

# JOIN US!

ANNUAL PUBLIC STORMWATER WORKSHOP  
THURSDAY, NOVEMBER 17, 2011

## What is the Mojave River Watershed Group (MRWG)?

MRWG – a partnership among the Town of Apple Valley, City of Hesperia, City of Victorville and County of San Bernardino – works year round to reduce stormwater pollution entering the Mojave River.

The High Desert is unique. Water flowing into storm drains and underground following a rain or snow melt doesn't flow into the ocean but into our local waterway – the Mojave River. This river water is then used in our faucets, hoses and other ways, making it all the more important to keep the river free of pollution.

## WHAT:

Interested in our High Desert environment? Join us for a public information meeting to learn about the efforts made by local municipalities to prevent stormwater pollution in the Mojave River, the High Desert's local water resource. Following a brief presentation on the 2010-2011 achievements, County, City and Town representatives will be on hand for a Q&A session and to speak individually with attendees.

## WHEN:

Thursday, November 17, 2011 from 6 p.m. to 8 p.m.

## MEETING LOCATION:

Town of Apple Valley Development Services Building Conference Center  
14975 Dale Evans Parkway Apple Valley, CA 92307

## WIN PRIZES!!

Pick up your free raffle ticket when you enter! We'll have gift certificates from local restaurants and businesses that you can win! Good luck!
