FOR IMMEDIATE RELEASE

August 23, 2017 (Updated August 23, 2017 at 11:35 a.m.)

Lanes Reduced

Nisqualli Road Between Balsam & Hesperia: Aug. 23 & 24

Road work will move to Amethyst & La Mesa Roads Aug. 25-31.

WHAT: Lanes reduced for slurry seal

WHEN: Currently, Aug. 23 & Aug. 24

WHERE: Nisqualli Road between Balsam Avenue and Hesperia Road in Victorville, Calif.

DESCRIPTION: Construction crews will be applying a slurry seal to portions of Nisqualli Road today and tomorrow. As a result, lanes will be reduced on Nisqualli Road between Balsam Avenue and Hesperia Road.

Today, Aug. 23, the outside lanes of Nisqualli Road will be closed. Tomorrow, Aug. 24, the inside lanes will be closed. Alternate routes should be used, if possible.

Traffic will be permitted to travel through the construction area, but delays are expected. Motorists are advised to obey all traffic devices and posted signs and use caution.

The slurry seal is part of a broader road construction project that began in April to repair and reconstruct more than 9.5 miles of Victorville roadways.

The construction crew will apply slurry seal to portions of Amethyst and La Mesa Roads, Aug. 25 through Aug. 31. Please see the enclosed slurry seal schedule for more details.

Crews will keep at least one lane of traffic open in each direction throughout this project.

After the slurry seal is complete, crews will apply striping to the roads in the construction area. Striping will occur at night. This project is expected to be complete by Sept. 10.

Questions can be directed to the City's Engineering Division at (760) 955-5158.

SLURRY SEAL SCHEDULE (Corrected Aug. 23 at 11:35 a.m.):
