VICTOR VALLEY
RECYCLING GUIDE
FOR CONSTRUCTION &
DEMOLITION MATERIALS

Alternatives to Landfill Disposal

A Resource Directory for
Builders and Contractors

SPRING 2013

City of Victorville
Solid Waste Division
Recycling Program
(760) 955-8615
www.VictorvilleRecycles.com

Important Notes:

All information contained in this directory is supplied by service providers. Because the industry is constantly changing, some facilities may have reduced or expanded operations, changed materials they accept, or changed fees charged or prices paid for materials.

Make sure you call ahead to all facilities to verify most recent prices, terms, and hours of operation.

To add reuse or recycling businesses to future editions of this directory, please call the City of Victorville Recycling Program at (760) 955-8615.

Printed on Recycled Paper

RECYCLE YOUR CONSTRUCTION WASTE!

Construction and demolition waste make up a sizable portion of the material that goes to the landfill from the City of Victorville and throughout the State of California. Construction and demolition materials such as concrete, wood, drywall, and scrap metal not only CAN be recycled, but as of 2011, these materials MUST be recycled, per Victorville and State of California law.

The 2010 California Green Building Standards Code (CALGreen) Sections 4.408 and 5.408 and the City of Victorville Development Code (Title 16, Chapter 5, Article 11) require all building permit applicants to develop and submit a Construction Waste Management Plan (CWMP). The CWMP outlines how the applicant will achieve a minimum 50% diversion of non-hazardous construction waste from landfill. In Victorville, construction projects are also required to divert 100% of trees, stumps, rocks, and soils from excavating and land clearing activities.

This Guide was created to help Victor Valley builders divert waste from the landfill. All the disposal locations listed in the Guide are less expensive than the landfill. Many facilities offer free drop-off, and the scrap metal vendors will even pay you for your scrap metals.

The City of Victorville Recycling Program is available to help you plan and implement a recycling program to meet City and State Building Code requirements, and save you money. If you have any questions, please call the City of Victorville Recycling Program at 760-955-8615.

Thank you for your efforts to recycle construction and demolition materials. We look forward to working with you.

STOP WASTE BEFORE IT STARTS & SAVE MONEY

Consider these tips:

REDUCE

- Use designs that minimize the amount of materials used (advanced framing techniques).
- Avoid “leftovers”—measure twice and cut once.
- Choose materials that are durable so you don’t have to replace as often.
- Use energy efficient practices and products for construction.

REUSE

- Instead of traditional demolition, consider salvage and deconstruction (taking apart carefully) for reuse.
- Consider remodeling or retrofitting existing buildings for new use.
- Allow time in schedule for salvage and recycling.
- Use salvaged materials in remodeling or construction.
- Donate surplus materials to non-profits or save for use in next job.

RECYCLE

- Make someone responsible! Assign a crew member to oversee and take responsibility for job site recycling program.
- Recycling can save you money. Disposal costs at recycling facilities are less than at landfill. Extra costs for sorting at job site are offset by lower disposal costs. Sorting time and costs are reduced as your crews become more familiar with recycling process.
- Clean loads are the key to successful recycling. Be sure that your idea of a “clean load” is the same as your recycler’s.
- Request (or require) subcontractors to source separate and participate in your recycling program. Provide subcontractors with information on where to recycle materials.
- Early on, set up the site locations for recycling. Color-code or use large signs to help the crew sort materials correctly.

FACILITY/MATERIAL LISTINGS

Note: Call for most up-to-date information on hours, prices, and material requirements.

ASPHALT/CONCRETE

Hi-Grade Materials

760-244-9325

3 locations in High Desert Area:

--Hesperia, 17671 Bear Valley Rd.

--Adelanto, 17450 Adelanto Rd.

--Lucerne Valley, 8701 Meridian Rd.

Concrete and asphalt, to be used as road base.

Rebar OK, size limit is 3'x3'. Materials must be separated.

No drywall, wood, paper, plastic, ceramic tiles, concrete roof tiles, plaster, block, brick, or cinder blocks. There is a fee of \$15 a ton.

Blue Diamond Materials/Sully Miller

15650 Air Expressway

Victorville

760-241-3384

714-578-9600

Broken clean concrete and asphalt. Rebar ok—but it can not be exposed from the edge. Asphalt and concrete must be kept separate. Any size piece is OK just no exposed rebar. No block or brick accepted. No fees to drop off, no pick-ups.

Industrial Asphalt Inc.

(formerly Vulcan Materials Calmat)

20181 National Trails Highway

Oro Grande

760-245-7969

They accept only clean, broken asphalt. No dirt, no concrete, no re-bar. No mixed loads. Free as long as it's clean.

Cutting Edge Concrete Services, Inc.

P.O. Box 398

Oro Grande, CA 92638

760-955-2888

Free dump site for construction and homeowners:

For clean Concrete and Asphalt Recycle. Rebar, Oversize, and Mixed loads accepted at additional charge. See also listing under DECONSTRUCTION.

Mojave Equipment Corp.

17430 D. Street

Victorville

760-243-3116

Broken concrete only in 2x2 chunks. Rebar OK if trimmed to within 3 inches of concrete. Clean asphalt OK. Any size load OK. Mixed loads OK. No brick of any kind. Call for current pricing. Please call ahead before delivery.

Robertson's

(formerly Service Rock)

(3 locations in region)

--Victorville, 16952 D St.

--Barstow, 2700 East Main St.

--Palmdale, 37790 75th St.

1-800-537-1534

Concrete and asphalt. Concrete block OK, but no brick. Any rebar/metal in concrete or asphalt will be an extra charge. Maximum size of 2'x2' on size of concrete and asphalt.

Material weighed by ton and fee is based on weight. Fee is \$10/ton for clean material as of 07/09, and \$20/ton for material containing steel.

Emery Materials

--Adelanto, 16402 Koala Rd.

--Hesperia, 9689 C Ave.

760-956-1717

Broken concrete and asphalt. Small dump fee. Call for more information.

BRUSH/GREENWASTE

American Organics

(formerly California Bio Mass, Inc.)

20055 Shay Road

Victorville

760-246-7946

Brush, tree trimmings, leaves, grass clippings, clean wood, pallets, sawdust, green waste, hay, straw, and sod. No trash. No metal. Wood must be clean—no painted wood, no treated lumber. No telephone poles. There is a charge to dump items, but less than County landfill. Call for details. See also listing for WOODWASTE/PALLETS.

BUILDING MATERIALS & SALVAGE

Habitat for Humanity

ReStores

Redlands ReStore

25948 Business Center Drive, Redlands

Donation Hotline: 909-522-1624

Office: 909-799-6738

Riverside ReStore

2180 Iowa Ave., Riverside

Office: 951-787-6754

Surplus building materials and tools. Doors, lumber, fixtures, plumbing, windows, sinks, tiles, etc. Appliances, kitchen cabinets. New or used materials. Items are either used in constructing houses or are sold at the RESTORE warehouse. Proceeds go to Habitat For Humanity—San Bernardino/Riverside affiliates—projects.

Note: RESTORE warehouse is open to the public and contractors who wish to purchase building supplies at low cost.

CORRUGATED CARDBOARD

SA Recycling

(formerly A-1 Recycling)

10651 "E" Avenue

Hesperia

760-947-5522

Accept cardboard, newspaper, and old TVs. Certified state CRV buyback center, accepting all aluminum, plastic, and glass beverage containers. See also listing under SCRAP METAL.

Victor Valley Materials Recovery Facility

17000 Abbey Lane (off of Stoddard Wells Road)

Victorville

760-241-1284

Corrugated cardboard, and other clean paper. See also listings for SCRAP METAL.

Victor Valley Recycling

17474 Catalpa St.

Hesperia

760-244-5437

Cardboard and other paper. Accepts scrap metal but does not buy it. See also listing for SCRAP METAL.

DECONSTRUCTION

Cutting Edge Concrete Services, Inc.

PO Box 398

Oro Grande, CA 92368

(760) 955-2888

General demolition services both large and small scale including all phases of the demolition process. Saw cutting/coring, Excavator, Track loaders, Back-hoes, and Skidsteer's. See also listing under BRUSH/GREEN WASTE, ASPHALT/CONCRETE, and WOOD.

DIRT

Graham Equipment

17109 Eureka St

Victorville

760-241-4875

Clean fill dirt only. No trash! No concrete or asphalt. Some rock is OK. No charge.

DRYWALL

Currently we are not aware of any Victor Valley companies accepting drywall for recycling as of Spring 2013. Drywall can be taken to San Bernardino County's Victorville Landfill for disposal. The disposal rate as of August 2012 is \$57.95 per ton. Call the County at 1-800-722-8004 for details.

There are several facilities in the San Bernardino valley that accept drywall at reduced rates. The cost is \$35 per ton as of March 2013. Drywall must be free of trash and other non-drywall materials.

Agua Mansa MRF
1830 Agua Mansa Road
Riverside, CA 92509
951-786-0544

West Valley MRF
13373 Napa Street
Fontana, CA 92335
909-899-0911

PADDING—CARPET/FOAM

PadWorks
888-322-4427
Beaumont, CA

Accepts foam carpet padding. May pay for material. Material must be delivered to Beaumont. Also accepts carpet, but does not pay for it. Depending on the type, there may be a charge. Call for more information.

PAINT

Dunn-Edwards Paints
12475 Mariposa Rd.
Victorville, CA 92395
(760) 245-2442

Dunn-Edwards participates in the Paintcare program. Residents, businesses and contractors can drop off left-over paint up to 20 gallons. Some restrictions apply—call for details. Paintcare website is www.paintcare.org

SCRAP METAL

SA Recycling
(formerly A-1 Recycling)
10651 "E" Avenue
Hesperia
760-947-5522

All kinds of metal: Industrial, Commercial, C&D, Residential, Government and Military. Roll off service available. State certified Weighmaster. State certified recycler.

FERROUS: All steel and iron, posts and rails, beams, steel siding and tin, rebar, farm implements, tanks, file cabinets, chairs, shelving. Certified appliance recycler: washers, dryers, water heaters, stoves and ovens.

Vehicle recycling program: cars, motorcycles, trucks, buses, and rail stock.

NON FERROUS: aluminum, copper, brass, bronze, and stainless steel. Titanium, Inconel, Nichol, Monel. Carbide tools. Metallurgical lab testing available.

FIBERS: Corrugated cardboard, Newspaper, Phonebooks.

CRV: Aluminum cans, plastic bottles, glass. See all listed under CORRUGATED CARDBOARD.

American Best Recycling/ Pick and Pull

17229 Gas Line Road
Victorville
760-241-8414

All ferrous metals (steel and iron), appliances, sheet metal, heavy (cast) metal, cars, and parts. Will take water heaters. Also accepts non-ferrous metals. Freon must be removed from AC/refrigerators. Will purchase all materials. Will pick-up vehicles.

Apple Valley Recycling Center

20947 Bear Valley Road
Apple Valley
760-240-3858

Scrap aluminum, and other non-ferrous metals--copper, brass, stainless, radiators.

No ferrous metals (steel, iron). No appliances, tin cans, cars, or any other kind of paper. No water heaters. Will purchase all materials.

Carson Recycling, Inc./ Ecology Auto Wrecking

11099 "G" Avenue
Hesperia
760-947-5454

Car bodies, appliances, 55-gallon barrels, car batteries, tin cans. Will take water heaters. No tires, no wood, no beverage containers. Will purchase all materials.

J & R Recycling

(formerly JM Recycling)

9642 Hesperia Rd

Hesperia

760-956-7246

Accepts cardboard, newspaper, car batteries, beverage containers, scrap aluminum, copper, brass, wire, steel, and radiators. Call for details.

D Street Recycling

(formerly S&S Recycling Earth)

16444 D St.

Victorville

760-243-0624

Non-ferrous scrap metal, aluminum, copper, brass, auto batteries. Also CRV glass, plastic, and cans. No cardboard, steel, tin, or newspaper. Call for hours. Will pay for all materials.

Victor Valley Materials Recovery Facility

17000 Abbey Lane

Victorville

760-241-1284

Small appliances and pieces of scrap metal, T.V.'s, computers, refrigerators, and air conditioners. No cars, parts, etc.

They accept donations. No payment given for scrap metal.

See also listing under CORRUGATED CARDBOARD.

Victor Valley Recycling

17474 Catalpa Avenue
Hesperia
760-244-5437

All kinds of metal. Appliances, copper, water heaters, brass, lead-acid batteries, engines, small pieces of car frame, and car bodies. Also paper and cardboard.

Will purchase everything. May pick-up for large quantity. No glass from cars, windows, etc. Freon removed from A/C and refrigerators. Tanks OK if cut in half. No refrigerators, washing machines, or dryers. See also listings under PADDING - CARPET/FOAM & CORRUGATED CARDBOARD.

WOOD WASTE/PALLETS

American Organics

(formerly California Bio Mass, Inc.)

20055 Shay Road
Victorville
760-246-7946

Pallets, lumber, plywood, sawdust. Also want tree trimmings, brush, sod, greenwaste, organics.

Wood must be clean—no painted wood, no treated lumber. No telephone poles. There is a cost.

Apollo Wood Recovery

14253 Whittram Ave.
Fontana, CA 92335
909-356-2735

Pallets and all other types of wood waste, green waste, plywood, lumber. Do not take treated wood or shingles. Nails ok. They may be able to haul/transport if large volumes. There is a cost.

Cutting Edge Concrete Services, Inc.

PO Box 398
Oro Grande, CA 92368
(760) 955-2888

Land Clearing and site-prep. Any size acreage. All materials are mulched and recycled.

Meza Pallets

14619 Merrill Ave.
Fontana
909-829-0223

All pallets, broken or not, all sizes. Hardwood or softwood, ok. Need at least 100 for pick-up. Will pay for usable ones of standard sizes. Will not pick-up pallets contaminated by hazardous materials or chemicals.

OTHER RESOURCES

CALMAX website: Go to www.calmax.org. CALMAX is an on-line portal that provides links to various other on-line waste exchanges throughout the State. Businesses, schools, non-profits, and individuals can search for available materials or look for companies that will accept scrap/waste materials. Think of waste exchanges as a “dating service” for waste!

CALRecycle website: Go to www.calrecycle.ca.gov/ConDemo. The State of California Department of Resources Recycling & Recovery (CALRecycle) has extensive on-line resources and publications for construction and demolition debris recycling. There are videos on Best Practices in Waste Reduction and also a C & D Recycling Toolkit for Contractors at www.calrecycle.ca.gov/condemo/toolkit.

County of San Bernardino Construction & Demolition Waste Recycling Guide & Directory: Go to San Bernardino County Solid Waste Management website at www.sbcounty.gov/dpw/solidwaste. Click on “Construction & Demolition Waste & Recycling” box for a copy of the guide.

Desert Landscaping Guides

Greenwaste makes up an estimated 15% of the material at the landfill. Do your part to conserve water and landfill space by using landscaping appropriate for the desert climate. AWAC, the Alliance for Water Awareness and Conservation, has published the *Guide to Desert Landscaping*. You can get a free copy by calling the City of Victorville Recycling Program at 760-955-8615.

HAULING & LANDFILL **INFORMATION**

LANDFILL—VICTORVILLE

18600 Stoddard Wells Road
Open Monday-Saturday 8:00 a.m. to 5:00 p.m.

1-800-722-8004

The Victorville Landfill is owned by San Bernardino County and is managed by the San Bernardino County Waste System Division.

As of September 1, 2011, fees to dump waste are a minimum charge of \$12.97 for up to 300 pounds of waste and \$55.89 per ton for amounts over 300 pounds. Fees are doubled for uncovered/unsecured loads. There are special fees for tires and bulky or hard to handle wastes.

HAULING SERVICE

Victorville Disposal
17080 Stoddard Wells Rd.
Victorville
(760) 245-8607

Victorville Disposal can provide temporary roll-off containers or front loader bins for large and small construction jobs. Sizes range from 3 cubic yards up to 40 cubic yards. Call for pricing details.

Note: Solid waste hauling is a franchised operation in the City of Victorville. Builders and contractors may haul their

own wastes to landfills. If a builder/contractor is not able to haul its own solid wastes, however, then it needs to contract with Victorville Disposal for these services. Victorville Disposal is the only hauler authorized and permitted to haul solid waste in the City.

Builders and contractors working outside the City of Victorville may wish to check with the appropriate municipality to determine authorized haulers for these other communities.

City of Victorville **Construction Site Maintenance & Trash** **Containment Requirements**

City of Victorville Development Code, Chapter 5, Article 14, requires trash, rubbish, and/or debris at construction sites to be contained so that there is no accumulation of loose material. Material must be contained in such a way that it will not be scattered by wind or water.

It is the responsibility of the permittee to provide for construction site maintenance and containment of trash, rubbish, and debris and for the proper removal thereof.

Material may be contained in either bins (dumpsters), or in a fenced in area of at least 100 cubic feet. Fenced area must be securely staked in place and must be emptied when full.
