- Refuel vehicles, steam clean engines, wash, and detail vehicles and equipment.
- Perform major overhauls of gas, diesel, and compressed natural gas engines.
- Inspect, diagnose, and repairs mechanical defects on all City motorized, towed, fire, and construction equipment.
- Perform major repair work on drive train, steering, hydraulic, electrical, suspension, air compression, and air/hydraulic/electric brake systems.
- Perform scheduled maintenance.
- Remove and replace compressors.
- Respond to vehicle, equipment, and fuel station breakdowns after normal working hours.
- Track assigned work daily.
- Perform scheduled maintenance.
- Perform upfit/retrofit work, as necessary.
- Perform welding and fabrication work.
- Perform general and advanced diagnoses.
- Complete minor or major repairs to systems and components.
- Accurately apply diagnostic procedures.
- Disassemble components and repair/replace defective parts.
- Read and interpret codes, work orders, and repair manuals.
- Utilize computer software programs.
- Conduct vehicle safety inspections.

- Respond to dispatches for field work and complete emergency field repairs.
- Respond to non-duty emergencies.
- Provide training and assistance to less experienced staff.
- Utilize computer software programs.
- Maintain shop equipment and work areas.
- Maintain time and update maintenance records.
- Maintain a repair parts inventory.
- May be required to pick up and deliver vehicles, equipment, and replacement parts.
- Communicate with manufacturers and vendors to research and order parts and locate repair information.
- May serve as a liaison with County staff regarding vehicle and equipment repairs and maintenance.
- Attend safety meetings and technical training classes.
- Perform all tasks in accordance with applicable federal and state safety standards.

### **MINIMUM QUALIFICATIONS:**

#### **Education, Training and Experience Guidelines:**

High School diploma OR GED equivalent AND five years of experience in the maintenance and repair of vehicles and heavy equipment within a municipal maintenance operation OR an equivalent combination of education, training, and experience. Completion of Automotive Service Excellence (ASE) certification with ASE Series test Medium-Heavy Duty Truck Series T1 through T8. Possession of Fire Mechanic/Emergency Vehicle Technician Certification I from a professionally recognized institution.
