Application for Zoning Administrator Action

Pre-Submittal Meeting: A pre-submittal meeting with representatives from the Development Department may be required before submitting this application. Please check with Planning Division Staff to determine if your project will require a pre-submittal meeting. If required, it is the responsibility of the applicant to complete the pre-submittal meeting by submitting a Pre-Submittal Application through the citizen access portal, which is accessed at the link below. This pre-submittal process will help identify all of the required information needed for a formal application submittal.

ONLINE SUBMITTAL

All applications are now submitted online at:

https://energov19.victorvilleca.gov/EnerGov_Prod/SelfService

Register:

- If you have not previously registered with the online system, you'll need to first create an account. Access the website link above and click the 'Register' link on the right side of the screen. Follow the steps to complete the registration.
- An email confirmation will be set to you once your account registration information has been reviewed and approved.

Submittal:

- Once an account has been created, access the website link above and click the 'Log On' link on the right side of the screen.
- After logging on, click the 'Plan' tab at the top of the screen and 'Apply for Plan', then follow the on screen steps to submit your application.

(*) Applications that require a public hearing - Refer to the deadline list for processing dates.

ATTACHMENTS

Application Checklist: The following pages of this application include the general filing requirements for each application listed above.

Applicant and Owner Affidavit: These affidavits shall be signed, notarized and acknowledged by the applicant and the owner of record of each parcel of property, then uploaded as a PDF document when filing the application.

Submittal Deadlines/Meeting Schedule: A schedule of Application Deadlines and Zoning Administrator Meeting dates are included to provide general timeframes for projects that do not require environmental review.

Zoning Administrator Application Filing Requirements

The minimum filing requirements are listed below for each application. An application that does not include all of the listed information will not be accepted for processing.

Certificate of Compliance:

- A summary of the creation of the subject parcel(s).
- Chain of Title, which chronologically lists of the parcel history. A copy of all deeds listed in the chain of title shall be submitted.
- Legal description(s) entitled Exhibit "A" being a description of the property with which the Certificate of Compliance is issued.
- A copy of a title map corresponding with the chain of title depicting the different configurations of the properties listed in the chain of title. Plans shall be provided in .pdf format.
- A copy of a site map that provides a graphical depiction the subject property. Plans shall be provided in .pdf format.
- Current Title Report or Title Guarantee Report (prepared or dated within 30 days of submittal date) and Current Grant Deed
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Finding of Public Convenience or Necessity:

- The application should include a complete description of the use and the proposed type of alcohol sales.
- Written correspondence from the Department of Alcohol Beverage Control shall be submitted that indicates that a Finding of Public Convenience or Necessity is required.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Interim Use Permit (Per Council Policy CP-11-05):

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- The project description shall include a complete description of the proposed use, including, but not limited to, services proposed, hours of operation, parking needs, expected maximum number of customers or clients at any one time, traffic impacts, occupancy patterns, noise, environmental impacts, etc.
- The applicant shall further describe how the proposed use will not negatively impact economic vitality of the area, neighboring businesses & residents, overall integrity of a center, district or area.
- A complete set of plans prepared in accordance with the *Plan Submittal Checklist*, including a site plan and floor plan(s). Plans shall be provided in .pdf format.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Lot Line Adjustment / Lot Merger:

- Legal description(s) with any exhibits and plat(s) prepared by a licensed land surveyor or engineer.

Note: Any new corners created by a lot line adjustment shall be marked by survey monuments and verified by the City Surveyor prior to the recordation of any associated documents.

- A copy of a tentative map or plot plan to a scale that clearly portrays the existing and proposed resulting parcel(s), as well as any existing structures, utilities and/or easements. Plans shall be provided in .pdf format.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Master Sign Program

- Provide a copy of the sign program including exhibits/figures in .pdf format and Microsoft Word .doc format. The Sign Program shall include the following information:
 - a. A master plan, drawn to scale, delineating the site proposed to be included in the sign program and the general location of all signs.
 - b. Drawings indicating the exterior surface details of all buildings within the site upon which wall signs, directory signs or projecting signs are proposed to be located.
 - c. Proposed color schemes of the signs.

Minor Condition Use Permit:

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- A complete set of plans prepared in accordance with the *Plan Submittal Checklist*, including a site plan and floor plan(s). Plans shall be provided in .pdf format
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Deviation – Fence height adjustment:

- The project description shall include the reason for the request.
- Provide a site plan with location and height of proposed fencing, including elevations of the proposed fencing as viewed from the street. Plans shall be provided in .pdf format.
- Color pictures of the site.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Deviation – Lot coverage:

Zoning Administrator Application Filing Requirements

- The project description shall include the reason for the request.
- Provide a site plan, to scale, showing location and sizes of all buildings on the property. Plans shall be provided in .pdf format.
- Color pictures of the site.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Deviation – Parking space reduction:

- The project description shall include the reason for the request.
- The project description shall include a complete description of the proposed use, including, but not limited to, services proposed, hours of operation, number of employees, number of seats provided, number of students, etc.
- Color pictures of the site and surrounding area.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Provide a site plan, to scale, showing location and sizes of all buildings, parking spaces and site improvements on the property. Plans shall be provided in .pdf format.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Deviation – Stock Plan Change:

- The project description shall include the reason for the request.
- Color pictures of the existing houses within Tract and within surrounding areas.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- A copy of the approved existing stock plans for the underlying tract. Plans shall be provided in .pdf format.
- A copy of the proposed stock plans with a development plan of the tract that illustrates where the house plans will be located. Plans shall be provided in .pdf format.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Deviation – Yard dimension:

- The project description shall include the reason for the request.
- Color pictures of the site and surrounding area.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Provide a plot plan, to scale, showing location and size of all buildings and improvements on the property. Plans shall be provided in .pdf format.

- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Site Plan (Commercial, Industrial and Multi-Family):

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Provide a set of plans which best show the proposed changes (i.e. a site plan, floor plan, roof plan and/or elevations). Plans shall be provided in .pdf format.
- A copy of each required study that was identified during the Pre-Submittal Application process, which may include a Hydrology Study, Preliminary Water Quality Management Plan (WQMP), Sewer Feasibility Study, Traffic Study, Water Feasibility Study and/or a Water Supply Assessment. Studies shall be provided in .pdf format.
 - In addition to uploading required studies in .pdf format, please provide one hard copy of required Traffic Impact Analysis (TIA) to the City's Engineering Department to the attention of Traffic Engineer, Anwar Wagdy.
- If applicable, a color and materials sample board of the modified exterior colors and materials used on the project.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Minor Site Plan (single-family residential tract submittal):

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- The project description shall include a complete description of the proposed use, including, but not limited to, number of lots within the subject tract, number of differing floor plans and exterior elevations, number of project entry signs.
- Dwelling unit variety shall be provided in accordance with Section 16-3.08.090(d)(5) including but not limited to the number of differing floor plans and differing elevations.
 - _____ Differing floor plans.
 - _____ Differing elevation plans.
- Color elevations for each differing floor plan and exterior elevation on a scale large enough to clearly portray the subject homes and all necessary details. Plans shall be provided in .pdf format.
- A color and materials sample board for each differing exterior elevation including details/cut sheets for exterior lighting, garage doors, roofing, siding and finishes, etc.
- Complete and include the Single-Family Residential Design Review Checklist.
- A lot study shall be provided demonstrating the number of floor plans/elevations that will fit on each individual lot within the subject tract. This information shall be provided on a graphic of the tract. Plans shall be provided in .pdf format
- Front yard typical landscape plans, including cul-de-sac and corner lot options. Landscape plans shall also

Zoning Administrator Application Filing Requirements

address street tree requirements per section 16-3.08.090(e). Plans shall be provided in .pdf format

- LMAD and DFAD plans (if applicable) in conformance with the Public Works LMAD/DFAD/MAD specifications and detail booklet in addition to section 16-3.08.090(e). Plans shall be provided in .pdf format
- Provide a detail for subdivision walls, pilasters and interior walls including materials and colors in conformance with Section 16-3.08-090(e)(4). Plans shall be provided in .pdf format
- Project/neighborhood entry signage plans (if applicable) shall include materials, colors, sign area, landscape plans.

Minor Site Plan (scattered single-family residence):

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- A complete set of plans prepared in accordance with the *Plan Submittal Checklist*, including a site plan, floor plan(s), roof plan and all exterior elevations. Plans shall be provided in .pdf format.
- Color elevations on a scale large enough to clearly portray the subject home and all necessary details. Plans shall be provided in .pdf format.
- A color and materials sample board including details/cut sheets for exterior lighting, garage door, roofing, siding and finishes, etc.
- Provide a fully dimensioned front yard landscape plan per Section 16-3.08.090(e) and Section 16-3.24.030 of the Victorville Municipal Code. Plans shall include plant species, spacing and required ground cover in compliance with the noted sections. Plans shall be provided in .pdf format.

Minor Variance:

- The project description shall include the reason for the request.
- Description of the variance request to include the findings as required in Section 16-3.03.010.
- Color pictures of the site and surrounding area.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- A copy of a tentative map, plot plan, building and/or structure of a scale large enough to clearly portray the proposal and all necessary details. Plans shall be provided in .pdf format.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Model Home Complex:

- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- A site plan showing location of models, sales trailers, parking lots, fencing, proposed signage with sizes and heights, landscaping which complies with Water Conservation Ordinance No. 2114 and vicinity map. Plans shall be provided in .pdf format.

- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Pet Permit:

- A site plan of the property, which includes a delineation of where the pet(s) is to be kept. Plans shall be provided in .pdf format.
- Complete project description which includes the type of pet(s), how many, and the manner in which it will be contained.
- Signed approvals of all property owners within 300 feet of the property.
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Storage Container(s):

- The project description shall explain why the on-site storage container(s) is needed.
- A plot plan showing the entire property and the proposed location of the storage container(s) including dimensions of the storage container(s).
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Color pictures of the site and surrounding area and a photograph of the proposed storage container(s)
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Tentative Tract/Parcel Map Modification:

- A copy of the revised Tentative Tract Map or Parcel Map. Plans shall be provided in .pdf format.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date).
- Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Wireless Communications Facility:

- A complete set of plans, including a site plan and elevations of the proposed facility. Plans shall be provided in .pdf format.
- Color and materials sample board.
- Propagation map of all existing facilities located within City limits. Plans shall be provided in .pdf format.
- A copy of the Grant Deed or a Preliminary Title Report (prepared or dated within 30 days of submittal date) for the underlying property; or a copy of a lease agreement indicating authority to perform work on-site.
- Photographic simulations of any and all proposed antennas, support structures, equipment shelters, and other related equipment.

Zoning Administrator Application Filing Requirements

Color pictures of the site.

Any other plans or information that the Zoning Administrator deems necessary to facilitate processing of the application.

Plan Submittal Checklist

MINIMUM PLAN CONTENTS

Site Plan:

The site plan shall be drawn neatly and accurately to a scale large enough to clearly portray the project, with the scale clearly labeled, and shall include the following minimum information:

- Name and address of developer, owner of record, and person who prepared the plan.
- Date of preparation and/or revisions.
- Precise legal description.
- North arrow oriented towards the top of the sheet and a legend identifying any symbols.
- Property lines and dimensions.
- A vicinity map showing the precise location of the project.
- Nearest cross streets on all sides of the project site, with approximate distances from the site.
- Show adjacent streets (distance from centerline), cross sections, and right-of-way width, including existing width and area proposed to be dedicated.
- Dimensions and nature of all easements.
- Street improvements (existing and proposed), including curbs, gutters, sidewalks, water lines, sewer lines, utility poles, fire hydrants, street lights, and street trees.
- Location of existing and proposed buildings and structures (with finished grades).
- Improvements on adjacent properties within 100 feet, of the subject site (with finished grades).
- Parking layout, including stall size and location, back-up areas and drives, driveway approaches, curb cuts, pedestrian access, utility vehicle access and secondary access points (if deemed necessary).
- Handicap parking spaces.
- Loading zones.
- Location, height, and composition of walls and fences (existing and proposed).
- Location of refuse areas, including wall and fence heights and materials.
- Location, type and height of proposed lighting.
- Location, type and height of proposed signage.
- Location of any outdoor storage areas.
- Setback distances, yards, and building separations.
- Landscaped areas (shaded).
- Location of all existing trees. Identify whether the trees are to be preserved, relocated or removed.
- Streets and rights of way, including existing and proposed cross sections, improvements, etc.
- Location of existing and proposed utilities/facilities (sewer, water, telephone, electricity, storm drain and cable TV).

- A tabular summary, including the following information:
 1. Adjusted gross and net acreage;
 2. Gross floor area per building and total floor area for all buildings;
 3. Proposed density (dwelling units per adjusted gross acre for residential subdivisions and floor area ratio for commercial and industrial subdivisions);
 4. Lot coverage ratio (percentage of site covered by buildings or structures);
 5. Floor area ratio (total floor area divided by the site area)
 6. Landscape coverage ratio (percentage of lot covered by landscaping);
 7. Number of unit types, unit area by type, number of bedrooms, number of stories and number of units per building (as applicable); and
 8. Required and proposed number of parking spaces (covered, uncovered and handicapped accessible, as applicable).
- If the project is to be phased, indicate the limits of the phasing and all off-site improvements to be constructed with each phase.
- Floor plans drawn to an architectural scale which is easily readable and which includes the interior layout and dimensions of all levels and square footage of all rooms.
- Building elevations shall be of sufficient size to show architectural detail and shall include illustrative elevations of all sides of all buildings, building materials labeled on each sheet of the elevations, proposed building colors, heights of all structures, conceptual sign locations, sizes and type, and screening treatment for HVAC units.

Tentative Subdivision Map:

The tentative map shall be drawn neatly and accurately to a scale large enough to clearly portray the project, with the scale clearly labeled, and shall include the following minimum information:

- Name, address and phone number of the owner or owners, applicant, engineer and/or architect, as well as any soils engineers or geologists whose services were utilized in the preparation of the project.
- Date of preparation and/or revisions.
- The legal description and County Assessor's parcel number of the land being subdivided.
- North arrow oriented towards the top of the sheet and a legend identifying any symbols.
- A vicinity map showing the precise location of the project.
- A tabular summary, including the following information:
 1. Gross, net acreage and the acreage of any remainder portion;
 2. Proposed density (for residential subdivisions);
 3. Minimum and average lot area;
 4. Minimum lot dimensions (width and depth) for interior and corner lots;

5. Total of numbered and lettered lots
 6. Lineal feet of new streets
 7. Existing and proposed zoning and use of the property
- Nearest cross streets on all sides of the project site, with approximate distances from the site.
 - Subdivision boundary indicated by unique linetype, at least three times the width of any other linetype use on the map.
 - Indicate City boundary line(s) if adjoining subdivision.
 - The lot layout, the approximate dimensions and area of each lot and the number of each lot in consecutive numbers. The highest numbered lot shall be circled. Common lots and lots dedicated in fee to the City shall be lettered. The use of lettered lots shall be stated.
 - Names of all proposed streets with two alternatives and their right-of-way width. Street names must be approved by the Planning Commission.
 - Location, width and identity of all existing easements, with names of holder, recording information, use and location and purpose of all proposed easements.
 - Location and identity of all existing or proposed tracts within 300 feet. Adjacent property with property lines, County Assessor's parcel numbers, land use and zoning.
 - All streets and their dimensions that are adjacent to subdivision.
 - Dimensions and bearings, with precision compatible with data from which map was prepared, of the subdivision boundary and existing street centerlines.
 - Location and identity of any structures or obstructions within the proposed land subdivision and any significant topographical features inside the boundary or within 200 feet of the boundary, including existing water lines, sewer lines, drainage courses, railroads, driveways and the like.
 - The outline of any existing buildings or underground structures and their locations in relation to existing or proposed street and lot lines. State the existing and proposed use of structures.
 - Approximate boundaries of areas subject to inundation or storm water overflow and the location, width and direction of flow of natural water courses.
 - Preliminary grading plan and easements for drainage and for handling storm waters and location of detention or retention of water within the tract.
 - Contour lines with intervals of five (5) feet or less to indicate terrain and drainage pattern of the area. Existing contours should extend a minimum of 100-feet past the map boundary. Index contours indicated by elevation shall be at 5 foot intervals. Spot elevations are required at high and low points.
 - A statement of the City bench mark used for the map which includes the City designation, description, location and elevation. The bench mark shall be located on the vicinity map.
 - Statement of front, side and rear building setbacks.
 - Location of all slopes which exceed two feet in height or encroach into a required yard/setback.
 - Location, size, and approximate grades of proposed sewer and storm drains and drainage structures.
 - Layout (including length, bearings, radius widths and distances from existing to proposed street intersections) of proposed streets (public and private), alleys, easements and other areas offered for dedication for public use. The centerline gradient and drainage direction of all streets, access roads and alley centerlines.
 - Proposed access routes including fire vehicle access shall be shown on the vicinity map and subdivision map.
 - Typical cross sections of existing and proposed improvements within streets, alleys and easements, including railroads.
 - Location of railroad right-of-way and grade crossings.
 - Location of existing and proposed utilities/facilities (sewer, water, telephone, electricity, storm drain, street lights and cable TV).
 - Location and description of all existing structures outside, within 15 feet of the subdivision boundary.
 - Location of existing county regulated trees, specifically noting trees with a trunk diameter of 4-inches or greater and any proposed removal of trees. If no regulated trees or plants exist then a statement indicating this shall be included.
 - Location, height and materials of existing and proposed walls and fences, including height of retaining portions of walls.
 - If the map is to be phased, indicate the limits of the phasing and off-site improvements to be constructed with each phase.
 - Stamp and signature of licensed surveyor or Engineer who prepared subdivision map.
