SITE SKETCH

(By Permittee)

This permit is void if work is not started within 30 days after granting of the permit. All cuts must be temporarily patched with asphalt mix. Pavement replacement shall be by permittee. It shall be the permittee's responsibility to identify and protect existing surveying monuments in place and the permittee shall be financially responsible for resetting damaged or destroyed monuments. All trench backfill to be certified by a R.C.E.

In consideration of the granting of this permit, it is agreed by the permittee that the City of Victorville and any officer or employee thereof shall be saved harmless by the permittee from any liability or responsibility for any accident, loss or damage to persons or property, happening or occurring as the proximate result of any of the work undertaken under the terms of this permit, and that all of said liabilities are hereby assumed by the permittee.

Except when fees are billed monthly, this permit becomes effective only after payment of the above listed fees and validation hereon by the City Cashier and after an Underground Service Alert ticket number has been acquired (underground work only).

Note: The applicant must call for inspection 24 hours in advance.

Information on environmental issues associated with contaminated soils is available through the City of Victorville Fire Department at (760) 955-5227.
