Home Occupation Permit Application, Page 1 of 1

Home Occupancy Permit Requirements

In reviewing and acting upon an application for a Home Occupation Permit, the Development Department Planning Division must determine the applicant's ability to meet the following requirements:

- Possession of a business license is required.
- There shall be no exterior evidence of the conduct of a home occupation except for any signage on vehicles unless otherwise regulated by Title 16.
- A home occupation shall be conducted only within the enclosed living area of the dwelling unit or the garage without rendering the garage unusable as the required off-street parking space(s) for the dwelling unit.
- Electrical/mechanical equipment which creates visible/audible interference in radio/television receivers or causes fluctuation in line voltage outside the dwelling unit/which creates noise/odors not normally associated with residential dwelling units shall be prohibited.
- Only the residents of the dwelling unit may be engaged in the home occupation.
- To the extent that there is any sale of any service or item related to a home occupation by the permittee or seller, no transaction or delivery of the item to the buyer shall occur on or adjacent to the premises.
- There shall be no signs other than those permitted by the zone regulations.
- A home occupation shall not create greater vehicle or pedestrian traffic than normal for the district in which it is located.
- There shall be no modification to existing utility services to accommodate or service the home occupation.
- Any storage of hazardous, toxic, flammable or combustible materials or chemicals associated with the home occupation shall be allowed only if in compliance with City of Victorville standards.
- That portion of the dwelling unit occupied by certain home occupations shall be made available for an annual fire inspection to ensure compliance with applicable health and safety standards. A fee may be charged by the Fire Department for this inspection.
- No advertisement of the home occupation shall include the residential address where the home occupation is conducted.

I have read and understand the aforementioned requirements which must be met in order for the home occupation to receive administrative approval. Subsequent operation of the home occupation in violation of the requirements would most likely result in the invalidation of the home occupation permit.
