Water Conservation Update

Great job Victorville residents and businesses! Your water conservation efforts are working! From January through August 2016, the City of Victorville achieved a 25% reduction in water usage compared to 2013 amounts.

But, we can't stop our conservation efforts now. We need to stay focused as we enter the cooler winter months. Please continue to conserve and make sure water is not wasted by following the Mandatory Stage 2 Water Use Restrictions. Go to www.Victorvilleca.gov then click on "Water Conservation" quicklink for complete list of Stage 2 restrictions.
