

Free Winterizing Workshop

Saturday, October 14, 2017

9 – 11 A.M. | FREE WORKSHOP | FREE REFRESHMENTS | PRIZES!

Victorville City Hall, 14343 Civic Dr., Victorville
Conference Room D (City Council Chamber/North Entrance)

Learn How to Winterize Your Home, Inside and Out!

Learn how you prepare your home and garden for freezing winter temperatures so that you can avoid potential damage from freezing pipes and ice hazards. Be prepared to save time and avoid costly water line breaks. **Topics will include:**

- How to wrap and insulate water pipes and valves so they don't freeze and burst.
- How to properly drain your irrigation piping to prevent breaks.
- What to do if your pipes do freeze.
- Know where your water shut off valve is and how to turn off your water in an emergency.
- How to modify your outdoor irrigation schedule for the winter months.

Door Prizes and Raffles! All attendees will receive a reusable bag filled with valuable water conservation products and information. Drawing for three Winterizing kits (\$50 value). You must attend the workshop to be eligible for door prizes and raffle.

HURRY! Space is limited.

Call (760) 998-8702 to reserve a space, or register at www.VictorvilleCA.gov/conserves
