Description of Encroachment _____

In consideration of the granting of this application it is agreed by the applicant that the City of Victorville and any officer or employee thereof shall be saved harmless by the applicant from any liability or responsibility for any accident, loss or damage to persons or property, happening or occurring as the proximate result of any of the work undertaken under the terms of this application, and the permit or permits which may be granted in response thereof, and that all of said liability are hereby assumed by the applicant. It is further agreed that if any part of this installation interferes with the future use of the highway by the general public or the reconstruction, widening, or revision in grade of said highway or the construction of sewers or storm drains, this installation must be removed or relocated as directed by the Engineer at the expense of the Permittee or his successor. Construction must conform to the "Department of Public Works Standard Specifications for Public Improvements" of the City of Victorville dated April, 1976, and the City Code and must pass inspection by the City of Victorville Construction Inspector.

Permittee is responsible for complying with all other requirements which may be imposed by other agencies having jurisdiction.

SECTION 9.12.010 of the Victorville Municipal Code authorizes the Superintendent of Streets to issue permits for construction within rights of way of the City streets of the City of Victorville.
