Do NOT handle any hazardous waste or potentially hazardous materials or items—including motor oil, gasoline, batteries, syringes, guns, or metal or plastic containers that smell or appear to contain noxious material, etc. If you do not know what something is, do not handle it. The location of any hazardous materials should be noted on your Report Card for later follow up by the City's Hazardous Materials Specialist.

Be aware of spiders and snakes. DO NOT put hands or feet into bushes, under debris, into tires, or any other places that may harbor snakes or spiders. Use litter sticks to pull litter out of bushes. Respect private property. Do not go onto any properties posted with "Private Property" or "No trespassing" signs. Do not go onto property behind fences or gates. If you are asked to leave an area by someone claiming to be a property owner, please notify the team leader and leave the area.

Volunteers should **NEVER** run with a litter stick, or point a litter stick at anyone. They should be held with point down, and handled responsibly.

IF AN INJURY OCCURS:

The Team Leader has a basic first aid kit, with band aids, peroxide, etc. Volunteers can use whatever supplies are needed.

If you have any injuries that you feel are an emergency, or are life threatening, you should dial 911 immediately. Your Team Leader will have a cell phone available.

If you have an injury that is not life threatening, but which you believe requires follow-up care, you should proceed as you normally would to handle any other injury you might incur as a private citizen. You may need to go to urgent care or make an appointment to see your own doctor.
