walking Lopez, he was yelling and cursing at me and security. As Lopez was yelling/talking, I could smell a strong odor of an alcoholic beverage coming from Lopez. As Lopez was trying to tell me what was going on, his speech was to slurred to understand. I also noticed Lopez had red/watery eyes.

Due to the disturbance Lopez had caused at the incident location. I believed Lopez was unable to care for himself. Lopez was transported to Victor Valley jail and was booked under the above charge. Lopez was given cite#3149817 which he signed and a copy was placed into Lopez property with his assigned court date.

76. SYNOPSIS

I responded to Teazers Nightclub in the City of Victorville reference S1 causing a disturbance with security. S1 exited Teazers through the front door where numerous other patrons were standing. S1 stated someone touched her waist and she believed it was a security guard. S1 began yelling at security and causing a disturbance. Security asked S1 to leave numerous times but she refused. While I was on scene S1 continued yelling at security, causing a disturbance and refusing to cooperate with other deputies on scene.

ASSIGNMENT / ARRIVAL:

On, 041011, at approximately 0118 hours I was dispatched to Teazers reference a disturbance. On, 041011, at approximately 0119 hours I arrived on scene where I made contact with suspect #1.

SUSPECT #1 CONTACT:

ALLGOOD, Aryn

Upon arrival Allgood approached me in front of Teazers. Allgood explained to me that she was leaving the club and as she was walking out one of the security guards touched her waist and she felt it was inappropriate. Allgood explained to me that the security guard put the palm of his hand on her hip but later told me it was the small of her back. Allgood further described to me as though he put his hand on her back to push her along to escort her out of the doorway. When Allgood confronted the security officer he just told her to leave. Allgood said she was, "Sexually harassed." I tried explaining to Allgood the differences between sexual harassment and sexual battery although she continued talking over me and would not allow me to talk.

Allgood exhibited slurred speech, bloodshot eyes, and a strong odor of an alcoholic beverage coming from her breath. I advised Allgood to stand by my patrol car and calm down while I spoke to the security guard about the incident. The security guard advised me that Allgood and Bowman were exiting the club amongst a large crowd of people and someone may have touched her but it was not him. Allgood turned around and accused him of touching her and began screaming at him. When he advised her to leave she continued screaming at him and yelling that her husband was a police officer and she was going to sue him and the club owner because he touched her, so he notified the Sheriff's Department.

When I explained to Allgood what the security officer had told me and based on what everyone involved including her was telling me, a criminal act had not occurred but I would document everything in the call. Allgood began arguing with me and requesting my name and badge number. I advised Allgood to calm down and I returned to my patrol car to retrieve one of my business cards and wrote the police incident number on the card for her. While I was doing so Allgood began walking towards the security officer and other assisting deputies yelling, screaming, and further

causing a disturbance. When Allgood was advised to stop she refused so I placed her under arrest for P.C. 647(f).

SUSPECT #2 CONTACT:

BOWMAN, Jennifer

On, 041011, at approximately 0130 hours as I was placing Allgood under arrest Bowman, who was also extremely intoxicated, began arguing with assisting deputies. I observed Bowman approach one of the deputies as she was arguing with him and she had to be stopped and pushed back to a safe distance. Bowman was advised numerous times to stay back and to stop interfering although she refused. Bowman was not overtly aggressive she was just refusing to obey directions given to her by assisting deputies. I believed that Bowman's lack of cooperation and failure to obey directions was due to her level of intoxication.

WITNESS CONTACT:

GONZALEZ, Michael

On, 041011, at approximately 0133 hours I spoke with Gonzalez in front of Teazers. Gonzalez was working security at the club. As he was standing by the front door with numerous other people, Allgood passed by and exited the front door. Allgood turned around and instantly began screaming and yelling at Gonzalez accusing him of touching her inappropriately. Gonzalez denied touching Allgood and told me that he did not doubt that someone possibly touched her as she was walking out by it was not him. Allgood continued yelling at Gonzalez threatening to sue him and the owner of Teazers. Allgood was also shouting that her husband was a police officer. Gonzalez told me that Allgoods actions were very disruptive to other people there and was causing other customers to get agitated and he was worried she was going to cause a fight amongst the other customers.

SYNOPSIS

76. SYNOPSIS

On 061911, I responded to Teazers Nigh Club at 14269 Seventh St in the city of Victorville regarding a PC 647, Disorderly Conduct call for service. I arrived and made contact with Edgar. Edgar was standing out front of the location, in plain view and in the parking lot area of the business. As I spoke with Edgar, I noticed a strong odor of alcohol come from his breath and person. He had slurred speech and he was unable to form complete thoughts or sentences. Edgar had red/bloodshot eyes and he had difficulty walking and standing up straight. Edgar admitted to consuming several alcoholic beverages prior to coming to teasers and then to consuming several more alcoholic beverages at the location. According to security at the incident location, Edgar had urinated in the bushes located directly next to the entrance into the business just prior to my arrival. Edgar was arrested for PC 647(f), Public Intoxication and transported to the Victor Valley Jail where he was booked and processed for the charges.

SYNOPSIS

76. SYNOPSIS

On the above date and time, I was assigned to uniform patrol in the city of Victorville. I responded to a call of subject trespassing. Upon arrival, I made contact with the suspects Ricky Aragon and Adolfo Silva. Aragon and Silva were belligerently intoxicated and had difficulty standing on their own. Aragon and Silva had bloodshot, watery eyes and slurred speech. The odor of an alcoholic beverage was emitting from their breath and person. I believed Aragon and Silva would continue to cause a disturbance or possible injure their selves if I left the scene. Aragon and Silva was placed under arrest for the above charge. Aragon and Silva was handcuffed to the rear, which were double locked. They were then placed into my Sheriff's patrol unit. Aragon and Silva was transported to the Victor Valley Jail where they were booked for the above charge. Aragon was issued citation #3065144, and Silva was issued citation #3065143 for the above violation.

Forward report to District Attorney for review and filing.

SYNOPSIS

78. SYNOPSIS

On the above date abnd time I was dispatched to 14269 Seventh Street for possibly intoxicated subjects who were urinating on the wall and causing problems for a nearby business.

I arrived on scene to find a multiple subjects sitting behind Teasers Nightclub. While identifying the subjects I asked if anyone was on probation or parole. All subjects answered except for one white male adult (Weart). I the subject what his name was and he responded by saying, "Burd, Mr. Burd." I asked him to stand up for me and while doing so he almost fell over.

The suspect went to stick his hand in his pocket to which I told him to take his hand out of his pocket. While doing so he dropped multiple items, one of which I recognized as a California Department of Corrections identification card.

I later found the suspects identity to be a Mr. Weart, Richard Allen DOB 092262. While speaking with Weart a strong odor a alcohol emitted from his breath. Weart had red, bloodshot eyes, slurred speech and an unsteady walk. Weart was too intoxicated to care for his own safety and was placed under arrest. I assisted Weart to the unit as he was unable to walk by himself. Weart was booked at Victor Valley Jail without incident.

MAYORCA'S EYES WERE RED AND WATERY AND HS SPEECH WAS VERY SLURRED. I COULD SMELL THE STRONG ODOR OF AN ALCOHOLIC BEVERAGE COMING FROM HIM. MAYORCA TOLD ME HE HAD AN ARGUMENT WITH HIS WIFE SO HE TOOK A CAB TO THE CLUB TO PROVE A POINT TO HER. MAYORCA DID NOT HAVE A WALLET, IDENTIFICATION, OR ANY MONEY ON HIM. 76. SYNOPSIS

I observed Chavez stumble out of Teasers and walk toward the north parking lot. Chavez attempted to fight with security when they asked him to leave. I announced myself and Chavez ran west across all four lanes of traffic on Seventh Street while holding to glass beer bottles. Chavez emitted a strong odor of an alcoholic beverage from his breath, blood shot watery eyes, and slurred speech. Chavez was arrested and booked at the Victor Valley Jail for violation of PC647(f), public intoxication. Chavez signed his citation and a copy was placed with his property. While at the jail, Chavez apologized for running and told me he only did so because he thought I was a black guy.

Jermel, Christian, and Mark went to Teasers after the club closed to retrieve Christian's wallet. Christian began to kick the front door repeatedly until security opened the door. When security attempted to close the door, Christian pulled the door open and was pepper sprayed to prevent him from getting in. Mark began to kick the door and was pepper sprayed to prevent him from breaking the door. Jermel began to fight with security and was taken to the ground. All subjects had blood shot watery eyes, slurred speech, and emitted a strong odor of an alcoholic beverage from their breath. All were arrested and booked at the Victor Valley Jail. Copies of signed citations were placed with their property at the Victor Valley Jail.

SYNOPSIS

76. SYNOPSIS

Security from Teasers Nightclub advised me several subjects were causing a disturbance inside and were asked to leave. Brandon opened the trunk of his vehicle and was pepper sprayed by security who feared he was going for a weapon. I contacted Brandon who had blood shot watery eyes, slurred speech, and emitted a strong odor of an alcoholic beverage from his breath. Brandon was unable to care for himself due to his high level of intoxication and was handcuffed to the rear. Brandon was arrested for PC647(f), public intoxication and transported to the Victor Valley Jail. Brandon signed his citation and a copy was placed with his property.

SYNOPSIS

76. SYNOPSIS

Weart was in a confrontation with security at T-Zers night club in the parking lot. He had been asked to leave several times but had refused and continued to harass the customers. I arrived and saw that his eyes were blood shot and watery, his speech was slurred and he was stumbling. When he saw me get out of my car to attempt to detain him, he walked across 7th street into oncoming traffic. I pulled him out of traffic and could smell a strong odor of an alcoholic beverage on his breath and person. Based on his actions and apparent level of intoxication I believed he was a danger to himself. He was arrested for PC647f. He was issued cite #3213326.

SYNOPSIS

76. SYNOPSIS

ON FRIDAY FEBRUARY 5, 2010 AT 23:21 HOURS I WAS ASSIGNED TO WORK UNIFORMED POLICE PATROL IN THE CITY OF VICTORVILLE WHILE WEARING MY SAN BERNARDINO COUNTY SHERIFF'S DEPARTMENT CLASS "A" ISSUED UNIFORM AND DRIVING A MARKED CITY OF VICTORVILLE POLICE UNIT. I WAS PATROLLING THE PARKING BEHIND THE "TEAZERS" BAR AND GRILL INVESTIGATING SUBJECTS POSSIBLY DRINKING ALCOHOL IN THE PARKING LOT. I OBSERVED A GRAY DODGE MAGNUM OCCUPIED BY THREE SUBJECTS. UPON CONTACT I COULD SMELL A STRONG ODOR OF MARIJUANA EMITTING FROM THE VEHICLE. I ALSO NOTICED AN OPEN BOTTLE OF ALCOHOL NEXT TO THE FRONT PASSENGER SEAT. I REQUESTED IDENTIFICATION FROM ALL THREE SUBJECTS AND DISCOVERED THAT THE OWNER/DRIVER OF THE VEHICLE HAD A WARRANT FOR HIS ARREST. THE DRIVER WAS ARREST AND I THEN BEGAN A SEARCH OF THE VEHICLE. HOWEVER, PRIOR TO SEARCHING THE VEHICLE I ASKED TAVARIS JACKSON TO EXIT THE BACKSEAT OF THE VEHICLE. I CONDUCTED A SEARCH OF TAVARIS FOR WEAPONS AND WHILE DOING SO I FELT A SMALL BULDGE IN HIS RIGHT BACK POCKET OF HIS PANTS. I ASKED TAVARIS WHAT THE ITEM WAS AND HE TOLD ME HE DID NOT KNOW. I ASKED HIM IF I COULD TAKE THE ITEM OUT AND HE SAID I COULD. I RECOVERED THE ITEM WHICH WAS LATER DETRMINED TO BE MARIJUANA. TAVARIS WAS CITED FOR HS 11357B, POSSESSION OF LESS THAN AN OUNCE OF MARIJUANA NDER CITATION NUMBER, 2928956. THE SUSPECTED MARIJUANA WAS PLACED INTO MARIJUANA KIT NUMBER 152787 AND SENT TO THE CRIME LAB FOR ANALYSIS.

SYNOPSIS

76. SYNOPSIS

While at T-Zers bar for a fight call I was contacted by the staff in regards to a heavily tattooed Hispanic male in a blue LA Dodgers jersey who was threatening to go to his car and get weapons to shoot people. Ortega was identified by staff as the suspect. I followed him to a gray Honda 4dr that he had the key to, opened the locked door and proceeded to enter the driver's seat. He is a member of the Orange St Norwalk criminal street gang and an associate of the EME prison gang. He was wearing a blue #13 jersey which is gang specific attire in violation of his parole terms. He was arrested on the order of Agent E. Bastarache.

Assignment:

On 4/27/13 I was assigned to the Victorville police station as the watch commander, call sign 17S7. I was wearing a class A uniform and driving a marked patrol car. I responded to the T-Zers night club for a fight in progress. Earlier in the night we had responded to the location for a fight where a subject had pulled a gun but fled before we arrived. I arrived at approx. 0146 hours.

Reporting party contact:

While on scene I was contacted by a security guard, Shaien Chowdhuary, who told me that he had over heard a subject say he would go to his trunk and get his shot guns and blast fools. He described the subject as a thin Hispanic male with lots of tattoos on his body and face, who was wearing a blue LA Dodgers jersey. He told me he would point out the subject as he exited the club. Chowdhuary identified the subject as he exited the club. I later identified this subject as Richard Ortega 5/13/86.

Suspect contact:

I followed the subject to a gray Honda 4 door parked in the T-Zers lot. Ortega unlocked the door with a key and began to enter drivers seat. I saw he was wearing a blue Jersey with the number 13 and "Ramirez" on the back. I called to him by saying "Manny Ramirez I need to talk to you". He responded to me by saying "I'm not Manny Ramirez". I could see several tattoos that I recognized as gang related tattoos such as the knapol (3 dots over 2 solid bars) on the right side of his head. I asked what neighborhood he was from and he said he wasn't from one. I then asked if he was on parole and he said he was.

I asked what neighborhood he used to be from, and he said he never was from a hood. I proceeded to inspect his tattoos further and noticed a "G shield" on his arm. I know this to be a tattoo that is earned by Surenos while in State Prison for doing work for the EME. Ortega continued to tell me that he was not a gang member. He said he did not earn the G Shield, but rather just put it on. I told him that I did not believe him because of his tattoos. He finally admitted that he was from Orange Street, Norwalk. He had the words "Orange Street" tattooed on his face and "EL" on his head. He also said that he was paroled form the SHU unit at Tehachapi and was a validated associate of the EME. he said he was accused of running the yard for "Fox". From my training and experience I recognize the name Fox to be a member of the EME prison gang. Ortega was wearing a GPS ankle bracelet and said his parole agent was P. Martinez from Victorville. I asked if he had gang terms as part of his parole and he admitted that he does have gang terms.

I noticed the blue jersey with the #13 on it. I asked him who on the Dodgers wears that jersey. I then asked if it was Manny Ramirez. He said yes it was Manny's number and that he bought it at Target. He could not tell me what position Manny plays and told me that Manny still plays for the Dodgers. Manny wore #99 and no longer plays baseball. I asked if there were any other Ramirez's on the Dodgers and he could not tell me who they were. #13 actually belongs to Hanley Ramirez. Ortega was very argumentative, hostile and overall uncooperative. Blue clothing and the #13 are commonly used by Sureno gang

members to identify themselves as such. I believed Ortega was in violation of his parole terms by wearing gang attire.

Ortega was handcuffed, with the cuffs double locked. He was placed the back seat of my unit. I attempted to contact Agent Martinez but was unsuccessful. I contacted parole agent E. Bastarache to obtain a parole hold for violating the gang terms of Ortega's parole by wearing gang attire. While on the the phone I asked Ortega what his CDC number was, he refused to give it to me and asked who wants to know. After a few requests he finally yelled it at me, to which Agent Bastarache overheard this.

Vehicle Search:

I conducted a search of the Honda that Ortega had keys in his possession to. He claimed that this was not his car, that it belonged to his girl friend who was in the club. He had the key in his possession that I used to open the trunk. He claimed that this was just a spare key. The club was closed and empty and no one ever came to the car. No contraband was located in the car.

Arrest:

Ortega was arrested for PC3056.

Booking:

He was booked at the Victor Valley jail for PC3056. During booking he continued to be hostile and uncooperative by refusing to answer booking questions such as his name, date of birth, ect. He also tried to prevent me from looking at his tattoos by moving as I tried to look at his tattoos. During his screening he told deputy Awad that he would walk the main line in general population and not be PC. This shows his desire to remain as a active gang member and not a drop out as he claimed.

Photos:

I took digital photos of Ortega in the blue #13 jersey.

Training and experience:

From October 2006-March 2012 I was assigned to the Sheriff's Gang detail (SMASH) as a gang investigator. I have testified as a gang expert well over 30 times in the Victorville, Barstow, San Bernardino, and Fontana court houses at pre-liminary hearing and at trial. I have received numerous courses in specific gang training from the CGIA, CGTF, San Bernardino Sheriff's advanced officer training, and CNOA.

DECLARATION OF JORGE DURAN

I, JORGE DURAN, HEREBY DECLARE AS FOLLOWS:

1. That I have personal knowledge of the facts set forth herein and would and could competently testify thereto at any future proceeding on the matter.

2. I am now and at all relevant times have been employed as the Code Enforcement Manager of the Code Enforcement Division (sometimes herein, "Code Enforcement") of the City of Victorville (sometimes herein, "City"), whose objective is to maintain the quality of neighborhoods and to ensure a comfortable, safe and clean living environment in the City, including, specifically, by ensuring compliance with the City's Municipal Code. At all relevant times herein I have been employed by the City in the capacity as a Code Enforcement Officer and Manager and have held this capacity for the entire period relevant to the subject matter of this declaration. I have 6 years of experience and service as a Code Enforcement Manager, and have received ongoing training and education during my employment. I am fully qualified with respect to and conversant with the matters addressed in this Declaration. I have personal knowledge of the laws and regulations of the City with respect to zoning codes and other laws and regulations relating to the public health and safety and the assessment of dangerous structures in the City.

3. In my capacity as the Code Enforcement Manager, my duties include but are not limited to the following: I am duly authorized to inspect properties in all zones in the City to determine if violations of the municipal code and select state codes exist. I am authorized to enforce these codes through the issuance of correction notices and citations, and by execution of nuisance abatement actions to remove public nuisances and public hazards. I am authorized to manage, oversee and execute all City business license duties including but not limited to the following: establishing licensing requirements, issuing City business licenses, and initiating revocation and suspension actions against businesses found to be a public nuisance.

4. I have personal knowledge of the complaints and regulatory cases investigated by Code Enforcement for the location of 14269 Seventh Street, Victorville, California 92395, herein identified as the "Subject Location," where Shadowiew Corporation, dba "T-Zers" currently continues to conduct

business.

5. It is standard Code Enforcement procedure to create a Code Enforcement "case" upon receiving a complaint or otherwise having reason to believe that a Municipal Code violation exists or may exist. A Code Enforcement officer(s) will then investigate the violating property and/or notify the violating property and business owner to explain the problem, suggest solutions, and provide the property owner with a deadline to correct the violation.

6. In accordance with this procedure, Code Enforcement case # COD13-00565 has been created relating to the Subject Location. The Case Activity Listing for said case is attached hereto and incorporated herein as Exhibit A. A previous declaration submitted in this matter describes the issues at the Subject Location up through a joint inspection with Code Enforcement and the Fire Department on April 3, 2014, including a Stop Work order I issued due to extensive unpermitted repair work being conducted at the Subject Location.

7. On April 7, 2014, Code Enforcement sent a Notice of Intent to File: Notice of Pendency to Shadowview Corporation, c/o George Thanos, and to T-Zers Bar and Grill (among other recipients), providing notice of the continuing and previously noticed violations Code Enforcement witnessed at the Subject Location during its April 3, 2014 inspection, and notice of deadlines for bringing said conditions into compliance. A true and correct copy of said letter is attached hereto and incorporated herein by this reference as Exhibit B. Exhibit B is an official business record of the Code Enforcement Division which I prepared in the ordinary course of business at or near the time of the April 3rd inspection, based on the violations I witnessed and Code Enforcement records. In particular, the letter provided notice that T-Zers must remedy conditions associated with hazardous electrical wiring, landscaping, hazardous structures due to water damage, graffiti, hazardous plumbing, junk and debris (including the presence of a dead, decaying animal), and unpermitted construction work at the Subject Location. (See Exhibit B.)

8. On April 21, 2014, I conducted a final re-inspection of the exterior building at the Subject Location, as a follow-up to the prior April 3rd Code Enforcement inspection. (See Exhibit A, p. 7) During the re-inspection, I observed junk and debris throughout the parking lot, graffiti on bent and unmaintained signs, a wall at the west side of the parking lot area which was still unrepaired despite previous notice, no landscaping, and weeds throughout the Subject Location. (See Exhibit A, p. 7) Also,

on April 21, I took the photographs attached hereto in Exhibit A, at pp. 9-12. Said photographs, which are unaltered, are true and correct representations of the conditions I witnessed while at the Subject Location, and show the foregoing violations. (See Exhibit A, pp. 9-12) As previously noticed, a new business license is still required for T-Zers, as the business owners of record are no longer the owners of T-Zers, and change of ownership requires a new business license. Due to the foregoing violations at the Subject Location (unmaintained landscape, graffiti, junk and debris, and hazardous structure), I issued citation #1064 to the property owner of the Subject Location in the amount of Four Hundred Dollars ($400.00). (See Exhibit A, p. 7) A true and correct copy of Citation #1064 is attached hereto and incorporated herein as Exhibit C. Exhibit C is an official business record of the Code Enforcement Division which I prepared in the ordinary course of business at or near the time of the April 21st inspection.

9. On April 23, 2014, the Property Owner's contractor submitted plans to the City's Building Division to address the unpermitted work located in the kitchen area and other repairs made throughout the establishment that were addressed by the Stop Work Order issued on April 7, 2014. However, the additional foregoing violations and need for a new business license continue to exist.

10. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on this 29 day of April, 2014, at Victorville, California.

CODC064	Structure Damage Inspection		12/11/2013	12/21/2013	12/11/2013	Warn	DONE		JHD	4/17/2014 DSM	On 12/9/13 at approximately 2 pm, Senior Building Inspector Dan Stratton and Jorge Duran responded to a call for service submitted by County Fire. Upon arriving, the business was open but not operating at the time of our inspection. Once inside, I noticed a strong order consistent with that of mildew/ mold with in the primary area used by patrons. I also noticed several buckets of water throughout the inside of the property (south side near the south bar area, and four buckets throughout the northern portion of the interior adjacent to the dance floor. The buckets were being used to collect the leaking water throughout the ceiling. The business owner and fire personnel indicated that some of the buckets have been there for a couple of weeks due to roof leaks. The ceiling on both the north and south portions of the building have several areas where the drywall was bowing downward due to water weight and damage. I notice at least three large ceiling areas (south side, and two on the north side) where either plastic bags or square pieces of plywood of drywall were in place to control roof leaks. I was approached by Fire prevention inspection Mike Havens to inspect an area near the kitchen where a large amount of mold was growing and where a large mount of water was present from a leaking roof. The odor in this are was heavy in mildew and mold, and consistent with that noted at the onset of the inspection. The ceiling in this area was white in color which allowed me to clearly see that black mold was growing and was dominating the most of the ceiling in this area. I asked the business representative of they used the kitchen that was adjacent to the area filled with mold and he replied they do not cook with in the building. The business owner indicated that he would used bleach to remove the mold. I advised him that this method would not be enough. Upon

											assessing this building and the excessive water damage, and due to the inability to clearly note of black mold is present throughout a water damaged ceiling that is already painted black the property owner must have the entire ceiling tested by a certified consultant. Any present mold must be abated using certified workers. any area where drywall has been damaged due to water damage must be replaced via building permit.

CODC062	Second Inspection	2INS	1/15/2014	3/25/2014	4/7/2014		Warn	DONE	JHD	JHD	4/7/2014 JHD	on 4/3/14 the following inspection was conducted: On 4/3/14, the Fire Department and Code Enforcement conducted a joint re-inspection of the property to verify that the items listed in our notice sent on 12/11/13 were corrected. Upon calling the business/property owner by phone a few days prior to arrange for a re-inspection, I met the purported business/ property owner, George Thanos, at the Subject Location. I advised Mr. Thanos that we would be inspecting the building to verify whether all prior listed violations in our current code enforcement case had been corrected. While at the Subject Location, I observed a contractor identified as Serve-Pro working inside the kitchen area on the east wall. Serve-Pro was in the process of repairing an extensive amount of drywall and insulation damaged by water leaks. The contractor did not have a permit to conduct the repair work. (After completing the current inspection, I returned to the subject location at approximately 5pm and issued a "Stop Work Order" due to extensive repair work being conducted by Serve-Pro without a permit. I proceeded to post the Stop Work order at the main entrance). I continued conducting the inspection and observed the following continuing, previously noticed, outstanding violations: the unsafe exterior lighting fixtures (with exposed wires) had not been repaired; the exterior masonry wall near the west parking lot (which exhibited structural damage indicating it had been hit by a vehicle or other object with significant force) was not repaired; the exterior parking lot signs were full of graffiti and in a state of disrepair; the parking lot asphalt remained decayed and vehicle wheel stops were out of place; graffiti inside the women's restroom was still present; trash, broken alcoholic beverage containers, and boxes were littered throughout the exterior of the property; a

											decaying dead animal laid at the rear of the property adjacent to the rear kitchen door and within an exterior area used for storage; and the entire north portion of the building was closed off to patrons at the interior of the building with a black piece of plywood and lock. The blocked area was still accessible by employees working at the subject location therefore requires removal. Further, I observed that the water-damaged ceiling in the north portion of the building was not repaired. The broken and now inactive sprinkler line originating from the ceiling was still unrepaired and hanging beyond the lowest level of the ceiling and was covered by a thick piece of black plastic sheeting- creating a head injury hazard to anyone in the area. Additionally, I observed that, while the alcohol storage location which Code Enforcement staff had previously found with excessive mold growth had been repaired, the repair work had been done without permits. I advised Mr. Thanos via the Stop Work Order referenced above to obtain a permit for the already undertaken repair work in the alcohol storage area and in the rear office located on the east side of the building.
