News Release

CITY OF VICTORVILLE INSTALLS NEW TRAFFIC SIGNAL AT AMETHYST & MOJAVE

Signal will be set to three-way flash on Aug. 10 and operational, Aug. 15

FOR IMMEDIATE RELEASE: August 9, 2017

VICTORVILLE, Calif. – The City of Victorville has installed a new traffic signal at the intersection of Amethyst Road and Mojave Drive. The signal will be set to a three-way flash on Thursday, Aug. 10 at approximately 10 a.m.; and the signal should be fully operational on Aug. 15.

Motorists are asked to exercise caution when traveling in the area as people become aware of the new traffic signal.

The City conducted a traffic signal warrant study last April and concluded that warrants for the new signal were met based on traffic volumes. The Victorville City Council approved the new signal at its meeting on April 18, 2017.

Questions can be directed to the City of Victorville Engineering Division at (760) 955-5158.
