Pursuant to Title 14 of the California Code of Regulations, Sections 15072 and 15073, the City of Victorville, which is the lead agency overseeing this project, hereby gives notices of the completion of an Initial Study and Mitigated Negative Declaration for the proposed project as described herein.

PROJECT TITLE: ARROWHEAD DRIVE/SEVENTH AVENUE COMPLETE STREETS PROJECT

PROJECT LOCATION: The project site is located within the City of Victorville, San Bernardino County, California, at the following locations:

- Arrowhead Drive: From Green Tree Boulevard to Nisqualli Road
- Seventh Avenue: From Nisqualli Road to Bear Valley Road

PROJECT DESCRIPTION: Generally, the project will improve Arrowhead Drive/Seventh Avenue from Green Tree Boulevard to Bear Valley Road to provide sidewalks, ADA curb ramps, bus turnouts, and Class II bike lanes.

The project will improve all modes of traffic (vehicular, bicycles, pedestrians, and transit) to provide a “complete street” for a distance of 2.1 miles. The project will include 4.2 miles of Class I bike lanes, 1.2 miles of missing sidewalk to achieve a continuous path, and bus turnouts at key bus stops. The project will connect to the north to a 6.3 centerline mile bike lane loop on Green Tree Blvd, 7th Street, and Hesperia Road which is part of the City’s Mojave Riverwalk project.

FINDINGS/DETERMINATION: The City has reviewed and considered the proposed project and has determined that the project with the implementation of certain mitigation measures will not have a significant effect on the environment with substantial supporting evidence provided in the initial Study. The City hereby prepares and proposes to adopt a **Mitigated Negative Declaration** for this project.
