INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of the Southern California Logistics Airport Authority
Victorville, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the Southern California Logistics Airport Authority (SCLAA), a component unit of the City of Victorville, California, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the SCLAA's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the SCLAA, as of June 30, 2024, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the SCLAA and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The SCLAA's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the SCLAA's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the SCLAA's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the SCLAA's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required pension schedules and other post-employment benefit plan schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the SCLAA's basic financial statements. The combining statements of the SCLAA are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining statements of the SCLAA are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements of the SCLAA are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

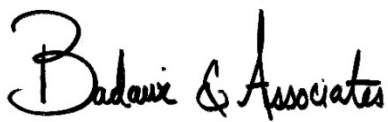

Report on Summarized Comparative Information

The prior year summarized comparative information has been derived from the SCLAA's June 30, 2023 financial statements. The prior year financial statements of the SCLAA as of and for the year ended June 30, 2023, were audited by other auditors whose report dated June 10, 2024, expressed an unmodified opinion on those statements.

To the Board of Directors
of the Southern California Logistics Airport Authority
Victorville, California
Page 4

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 10, 2025 on our consideration of the SCLAA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SCLAA's internal control over financial reporting and compliance.

NOTES TO BASIC FINANCIAL STATEMENTS

This page intentionally left blank

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Southern California Logistics Airport Authority (SCLAA) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the SCLAA's accounting policies are described below.

A. *Description of the Reporting Entity*

The Southern California Logistics Airport Authority (SCLAA), a component unit of the City of Victorville, was formed in June of 1997 by the City of Victorville and the former Victorville Redevelopment Agency. Prior to the dissolution of the Victorville Redevelopment Agency in 2012, the Victorville Water District was added as a member of the JPA. The purpose of SCLAA is to provide for the coordination of long-range planning of the territory of George Air Force Base (now Southern California Logistics Airport, or the Airport). The Victor Valley Economic Development Authority (VVEDA), a Joint Powers Authority of the City of Victorville and other entities, was authorized to exclusively exercise the powers of a redevelopment agency in the area including and surrounding the Airport. VVEDA subsequently delegated to the SCLAA all of its redevelopment authority over the portion of the VVEDA project area comprised of the Airport.

B. *Relationship to the City of Victorville*

The SCLAA is an integral part of the reporting entity of the City of Victorville (the City) and is reflected as a blended component unit within the City of Victorville. The SCLAA fund has been included within the scope of the basic financial statements of the City because, although it is a legally separate organization, the City Council is the governing board and has financial accountability over the operations of the SCLAA. Only the SCLAA fund is included herein and these financial statements, therefore, do not purport to represent the financial position or results of operations of the City of Victorville, California.

C. *Basic Financial Statements*

The basic financial statements are comprised of the statement of net position, the statement of revenues, expenses, and changes in net position, the statement of cash flows and the notes to the basic financial statements.

D. *Basis of Accounting, Measurement Focus, and Financial Statement Presentation*

The SCLAA is accounted for as an enterprise fund (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those ongoing businesses in which the purpose is to conserve and add to basic resources while meeting operating expenses from current revenues. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from user charges.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

D. Basis of Accounting, Measurement Focus, and Financial Statement Presentation, Continued

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Proprietary funds are presented using the economic resources measurement focus. This means that all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with their activity are included on their statement of net position.

Proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered, regardless of when the related cash flows take place. Amounts paid to acquire capital assets are capitalized as assets. Proceeds of long-term debt and acquisitions under capital leases are recorded as a liability. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liability. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method for bonds issued through 2021 and the effective interest method for bonds issued thereafter. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

The SCLAA distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with airport and rental operations. The principal operating revenues of the SCLAA are charges to customers for services, which includes landing fees, fuel flowage fees, and rent and lease revenue, fines and forfeitures, and other reimbursements. Operating expenses include personnel services, maintenance and operational costs, and depreciation of capital assets. All revenues and expenses not meeting this definition, such as taxes, investment income, and interest expense, are reported as nonoperating revenues and expenses.

E. Cash and Investments

Investments are reported in the accompanying statement of net position at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

F. Cash Equivalents

For purposes of the statement of cash flows, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Cash equivalents include the cash and investments held by a fiscal agent.

G. Accounts Receivable

The SCLAA specifically identifies accounts that are deemed uncollectable and offsets the receivable by an allowance for doubtful accounts. The amounts recorded as accounts receivable include various reimbursements and fees due to the SCLAA, net of an allowance for doubtful accounts totaling \$125,642 as of June 30, 2024.

H. Due from Other Governments

The amounts recorded as a receivable due from other governments includes grant revenues collected or provided by Federal, State, County, and City Governments and unremitted to the City as of June 30, 2024.

I. Inventory and Prepaid Items

The SCLAA uses the consumption method of accounting for inventories. Inventory consists primarily of supplies for construction and repair that are valued at cost using the weighted average method. Certain payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items utilizing the consumption method.

J. Leases

When the SCLAA is a lessee, a lease liability and a lease asset is recognized at the commencement of the lease term, unless the lease is a short-term lease, or it transfers ownership of the underlying asset. The lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset is measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

When the SCLAA is a lessor, a lease receivable and a deferred inflow of resources is recognized at the commencement of the lease term, with certain exceptions for leases of assets held as investments, certain regulated leases, short-term leases, and leases that transfer ownership of the underlying asset. The lease receivable is measured at the present value of lease payments expected to be received during the lease term. The deferred inflow of resources is measured at the value of the lease receivable plus any payments received at or before the commencement of the lease term that relate to future periods.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

K. Capital Assets

Tangible capital assets (including infrastructure) are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated tangible capital assets are valued at acquisition value on the date of donation. SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets. SCLAA capitalizes all assets with an initial individual cost of more than \$5,000 and a useful life in excess of one year. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend the life are not capitalized.

Depreciation is computed utilizing the straight-line method over the following useful lives for tangible capital assets:

Buildings and Improvements	10 to 50 Years
Computer and Communications	5 Years
Furniture and Equipment	3 to 7 Years
Infrastructure	20 to 40 years
Land Improvements	10 to 50 Years
Vehicles	8 to 15 Years

L. Compensated Absences

A liability is recorded for unused vacation and similar compensatory leave balances since the employees' entitlement to these balances is attributable to services already rendered and it is probable that virtually all of these balances will be liquidated by either paid time off or payments upon termination or retirement.

A liability is recorded for unused sick leave balances only to the extent that it is probable that the unused balances will result in termination payments. This is estimated by including in the liability the unused balances of employees currently entitled to receive termination payment, as well as those who are expected to become eligible to receive termination benefits as a result of continuing their employment with the City. Other amounts of unused sick leave are excluded from the liability since their payment is contingent solely upon the occurrence of a future event (illness), which is outside the control of the City and the employee.

The balance of unpaid vacation and vested sick leave at year-end is recorded as a long-term liability in the financial statements.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

M. Unearned Revenue

Unearned revenue is recorded when the SCLAA receives funds for which the goods or services have not yet been provided and, therefore, revenue has not yet been earned. The balance in unearned revenue for the SCLAA primarily consists of funds received in advance from tenants in which the City serves as the lessor.

N. Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until that time. The category of deferred outflow of resources reported in the statement of net position is related to a loss on refunding, pension, and other postemployment benefits. A deferred loss on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on pension and other postemployment benefits are more fully discussed in Notes 6 and 7, respectively.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

The SCLAA's deferred inflows of resources reported on the statement of net position relate to leases, pension and other postemployment benefits. Amounts for leases are for amounts not yet received that are deferred and recognized as an inflow of resources in the period that the amounts are available or earned. Pension and other postemployment benefits deferred inflows of resources are more fully discussed in Notes 9 and 10, respectively.

O. Net Position

Net position is classified in the following categories:

Net Investment in Capital Assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt (including premiums and discounts) and capital related payables that are attributed to the acquisition, construction, or improvement of the assets.

Restricted Net Position – This amount is restricted by enabling legislation (such as external creditors, grantors, contributors, laws or regulations of other governments).

Unrestricted Net Position – This amount is the remaining net position that does not meet the definition of “invested in capital assets” or “restricted net position.”

Notes to Basic Financial Statements
For the Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

O. Net Position, Continued

Sometimes the SCLAA will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the SCLAA's practice to consider restricted net position to have been depleted before unrestricted net position is applied, unless otherwise directed by Council.

P. Pensions

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the SCLAA's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Q. Prior Year Data

Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the SCLAA's prior year financial statements, from which this selected financial data was derived.

R. Estimates

The presentation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2024, are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 41,290,155
Cash and Investments with Fiscal Agent	<u>26,097,008</u>
Total Cash and Investments	<u>\$ 67,387,163</u>

Cash and investment as of June 30, 2024, consist of the following:

Equity in City of Victorville Pool	23,001,342
Investments	<u>44,385,821</u>
Total Cash and Investments	<u>\$ 67,387,163</u>

A. Investments Pool of the City of Victorville

The SCLAA has no separate bank accounts or investments other than investments held by bond trustee, and their investment in LAIF. The SCLAA’s equity in the cash and investment pool is managed by the City of Victorville. The SCLAA is a voluntary participant in that pool. This pool is governed by and under the regulatory oversight of the Investment Policy adopted by the City Council of the City of Victorville. The SCLAA has not adopted an investment policy separate from that of the City of Victorville. The fair value of the Authority’s investment in this pool is reported in the accompanying financial statements at amounts based upon the SCLAA’s pro-rata share of the fair value calculated by the City for the entire City portfolio. The balance available for withdrawal is based on the accounting records maintained by the City, which are recorded on an original cost basis.

B. Investments Authorized by the California Government Code and the City's Investment Policy

The City adopts the investment policy for the SCLAA. The table below identifies the investment types that are authorized for the SCLAA by the California Government Code and the City's investment policy. The table also identifies certain provisions of the California Government Code (or the City's investment policy, if more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Investment Type Authorized by State Law	Authorized by Investment Policy	Maximum Maturity*	Maximum Percentage of Portfolio*	Maximum Investment in One Issuer
Local Agency Bonds	Yes	5 Years	70%	None
U.S. Treasury Obligations	Yes	5 Years	70%	None
U.S. Agency Securities	Yes	5 Years	75%**	None

Commercial Paper - Nonpooled Funds	No	270 Days	25%	10%
Commercial Paper - Pooled Funds	No	270 Days	40%	10%
Negotiable Certificates of Deposit	Yes	2 Years	30%	None
Repurchase Agreements	No	1 Year	None	None
Reverse Repurchase Agreements	No	92 Days	20% of Base Value	None
Medium-Term Notes	No	5 Years	30%	None
Mutual Funds***	No	5 Years	20%*	10%*
Money Market Mutual Funds***	Yes	5 Years	20%*	None
Mortgage Pass-Through Securities	No	5 Years	20%	None
County Pooled Investment Funds	No	N/A	None	None
Local Agency Investment Fund (LAIF)	Yes	N/A	None	\$75M
JPA Pools (Other Investment Pools)	No	N/A	None	None

* Based on state law requirements or investment policy requirements, whichever is more restrictive.

** Ginnie Mae is not to exceed 20% of the total portfolio.

*** Fund must be an AAA rated Government or U.S. Treasury money fund.

B. Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the SCLAA's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk and concentration of credit risk.

Authorized Investment Types	Maximum Maturity	Maximum Percentage Allowed	Investment in One Issuer
U.S. Treasury Obligations	None	None	None
U.S. Agency Securities	None	None	None
Banker's Acceptances	360 Days	None	None
Commercial Paper	270 Days	None	None

2. CASH AND INVESTMENTS, Continued

C. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Authority manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the Authority's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of these investments by maturity.

Investment Type	Total	Remaining Maturities (in Months) Within 12
LAIF	\$ 18,288,813	\$ 18,288,813
Held by Bond Trustee:		
Money Market Mutual Funds	26,097,008	26,097,008
Total	\$ 44,385,821	\$ 44,385,821

D. Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual Standard & Poor's rating as of year-end for each investment type.

Investment Type	Total	Minimum Legal Rating	Ratings as of Year-End	
			AAA	Not Rated
LAIF	\$ 18,288,813	N/A	\$ -	\$ 18,288,813
Held by Bond Trustee:				
Money Market Mutual Funds	26,097,008	AAA	26,097,008	-
Total	\$ 44,385,821		\$ 26,097,008	\$ 18,288,813

E. Concentration of Credit Risk

The investment policy of the SCLAA contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The SCLAA has no investments in any one issuer (other than LAIF and money market mutual funds) that represent 5% or more of the City's investments.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

2. CASH AND INVESTMENTS, Continued

F. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit).

The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure SCLAA deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2024, the SCLAA's deposits (bank balances) were equity in the City of Victorville's pool, which was insured by the federal depository insurance limits or collateralized as required under California Law.

For investments identified herein as held by bond trustee, the bond trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

G. Investment in State Investment Pool

The SCLAA is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the state of California. The fair value of the SCLAA's investment in this pool is reported in the accompanying financial statements at amounts based upon the SCLAA's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF.

H. Fair Value Measurements

The SCLAA categorizes its fair value measurement within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The fair value framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

2. CASH AND INVESTMENTS, Continued

H. Fair Value Measurements, Continued

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs other than quoted prices included within the Level 1 that are observable for the asset or liability, either directly or indirectly, and fair value is determined through the use of models or other valuation methodologies including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are inactive;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other items.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements. These unobservable inputs reflect the SCLAA's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk). These unobservable inputs are developed based on the best information available in the circumstances and may include the SCLAA's own data.

The SCLAA's investments in LAIF and money market mutual funds (held by bond trustee) are not subject to the fair value measurement hierarchy.

See pledged revenue information at the end of this note.

A. Tax Allocation Parity Bonds, Series 2005A

In June 2005, the SCLAA issued \$42,185,000 principal amount of Tax Allocation Parity Bonds, Series 2005A. This debt was issued to finance certain public capital improvements benefiting the SCLAA.

On February 8, 2006, \$1.8 million of bond proceeds was invested in land for the construction of a new City library. Prior to this purchase (on November 3, 2005), the Board of Directors of the SCLAA adopted a resolution with the intent of entering into a loan agreement between the SCLAA and the City with respect to this land purchase. On September 21, 2010, City Council approved this loan agreement. Legal counsel for the City has indicated that approval by the bond insurer is not required for the investment of proceeds not held by the bond trustee.

Bonds maturing on December 1, 2010, December 1, 2016, December 1, 2020, December 1, 2025, December 1, 2030, and December 1, 2035 in the amounts of \$2,765,000, \$3,365,000, \$5,140,000, \$6,335,000, \$7,870,000, and \$15,335,000, respectively, are term bonds. The outstanding bonds bear interest at 3.50% to 5.00% due June 1 and December 1 of each year.

The bonds are subject to redemption prior to maturity as described in the bond covenants. The bonds maturing on or after June 1, 2016 are subject to optional redemption in whole or in part by lot, without premium.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

4. LONG-TERM LIABILITIES, Continued

A. Tax Allocation Parity Bonds, Series 2005A, Continued

The bonds maturing on December 1, 2010, December 1, 2016, December 1, 2020, December 1, 2025, December 1, 2030, and December 1, 2035 are subject to mandatory redemption in part by lot, without premium, commencing December 1, 2007, December 1, 2012, December 1, 2016, December 1, 2021, December 1, 2026, and December 1, 2031, respectively, from sinking fund payments made by SCLAA.

In the fiscal year ended June 30, 2006, these bonds were partially defeased by the issuance of the Tax Allocation Revenue Parity Bonds, Refunding Series 2005 (Non-Housing). As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The Bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$10,565,000.

B. Tax Allocation Revenue Parity Bonds, Refunding Series 2006 (Non-Housing)

In June 2006, the SCLAA issued \$62,780,000 principal amount of Tax Allocation Revenue Parity Bonds, Refunding Series 2006. The proceeds were used to refund the 2001 Tax Allocation Bonds, the 2003 Tax Allocation Bonds, and a portion of 2005 Tax Allocation Bonds. As a result, the 2001 and 2003 Tax Allocation Bonds are considered to be defeased, and the 2005 Tax Allocation Bonds are considered to be partially defeased. The respective liabilities have been removed from the statement of net position.

Bonds maturing on December 1, 2026, December 1, 2031, December 1, 2036, and December 1, 2043 in the amounts of \$6,895,000, \$8,595,000, \$10,810,000, and \$20,335,000, respectively, are term bonds. The outstanding bonds bear interest at 4.50% to 5.00% due June 1 and December 1 of each year.

The bonds are subject to redemption prior to maturity as described in the bond covenants. The bonds maturing on or after June 1, 2016 are subject to optional redemption in whole or in part by lot without premium.

The bonds maturing on December 1, 2026, December 1, 2031, December 1, 2036, and December 1, 2043 are subject to mandatory redemption in part by lot, without premium, commencing December 1, 2022, December 1, 2027, December 1, 2032, and December 1, 2037, respectively, from sinking fund payments made by SCLAA.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$44,055,000.

C. Tax Allocation Revenue Parity Bonds, Refunding Series 2006 (Housing Set-Aside)

In June 2006, the SCLAA issued \$16,855,000 principal amount of Housing Set-Aside Revenue Bonds, Refunding Series 2006. The proceeds were used to refund all of the 2003 Tax Allocation Bonds and a portion of the 2005 Tax Allocation Parity Bonds. As a result, the 2003 Tax Allocation Bond is considered to be defeased and the liability has been removed from the statement of net position.

Bonds maturing on December 1, 2026, December 1, 2031, December 1, 2036, and December 1, 2043 in the amounts of \$1,855,000, \$2,305,000, \$2,905,000, and \$5,460,000, respectively, are term bonds. The outstanding bonds bear interest at 4.50% to 5.00% due June 1 and December 1 of each year.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

4. LONG-TERM LIABILITIES, Continued

C. Tax Allocation Revenue Parity Bonds, Refunding Series 2006 (Housing Set-Aside), Continued

The bonds are subject to redemption prior to maturity as described in the bond covenants. The bonds maturing on or after June 1, 2016 are subject to optional redemption in whole or in part by lot without premium.

The bonds maturing on December 1, 2026, December 1, 2031, December 1, 2036, and December 1, 2043 are subject to mandatory redemption in part by lot, without premium, commencing December 1, 2022, December 1, 2027, December 1, 2032, and December 1, 2037, respectively, from sinking fund payments made by SCLAA.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$11,830,000.

D. Tax Allocation Revenue Parity Bonds, Taxable Series 2006

In June 2006, the SCLAA issued \$45,020,000 principal amount of Tax Allocation Revenue Parity Bonds, Taxable Series 2006. The proceeds were used to finance certain redevelopment activities benefiting the SCLAA.

Bonds maturing on December 1, 2036 and December 1, 2043 in the amounts of \$20,080,000, and \$24,940,000, respectively, are term bonds. The outstanding bonds bear interest at 6.10% due June 1 and December 1 of each year.

The bonds are subject to redemption prior to maturity as described in the bond covenants. The bonds are subject to optional redemption in whole or in part by lot, subject to a premium.

The bonds maturing on December 1, 2036 and December 1, 2043 are subject to mandatory redemption in part by pro-rata, without premium, commencing December 1, 2006 and December 1, 2037, respectively, from sinking fund payments made by SCLAA.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$41,035,000.

E. Taxable Tax Allocation Revenue Parity Bonds, Forward Series 2006

In November 2006, SCLAA issued \$34,980,000 principal amount of Taxable Tax Allocation Revenue Parity Bonds, Forward Series 2006. The proceeds were used to finance and refinance certain redevelopment activities benefiting the SCLAA.

The bonds mature from December 1, 2007 to December 1, 2043 in varying amounts. Principal is payable in annual installments ranging from \$50,000 to \$2,320,000, commencing December 1, 2007. The bonds accrue interest at rates between 6.25% and 6.30%. Interest on the bonds is payable semi-annually on each June 1 and December 1, commencing June 1, 2007.

E. Taxable Tax Allocation Revenue Parity Bonds, Forward Series 2006, Continued

The bonds are subject to optional and mandatory redemption prior to maturity.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$27,705,000.

F. Taxable Subordinate Tax Allocation Revenue Bonds, Series 2006

In November 2006, the SCLAA issued \$64,165,000 principal amount of Taxable Subordinate Tax Allocation Revenue Bonds, Series 2006. The proceeds were used to finance certain redevelopment activities benefiting the SCLAA.

The bonds mature from December 1, 2007 to December 1, 2043 in varying amounts. Principal is payable in annual installments ranging from \$395,000 to \$4,135,000, commencing December 1, 2007. The bonds accrue interest at 6.05%. Interest on the bonds is payable semiannually on each June 1 and December 1, commencing June 1, 2007.

The bonds are subject to optional and mandatory redemption prior to maturity. As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$50,120,000.

G. Taxable Housing Set-Aside Revenue Parity Bonds, Series 2007

In March 2007, the SCLAA issued \$41,460,000 principal amount of Taxable Housing Set-Aside Revenue Parity Bonds, Series 2007. The proceeds were used to finance certain low-and moderate-income housing programs of the Authority. On July 7, 2009, \$20,000,000 of bond proceeds were invested in a loan to the Victorville Water District. Legal counsel for the City has indicated that approval by the bond insurer is not required for the investment of proceeds not held by the bond trustee. In February 2013, this loan was repaid in full with interest.

Bonds maturing on December 1, 2012, December 1, 2017, December 1, 2022, December 1, 2027, and December 1, 2043 in the amounts of \$3,265,000, \$2,800,000, \$3,620,000, \$4,685,000, and \$27,090,000, respectively, are term bonds. The outstanding bonds bear interest at 5.00%, 5.20%, 5.25%, 5.40%, and 5.55% due June 1 and December 1 of each year.

The bonds are subject to optional redemption in whole or in part by lot, without premium.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash and an insurance policy. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$30,935,000.

4. LONG-TERM LIABILITIES, Continued

H. Subordinate Tax Allocation Revenue Bonds, Series 2007 (Non-Housing)

In December 2007, the SCLAA issued \$42,000,000 principal amount Subordinate Tax Allocation Revenue Bonds, Series 2007. The proceeds were used to finance certain redevelopment activities benefiting the SCLAA.

Bonds maturing on December 1, 2008, December 1, 2009, December 1, 2012, December 1, 2017, December 1, 2022, December 1, 2027, December 1, 2032, December 1, 2032, December 1, 2037, December 1, 2037, December 1, 2037, December 1, 2043 and December 1, 2043 in the amounts of \$480,000, \$425,000, \$1,395,000, \$2,805,000, \$3,640,000, \$4,745,000, \$3,000,000, \$3,275,000, \$3,325,000, \$3,800,000, \$1,250,000, \$9,210,000, and \$4,650,000, respectively, are term bonds. The outstanding bonds bear interest at 4.000%, 4.200%, 4.375%, 5.250%, 5.375%, 5.600%, 5.900%, 6.000%, 5.900%, 6.000%, 6.100%, 5.900%, and 6.150% due June 1 and December 1 of each year.

The bonds are subject to redemption prior to maturity at the option of the Authority, on or after December 1, 2017, in whole or in part by lot, without premium.

The bonds maturing on the dates described above are subject to mandatory redemption in part by lot, without premium, commencing December 1, 2010, December 1, 2013, December 1, 2018, December 1, 2023, December 1, 2028, December 1, 2028, December 1, 2033, December 1, 2033, December 1, 2033, December 1, 2038, and December 1, 2038, respectively, from sinking fund payments made by SCLAA.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$32,405,000.

I. Subordinate Tax Allocation Revenue Bonds, Series 2008A

In May 2008, the SCLAA issued \$13,334,925 principal amount of Subordinate Tax Allocation Revenue Bonds, Series 2008A. The proceeds were used to finance certain redevelopment activities benefiting the SCLAA and to partially refund the \$35,000,000 principal amount of Subordinate Tax Allocation Revenue Notes, Series 2008.

Bonds maturing on December 1, 2010, December 1, 2013, December 1, 2018, December 1, 2023, December 1, 2033, December 1, 2038, and December 1, 2043 in the amounts of \$130,000, \$215,000, \$340,000, \$530,000, \$1,675,000, \$1,285,000, and \$1,720,000, respectively, are Current Interest Bonds. The outstanding bonds bear interest at 4.25%, 4.50%, 5.00%, 5.25%, 6.00%, 6.00%, and 6.00% due June 1 and December 1 of each year.

Bonds maturing on December 1 of each year beginning 2044 through 2050 in the initial principal amounts of \$1,316,266, \$1,216,397, \$1,123,621, \$1,037,536, \$957,600, \$883,633, and \$814,910 are Capital Appreciation Bonds. The outstanding bonds bear yields to maturity of 7.300%, 7.320%, 7.340%, 7.360%, 7.380%, 7.400%, and 7.420%. All of the bonds have a future maturity value of \$131,805,000 at June 30, 2024.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

4. LONG-TERM LIABILITIES, Continued

I. Subordinate Tax Allocation Revenue Bonds, Series 2008A

The current interest bonds are subject to redemption prior to maturity at the option of the Authority, on or after December 1, 2018, in whole or in part by lot, without premium. The Capital Appreciation Bonds are subject to optional redemption in whole or in part by lot, without premium.

As of June 30, 2024, the required reserve for the Bonds was met with fiscal agent cash. The bonds are a special obligation of the SCLAA payable from tax increment revenues. The amount of bonds outstanding at June 30, 2024 is \$28,239,320, which includes an accretion balance of \$16,209,395.

J. Debt Service Requirements to Maturity

The annual requirements to amortize outstanding SCLAA debt as of June 30, 2024, are as follows for each fiscal year ending June 30:

Year Ending June 30,	Tax Allocation Bonds	
	Principal*	Interest
2025	\$ 7,245,000	\$ 14,160,664
2026	7,630,000	13,767,567
2027	8,035,000	13,352,576
2028	8,455,000	12,914,560
2029	8,905,000	12,449,433
2030-34	52,345,000	54,135,381
2035-39	69,130,000	36,762,563
2040-44	91,585,000	21,951,846
2045-49	5,651,382	84,989,915
2050-54	1,698,543	25,870,773
Subtotal	260,679,925	290,355,278
Accreted Amount	16,209,395	
Discounts/Premiums	(1,908,461)	
Total	\$ 274,980,859	

*This total includes capital appreciation of \$104,677,126 for tax allocation bonds that will be accrued in the future years.

K. Pledged Revenue

All of the above Tax Allocation Bonds are collateralized by the pledging of certain revenues. The amount and term of the remainder of these commitments are indicated in the debt service to maturity tables presented in the accompanying notes. The purposes for which the proceeds of the related debt issuances were utilized are disclosed in the debt descriptions in the accompanying notes.

The SCLAA contains a portion of the Victor Valley Economic Development Authority (VVEDA) Successor Agency (see Note 8 for additional information). The RPTTF (tax increment distributions) from VVEDA represent the primary revenue of the SCLAA.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

4. LONG-TERM LIABILITIES, Continued

K. Pledged Revenue, Continued

As a result of the state’s action to dissolve all redevelopment agencies in the state of California, the VVEDA Successor Agency no longer receives the full amount of tax increment previously pledged by the dissolved redevelopment agency to its bondholders. In its place is a new revenue stream (RPTTF distributions) provided to the VVEDA Successor Agency that represents only that portion of tax increment that is necessary to pay the approved enforceable obligations that come due for that fiscal year.

For the current year, pledged gross revenue (net of certain expenses were so required by the debt agreement) as a percentage of debt service payments are indicated in the table below:

Description of Pledged Revenue	Annual Amount of Pledged Revenue (Net of Expenses, Where Required)	Annual Debt Service Payment (of All Debt Secured by This Revenue)	Pledged Revenue as a Percentage of Debt Service
Property Tax Increment Pledged by the Southern California Logistics Airport Authority	\$ 21,433,650	\$ 21,440,859	100%

5. ADVANCES TO/FROM

A. Advances to/from the City

Fund Reporting Receivable	Fund Reporting Payable	Amount
Successor Agency*	SCLAA	\$11,678,089 a)
SCLAA	City of Victorville	1,600,000 b)

*Advances from the Successor Agency have been classified as Advances from Other Governments in the statement of net position.

a) Per a loan agreement approved on September 15, 2009 by the Board of Victorville RDA, a \$10,000,000 advance was made from the Bear Valley Road Redevelopment Project Area (RDA Capital Project Fund) to the SCLAA. The advance is to be used to continue redevelopment at SCLAA and to fund prior years’ capital improvements and redevelopment project expenses. The advance bears interest at 3% using the simple interest method in accordance with SB-107. The outstanding balance of the advance as of June 30, 2024, is \$11,678,089.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

5. ADVANCES TO/FROM, Continued

A. Advances to/from the City, Continued

b) A loan agreement was signed on April 18, 2023 by the City Council that authorizes the SCLAA to loan \$2,000,000 to the City's nonmajor gas utility enterprise fund for the construction of new gas infrastructure that will allow for the purchase of lower priced natural gas and future growth at SCLAA. The loan principal shall be repaid in five equal installments of \$400,000 to commence in the year ending June 30, 2024 and conclude in the year ending June 30, 2028. Interest shall begin to accrue on the total principal amount commencing on July 1, 2023, and shall thereafter be calculated annually on the balance of the outstanding principal and shall be payable each year on June 30 at the annualized (averaged) LAIF rate of return. The outstanding balance of the advance as of June 30, 2024 is \$1,600,000. Due to the uncertainty on when sufficient tax increment will be available to make payments on this loan, the obligation has not yet been included on the ROPS to request funding for repayment. In future fiscal years, the loan will be added to the ROPS.

6. PENSION PLAN

A. General Information about the Pension Plan

Plan Description

All qualified permanent and probationary employees are eligible to participate in the City's Miscellaneous Plan, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. The SCLAA's share of the net pension liability is reported as a cost-sharing plan in these financial statements. Benefit provisions under the Plan are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 to 62 with statutorily reduced benefits. For employees hired into a plan with the 1.5% at 65 formula, eligibility for service retirement is age 55 with at least five years of services. PEPRAs miscellaneous members become eligible for service retirement upon attainment of age 52 with at least five years of service. All members are eligible for nonduty disability benefits after five years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Notes to Basic Financial Statements
For the Year Ended June 30, 2024

6. PENSION PLAN, Continued

A. General Information about the Pension Plan, Continued

The Plan's provisions and benefits in effect as of the measurement period ended June 30, 2023, are summarized as follows:

	Miscellaneous	
	Prior to January 1, 2013	On or After January 1, 2013
Hire Date		
Benefit Formula	2.5% @ 55	2.0% @ 62
Benefit Vesting Schedule	5 Years of Service	5 Years of Service
Benefit Payments	Monthly for Life	Monthly for Life
Retirement Age	50 to 55	52 to 67
Required Employee Contribution Rates	8.00%	7.78%
Required Employer Contribution Rates:		
Normal Cost Rate	11.57%	11.57%
Payment of Unfunded Liability	\$ 276,578	N/A

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The SCLAA is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. SCLAA contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contributions requirements are classified as plan member contributions. For the fiscal year ended June 30, 2024, SCLAA made contributions totaling \$515,986.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

6. PENSION PLAN, Continued

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

Actuarial Assumptions

The total pension liability for the Miscellaneous Plan for the June 30, 2023 measurement period was determined by an actuarial valuation as of June 30, 2022, with update procedures used to roll forward the total pension liability to June 30, 2023. The total pension liability for the Miscellaneous Plan was based on the following assumptions:

Valuation Date	June 30, 2022
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry-Age Normal Cost Method
Asset Valuation Method	Market Value of Assets
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Salary Increases	(1)
Mortality Rate Table	(2)
Post Retirement Benefit Income	(3)

(1) Varies by entry age and service.

(2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study and Review of Actuarial Assumptions. Mortality rates incorporate full generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.

(3) The lesser of contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.30% thereafter.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

6. PENSION PLAN, Continued

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions, Continued

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations. Using historical returns all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points. The expected real rates of return by asset class are as follows:

Asset Class (a)	Assumed Asset Allocation	Real Return (a) (b)
Global Equity - Cap-weighted	30.00%	4.54%
Global Equity - Non-Cap-weighted	12.00%	3.84
Private Equity	13.00%	7.28
Treasury	5.00%	0.27
Mortgage-backed Securities	5.00%	0.50
Investment Grade Corporates	10.00%	1.56
High Yield	5.00%	2.27
Emerging Market Debt	5.00%	2.48
Private Debt	5.00%	3.57
Real Assets	15.00%	3.21
Leverage	-5.00%	(0.59)
Total	100.00%	

(a) An expected inflation of 2.30% used for this period

(b) Figures are based on the 2021 Asset Liability Management study.

Discount Rate

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Change in Assumptions

The discount rate and long-term rate of return remained the same as prior year from 6.90% to 6.90% and the inflation rate remained the same as 2.30% from the measurement date June 30, 2022 to June 30, 2023.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

6. PENSION PLAN, Continued

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions, Continued

Proportionate Share of Net Pension Liability – City’s Miscellaneous Agent Multiple-Employer Plan Allocation to the SCLAA

The SCLAA’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The SCLAA’s proportionate share of the net pension liability was based on a projection of the SCLAA’s long-term share of contributions to the Miscellaneous Plan relative to the projected contributions of the City, actuarially determined.

The SCLAA’s proportionate share of the net pension liability for the Miscellaneous Plan as of the measurement dates ended June 30, 2022 and 2023, was as follows:

	Increase (Decrease)			Proportionate Share
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (c) = (a) - (b)	
Balance at June 30, 2022 (MD)	\$ 16,021,435	\$ 11,517,747	\$ 4,503,688	6.58%
Balance at June 30, 2023 (MD)	16,994,501	12,064,330	\$ 4,930,171	6.51%
Net Changes During 2022-23	\$ 973,066	\$ 546,583	\$ 426,483	-0.07%

Pension Expense and Deferred Outflows and Inflows of Resources

For the year ended June 30, 2024, the SCLAA recognized pension expense of \$669,532 for the Miscellaneous Plan. At June 30, 2024, the SCLAA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for the Miscellaneous Plan:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension Contributions Subsequent to the Measurement Date	\$ 515,986	\$ -
Changes of Assumptions	286,527	-
Differences Between Expected and Actual Experience	363,600	(183,799)
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	602,363	-
Total	\$ 1,768,477	\$ (183,799)

\$515,986 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Differences between projected and actual investment earnings are amortized on a five-year straight-line basis and all other amounts are amortized over the expected average remaining service lives of all members that are provided with benefits.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

6. PENSION PLAN, Continued

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions, Continued

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Period Ended June 30,	Deferred Inflows of Resources
2024	\$ 351,649
2025	231,125
2026	470,212
2027	15,705
2028	-
Thereafter	-

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the SCLAA's proportionate share of the net pension liability for the Miscellaneous Plan, calculated using the discount rate of 6.90%, as well as what the SCLAA's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Discount Rate		
	1% Decrease -5.90%	Current Rate -6.90%	1% Increase -7.90%
Net Pension Liability	\$ 7,362,924	\$ 4,930,171	\$ 2,940,079

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separate issued CalPERS financial reports.

Payable to the Pension Plan

At June 30, 2024, the SCLAA had no outstanding amount of contributions to the Miscellaneous Plan required for the year ended June 30, 2024.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

7. OTHER POST-EMPLOYMENT BENEFITS PLAN

A. Plan Descriptions

The SCLAA participates in the City’s Other Postemployment Benefits Defined Benefit Pension Plan and the SCLAA’s share of the total OPEB liability is reported as a cost-sharing plan in these financial statements.

The City Plan provides medical benefits to eligible retired City employees and beneficiaries in accordance with various labor agreements. The plan covers employees who retire directly from the City with eight years of service. The City provides a contribution up to a certain amount (a portion of the HMO single premium). The percentage varies based on years of service.

B. Funding Policy

The contribution requirements of plan members and the City are established and may be amended by City Council. The contribution required to be made under City Council and labor agreement requirements is based on a pay-as-you-go basis (i.e., as medical insurance premiums become due). The City has not established a trust that is administered by the City for the purpose of holding assets accumulated for plan

C. Contributions

The City Plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the City and the bargaining units. The annual contribution is based on the year’s retiree medical premiums (pay-as-you-go basis). For the fiscal year ended June 30, 2024, the SCLAA’s cash contributions were \$20,166 in cash benefit payments, \$78 in administrative costs, and the estimated implied subsidy was \$7,892, resulting in total payments of \$28,136.

D. Total OPEB Liability

The City’s total OPEB liability was measured as of June 30, 2023 and determined by an actuarial valuation as of June 30, 2022.

Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	3.65%
Inflation	2.50%
Salary Increases	2.75 per annum, in aggregate
Investment Rate of Return	N/A
Mortality, Retirement, Disability, and Termination	2000-2019 Experience Study
Mortality Improvement	Postretirement mortality projected fully generational with Scale MP-2021
Healthcare Trend Rate	Non-Medicare: 8.5% for 2024, decreasing to an ultimate rate of 3.45% in 2076 Medicare (Non-Kaiser) - 7.5% for 2024, decreasing to an ultimate rate of 3.45% in 2076 Medicare (Kaiser) - 6.25% for 2024, decreasing to an ultimate rate of 3.45% in 2076

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

7. OTHER POST-EMPLOYMENT BENEFITS PLAN, Continued

E. Discount Rate

The discount rate used to measure the total OPEB liability was 3.65%. The discount rate is determined based on the Bond Buyer 20-Bond Index since the City has not established a trust.

G. Change in Actuarial Assumptions

The following actuarial assumption changes occurred from the measurement periods ended June 30, 2022 to 2023:

- The discount rate changed from 3.54% to 3.65% based on changes in the index.
- Inflation remained unchanged at 2.50%.
- The healthcare trend rate remained unchanged as follows: Non-Medicare rate is 8.5%, Medicare (Non-Kaiser) is 7.5%, and Medicare (Kaiser) is 6.25%.
- Demographic assumptions were updated from the CalPERS 1997-2015 Experience Study to the CalPERS 2000-2019 Experience Study.
- Mortality improvement was updated from Scale MP-2020 to Scale MP-2021.

H. Allocation of Total OPEB Liability

The SCLAA's proportionate share of the total OPEB liability as of the measurement dates ended June 30, 2022 and 2023, was as follows:

	Total OPEB Liability	Proportionate Share
Balance - June 30, 2022 (MD)	\$ 2,040,084	8.64%
Balance - June 30, 2023 (MD)	2,115,912	8.37%
Net Changes During 2022-23	\$ (75,828)	-0.27%

I. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the SCLAA's proportionate share of the total OPEB liability if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	Discount Rate		
	1% Decrease (2.65%)	Current Rate (3.65%)	1% Increase (4.65%)
Total OPEB Liability	\$ 2,500,480	\$ 2,115,912	\$ 1,808,502

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

7. OTHER POST-EMPLOYMENT BENEFITS PLAN, Continued

J. Sensitivity of the Total OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the SCLAA's proportionate share of the total OPEB liability if it were calculated using health care cost trend rates that are one percentage point lower (Non-Medicare: 7.5% for 2024 decreasing to 2.45% in 2076; Medicare (Non-Kaiser): 6.5% for 2024, decreasing to an ultimate rate of 2.45% in 2076; Medicare (Kaiser): 5.25% for 2024, decreasing to an ultimate rate of 2.45% in 2076) or one percentage point higher (Non-Medicare: 9.5% for 2024 decreasing to 4.45% in 2076; Medicare (Non-Kaiser): 8.5% for 2024, decreasing to an ultimate rate of 4.45% in 2076; Medicare (Kaiser): 7.25% for 2024, decreasing to an ultimate rate of 4.45% in 2076) than the current rate:

	Healthcare Trend Rate		
	1% Decrease	Current Rate	1% Increase
Total OPEB Liability	\$ 1,730,283	\$ 2,115,913	\$ 2,624,990

K. Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense.

The recognition period differs depending on the source of the gain or loss:

Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	5 Years
Plan Investments	
All Other Amounts	Expected average remaining service lifetime (EARSL) (10 Years at June 30, 2023 measurement date)

L. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the SCLAA recognized OPEB expense of \$84,694. As of fiscal year ended June 30, 2024, the SCLAA reported deferred outflows/inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer Contributions Subsequent to the Measurement Date	\$ 33,992	\$ -
Differences Between Expected and Actual Experience	-	(382,410)
Changes of Assumptions	203,341	(379,881)
Total	\$ 237,333	\$ (762,291)

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

7. OTHER POST-EMPLOYMENT BENEFITS PLAN, Continued

L. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB, Continued

The \$33,992 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the Total OPEB liability during the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expense as follows:

Measurement Period Ending June 30,	Deferred Inflows of Resources
2024	\$ (98,573)
2025	(98,572)
2026	(74,717)
2027	(52,788)
2028	(59,846)
Therefore	(174,454)

M. Payable to the Pension Plan

At June 30, 2024, the SCLAA had no outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2024.

8. COMMITMENT AND CONTINGENCIES

A. Litigation

The SCLAA is a defendant in certain legal actions arising in the normal course of operations. The accompanying basic financial statements reflect a liability for the probable amounts of loss associated with these claims.

B. Southern California Logistics Airport Authority and Stirling Enterprise LLC

In the early 1990s, the U.S. Air Force closed George Air Force Base (former Base). In response the local communities formed the Victor Valley Economic Development Authority (VVEDA). VVEDA and the Air Force entered into agreements to lease and ultimately transfer title to the former Base to VVEDA. The subject land is designated as either Public Benefit Transfer (PBT) Parcels or Economic Development Conveyance (EDC) Parcels. The PBT Parcels are made up of approximately 2,200 acres previously used by the U.S. Air Force and are restricted to use as an airport. These parcels were transferred to SCLAA at no cost.

The EDC Parcels are made up of approximately 1,800 acres of adjacent property which may be developed for use as commercial property. SCLAA paid \$1,636,489 and is required to pay additional \$37,176 for these EDC Parcels. In 1993 a Redevelopment Plan was adopted by VVEDA establishing a redevelopment project area encompassing the former Base as well as approximately 55,000 additional acres. VVEDA delegated its decision-making authority relative to the former Base, now known as SCLAA.

Notes to Basic Financial Statements
For the Year Ended June 30, 2024

8. COMMITMENT AND CONTINGENCIES, Continued

B. Southern California Logistics Airport Authority and Stirling Enterprise LLC, Continued

SCLAA adopted a Specific Plan in conformity with the Redevelopment Plan and adopted a Master Development Plan establishing its goal to develop the area as a cargo and aircraft maintenance facility and a business/industrial center thereby creating jobs and improving economic conditions in the Victor Valley.

In July 1998, SCLAA and Stirling Enterprises, LLC and its related entities (Stirling) entered into the first of several agreements for the marketing, acquisition, operation, and development of SCLAA. The Fourth Amended and Restated Master Agreement (Stirling Agreement) is the current agreement superseding all previous versions.

C. Revenues from Sales of Land

In August 2016, three agreements with Stirling were approved by the SCLAA Board of Directors that were intended to serve as a framework that encourages development before the expiration of the Master Agreement (MA). The three agreements are a Satisfaction and Termination Agreement, a Disposition, Exchange, and Development Agreement (#2), and an Option and Development Agreement.

The Disposition, Exchange, and Development Agreement allows for the removal of approximately 280-acres of Airport-owned property from the definition of EDC Parcels and the title transfer in fee to Stirling, of approximately 280 acres. The Airport-owned property will become available for the Airport for revenue-producing purposes and the Airport will have the flexibility to develop the subject property on a ground-lease basis with aviation and nonaviation (Section 2.01 of the Development and Exchange Agreement). Revenue sharing will only exist relating to these parcels if the respective transaction is procured by Stirling and be split 80/20 with the larger share to benefit SCLAA.

The Agreement also provides for the disposition of additional off-airport property. In addition to the Stirling Exchange Parcels, SCLAA will then transfer, in fee, 200 acres of property for the \$.0203/psf purchase price (\$176,448) and participate in revenue sharing for net proceeds in an amount equal to 30% (Section 2.03 of the Development and Exchange Agreement). Net proceeds are generally defined to be revenues generated from the eventual sale by Stirling that are residual to infrastructure costs, EIR costs and developer credits. The Agreement also transfers the public infrastructure obligations of the Authority pursuant to the MA and DDA to Stirling.

Finally, the Option Agreement, in connection with performance obligations related to the Development and Exchange Agreement, will provide Stirling the ability to acquire additional acreage currently provided for in the Master Agreement. Such an exercise of option will occur in 50-acre increments based on Stirling having developed 500,000 square feet of property owned by it. The Option Agreement is set up to run through December 2050 and can terminate sooner due to nonperformance described in Section 1.5 of the Option and Development Agreement.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

8. COMMITMENT AND CONTINGENCIES, Continued

D. Management

Stirling is allowed to lease or cause to be leased the EDC Parcels and shall participate in 20% of the Net Lease Revenue from any such leases. The Authority has retained the right to lease the PBT Parcels and retain revenues from those leases, but shall allow Stirling to participate in 20% of any net lease revenues from tenants who may be procured by Stirling and approval by the Authority. Any revenues from other interim uses on the former Base such as filming will be shared on a 50%/50% basis between Stirling and Authority.

9. SCLAA’S FINANCIAL CONDITION, SIGNIFICANT FINANCIAL OBLIGATIONS, AND MANAGEMENT’S PLANS

In fiscal year 08/09, the assessed value for the Victor Valley Redevelopment Project Area was approximately \$9.49 billion. Beginning in fiscal year 09/10, there were significant decreases in assessed value for the Victor Valley Redevelopment Project Area. Assessed values for the Project Area reached a low point of \$6.6 Billion in fiscal year 12/13. The decrease was largely the result of the Great Recession. Since fiscal year 12/13, assessed values have increased steadily. For fiscal year 20/21, the assessed value for the Project Area was approximately \$9.99 billion. The steady increase in assessed values have resulted in the SCLAA paying all past due debt service in the previous fiscal year. As of the December 1, 2018 tax distribution, the SCLAA was no longer in default. In 2018, Moody’s issued an upgraded rating on the Successor Agency to the Victor Valley Economic Development Authority (VVEDA) Housing Set-Aside Tax Allocation Bonds and the Non-Housing Tax Allocation Bonds to “stable” outlook as a result of resolving the outstanding defaults, and the prospective analysis on increasing assessed values in the project area.

During fiscal year 19/20 and 20/21, SCLAA had results that were not as favorable as fiscal year 18/19 with a net loss of \$3.5 million and \$2.5 million, respectively. However, in fiscal years 22/23 and 23/24, SCLAA had a positive net income of \$16,492,949 and \$5,110,133, respectively. A summary of the financial condition of the SCLAA enterprise fund is as follows:

Beginning Net Position	\$	(107,158,027)
Net Income		<u>5,110,133</u>
Ending Net Position	\$	<u>(102,047,894)</u>

A. Management’s Plans with Respect to its Financial Condition

Management plans to ensure that annual expenditures do not exceed annual revenues and to build the reserves that are necessary to provide for economic uncertainties.

The SCLAA has continued to maintain a balance budget since 2007-2008 and all revenues are projected to cover current liabilities.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

9. SCLAA'S FINANCIAL CONDITION, SIGNIFICANT FINANCIAL OBLIGATIONS, AND MANAGEMENT'S PLANS, Continued

A. Management's Plans with Respect to its Financial Condition, Continued

Regarding the SCLAA's financial condition, an Interfund loan agreement was signed July 1, 2016 by the Board of SCLAA and a \$10,000,000 advance was made available from the 2007 SCLA Housing bond fund to the Airport Operations Fund and has been used to subsidize operations. The advance had a term repayment of five years, with an annualized Wall Street Journal Prime Rate as the interest rate. In October 2022, the outstanding balance of the loan was repaid. The advance was within the fund itself.

10. JOINTLY GOVERNED ORGANIZATIONS

A. Victor Valley Economic Development Authority

The Victor Valley Economic Development Authority (VVEDA) was formed in 1992 by the Cities of Victorville and Hesperia, the Town of Apple Valley, and the County of San Bernardino to provide the mechanism and funding to manage development of the property formerly known as the George Air Force Base, facilitate the successful reuse of the property, and promote economic development within the area surrounding the Air Base. In 2000, the City of Adelanto was added as a member of the Authority. In December 2011, Assembly Bill 1X 26 (the Bill) dissolved VVEDA, and as such all assets of the former VVEDA have been transferred to the VVEDA Successor Agency and are subject to the distribution's provisions of the Bill. The SCLAA contains a portion of the VVEDA Successor Agency with the Town of Apple Valley and City of Adelanto comprising the rest of the VVEDA Successor Agency. The RPTTF (tax increment distributions) from VVEDA represent the primary revenue of the SCLAA. Financial statements may be obtained by sending a written request to Victor Valley Economic Development Authority, 18374 Phantom Street, Victorville, CA 92394.

11. SUCCESSOR AGENCY TRUST FOR ASSETS OF THE FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 (the Bill) that provides for the dissolution of all redevelopment agencies in the state of California. This action impacted the SCLAA because the SCLAA has historically funded its operations and debt service using significant tax increment revenue from the Victor Valley Economic Development Agency (VVEDA). VVEDA has acted as a pass-through agency for the various recipients of tax increment revenue in the Victor Valley and is subject to the dissolution requirements of the Bill.

The Bill provides that upon dissolution of a redevelopment agency, either the city or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. On January 17, 2012, the Victorville City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of City resolution number 12-005.

Southern California Logistics Airport Authority
Notes to Basic Financial Statements
For the Year Ended June 30, 2024

11. SUCCESSOR AGENCY TRUST FOR ASSETS OF THE FORMER REDEVELOPMENT AGENCY, Continued

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the state of California cannot enter into new projects, obligations, or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

12. LEASES

The SCLAA, acting as lessor, leases buildings and land under long-term, noncancelable lease agreements. The leases expire at various dates through 2056 and provide for renewal options ranging from 1 year to 55 years. During the year ended June 30, 2024, the SCLAA recognized \$7,770,582 and \$1,784,891 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Certain leases provide for increases in future minimum annual rental payments based on a defined percent in the contract or increases in the Consumer Price Index, subject to certain minimum increases. Lease revenue comprises a majority of the SCLAA's operating revenues, therefore, this activity is considered to be the principal operation of the SCLAA.

Total future minimum lease payments to be received under lease agreements are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 7,246,566	\$ 1,775,159	\$ 9,021,725

CalPERS Cost Sharing Plan

Schedule of the Proportionate Share of the Net Pension Liability - Last Ten Fiscal Years

Reporting Fiscal Year	2015	2016	2017	2018
Measurement Date	6/30/2014	6/30/2015	6/30/2016	6/30/2017
Plan's proportion of the net pension liability	6.67%	6.87%	7.07%	6.95%
Plan's proportionate share of the net pension liability	\$ 1,880,791	\$ 2,090,587	\$ 2,805,052	\$ 3,210,086
Plan's covered payroll	\$ 1,310,612	\$ 1,343,244	\$ 1,368,422	\$ 1,579,911
Plan's proportionate share of the net pension liability as percentage of its covered payroll	143.50%	155.64%	204.98%	203.18%
Fiduciary net position as a percentage of the total pension liability	6.67%	5.50%	5.33%	5.18%

Notes to the schedule:

Benefit Changes: There were no changes to benefit terms that applied to all members of the Public Agency Pool. However, individual employers in the Plan may have provided a benefit improvement to their employees by granting Two Years Additional Service Credit to members retiring during a specified time period (a.k.a. Golden Handshakes).

Changes in Assumptions:

From fiscal year June 30, 2015 to June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2022:

There were no significant changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023:

The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30%.

From fiscal year June 30, 2023 to June 30, 2024:

The discount rate and long-term rate of return remain the same as the prior year at 6.90%, and the inflation rate is also unchanged from the prior year at 2.30%

	2019	2020	2021	2022	2023	2024
	6/30/2018	6/30/2019	6/30/2020	6/30/2021	6/30/2022	6/30/2023
	6.90%	6.86%	6.84%	7.18%	6.58%	6.51%
\$	3,189,455	\$ 3,546,936	\$ 3,838,581	\$ 2,599,527	\$ 4,503,687	\$ 4,930,169
\$	1,565,360	\$ 1,534,654	\$ 1,686,096	\$ 1,676,551	\$ 1,868,216	\$ 2,069,493
	203.75%	231.12%	227.66%	155.05%	241.07%	238.23%
	5.22%	5.11%	5.04%	6.03%	4.73%	4.62%
