Re: Green Tree Blvd Extension Project, City of Victorville  
New Grade Separated Railway Crossing – Design Phase A Submittal

Dear Mr. Shurson,

Enclosed please find four (4) hard copies and a disk containing a PDF version of the City of Victorville's Concept submittal for a new grade separated railway crossing of the BNSF railway. The new crossing is located approximately between Coad Road in the City of Victorville and Yates Road in unincorporated San Bernardino County. Included in our submittal is a Photo Log with vicinity map, area layout, and site pictures, together with a bridge General Plan and Foundation Plan.

We understand it will take approximately four weeks for BNSF to complete its review. If you have any questions during the review, please contact me and/or Chip Willett, Right of Way Manager. Depending on the questions or concerns, we can facilitate discussion with our design engineers or City representatives as appropriate. We can be reached at the mailing address below, or at [ldiamond@dokkenengineering.com](mailto:ldiamond@dokkenengineering.com); 916-858-0642, and [cwillett@dokkenengineering.com](mailto:cwillett@dokkenengineering.com), 858-514-8377, respectively. Brian Gengler, City Engineer, is of course always available to you as well. His contact information is: [bgengler@ci.victorville.ca.us](mailto:bgengler@ci.victorville.ca.us), (760) 955-5156.

Thanks you very much for your consideration of the City's request.

Very Truly Yours,  
DOKKEN ENGINEERING

Elizabeth Diamond, PE  
Project Manager

Cc Brian Gengler, City Engineer, City of Victorville  
Hiram Houck, Associate Civil Engineer, City of Victorville  
Chip Willett, Right of Way Manager, Dokken Engineering  
Marty Maechler, Sr. Bridge Engineer  
Gerard Lumabas, Sr. Roadway Engineer
