GENERAL

EXECUTIVE SUMMARY

FUNDING

The Community Development Block Grant ("CDBG") Program was established with the passage of the Housing and Community Development Act of 1974, and funds are distributed to eligible governmental units directly as an entitlement grant or competitively via state grant. In 1997, the City of Victorville became an entitlement city with regard to the CDBG Program, allowing the City to receive funds directly from the US Department of Housing and Urban Development ("HUD"). During Fiscal Year 2014-2015, the City received $1,070,234 of CDBG funds.

In July 2003, the Town of Apple Valley and the City of Victorville entered into a HOME Investment Partnerships Program (HOME) Consortium (the "HOME Consortium") so that together both cities could qualify to participate as one single grantee and increase the local supply of decent and affordable housing available to very-low and low income residents. The formation of the HOME Consortium qualifies the City and Town in obtaining HOME Entitlement status from HUD. For Fiscal Year 2014-2015, the City of Victorville received $305,923 in HOME funds.

In 2009, the City of Victorville received its first grant allocation directly from HUD under Title III of Division B of the Housing and Economic Recovery Act of 2008 ("HERA"), Emergency Assistance for the Redevelopment of Abandoned and Foreclosed Homes, hereinafter referred to as the Neighborhood Stabilization Program ("NSP 1"). In 2009, 5.3 million in NSP funds were allocated to the City of Victorville. The additional allocation under Section 1497 of the Wall Street Reform and Consumer Protection Act of 2010, the "Frank-Dodd Act", represents the third round of Neighborhood Stabilization Program funding and is referred to as "NSP 3". In March 2011, 2.1 million in NSP 3 funds were allocated to the City. NSP funds are considered to be a special Community Development Block Grant, as prescribed under the Housing and Community Development Act of 1974. NSP funds are to be utilized and distributed under the activities referenced under the Section 2301(c)(2) and (3) of HERA benefiting low, moderate and middle-income ("LMMI") households within pre-identified areas ("NSP Target Areas") located within the City of Victorville, as approved by HUD. Collectively, the City of Victorville utilizes CDBG, HOME and NSP funds to address the needs of the community as referenced in the 2014-2015 Consolidated Annual Performance and Evaluation Report (CAPER). Currently, the City is carrying out NSP activities and projects utilizing NSP program income.

Since June 2012, the City has also been utilizing CalHome Program funds to broaden its supply of affordable housing to residents in the City of Victorville. CalHome was established by SB 1656 (Alarcon), which created Chapter 6 (commencing with Section 50650) and added it to Part

2 of Division 31 of the Health and Safety Code for the purpose of maximizing homeownership, strengthening neighborhood revitalization and sustainable development and widening the use of existing homes, aimed at low- and very low-income borrowers.

PROCESS

Pursuant to Section 24 CFR Part 91, HUD has established regulations that set forth the Consolidated Plan process. The Consolidated Plan is designed to help states and local jurisdictions to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment decisions. The Consolidated Plan, which may have a duration of between 3 and 5 years, describes the jurisdiction's community development priorities and multiyear goals based on an assessment of housing and community development needs, an analysis of current housing and economic market conditions and available resources. Subpart E of Section 24 CFR Part 91, requires local governments that participate in a consortium to submit a consolidated plan for the consortium. Pursuant to this regulation, on April 3, 2012, the City of Victorville adopted the 2012-2016 Consortium Consolidated Plan.

The Consolidated Plan is carried out through Annual Action Plans, which provide a concise summary of the actions, activities and the specific federal and non-federal resources that will be used each year to address the priority needs and specific goals identified by the Consolidated Plan. Each year, grantees must submit an updated Action Plan describing the specific planned uses for HUD programs, including CDBG and HOME, as well as certain other program requirements. The City of Victorville City Council adopted the FY 14-15 Annual Action Plan at its April 15, 2014 council meeting.

Subsequently, grantees are required to submit a Consolidated Annual Performance and Evaluation Report (CAPER) 90 days after the end of the grantee's program year. The CAPER must include the following: A description of the resources made available; the investment of available resources; the geographic distribution and location of investments; the families and persons assisted including their racial and ethnic status; and actions taken to affirmatively further fair housing. The CAPER must also include detailed information on progress towards addressing priorities, goals and objectives outlined in the grantee's Consolidated Plan by utilizing CDBG, HOME and NSP funds. In addition to the above, this 2014-2015 CAPER shall incorporate data from HUD's Integrated Disbursement and Information System (IDIS), including a Financial Summary Report (PR26). This document and previous program year CAPER's may be found on the City's website, at http://www.ci.victorville.ca.us/.

FY 2012 – 2016 CONSOLIDATED PLAN PRIORITIES

During the establishment of the 2012-2016 Consolidated Plan, the City established overall housing and community development needs, and outlined a strategy to address those needs. The priority needs identified in the Consolidated Plan include: (1) preserve the existing housing stock; (2) expand the supply of affordable housing; (3) assist in reducing housing cost for extremely low and very-low and low income households; (4) assist persons with disabilities or special needs with housing cost; (5) increase affordable homeownership opportunities; (6) eliminate blight and substandard housing through code enforcement and demolition programs;

(7) provide and expand shelter and related services for persons of limited or lacking proper housing conditions; (8) further fair housing for persons or households within low income categories; (9) create and provide educational services to reduce lead-based paint hazards; (10) create safe, accessible and attractive neighborhoods while stimulating economic growth through infrastructure improvements; (11) provide and expand public facilities and improvements; (12) address public services needs, and (13) expand economic base opportunities for local residents.

2014-2015 CAPER GENERAL OVERVIEW

Section 1 will assess the one-year goals and objectives referenced in the 2014-2015 Annual Action Plan by (a) describing the accomplishments and objectives attained; (b) providing an analysis of the community planning and development (CPD) formula grant funds allocated for each activity goal and objective; and (c) providing information on the reasons that results toward meeting goals and objectives were not obtained;

Section 2 will identify the process in which the City shall modify its program as a result of its experiences;

Section 3 will describe how the City of Victorville shall enhance and further Fair Housing, and actions it will use to overcome effects of identified impediments;

Section 4 will describe actions in the Strategic Plan or Action Plan initiated to address obstacles in meeting underserved needs;

Section 5 will describe how the City leverages its resources by utilizing, federal, public and private funds to address citizen needs and how matching requirements were satisfied.

SECTION 1A: ASSESSMENT OF THE ONE-YEAR GOALS AND OBJECTIVES

PRIORITY 1:	PRESERVING HOUSING STOCK

Repairs and rehabilitation are required to maintain quality structures and living spaces. During the development of the Consolidated Plan, high priority was given to conserving and improving the affordable housing stock, including addressing lead based paint hazards. The preservation of the housing stock can include minor home rehabilitation services such as roofing, plumbing, electrical and weatherization repairs. In response to the high demand of such services, the City of Victorville administers the Senior Home Repair Program (SHRP) and the Owner Occupied Rehabilitation (OOR) program for eligible homeowners.

The Senior Home Repair Program provides a one-time grant, in the amount not to exceed $10,000, to low income homeowners who are 62 years of age or older, handicapped or permanently disabled to make home repairs to correct code violations and unsafe conditions. Since the 1997 inception of the SHRP, the program cap has been increased three times. During

FY 14-15, the City of Victorville was considering increasing the program to $15,000 to further assist eligible homeowners with necessary repairs and address accessibility issues as a part of the required repairs.

During FY 14-15, $241,517 of HOME funds was allocated to the SHRP. As of June 30, 2015, these funds have been fully encumbered to 16 eligible households. Additionally, the City assisted a total of 14 seniors from reallocated and regular FY 13-14 CDBG and HOME funds. Total expenditures related to these projects were $93,392.

The Owner Occupied Rehabilitation program assists residents by providing deferred loans of up to $50,000 at zero to three percent interest to correct code violations, unsafe conditions and other eligible repairs. Although, the OOR program is funded through CalHome funds, the City is able to use this program in meeting its affordable housing requirements by preserving its housing stock. As of the end of FY 14-15, the City expended a total of $48,106 in CalHome funds for the rehabilitation of two (2) homes within the low-income category.

Since the adoption of the Consolidated Plan, both of these programs have assisted a total of 37 households of which 16 were assisted during FY 14-15. The City's five year goal is 75 and anticipates obtaining its goal by further promoting the programs and increasing the SHRP cap.

PRIORITY 2:	**EXPANDING THE SUPPLY OF AFFORDABLE HOUSING**

The Apple Valley/Victorville Consortium will assist with the development of new affordable housing by working with for-profit and non-profit housing developers to acquire, rehabilitate and construct new affordable housing units. Specifically, the Consortium has set-aside 15 percent of its HOME allocation to assist Community Housing Development Organizations (CHDO) to pursue affordable housing opportunities.

During program year 14-15, the City completed the last phase of its CHDO project with Neighborhood Partnership Housing Services (NPHS). The project consisted of the acquisition, rehabilitation and resale of a single family residence to an eligible low income household. In March 2015 the property was sold and sale proceeds received by the City of Victorville were $170,198. Because HOME funds were used to fund this project, covenants were placed on the property for a period of twenty years to ensure that the resale of the residence would be replaced with another unit for a qualified low income buyer. Sale proceeds shall be reallocated to another HOME CHDO project.

In April 2015, the Consortium received a CHDO application from National Community Renaissance (National CORE) to become a certified CHDO. Their application was approved in May 2015. The proposed project consists of the roof rehabilitation of Northgate Village Apartments, consisting of eighteen buildings housing 138-units benefiting very-low and low income households located in the geographical area of Victorville. An inspection of the property has been performed by the City's Building Department and a scope of work has been prepared. Construction is anticipated to commence during FY 15-16. Total funds allocated for this project

is $500,000, and requires National CORE to maintain an affordability period for no less than five (5) years.

In addition to the CHDO project referenced above, the City of Victorville has also expanded its supply of affordable housing by utilizing its NSP funds to acquire, rehabilitate and resell single-family residences, NSP ARR Program, to households with the established federal income categories. During FY 14-15, the City completed the rehabilitation of nine (9) structures and sold eight (8) to low and moderate income households. Expenditures related to the rehabilitation of these projects totaled $654,786. The City anticipates utilizing NSP funds to carry out its expansion of affordable housing goals and objectives.

As of June 30, 2015, the City of Victorville has assisted 4 very-low and low income households with the purchase of a new home by providing first-time homebuyer down payment and escrow closing cost assistance through its Mortgage Assistance Program (MAP). The loans provided are recorded against the home as a "silent second" and are deferred for 30 years, or due upon the sale or transfer of the home. Loans made are low interest, typically ranging from zero to three percent and were funded using CalHome funds totaling $109,000 and one unit using HOME funds totaling $24,900.

PRIORITY 3:	**ASSIST IN REDUCING HOUSING COSTS TO EXTREMELY-LOW AND VERY LOW-INCOME HOUSEHOLDS**

The Housing Authority of San Bernardino County (HACSB) administers the Housing Choice Voucher rental assistance program. This subsidy program provides housing opportunities for extremely low income households.

During the year, the HACSB issued 798 Housing Choice vouchers, formally known as Section 8 vouchers. Housing Choice vouchers are provided for units that are privately owned, with rent subsidies paid directly to owners by the Housing Authority. One (1) Public Housing unit is owned and managed by the Housing Authority in Victorville. There are 168 Authority owned units. Authority owned units were either acquired or developed through a variety of partnerships with the State of California, San Bernardino County Department of Community Development and Housing and other non-profit public housing corporations. Since the adoption of the 2012-2016 Consolidated Plan, a total of 2,654 vouchers have been issued to extremely-low and very-low income households.

PRIORITY 4: (HIGH)	**ASSIST SPECIAL NEEDS PERSONS WITH REDUCING HOUSING COSTS AND MEETING THEIR REHABILITATION NEEDS**

During the year, approximately $60,084 of HOME and $33,308 of CDBG (FY 13-14) funds was expended to assist 14 elderly households using the City's Senior Home Repair Program.

PRIORITY 5: (HIGH)	INCREASE AFFORDABLE HOMEOWNERSHIP OPPORTUNITIES

The City of Victorville is committed to expanding homeownership opportunities for lower and moderate income households through its first-time homebuyer assistance program, the Mortgage Assistance Program (MAP).

In 2011 the City was awarded One Million Dollars ($1,000,000) of CalHome funds to be used for down payment assistance and owner-occupied rehabilitation loans. At year end, three (3) Mortgage Assistance Program (MAP) loans were approved and funded using Cal-Home funds totaling $109,000, and one (1) loan was funded using HOME funds in the amount of $24,900. These households were within the low income categories.

In addition, Inland Fair Housing and Mediation Board (IFHMB) provided first-time homebuyer classes to three households. IFHMB assisted 31 homeowners with loan modifications and an additional nine households with the Keep your Home California program. The City continues to work with outside agencies to provide first-time homebuyer courses to further provide foreclosure prevention awareness. By the end of FY 15-16, the City anticipates contracting with two (2) additional non-profit agencies for foreclosure prevention services and awareness to first-time homebuyers. These services are also funded via CalHome funds.

PRIORITY 6: (HIGH)	ELIMINATE BLIGHTED CONDITIONS AND SUBSTANDARD HOUSING THROUGH ENHANCED CODE ENFORCEMENT ACTIVITIES AND DEMOLITION

The primary goal of the code enforcement program is to preserve and improve the integrity of residential neighborhoods and to maintain a high quality of life and property values. In FY 14-15, $225,000 was allocated in CDBG funds for the purposes of eliminating blighted conditions through the issuance of notices for substandard living conditions, working without building permits, illegal trash dumping, weed abatement, stagnant pools and inoperative vehicles. Funds resulted in the completion of 3,167 code enforcement cases.

The City also allocated $103,458 in CDBG funds was allocated during program year 14-15 to demolish or abate dangerous and blighted buildings and homes. In addition, $40,728 was included to the FY 14-15 allocation to support the demolition of six (6) properties. These amounts were carried over from FY 13-14. Also, approximately, 335 staff hours were spent to address graffiti reports at over 1,700 locations covering approximately 120,735 square feet of graffiti within the CDBG target area. Total expenditures were $144,186 at the end of FY 14-15.

PRIORITY 7: (HIGH)	PROVIDE SHELTER AND RELATED SUPPORT SERVICES TO MEET THE NEEDS OF THE HOMELESS POPULATION AND SUPPORT THE DEVELOPMENT OF A CONTINUUM OF CARE SYSTEM

The Office of Homeless Services of San Bernardino County (OHS) performs a homeless population count every two (2) years. OHS performed a Point-in-Time count in January 2013. According to that point in count, there were 292 homeless adults and children in Victorville, of these individuals 93 were unsheltered. The remaining 199 were living in a homeless shelter or transitional housing.

At the beginning of program year 14-15, the City allocated a total of $43,000 to homeless shelter and supportive services subrecepients. As of June 30, 2015, $23,034 of CDBG funds was expended to assist two (2) homeless shelters for the purposes of providing emergency, transitional and permanent housing services to 360 homeless persons. Victims of domestic violence were also assisted during FY 14-15. The shelters exhausted their FY 14-15 CDBG grant allocation; however, $19,966 will be reported in FY 15-16 CAPER.

PRIORITY 8: (HIGH)	**AFFIRMATIVELY FURTHER FAIR HOUSING TO ENSURE EQUAL ACCESS TO HOUSING FOR LOWER INCOME PERSONS, ETHNIC MINORITIES AND SPECIAL NEEDS GROUPS**

The Consortium will continue to support fair housing services through assistance to fair housing counseling and enforcement organizations, annually evaluating the services provided by the organizations to ensure that adequate and appropriate services are provided and revise contracts as appropriate.

The City of Victorville contracts with Inland Fair Housing and Mediation Board (IFHMB) to provide fair housing services to all residents who request counseling, resource referral, complaint investigation, and public education on all forms of housing discrimination on the basis of race, creed, age, disability, national origin, familial status, or any other prohibited factor. IFHMB also conducts case development, investigations, mediation and referral of landlord/tenant discrimination complaints. During program year 14-15, 133 persons were provided with fair housing counseling, and education. In addition, 1,496 Victorville citizens were provided with landlord/tenant mediation services.

Education and outreach services were conducted during the year, including landlord/tenant and fair housing workshops, foreclosure prevention workshops, presentations, event booths, city events, television and cable releases as well as educational material distributed throughout the City. Additionally, the City collaborates with Fannie Mae to conduct foreclosure prevention awareness by carrying out workshops and information pamphlets.

PRIORITY 9: (MEDIUM)	**COORDINATE PUBLIC AND PRIVATE EFFORTS TO REDUCE LEAD-BASED PAINT HAZARDS AND PROTECT YOUNG CHILDREN**

Starting in 1978, the federal government prohibited the use of lead based paint on residential properties. In Victorville, approximately 6,630 units were built prior to 1979. The City continues to adhere to all lead-based paint regulations by implementing a Reduction of Lead-Based Paint Hazards strategy which includes educating citizens of the dangers concerning lead-

based paint. Informational brochures are provided to all homeowners applying for building permits for the purposes of rehabilitating their residential structures upon the solicitation of a city building permit. Services related to the remediation of lead-based are also an eligible activity through the City's Senior Home Repair and Owner Occupied Rehabilitation Programs.

PRIORITY 10: (LOW)	**CREATE SAFER, MORE ATTRACTIVE AND MORE ACCESSIBLE NEIGHBORHOODS AND STIMULATE ECONOMIC GROWTH THROUGH THE IMPROVEMENT OF INFRASTRUCTURE**

In the Consortium's low and moderate income areas, streets and infrastructure improvements are needed to support continued investment in the areas. The City of Victorville's Public Works department has an ongoing weed abatement program. The weed abatement team maintains public property by removing weeds, trash and debris to minimize or eliminate blighted conditions throughout neighborhoods.

PRIORITY 11: (MEDIUM)	**PROVISION OF PUBLIC FACILITIES AND PARK IMPROVEMENTS**

The City of Victorville utilizes its Capital Improvement Plan as a planning tool to identify capital project needs and to assess its financial capacity for addressing those needs. CDBG funds may be used to assist in the construction, expansion, and/or rehabilitation of non City-owned community facilities serving the low and moderate-income population and people with special needs. During FY 14-15, CDBG funds were utilized to subsidize the installation of solar panels on the Victorville Senior Citizens Club. Activities related to the installation of the solar panels cost $20,000.00.

CDBG funds may also be used to improve and expand parks and recreation facilities that serve the majority of low and moderate income population and people with special needs. During program year 14-15, the Victorville Library parking lot was improved by installing energy efficient lighting. In addition, a new roof was installed on the Library facility. Funds allocated for the Library projects totaled $212,135.

PRIORITY 12: (HIGH)	**ADDRESS PUBLIC SERVICE NEEDS**

CDBG funds may be used to provide a variety of needed services to low and moderate income and special needs persons in the community. Priority service needs identified through the public outreach process include homeless and emergency food services, senior services, youth services, and crime prevention. For FY 14-15, the City allocated $146,415 to public service programs. Of this allocation, $115,249 was reported on HUD's IDIS system. The remainder will be reported during the FY 15-16 CAPER. At the end of the program year 14-15, the City was able to assist 5,176 individuals and families with sexual assault services, counseling services, parenting classes, volunteer services, youth recreational and athletic activities, mentoring, and after school care. These services were provided by Goodwill Southern California, High Desert Homeless Services, Moses House Ministries in partnership with Rose of Sharon Pregnancy Center, San

Bernardino Sexual Assault Services, St. John of God Health Care Services in partnership with Victor Valley Community Services Council, Victor Valley Domestic Violence, Inland Fair Housing and Mediation Board and the City of Victorville Community Services After School Enrichment Programs.

PRIORITY 13: (MEDIUM)	EXPAND THE ECONOMIC BASE AND PROMOTE GREATER EMPLOYMENT OPPORTUNITES FOR RESIDENTS

Economic development activities are designed to attract consumers and businesses to Victorville through the construction of infrastructure for commercial/industrial projects and provisions of micro-enterprise assistance. Economic development needs were identified by residents, service providers, and stakeholders as a high priority throughout the public participation process of the development of the Consolidated Plan.

The City, through its Economic Development Division, promotes opportunities for industrial, manufacturing, distribution and retail development by attending tradeshows and events to attract diverse commercial and industrial companies to create a wide range of employment opportunities for local residents. The City provides opportunities to new and expanding business through investments it has made in major infrastructural systems that provide companies with immediate access to markets at costs that are among the most affordable in California. It also partners with the County of San Bernardino to provide job training and placement to new and expanding business. Some of the opportunities located in the City of Victorville include the Southern California Logistics Airport (SCLA), the Foxborough Industrial Park, the Auto Park at Valley Center, the Mall of Victor Valley and other prime retail centers located throughout the City. During FY 14-15, a new Fiat car dealership was opened, leasing activity continued at the SCLA, the Kilted Kilt restaurant opened its Victorville location, and new retail stores opened throughout the City of Victorville.

The following table summarizes accomplishments obtained since the implementation of the Five Year Consolidated Plan.

SECTION 1B. BREAKDOWN OF THE CPD FORMULA GRANTS

The primary objective of the CDBG is the development of viable urban communities, including decent housing, a suitable living environment and expanding economic opportunities, principally for persons of low and moderate-income. Accordingly, the City of Victorville developed its Consolidated Plan and 2014-2015 Annual Action Plan giving priority to meeting housing, non-housing community and economic development activities.

The City successfully carried out non-housing community development activities through the services it provided in Priority 12 above. Total CDBG expenditures related to non-housing activities for non-profit and City programs as of the end of June 30, 2015 were $115,249. That assistance improved the quality of life for approximately 5,176 persons of extremely low, low, and moderate-income levels. This number does not reflect the 28,342 people in the service area of several activities such as graffiti abatement and crime-free multi-housing programs.

The following table provides a snap shot of total activities funded during program year 14-15, expenditures for each as of June 30, 2015, total expenditures drawdown as of September 17, 2015 and any funds to be reallocated. Rollover balances represent CDBG 14-15 funds expensed, but not drawndown by the end of June 30. In addition, attached to this CAPER are the IDIS reports PR-03 (Exhibit 3), PR-06 (Exhibit 4), PR-23 (Exhibit 5), PR-26 (Exhibit 6) and PR-83 (Exhibit 7). The table evaluates the relationship of the use of CDBG funds to the priorities described in the City's 2014-2015 Annual Action Plan.

SECTION 1C. PROGRESS NOT MADE TOWARDS MEETING GOALS

Goodwill Southern California was allocated $11,515 to provide training and job placement services within their facilities proposing to assist 45 people. At the inception of the program, Goodwill was unable to secure the certificate program on-site and therefore secured off-site training to effectuate its program; however this negatively impacted the amount of interested persons. Goodwill successfully secured 9 individuals. These people are currently working as security guards and phlebotomist. As a result, the remaining $3,752 will be reallocated to FY 16-17 construction activities.

Funds allocated to the Library Roof project was $196,000 however bids and construction were under the awarded amount. Total funds remaining will be reallocated to FY 16-17 construction activities.

During program year 14-15, St. John of God Health Care Services submitted and was awarded CDBG grant allocation in the amount of $115,894 to carry out engineering and construction services to connect eight (8) buildings to the City's sewer system. However, during the engineering phase, it was discovered that the entire project would cost approximately $275,000. This assessment required the City and St. John of God to delay the project until it could secure the additional funding for the project. Therefore, during FY 15-16, St. John of God submitted another application to secure $160,000 of additional CDBG funds. The sewer connection has commenced and engineering and design services have been completed. Expenditures related to this phase totaled $11,505. The remaining funds are for the construction phase to occur in FY 15-16.

The City's Development Department anticipated the demolition of ten (10) units, but due to extended court proceedings only six (6) units were accomplished during the FY 14-15. Funds remaining shall be reallocated for the same purpose in FY 15-16.

SECTION 2. CHANGES TO THE PROGRAM

No significant changes have been made to the City of Victorville's CDBG program. As program administrators, the City continues to monitor the subrecipients on a quarterly basis for performance on accomplishments and expenditures.

SECTION 3A & 3B. AFFIRMATIVELY FURTHERING FAIR HOUSING

As a result of the 2012-2016 Analysis of Impediments (AI) update, four impediments were identified. A summary of all the impediments identified in the update are as follows:

- Lack of affordable large family rental units;
- Lack of adequate funding to expand fair housing services to address increased needs;
- Most frequent fair housing issues relate to reasonable accommodation and familial status;
- Landlord unaware of fair housing responsibilities and properties not maintained.

The AI identified the strategy to address these impediments as follows:

- The City partners with other non-profit organizations to leverage their sources of funds to expand fair housing activities.
- The City provides fair housing outreach, landlord/tenant rights outreach, mediation and education services that included, but not limited to the following components: press releases, public service announcements, cable TV, radio and newspaper outreach, updates in newspapers and/or events relating to the annual fair housing celebration.
- Outreach and education targeted to the populations outlined in the AI, likely to experience discrimination or to be under represented, housing providers, elected and appointed officials of each jurisdiction and the general public.
- The City continues to improve community awareness.

SECTION 3B. ACTIONS AND ACTIVITIES TO ADDRESS IMPEDIMENTS

During 2014-2015 the City contracted with Inland Fair Housing and Mediation Board (IFHMB) to establish, maintain, and enhance fair housing choices and assist in the elimination of impediments listed in the City's AI. IFHMB provided 133 persons with fair housing counseling, 1,496 persons with landlord/tenant information and mediation services; attended or conducted presentations/workshops in Victorville; conducted cable TV, radio, PSA and newspaper outreach; 2,908 pieces of outreach material was distributed throughout the City.

The continued mortgage crisis has brought challenges to IFHMB. The agency helped 31 Victorville residents with loan modification assistance, and an additional nine (9) were assisted with the Keep your Home California program. The majority of the landlord/tenant calls received involved foreclosure and eviction related foreclosures. Counselors were able to assist the residents with the eviction issues, making the transition from mortgage contract to rental contract as smooth as possible.

In addition to funding IFHMB, the City undertook the following activities to implement the fair housing strategies outlined in the AI: the City implemented the Crime Free Multi-Housing Program in CDBG target areas; the Fair Housing logo was included with all CDBG and Housing public notices and posted at the entrance to City Hall; the Senior Home Repair Program assisted in preserving the existing housing stock; the Code Enforcement Program eliminated slum and blighting conditions. The City also partners with Fannie Mae and other private agencies to assist and provide fair housing services to its residents by means of holding informational events and seminars.

SECTION 4. ACTIONS TO ADDRESS OBSTACLES TO MEETING UNDERSERVED NEEDS

As stated in the 2014-2015 Action Plan, one of the major obstacles to meeting the underserved needs in the City of Victorville is a lack of adequate financial resources to meet the growing needs of low and moderate-income persons. Since the formation of the Apple Valley/Victorville Consortium, the City has been able to expand its housing programs. During 2014-2015, the City undertook the following actions to address the needs of the underserved; 1) continued to fund its existing housing programs and 2) continued to fund public service agencies that address the special needs of the underserved such as the homeless, the potential homeless, youth, senior citizens, women with children, domestic violence victims, and the disabled.

SECTION 5. CITY LEVERAGES RESOURCES

The City of Victorville leverages its resources by utilizing and maximizing (a) Other Public and Private funds, (b) federal and state funds, and (c) matching funds.

SECTION 5A. OTHER PUBLIC & PRIVATE FUNDS

Projects completed during the year leveraged other resources to bridge the gap between the amount of CDBG funds allocated by the City of Victorville and the actual cost of the project/program. These resources were generated by means of grants from Federal, State, and local governments, private foundations, capital development funds, general funds, private donations of funds or services, and other various funding sources. CDBG subrecipients include the following:

Organization	Other Funding Sources
Goodwill Southern California	County grants
High Desert Homeless Services	Federal and state grants, public donations, United Way, fundraisers and thrift store proceeds
Inland Fair Housing and Mediation Board	Federal and state grants
Moses House Ministries and Rose of Sharon Pregnancy Resource Center	Federal, state and county grants, fundraisers and thrift store proceeds
San Bernardino Sexual Assault Services	Federal and county grants
St. John of God Health Care Services and Victor Valley Community Services Council	Federal and state grants
Victor Valley Domestic Violence	Federal grants

SECTION 5B. FEDERAL & STATE RESOURCES

Neighborhood Stabilization Program funds were used to carry out the acquisition, rehabilitation and resale activities of single family residences. These properties were subsequently sold to households within the low and moderate income categories, pursuant to NSP rules and regulations.

The Department of Housing and Community Development (HCD) provided the City of Victorville with CalHome grant funds in the amount of 1 million dollars. The intent of CalHome Program is to increase homeownership, encourage neighborhood revitalization and sustainable development and maximize use of existing homes, aimed at low- and very low-income borrowers. The City utilizes its CalHome funds for its Mortgage Assistance Program and Owner-Occupied Rehabilitation Program.

SECTION 5C. MATCHING REQUIREMENTS

As it relates to CDBG, the City of Victorville did not have any matching requirements for fiscal year 2014-2015.

SECTION 6. MANAGING THE PROCESS

This section will describe the actions the City initiated during the previous year to ensure compliance with program and comprehensive planning requirements.

Program Compliance

Each year, the City prepares a Schedule for Administration of the CDBG Program outlining the planning, citizen participation, and submittal processes and deadlines to ensure compliance with HUD regulations. In addition, City staff members attend HUD training on a regular basis in order to keep current on regulatory requirements. During 2014-2015, the City remained timely in their fiscal drawdowns and the outstanding balance has remained less than 1.5 times of the CDBG entitlement.

SECTION 7. CITIZEN PARTICIPATION

During the public comment period, September 11, 2015 through September 25, 2015, the City did not receive any comments or concerns from citizens. The CAPER was available on the City's website and at City Hall in the Economic Development Division. HUD requires a copy of the City of Victorville's Citizen Participation Plan (Exhibit 1), and Proof of Publication (Exhibit 2) of the CAPER.

The chart below identifies the total amount of funds committed and the total amount expended during the reporting period. In addition, it provides a geographic distribution and location of expenditures. Also attached to this CAPER is the City of Victorville's CDBG Local Target Area MAP as Exhibit 9.

SECTION 8. INSTITUTIONAL STRUCTURE

The City has identified three categories of institutional structures: public agencies, for-profit agencies, and non-profit organizations. Each category has an element that focuses on housing and community development services. The City works in a collaborative effort with each to provide housing and community development services to the residents of Victorville, to bridge any identified gaps and to coordinate efforts in service delivery.

As outlined in the Consolidated Plan, the City continues to direct its activities toward the alleviation of housing problems, specifically the provision of safe, decent, sanitary and affordable housing. The gap identified in providing housing is due to the lack of adequate funding sources. To this end, the City entered into a HOME Consortium agreement with the Town of Apple Valley to coordinate efforts and receive a direct formula allocation of HOME Program funds. The Consortium members have been successful in developing and strengthening their relationships during the program year. They have also been successful in coordinating efforts as a single grantee, developing and implementing each member's individual housing programs, and creating and carrying out procedures for reporting progress and requesting reimbursement from the lead agency. As successful as the Consortium has been, there is a continued lack of adequate funding sources for which the City will continue to seek additional funding sources.

Once a year the City of Victorville coordinates or participates in bringing all public, non-profit organizations as well as other stakeholders to solicit participation in addressing the community needs. On October 17, 2013, City staff met with other public agencies, for-profit agencies, and non-profit organizations as a part of the consultation process for the Consolidated Plan. A summary of the housing and community development needs expressed at this meeting were included in the 2014-2015 Action Plan.

SECTION 9. MONITORING

Frequency of Monitoring Activities - The Economic Development Department (EDD) is principally responsible for overall program monitoring and compliance. EDD Staff monitors each newly funded agency or department during the program year in which it was first funded, conducts a desktop audit of each subrecipient contract file annually, and conducts an on-site monitoring visit with each subrecipient and City department at least every two years.

Monitoring Results - Each monitoring visit is followed-up with a formal letter with the results of the monitoring visit. If concerns or findings are found, the subrecipient or department is given thirty (30) days to either correct the problem, or provide a corrective action plan to the Economic Development Division.

The Economic Development Division also ensures compliance with all Federal and City contracting regulations, including procurement, Federal Labor Standards, Davis Bacon, equal opportunity, et al. While construction projects are underway, weekly on-site compliance interviews with the workers are conducted. Review and approval of certified payrolls is conducted by staff.

During fiscal year 2014-2015, the City conducted desktop monitoring of all the subrecipients including City departments. EDD staff found that the majority of its subrecipients and city departments were actively utilizing its CDBG funding by providing their proposed services. EDD staff did not find any issues or had any concerns during its desktop monitoring.

Self-evaluation - Overall, the subrecipients are performing well in terms of fulfilling their projects and programs and goals. In these economic times, it is difficult for smaller non-profit agencies to continue their services due to cuts in funding or donations from all sources. Non-profit organizations are doing more fundraising activities to supplement the lack of donations.

The projects carried out by City departments are enhancing neighborhoods and public buildings. They are also providing enhanced public access. By providing HOME, NSP and CalHome funded programs the City is able to offer opportunities in home-ownership, homeowner rehabilitation and providing safe and decent living conditions to seniors and disabled homeowners so they can maintain their independence.

SECTION 10. LEAD-BASED PAINT HAZARDS

The City's lead-based paint reduction strategy is to reduce lead-based paint hazards to prevent lead poisoning cases, particularly that of children. In Victorville, the greatest lead-based paint hazard risk exists among the 1,313 renter and owner units constructed prior to 1979 which are affordable to extremely low-income households. These households, earning less than 50% of the area median income, are less financially capable of performing maintenance or rehabilitation needed to reduce the lead-based paint hazard.

For fiscal year 2014-2015, the City carried out the following activities:

- Specified lead-based paint hazard reduction as an eligible activity for funding assistance through the City's housing rehabilitation programs.
- Provided educational brochures regarding lead-based paint hazards to participants of the Owner Occupied Rehabilitation and Senior Home Repair Programs.
- Required all homes constructed prior to 1978 and assisted through the Owner Occupied Rehabilitation Program be inspected and certified by a certified lead-paint inspector stating they meet the lead-based paint requirements pursuant to 24 CFR Part 35.
- Provided educational brochures to homeowners obtaining building permits for residential units constructed prior to 1979 regarding lead-based paint hazards.

HOUSING

SECTION 11. HOUSING NEEDS

HUD requires that the City provide an annual update on its efforts to foster and maintain affordable housing. As a part of the Consolidated Planning process, the City examines its housing needs every five years to determine priority needs and develop long term strategies to meet those needs. The City then proposes to carry out those strategies through the activities outlined each year in the Annual Action Plan and as described below in the specific housing

objectives.

SECTION 11A. SUMMARY OF ACTIVITIES

Mortgage Assistance Program (MAP) - The Mortgage Assistance Program (MAP) makes available deferred payment (principal and interest) second mortgage loans up to a maximum of $55,000. The maximum loan amounts will not exceed the amount needed to complete the home purchase (GAP Assistance). This Program is designed to provide income eligible households the financial assistance necessary to secure the purchase of a single family home in the City of Victorville. The MAP Program makes the dream of homeownership a reality for families to experience the pride of owning their first home. The City is currently utilizing CalHome funds for this program.

Senior Home Repair Program (SHRP) - The City of Victorville's Senior Home Repair program provides a $10,000 grant to qualified senior or disabled/handicapped homeowners in Victorville to repair their homes and address health and safety issues. The City is considering increasing the program's grant allocation to a maximum of $15,000 by the commencement of Fiscal Year 2015-2016.

Owner Occupied Rehabilitation Program (OOR) - The City has identified a need for the rehabilitation of homes located within the City in order to retain housing that is affordable, decent, sanitary and safe. To address this need, the Owner Occupied Rehabilitation (OOR) program was created to assist very-low, low and moderate income homeowners by providing a 0% to 3% simple interest deferred loans for up to $50,000 to correct code violations, unsafe conditions, make fundamental repairs and other eligible repairs. Loans are deferred for ten years, with loan payoff by 30 years. The program is currently funded through HOME funds and CalHome funds.

NSP Acquisition, Rehabilitation and Resale Program (ARR) – Single Family - This program provides the cost of the acquisition, rehabilitation, resale and delivery cost to make a unit available to first-time homebuyers. This program improves the housing inventory in areas to stabilize neighborhoods and at the same time offer homebuyers a fully rehabilitated and energy improved property.

SECTION 11B. PROVIDING AFFORDABLE HOUSING THAT MEETS SECTION 215

All of the households assisted by the City's housing programs meet the Section 215 definition for affordable housing. The Senior Home Repair Program (owner rehabilitation) assisted a total of 14 households with HOME and CDBG funds. The City also assisted two (2) more units via its Owner Occupied Rehabilitation Program using CalHome funds. All 16 households were categorized as extremely low, very low to low-income.

SECTION 11C. "WORST-CASE" HOUSING NEEDS

The City has identified senior, disabled and handicapped homeowners as those most in need of

home repairs (i.e. worst-case needs), and those least able to qualify for private financing to take care of their property repairs. Due to limited funding compared to the extent of needs, the City's Senior Home Repair Program has incurred a waiting list since its inception in 1997. Delayed maintenance, unfortunately, results in higher rehabilitation costs and further reduces the number of households that can be assisted. In response, the Senior Home Repair program continues to receive an annual allocation of at least $100,000. In addition, the City considers the program a priority for receiving reprogrammed funds. However, at the end of the program year, the waiting list was still over 130 households long with more being added daily. Consequently, the City continues to explore additional funding sources in order to reduce the waiting list by assisting more households.

SECTION 12. PUBLIC HOUSING STRATEGY

All public housing in Victorville are on scattered sites, and owned and/or managed by the San Bernardino County Housing Authority. There are currently two (2) public housing units in the City. The City coordinates and communicates with the Housing Authority about property conditions and upkeep.

SECTION 13. BARRIERS TO AFFORDABLE HOUSING

The Victorville Municipal Code contains provisions for the approval of density bonuses when a developer of housing agrees to construct at least 25 percent of the total units of a housing development for persons and families of low and moderate income as defined in the Health and Safety Code. Developers of housing may also receive approval of density bonuses if at least 10 percent of the total units are developed for persons and families of extremely low income. In addition, the code gives flexibility in allowing the Planning Commission to provide other incentives of equivalent financial value to a density bonus. Furthermore, the Municipal Code allows for minimum sized Single Room Occupancy, multi-family units ranging in area from 500, 600 and 800 square feet respectively and 1,200 sq. ft. for single family dwelling. Additionally, the City's heavily markets its down payment assistance programs and has increased the amount of assistance to help minimize the barriers.

SECTION 14. HOME/AMERICAN DREAM DOWN PAYMENT INITIATIVE (ADDI)

Assessment of Relationship of HOME Funds to Goals and Objectives - In July 2003, the Town of Apple Valley and the City of Victorville executed a HOME Consortium Agreement, formalizing the HOME Program Consortium into one geographically contiguous unit. The consortium cooperative agreement is renewed every three years. The HOME Consortium received $519,393 for FY 2014-2015. Specifically Victorville received $305,923, which was allocated as follows:

- HOME Administration $16,101
- Senior Home Repair Program $241,517
- CHDO $48,304
- HOME Administration to lead agency $16,101

Match Requirement - The HOME Program requires a 25-percent match based on fund expenditure. The HOME statute provides a reduction of the matching contribution requirement under three conditions: 1) Fiscal distress; 2) Severe fiscal distress; and 3) Presidentially declared major disasters covered under the Stafford Act.

Since 2004 and due to the economic conditions of the region, the Consortium has been identified by HUD as a fiscally distressed jurisdiction and has been granted a 100-percent match reduction for FY 2014-2015. Nevertheless, Consortium staff will track HOME eligible activities for future match, and will address any additional match requirements from their respective other funds. This is further described and reported in Apple Valley's CAPER.

HOME Minority Business Enterprises (MBE) and Women's Business Enterprises (WBE) Report – The Town of Apple Valley, as the lead agency, is responsible for reporting MBE and WBE report.

Assessment - As it relates to performing on-site inspections of rental housing, the Consortium does not have any HOME funded rental units.

In support of increasing affirmative marketing, the Consortium uses flyers, pamphlets, websites, and mailers to promote its housing programs. In addition, the Consortium also participates in community events that also promote its housing programs. At least twice a year, the Consortium distributes these flyers to non-profit organizations and agencies. These agencies circulate these flyers to minority and women owned business.

HOMELESS

SECTION 15. HOMELESS NEEDS

The City of Victorville is working together with the San Bernardino County Office of Homeless Services (OHS) to address the needs of homeless people. The Office of Homeless Services has the lead authority to plan homeless services throughout the County and is supported by San Bernardino County. OHS provides key staff to implement the work of the San Bernardino County Homeless Partnership. For FY 2014-2015, the City committed CDBG funds to the High Desert Homeless Services and Victor Valley Domestic Shelter to provide emergency shelter and support services. The City of Victorville addressed the needs of individuals and families with children at imminent risk of becoming homeless as follows.

On January 24, 2013 the Office of Homeless services coordinated a Point-in-Time Count to count the homeless population in the City of Victorville and surrounding communities. The Point-in-Time Count is performed every two years. Volunteers attended a mandatory 90 minute training session. This training discussed count and survey protocols as well as safety procedures.

Actions to address homeless person make permanent housing transition

1. Emergency Shelter

As the only homeless shelter in the region, the High Desert Homeless Shelter continues to serve not only Victorville, but the entire High Desert area. In addition to the High Desert Homeless Shelter (capacity of 55 beds for persons with children), High Desert Domestic Violence (capacity of 25 beds) and Victor Valley Domestic Violence (capacity of 26) serve as emergency shelters to homeless persons who are victims of domestic violence.

2. Transitional Housing

As of June 2014, Victor Valley Domestic Violence administered a total of 24 units of transitional housing (18 two-bedroom and 6 three-bedroom) for victims of domestic violence.

3. Permanent Housing

Both City and non-city administrated housing programs are available to assist low and extremely low-income residents to obtain permanent housing and aid in the prevention of homelessness.

Federal resources obtained from Homeless SuperNOFA – The City does not compete for Homeless SuperNOFA as we are not a direct service provider, but we encourage providers to participate. However, the City has and will continue to be an active participant and supports their efforts.

SECTION 16. SPECIFIC HOMELESS PREVANTION ELEMENTS

Actions to prevent homeless - The City of Victorville continues its efforts in the prevention of the homelessness by supporting the Office of Homeless Services (OHS) and its outreach programs, supporting the operation of homeless shelters through CDBG funding, and providing referrals to public assistance programs offered.

In September 2007, by order of the Board of Supervisors of the County of San Bernardino, the San Bernardino County Homeless Partnership was formed to provide a more focused approach to issues of homelessness within the County. The Partnership consists of community and faith-based organizations, educational institutions, non-profit organizations, private industry, and federal, state, and local governments.

SBCHP was developed to promote a strong collaboration between agencies to direct the planning, development, and implementation of the County's 10-year Strategy to end chronic homelessness. The Partnership provides leadership in creating a comprehensive countywide network of service delivery to the homeless and near homeless families and individuals through facilitating better communication, planning, coordination, and cooperation among all entities that provide services and/or resources for the relief of homelessness in San Bernardino County.

In April 2009, The Office of Homeless Services (OHS) and its planning committee completed and presented a "10-Year Plan to End Homeless in San Bernardino County". They created and facilitated the work of five committees to identify the needs of the county's homeless population

as it relates to prevention, outreach, income and supportive services, permanent housing and shortening the period of homelessness and rapid re-housing.

In January 2011 the 10-year Strategy was evaluated. The reevaluation period ended in June 2012. The results were presented to the Board on April 2013 with recommendations recalibrating the 10-year Strategy plan. The original plan consisted of 25 recommendations to end homelessness. As a result of the reevaluation of the plan, it was proposed that some of the current recommendations be continued, expanded upon, and eliminated as the recommendations were accomplished or no longer needed.

SECTION 17. EMERGENCY SHELTER GRANTS (ESG)

The City of Victorville does not receive or administer ESG funds; however, efforts are made to support those agencies that provide emergency shelter services to our community by continuing to provide letters of support for funded applications.

COMMUNITY DEVELOPMENT

SECTION 18. COMMUNITY DEVELOPMENT

Provision of decent and affordable housing opportunities for low income persons is among the City's highest priorities. Homeownership opportunities were provided to three families utilizing CalHome funds and one household utilizing HOME funds. CDBG funds provided housing services to improve landlord/tenant communication, fair housing activities and correct health and safety issues in income qualified homes.

CDBG funds also provide assistance to nonprofit organizations. The City awards its CDBG funds through a competitive process, beginning with a Notice of Funding Availability and application workshop. Applications are reviewed by staff and City Council appointed committee members, made up of Housing staff and council members. The grants review committee ensures that funds are awarded consistent with the Consolidated Plan and are awarded in a fair and impartial manner. Recommendations are made by the committee and the public is encouraged through open meetings and public hearings to participate at various stages of program development, implementation and evaluation.

As it relates to CDBG, the City of Victorville did not receive any program income during FY 14-15. The City has received program income for NSP and HOME funds which are being used for the same activities. In addition, no CDBG prior period adjustments were made during this year.

The City did not enter into any lump sum agreements nor were any lump sum funds received.

SECTION 19. ANTIPOVERTY STRATEGY

The average poverty threshold for a family of four, according to 2010 Census data is $23,050. In 2010 the percentage of Victorville residents living in poverty was at 19.1%. These households are most likely to be receiving State and County assistance in the form of health care, food subsidy programs, and other financial assistance programs.

Actions taken by the City to reduce the number of persons living below the poverty level during the program year included strategizing to assist impoverished families to achieve economic independence and self-sufficiency through the use of existing County job training and social service programs to increase employment marketability, household income, and housing options.

In addition, the City allocated $92,015 to numerous public service agencies to assist in the fight against poverty. Some of these organizations provided direct assistance in the form of food, utility payment assistance and housing, others provided indirect assistance such as case management and referral services to other social service programs.

The County of San Bernardino administered the programs listed below in targeting low-income households, including those below the poverty level for assistance in improving their financial and social positions to a level above poverty.

Transitional Assistance Department (TAD) is administered by the County of San Bernardino Human Services System and is responsible for providing financial, nutritional and medical assistance to persons in need. The goals of TAD are to meet the basic needs of families and individuals while working with them to attain self-sufficiency and to promote work and personal responsibility. Listed below are some of the programs the County administers to meet TADs goals.

- CalWORKS is a time-limited program that provides financial assistance and Welfare-to-Work services to families with children who are deprived of support or care due to the death, incapacity, unemployment/underemployment, or continued absence of one or both parents. Homeless Assistance is included in this program.
- The Food Stamp Program is a nutritional assistance program designed to help single people and families with little or no income to buy food. Food Stamp benefits are issued on an EBT Card that is used just like a bank card at most local food stores. The Food Stamp Program is a Federal State funded program.
- The Medi-Cal program pays for health care for certain needy residents of California, including public assistance recipients. Medi-Cal is supported by federal and state taxes. Pregnant women and children have been the focus of outreach efforts by the State of California for enrollment in the Medi-Cal program..
- The Refugee Resettlement Program provides medical assistance and time-limited financial assistance to persons who flee from their countries because of persecution due to political and/or military changes in their government.
- The County General Relief (GR) program provides loan assistance to indigent individuals and families in temporary need of housing, food, and/or transportation. General Relief is the only TAD program that is totally funded, as well as administered, by the County of San Bernardino.
- The Cash Aid Program for Immigrants is a State only cash assistance program for specified aged, blind, or disabled legal immigrants.
- The TAD Child Care program provides child care reimbursements to providers on behalf of current CalWORKs recipients who are in an approved work or training program. Payments

are reimbursed for child care services provided and are paid directly to the provider. The Child Care program is funded by the California Department of Social Services.

- The Foster Care Program provides financial assistance for children in need of substitute parenting who have been removed from the home by either the Department of Children's Services (DCS) or the Probation Department. The Foster Care Case Worker is responsible for determining federal, state, or county funding; the payment is the responsibility of the Transitional Assistance Department (TAD).

Community Action Partnerships (CAP) provides programmatic assistance to low-income families and individuals to help them become stable and self-reliant. Community Action Partnerships has developed the following programs in the County of San Bernardino that service the residents of the City of Victorville.

- Energy Conservation Program - Provides weatherization and energy conservation assistance to eligible low-income residents and processes applications for Home Energy Assistance Program (HEAP).
- Family Development Program – Addresses the needs of low-income families by providing emergency assistance, case management and transitional housing.
- Food Bank Program – Provides food for low-income residents through government surplus commodity distributions and salvage food agencies.
- Senior Nutrition Program – Provides low-cost or no-cost nutritionally sound meals for residents age 60 and over in community centers or by home delivery.
- Food Stamp Employment and Training – Trains able-bodied adults without children to become self-sufficient.
- Inland Empire Individual Development Accounts - A matched savings program that allows low-income workers to save earnings towards acquisition of assets, i.e. a home, a small business or post-secondary education, as a way out of poverty.
- Homeless Management Information System (HMIS) – Web-based software applications that homeless assistance providers use to coordinate service provision, manage their operations, and better serve their clients.

NON-HOMELESS SPECIAL NEEDS

SECTION 20. NON-HOMELESS SPECIAL NEEDS

The "non-homeless special needs" category is assigned a High Priority need level in the City's 2012-2016 Consolidated Plan. This category includes persons in various subpopulations that are not homeless but may require housing or supportive services, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental, persons with HIV/AIDS and their families), hearing impaired, persons with alcohol or other drug addictions, and victims of domestic violence. For FY 2014-2015, the City funded the following programs to address these needs:

- Moses House Ministries and Rose of Sharon Pregnancy Resource Center
- Sexual Assault Services
- Victor Valley Domestic Violence - A Better Way

SECTION 21. SPECIFIC HOPWA OBJECTIVES

The City of Victorville does not receive or administer HOPWA funds.

OTHER NARRATIVE

Include any CAPER information that was not covered by narratives in any other section.

CAPER Other Narrative response:

Economic Development staff discovered discrepancies with prior years' CAPER report PR26 CDBG Financial Summary Report. Since limited information was available for older CAPERs, staff performed an internal audit in order to correct the PR26s and have accurate and reliable numbers to include in the 2014-2015 PR26. As a result, staff audited activities and expenditures from the inception of becoming an entitlement City. Updated PR 26's are included from 1997 to 2013 as Exhibit 8.

Citizen Participation Plan

City of Victorville
Citizen Participation Plan

For Projects and Activities Eligible under the Federal Housing and Community Development Act of 1974 (Public Law 93-383), as amended

Adopted February 18, 1997

INTRODUCTION AND STATUTORY AUTHORITY

The purpose of the Citizen Participation Plan is to provide the method and process by which the City's consolidated planning process will comply with the citizen participation requirements set forth by the United States Department of Housing and Urban Development (HUD) pursuant to section 104(a)(3) of the Housing and Community Development Act of 1974, as amended, and further augmented by program regulations under 24 CFR Part 91, Subpart B. Through implementation of this Citizen Participation Plan, citizens will be afforded the maximum feasible opportunity to provide input on housing and community development needs; issues and problems affecting very-low and low income persons; to learn about various programs available and the expected amount of assistance provided and allowed by each opportunity; to develop local project proposals; to give input to project selections and funding distributions; and to participate in the implementation of funded activities.

The following goals and objectives will be incorporated into the City's Consolidated Plan.

GOAL I
PROVIDE FOR AND ENCOURAGE CITIZEN PARTICIPATION.

PURPOSE: The City of Victorville desires to encourage citizen participation, with a particular emphasis on participation by persons of very low and low income, as well as residents of target neighborhoods and/or neighborhoods which are eligible by definition under the Housing and Community Development Act of 1974, as amended. In order to reach as many participants as possible, the City will notify community organizations and agencies which advocate for persons of very low and low income, concerning needs assessment opportunities, availability of funds, and participation opportunities.

ACTION: The notification process may include, but not be limited to, these activities:

- Letters of information, surveys or notices of public meetings, posted by U.S. mail to the known addresses of community organizations and affected public, private and non-profit agencies, or individuals requesting to be notified by mail.
- Published announcements, which may consist of legal notices or display advertisements, in at least one newspaper of general circulation, and at least one publication which specifically reaches minority and/or non English speaking readers. These ads may solicit participation in needs assessment processes, notice of availability of funds, solicit project suggestions, project applications, availability for review and comment of draft and final Consolidated Plan, availability for review and comment of proposed and final amendments to the Citizen Participation Plan and/or the Consolidated Plan, and public hearings or other meetings where these matters will be agendized.

- Provide notices to community locations such as the public library, hospitals, public agency locations, and at specified locations in target neighborhoods.

GOAL II
PROVIDE PUBLIC HEARINGS ON COMMUNITY DEVELOPMENT AND HOUSING NEEDS.

PURPOSE: Provide citizens with reasonable and timely access to local meetings, information and records relating to the identification of needs, the consolidated planning process and project proposal and the grantee's proposed use of funds, as required.

ACTION: The City of Victorville will hold public meetings that have been adequately noticed as described in the Action Plan of Goal I.

- A Public Hearing will be held during the development of the Consolidated Plan in order to receive comments and incorporate citizen participation during the development process.
- A Public Hearing will be held after the publishing of the draft Consolidated Plan to receive comments and hear testimony regarding the contents of the Plan.

GOAL III
PROVIDE ADEQUATE OPPORTUNITIES TO PARTICIPATE IN DEVELOPING PROGRAM OBJECTIVES AND ANY REQUIRED CHANGES, REVISIONS, AND AMENDMENTS TO THE OBJECTS.

PURPOSE: To meet the objectives set forth in CFR Part 91, Subpart B, and to afford citizens the maximum feasible opportunity to provide input on housing and community development needs, issues and problems affecting the specific target groups and community areas.

ACTION: Public hearings will be conducted before the Victorville City Council, as described in Goal II, to receive citizen input on housing, community and development needs and issues, the proposed Consolidated Plan, the Citizen Participation Plan, and any amendments to the Consolidated Plan or the Citizen Participation Plan. At least 30 days prior to adoption, copies of the proposed Consolidated Plan, amendment of the Plan, will be published and made available at the Victorville City Hall. At least 15 days prior to submission to HUD, copies of the performance report will be made available for comment at the Victorville City Hall.

ACTION: Notification to affected groups, as set forth in the Action plan of Goal I, will be initiated in order to solicit participation in matters described above.

ACTION: The Consolidated plan, as adopted, substantial amendments, and the performance report will be available to the public, in a form accessible to persons with disabilities, upon request.

GOAL IV

PROVIDE TECHNICAL ASSISTANCE TO CITIZENS AND GROUPS REPRESENTATIVE OF PERSONS OF VERY-LOW AND LOW INCOME THAT REQUEST ASSISTANCE IN DEVELOPING PROPOSALS FOR FUNDING CONSIDERATION UNDER AVAILABLE PROGRAMS.

ACTION: The City of Victorville will establish an annual project proposal submission and review cycle that provides information, instructions, forms and advice to interested very low and low income citizens or representative groups so that they can have reasonable access to the funding consideration process.

ACTION: The City of Victorville will provide self-explanatory project proposal forms and instructions to all persons or groups that request them whether by telephone or by letter. Staff will answer all questions received from citizens or representative groups in the same manner which the questions were posed (verbal responses to verbal requests, written responses to written requests). Staff will meet with groups or individuals as requested to assist in identifying specific needs and to assist in preparing project proposal applications.

GOAL V

PROVIDE FOR TIMELY CONSIDERATION AND RESPONSE TO COMMENTS, COMPLAINTS AND GRIEVANCES REGARDING THE CONSOLIDATED PLAN, AMENDMENT OF THE PLAN OR PERFORMANCE REPORT.

PURPOSE: Consider any comments or views of citizens received in writing or orally during public hearings on the proposed Consolidated Plan, amendment of the Plan or performance report.

ACTION: All comments received, both written and orally received at Public Hearings, will be reviewed and considered relative to the proposed Consolidated Plan. A summary of any comments or views *not* accepted and the reasons therefor shall be included in the final Consolidated Plan.

All comments received will be included in the final Consolidated Plan in summary form, amendment of the plan or performance report, and be considered a part of the final Consolidated Plan, amendment of the Plan or performance report.

PURPOSE: Respond to written complaints and grievances from any citizen received at any time within 15 working days where practicable.

ACTION: All written complaints and grievances will be received and logged. A letter responding to each complaint or grievance will be written and sent to the party or parties from which the complaint or grievance was received. Depending on the nature of the project, the time that it requires for resolution, and staff resources available to investigate and respond, the written response will be sent within 15 days or as soon as possible otherwise.

GOAL VI
PROVIDE DISTRIBUTION OF THE FINAL CONSOLIDATED PLAN, OR THE SUMMARY OF THE FINAL CONSOLIDATED PLAN.

PURPOSE: The City of Victorville desires to afford citizens throughout the City a reasonable opportunity to examine the contents of the final Consolidated Plan or the summary of the Plan.

ACTION: Initiate, as needed, notification of community at large as set forth in the Action Plan of Goal I, and participation, as needed, as set forth in the Action Plan of Goal III.

GOAL VII
INFORM CITIZENS WITH REASONABLE NOTICE OF, AND OPPORTUNITY TO COMMENT ON, ALL PROPOSED SUBSTANTIAL CHANGES NECESSITATING AN AMENDMENT TO THE CONSOLIDATED PLAN.

PURPOSE: Amendments to the Consolidated Plan shall be provided when an action meets one or more of the criteria for substantial change. Public notice of any amendment shall be provided at least 30 days prior to its consideration. The City must make amendments available for public review 30 days prior to final action and any comments received must be included with the submittal.

ACTION: CRITERIA FOR SUBSTANTIAL CHANGE

The City of Victorville shall consider a substantial change to have occurred under the following circumstances:

- A significant shift is proposed in allocation priorities, or a substantial change in the method of distributing funds;
- An activity not included in the action plan is proposed for funding;
- To use funds, including program income, not previously described in the action plan;
- An activity included in the action plan is proposed for elimination or cessation;
- The amount allocated to any activity is proposed to be increased or decreased from the amount described in the action plan by more than 25%; or
- Change in the location of the activity, target area, beneficiaries, eligibility criteria, or general scope from that described in the action plan.

CITY OF VICTORVILLE
Community Development Block Grant (CDBG)
Consolidated Annual Performance and Evaluation Report (CAPER)
Fiscal Year 2014-2015

NOTICE IS HEREBY GIVEN that the City of Victorville has completed its Draft Consolidated Annual Performance and Evaluation Report (CAPER) for July 1, 2014 through June 30, 2015. The Draft CAPER reports activities and accomplishments for the use of Community Development Block Grant (CDBG) and Home Investment Partnerships Act (HOME) funds received from the U.S. Department of Housing and Urban Development (HUD) and expended during the 2014-2015 program year.

The activities undertaken by the City under the CDBG program are consistent with HUD's three national objectives to provide decent housing, create a suitable living environment, and expand economic opportunities. The HOME program activities undertaken provide decent affordable housing to lower-income households, expand the capacity of nonprofit housing providers, strengthen the ability of State and local governments to provide housing and leverage private-sector participation.

NOTICE IS HEREBY FURTHER GIVEN that all persons interested in reviewing the Draft CAPER may obtain copies at the City of Victorville Economic Development Department, Victorville City Hall, 14343 Civic Drive, Victorville, CA, beginning Friday, September 11, 2015 through Thursday, September 25, 2015. The Draft CAPER is available for review on the City's website at http://ci.victorville.ca.us/eda.aspx. Copies of the Draft CAPER may also be requested by phone, fax, or by e-mail.

2011	11 Victorville residents were income qualified for the Senior Home Repair Program. Participants are waiting for initial inspections of their homes. 6/27/2013 - The City's Senior Home Repair Program was put on hold after the Redevelopment Agencies were disolved in California. The program's administration was part of the department and as a result staff was reduced. During the transition the programs were put on hold. In March 2013, the City contracted with a non-profit housing agency to assist in the administration of the programs. For this activity 4 households have been approved so far. Applicats are waiting for inspections or are in construction. 6/25/2015 - The Senior Home Repair Program was able to assist 6 households.

2013	5 cases were completed of which 4 properties (6 structures) were demolished. The others were carried over to 2013-2014. The demolished properties were scattered throughout the CDBG target area and Old Town.. Many of the subject locations had multiple severely substandard units on them. Demolished structures totaled 6 structures consisting mostly of vacant single and multi family homes that were severely damaged by fire approximately 1 year prior. The lots were left clean without debris and were graded smooth. Additional grant funding was used to conduct clean ups and stagnant pool abatements in vacant severely vandalized properties. Efforts were also placed on abatement of trash throughout the alleys and streets in Old Town where 4 large 40 yard trash bins were filled to capacity with trash and large furniture pieces scattered throughout the right of ways.

2014	Due to the large CDBG area in Victorville and limited funding along with limited assigned personnel, blight conditions in CDBG areas were prioritized and within higher priority cases, a large majority of those conditions were addressed timely with little to no delays. Such high priority cases consisted of severely vandalized properties located within a densely populated areas, sewage spills/ system back-ups and other similar nuisance conditions that could have immediate impact to public health and property. The CDBG area continues to experience a notable high concentration of transient and homeless persons who are consistently found by code enforcement officers in vacant and heavily vandalized housing units. Many of the vacant housing units located in the old town area of Victorville-(also within the CDBG target area) continue to be unattended and experience further decay. A total of 3167 code enforcement cases were created between 7/01/14 to 6/30/15 of which 1,073 cases were established within the CDBG target area. Approximately 11% (approx 222 CDBG cases) still remain open due to non compliance or ongoing legal action. All 1073 cases were issued notice of violations. 11 properties were secured and cleaned through abatement warrant actions funded by CDBG and 4 others were abated using Development Department funding.

2014	Demolitions: Code enforcement action consisting of notice of violations, fines, abatement hearing and specific demolition notices were completed by code enforcement staff. Notice was sent to all parties listed in a purchased litigation guarantee that showed legal interest in the subject properties. Scope of work plans were devised by City building inspectors. Properties were selected by establishing priority based on the potential to public harm, and proximity to schools or public parks. Environmental studies were completed by a City senior planner and asbestos samples were performed by a contractor to identify asbestos and lead based paint hazards located at the properties to be demolished and any title or land use issues associated to the land or the structure. A sealed bid process was used to gather and seek the lowest and most qualified bid/ contractor to execute the planned demolitions at location where noticing an appeal have been heard and have been settled. Hearing was provided to all with interest to the properties to allow them to appeal the city's action at a city council meeting. In most cases, court ordered demolitions were executed under abatement, seizure and destruction orders. Other demolitions were conducted under the consent of the current owner but a court order still followed to address unresponsive parties with interest. Asbestos and lead contaminate abatement monitoring and clearance inspections were conducted by Info-Tox. Final Inspections were performed by a City building inspector to clear the blights and update the property status. Cases were managed using our city database system- Tidemark Clean up / Board up Abatements: Code enforcement action consisting of notice of violations, fines, abatement hearing and specific demolition notices were completed by code enforcement staff. Scope of work plans were devised by a City building inspector. Properties were selected by establishing priority based on the potential to public harm, and proximity to schools or public parks. An un-sealed bid process was used to gather and seek the lowest and most qualified bid/ contractor to execute the planned clean up abatements at location where noticing an appeal have been heard and have been settled. Final job completions were completed by the officer requesting the abatement and cost were assessed the property.
