FOR IMMEDIATE RELEASE: June 7, 2018

OFFICIAL STATEMENT

Several members of the Victorville community and leaders from neighboring cities came out to City Hall Tuesday night to voice their concern about the actions of Ms. Gomez. Many of the people who addressed the City Council during this meeting expressed their desire to recall her.

We're saddened that we find ourselves in a position where the actions of one Council Member have become such a distraction to our residents. This is getting attention over all of the good things that are happening in our City. Victorville is a thriving, vibrant community; and we're working hard to keep it that way.

At this time, no one has filed the official paperwork for a recall with the Victorville City Clerk's Office; but we are aware efforts exist to pursue the recall.

-Sue Jones, Public Information Officer
