

## Route 66 Refresh Program Interest Application

The City of Victorville is pleased to introduce the Route 66 Refresh Program. This initiative is designed to improve the safety, appearance, and overall quality of distressed commercial properties within the Old Town area. As part of this program, the City is offering complimentary one-time exterior maintenance and repair services for properties within the qualifying Old Town Specific plan area, with priority given to those located along 7<sup>th</sup> Street and D Street. Eligible properties may receive exterior repairs valued at up to \$10,000 for services such as:

- Graffiti removal
- Storefront painting
- Minor exterior repairs
- Solar-powered security lighting
- Installation of polycarbonate/security panels over windows/doors
- Installation of U.S. Route 66-branded decals over windows/doors

This initiative supports community beautification, enhances neighborhood aesthetics, and promotes public safety. Upon completion of the improvements, property owners will be responsible for ongoing maintenance and timely upkeep of all enhancements.

To be considered for participation in the Old Town Enhancement Program, please complete this form and return it to the mailing address listed above or via email to [enforcement@victorvilleca.gov](mailto:enforcement@victorvilleca.gov) by **October 24, 2025**.

Applications will be evaluated and prioritized based on property visibility, the feasibility and impact of proposed improvements, and consistency with the goals outlined in the Old Town Specific Plan.

If you have questions, please contact Code Compliance Management Specialist, Anthony Gallegos at (760) 955-5104.
